Readers' Guide to Periodical Literature - Anna Lorraine Guthrie 1915

An author subject index to selected general interest periodicals of reference value in libraries.

Cohen's Handbook of Federal Indian Law - 2019-06-21

Cohen's Handbook of Federal Indian Law is an encyclopedic treatise written by experts in the field, and provides general overviews to relevant information as well as in-depth study of specific areas within this complex area of federal law. This is an updated and revised edition of what has been referred to as the "bible" of federal Indian law. This publication focuses on the relationship between tribes, the states and the federal government within the context of civil and criminal jurisdiction, as well as areas of resource management and government structure. The 2012 Edition of Cohen's Handbook of Federal Indian Law also includes coverage of:

- Current topics such as Indian gaming and taxation
- History and structure of tribal governments and tribal law
- Tribal and individual Indian property rights, including intellectual property rights
- Water rights
- Hunting, fishing, and gathering rights
- Economic development issues
- Government programs

This compact publication is the only comprehensive treatise explicating one of the most difficult areas of federal law. Used by judges as well as practitioners, this publication provides the tools to understand the law and to find relevant

cases, statutes, regulations, and opinions critical to answering legal questions about federal Indian law. This updated edition remains the definitive guide to federal Indian law.

CWSP Certified Wireless Security Professional Official Study Guide -

David D. Coleman 2011-04-12

Sybex is now the official publisher for Certified Wireless Network Professional, the certifying vendor for the CWSP program. This guide covers all exam objectives, including WLAN discovery techniques, intrusion and attack techniques, 802.11 protocol analysis. Wireless intrusion-prevention systems implementation, layer 2 and 3 VPNs used over 802.11 networks, and managed endpoint security systems. It also covers enterprise/SMB/SOHO/Public-Network Security design models and security solution implementation, building robust security networks, wireless LAN management systems, and much more.

Each guide in this comprehensive series covers the fundamentals of flying and the principal characteristics of a specific type of aircraft, gathered from the advice and experiences of leading experts in the aviation industry. Geared for pilots interested in renting or buying a particular model, these sourcebooks provide an overview of the aircraft and detailed descriptions of its handling characteristics, limitations, and performance data. A history of each aeroplane's use and function is also included.

The Columbia Guide to American Indians of the Southeast - Theda Perdue 2005-06-22

Though they speak several different languages and organize themselves into many distinct tribes, the Native American peoples of the Southeast share a complex ancient culture and a tumultuous history. This volume examines and synthesizes their history through each of its integral phases: the complex and elaborate societies that emerged and flourished in the Pre-Columbian period; the triple curse of disease, economic dependency, and political instability brought by the European invasion; the role of Native Americans in the inter-colonial struggles for control of the region; the removal of the "Five Civilized Tribes" to Oklahoma; the challenges and adaptations of the post-removal period; and the creativity and persistence of those who remained in the Southeast.

A Guide to Cherokee Documents in Foreign Archives - William L. Anderson 1983

Professors Anderson and Lewis have compiled a guide to documents abroad that focuses on the Cherokee Indians. Exploring the archives of the three major colonial powers in the New World (England, France, and Spain), this guide describes over eight thousand documents that cover the Cherokee past from the sixteenth to the twentieth centuries.
