[My Fears Relieved](#) - Dana

Rongione 2015-09-25

It all began with a pocket knife which led to a mysterious inscription which led to a wolf.

But there are no wolves in Delaware...or are there? It's up

to the Delaware Detectives to find out. In book one, Abby and

Jamie, along with their friends Scott and Phyllis, followed a

trail of tantalizing clues to uncover a hidden fortune. In

book two, the curious siblings

embarked on a nearly-impossible mission to find a missing man. Book three

thrusts the detective team into a new mystery they are

determined to solve no matter where the clues may lead. But

are the kids prepared to discover what's really lurking

in the woods of Beaver Valley? While this book is appropriate

for readers of all ages, gender and educational status, it was

designed with the homeschool

student in mind. To that end, the book contains a glossary of terms that can be used in the subject of Spelling and Vocabulary. The author has also included a Science Center, a History Hideout and a special Art Academy-all of which provide valuable insight and activities based on information from within the story itself. Could this be the perfect addition to your homeschool curriculum?

BONUS: This edition contains an excerpt from Jonathan Kellerman's Victims. Psychologist-detective Dr. Alex Delaware finds terror in the heart of paradise in this relentlessly sinister novel by America's premier writer of psychological suspense. Three months in paradise, all expenses paid. It's an invitation Alex Delaware can't refuse. Dr. Woodrow Wilson Moreland, a revered scientist and philanthropist on the tiny Pacific island of Aruk, has invited Alex to his home to help him organize his papers for

publication--a light workload leaving Alex plenty of time to enjoy a romantic interlude with Robin Castagna. Quickly, however, secretive houseguests, frightening nocturnal visitors, and the elusive Dr. Moreland himself dim the pleasures of deep blue water and white sand. The cases Moreland chooses to share--a patient driven to madness by a cruel, unspeakable act; a man who succumbed forty years ago to radiation poisoning after a nuclear blast; a young woman, brutally murdered, whose mutilated body was found on the beach just six months before--seem unconnected. And yet Alex can't help wondering what the good doctor is trying to tell him... and what Moreland's real reason for inviting him to Aruk is. As Alex probes--with a little long-distance help from his friend LAPD detective Milo Sturgis--he comes to believe the answer lies hidden somewhere on Moreland's vast estate. Yet when he finally discovers the truth, the revelation will be

more shocking than he could have imagined. And it will come too late to stem the tide of violence that threatens guilty and innocent alike on the lovely lost island of Aruk. With his brilliant characterizations and rapid-fire pace, Jonathan Kellerman has redefined the boundaries of suspense, probing real-life horrors and innermost fears in a novel that transfixes from first page to last.

NEW YORK TIMES

BESTSELLER • The master of the psychological thriller makes all the right moves in this new novel of spellbinding suspense. Even with all his years of experience, LAPD homicide detective Milo Sturgis knows there are crimes his skill and savvy cannot solve alone. That's when he calls on brilliant psychologist Alex Delaware to read between the lines, where the darkest motives lurk. And if ever the good doctor's insight is needed, it's at the scene of a murder as baffling as it is

brutal. There's no spilled blood, no evidence of a struggle, and, thanks to the victim's missing face and hands, no immediate means of identification. And no telling why the disfigured corpse of a stranger has appeared in an upscale L.A. family's home. Chet Corvin, his wife, and their two teenage children are certain the John Doe is unknown to them. Despite that, their cooperation seems guarded. And that's more than Milo and Alex can elicit from the Corvins' creepy next-door neighbor—a notorious cartoonist with a warped sense of humor and a seriously antisocial attitude. As the investigation ensues, it becomes clear that this well-to-do suburban enclave has its share of curious eyes, suspicious minds, and loose lips. And as Milo tightens the screws on potential persons of interest—and Alex tries to breach the barriers that guard their deepest secrets—a strangling web of corrupted love, cold-blooded greed, and shattered trust is exposed.

experienced by Homicide Lt. Detective Milo Sturgis and psychologist Alex Delaware, is a city of the dead. Early one morning, the two of them find themselves in a neighborhood of pretty houses, pretty cars, and pretty people. The scene they encounter is anything but. A naked young man lies dead in the street, the apparent victim of a collision with a moving van hurtling through suburbia in the darkness. But any thoughts of accidental death vanish when a blood trail leads to a nearby home. Inside, a young woman lies butchered. The identity of the male victim and his role in the horror remain elusive, but that of the woman creates additional questions. And adding to the shock, Alex has met her while working a convoluted child custody case. Cordelia Gannett was a self-styled internet influencer who'd gotten into legal troubles by palming herself off as a psychologist. Even after promising to desist, she's found a loophole and has continued her online career, aiming to amass clicks and ads by cyber-

coaching and cyber-counseling people plagued with relationship issues. But upon closer examination, Alex and Milo discover that her own relationships are troublesome, including a tortured family history and a dubious personal past. Has that come back to haunt her in the worst way? Is the mystery man out in the street collateral damage or will he turn out to be the key to solving a grisly double homicide? As the psychologist and the detective explore L.A.'s meanest streets, they peel back layer after layer of secrets and encounter a savage, psychologically twisted, almost unthinkable motive for violence and bloodshed. This is classic Delaware: Alex, a man Milo has come to see as irreplaceable, at his most insightful and brilliant.

Blood Test - Jonathan Kellerman 2013-01-01

It is a case unlike any psychologist Dr. Alex Delaware has ever encountered. Five-year-old Woody Swope is ill, but his parents refuse to agree to the one treatment that could

save him. Alex sets out to convince Mr. and Mrs. Swope—only to find that the parents have left the hospital and taken their son with them. Worse, the sleazy motel where the Swopes were staying is empty—except for an ominous blood stain. They have vanished into the sordid shadows of the city. Now Alex and his friend, homicide detective Milo Sturgis, have no choice but to push the law to the breaking point. They are forced to enter an amoral underworld where drugs, dreams, and sex are all for sale and fantasies are fulfilled at any price—even at the cost of a young boy’s life. He has a near-perfect solve rate and he's written his own rule book. Some of those successes—the toughest ones—have involved his best friend, the brilliant psychologist Alex Delaware. But Milo doesn't call Alex in unless cases are "different." This murder warrants an immediate call. The facts describe a likely loser: a mysterious woman found with a bullet in her head in a torched Cadillac that has overturned on infamously treacherous Mulholland Drive. No physical evidence, no witnesses, no apparent motive. And a slew of detectives have already worked the case and failed. But as Delaware and Sturgis begin digging, the mist begins to lift. Too many coincidences. Facts

turn out to be anything but. And as they soon discover, very real threats lurking in the present. This is Delaware/Sturgis at their best: traversing the beautiful but forbidding place known as Los Angeles and exhuming the past in order to bring a vicious killer to justice.

Unnatural History - Jonathan Kellerman 2023-02-07

The most enduring detectives in American crime fiction are back in this electrifying thriller of art and brutality from the #1 New York Times bestselling master of suspense. Los Angeles is a city of stark contrast, the palaces of the affluent coexisting uneasily with the hellholes of the mad and the needy. That shadow world and the violence it breeds draw brilliant psychologist Dr. Alex Delaware and Detective Milo Sturgis into an unsettling case of altruism gone wrong. On a superficially lovely morning, a woman

shows up for work with her usual enthusiasm. She’s the newly hired personal assistant to a handsome, wealthy photographer and is ready to greet her boss with coffee and good cheer. Instead, she finds him slumped in bed, shot to death. The victim had recently received rave media attention for his latest project: images of homeless people in their personal “dream” situations, elaborately costumed and enacting unfulfilled fantasies. There are some, however, who view the whole thing as nothing more than crass exploitation, citing token payments and the victim’s avoidance of any long-term relationships with his subjects. Has disgruntlement blossomed into homicidal rage? Or do the roots of violence reach down to the victim’s family—a clan, sired by an elusive billionaire, that is bizarre in its own right? Then new murders arise, and Alex and Milo begin peeling back layer after layer of intrigue and complexity, culminating in one of the deadliest threats they’ve ever

faced.

growing number of writers who adapt conventions of detective fiction to expose problems of law, ethics, and truth that arise in postcolonial and transnational communities.

While detective fiction has been linked to imperialism and constructions of race from its earliest origins, recent developments signal the evolution of the genre into a potent framework for narrating the complexities of identity, citizenship, and justice in a postcolonial world. Among the authors considered are Vikram Chandra, Gabriel García Márquez, Michael Ondaatje, Patrick Chamoiseau, Mario Vargas Llosa, Suki Kim, and Walter Mosley. The essays explore detective stories set in Latin America, the Caribbean, India, and North America, including novels that view the American metropolis from the point of view of Asian American, African American, or Latino characters. Offering ten new and original essays by scholars in the field, this volume highlights the diverse employment of detective

fictions internationally, and uncovers important political and historical subtexts of popular crime novels.

Monster - Jonathan Kellerman
2008-05-20

Alex Delaware is back! And in Jonathan Kellerman's riveting and ingenious new novel, *Monster*, he faces one of the most grisly and baffling mysteries of his career: How can a nonfunctional psychotic locked up in a supposedly secure institution for homicidal madmen predict brutal murders in the outside world? Delaware and his friend and partner Detective Milo Sturgis must penetrate this enigma in order to stop the horrific killings. A marginal actor is found dead in a car trunk, sawn in half. Months later, a psychologist at a hospital for the criminally insane is discovered murdered and mutilated in a tantalizingly similar way. When reports of an inmate's incoherent ramblings begin to make frightening sense as predictions of yet more slayings, Delaware and Sturgis

are drawn into a web of family secrets, vengeance, and manipulation--both inside the asylum and on the streets of L.A., where death, drugs, and sex are marketed as commodities. The climactic discovery they make as they race to prevent more killings gives fresh and terrifying meaning to the concept of monstrosity. With *Monster's* incomparably deft characterizations and dazzlingly dark plot twists, Jonathan Kellerman further enhances his literary position as master of the psychological thriller.

True Detectives - Jonathan Kellerman 2009-03-24

In Jonathan Kellerman's gripping novels, the city of Los Angeles is as much a living, breathing character as the heroes and villains who roam its labyrinthine streets. Sunny on the surface but shadowy beneath, this world of privilege and pleasure has a dark core and a dangerous edge. In *True Detectives*, Kellerman skillfully brings his renowned gifts for breathless suspense and sharp

psychological insight to a tale that resonates on every level and satisfies at every turn. Bound by blood but divided by troubles as old as Cain and Abel, Moses Reed and Aaron Fox were first introduced in Kellerman's bestselling *Bones*. They are sons of the same strong-willed mother, and their respective fathers were cops, partners, and friends. Their turbulent family history has set them at odds, despite their shared calling. Moses—part Boy Scout, part bulldog, man of few words—is a no-frills LAPD detective. Aaron, sharp dresser and smooth operator, is an ex-cop turned high-end private eye. Usually they go their separate ways. But the disappearance of Caitlin Frostig isn't usual. For Moses, it's an ice-cold mystery he just can't outrun, even with the help of psychologist Alex Delaware and detective Milo Sturgis. For Aaron, it's a billable-hours bonanza from his most lucrative client. Like it or not, Moses and Aaron are in this one together—and the rivalry that rules them won't

let either man quit till the case is cracked. A straight-arrow, straight-A student from Malibu, Caitlin has only two men in her life: her sullen single father and her wholesome college sweetheart, who even the battling brothers agree seems too downright upright to be true. Reluctantly tag-teaming in a desperate search for fresh leads, Moses and Aaron zero in on Caitlin's white knight as their primary "person of interest," hoping that, like most people in L.A., he has a secret side. But they uncover more than just a secret as they descend into the sinister, seamy side of the City of Angels after dark, populated by a Hollywood Babylon cast of the glamorous and the damned: a millionaire movie director turned hatemongering eccentric; a desperate Beverly Hills housewife looking for an exit from the fast lane; a heartthrob actor being eaten alive by personal demons; a hooker who's probably seen it all . . . and might just know too much. And at the center, a dead young woman whose

downward spiral and brutal end loom over Moses and Aaron like an omen of what may come to be if the dark end of the street claims another lost soul.

The Adventures of the London Detectives -

"This book has three mystery stories which takes place in different locations and one involves the Philadelphia Mint, one the Tarpon Springs Sponge Dock, and one in the south Jersey Philadelphia area. Some crimes are so unsolvable and mysterious and therefore need the help of international agencies, more sophisticated and experienced. The story is very original thus making it highly modern and fashionable to read and mixes fact with fiction. "

When the Bough Breaks - Jonathan Kellerman 2010-07-06
In the first Alex Delaware novel, Dr. Morton Handler practiced a strange brand of psychiatry. Among his specialties were fraud, extortion, and sexual manipulation. Handler paid for his sins when he was brutally murdered in his luxurious Pacific Palisades apartment.

The police have no leads, but they do have one possible witness: seven-year-old Melody Quinn. It's psychologist Dr. Alex Delaware's job to try to unlock the terrible secret buried in Melody's memory. But as the sinister shadows in the girl's mind begin to take shape, Alex discovers that the mystery touches a shocking incident in his own past. This connection is only the beginning, a single link in a forty-year-old conspiracy. And behind it lies an unspeakable evil that Alex Delaware must expose before it claims another innocent victim: Melody Quinn.

This book is a study of the 'mothers' of the mystery genre. Traditionally the invention of crime writing has been ascribed to Poe, Wilkie Collins and Conan Doyle, but they had formidable women rivals, whose work has been until recently largely forgotten. The purpose of this book is to 'cherchez les femmes', in a

Is the drop-dead gorgeous psychiatrist in love or is some other far more nefarious plot afoot? The Journey pulls us in and leaves us wondering. Told she was schizophrenic at 19, it takes a trip to an unexpected homeland for the real truth to sink in: she is not crazy, but psychic. Raised by a degreed registered nurse and thus devoted to Western medicine, the hardest person to convince is herself, but by the end of Detective Fiction, the game between her self, her spiritual helpers, and the doppelganger who refuses to leave her alone becomes cold, calculating, and a clear risk to her survival.

A Delaware Disappearance -
Brian G. Cannon 2022-01-17
In early March 1907, young Horace Marvin Jr., just a few weeks shy of his fourth

birthday, was playing in the yard of his father's new farm in a sparsely populated area near Dover, Delaware. The family had just moved from Iowa, and this was the first day Horace had to explore their new home. In the farmyard with Horace were his brother John and cousin Rose, all visible to neighbors helping the previous owner move off the farm. Then Horace disappeared without a trace. Within two weeks, this heartbreaking event was being reported to hundreds of other families in newspapers across the country and around the world. Young Horace's disappearance would be the most publicized missing child story until the Lindbergh kidnapping exactly twenty-five years later. Local author Brian G. Cannon tells the full story of this tragedy for the first time.
City of the Dead - Jonathan Kellerman 2022-02-08
NEW YORK TIMES
BESTSELLER • The past comes back to haunt psychologist Alex Delaware and Detective Milo Sturgis when they investigate a grisly double homicide and

uncover an even more unspeakable motive in this riveting thriller from the bestselling master of suspense. Los Angeles is a city of sunlight, celebrity, and possibility. The L.A. often experienced by Homicide Lt. Detective Milo Sturgis and psychologist Alex Delaware, is a city of the dead. Early one morning, the two of them find themselves in a neighborhood of pretty houses, pretty cars, and pretty people. The scene they encounter is anything but. A naked young man lies dead in the street, the apparent victim of a collision with a moving van hurtling through suburbia in the darkness. But any thoughts of accidental death vanish when a blood trail leads to a nearby home. Inside, a young woman lies butchered. The identity of the male victim and his role in the horror remain elusive, but that of the woman creates additional questions. And adding to the shock, Alex has met her while working a convoluted child custody case. Cordelia Gannett was a self-styled internet influencer

who'd gotten into legal troubles by palming herself off as a psychologist. Even after promising to desist, she's found a loophole and has continued her online career, aiming to amass clicks and ads by cyber-coaching and cyber-counseling people plagued with relationship issues. But upon closer examination, Alex and Milo discover that her own relationships are troublesome, including a tortured family history and a dubious personal past. Has that come back to haunt her in the worst way? Is the mystery man out in the street collateral damage or will he turn out to be the key to solving a grisly double homicide? As the psychologist and the detective explore L.A.'s meanest streets, they peel back layer after layer of secrets and encounter a savage, psychologically twisted, almost unthinkable motive for violence and bloodshed. This is classic Delaware: Alex, a man Milo has come to see as irreplaceable, at his most insightful and brilliant.
