Write Like this - Kelly Gallagher 2011

If you want to learn how to shoot a basketball, you begin by carefully observing someone who knows how to shoot a basketball. If you want to

be a writer, you begin by carefully observing the work of accomplished writers. Recognizing the importance that modeling plays in the learning process, high school English teacher Kelly Gallagher shares how he gets his students to stand next to and pay close attention to model writers, and how doing so elevates his students' writing abilities. *Write Like This* is built around a central premise: if students are to grow as writers, they need to read good writing, they need to study good writing, and, most important, they need to emulate good writers. In *Write Like This*, Kelly emphasizes real-world writing purposes, the kind of writing he wants his students to be doing twenty years from now. Each chapter focuses on a specific discourse: express and reflect, inform and explain, evaluate and judge, inquire and explore, analyze and interpret, and take a stand/propose a solution. In teaching these lessons, Kelly provides mentor texts (professional samples as well as models he has written in front of his students), student writing samples, and numerous assignments and strategies proven to elevate student writing. By helping teachers bring effective modeling practices into their classrooms, *Write Like This* enables students to become better adolescent writers. More important, the practices found in this book will help our students develop the writing skills they will need to become adult writers in the real world.

Students Who Are Exceptional and Writing Disabilities - Gary A. Troia 2017-10-19
This special issue examines four critical aspects of writing instruction for students with disabilities: prevention, classroom practice, instruction, and assessment. The first article addresses writing strategy instruction for young students at risk for long-term writing difficulties. Next special and general education middle school educators' epistemology is explored regarding writing development and instruction, their self-reported teaching practices, and the challenges they faced as they strive to teach middle school students how to effectively use writing as a communicative medium and learning tool. The third, article reviews and

critiques state writing standards and describes an instructional plan to help students with disabilities and other struggling writers master composing strategies and processes that may equip them to meet state standards in writing. Finally, a review is presented of the extant research on various methods of writing assessment, including holistic, primary trait, and analytic scoring methods, with particular emphasis on Curriculum-Based Measurement--an assessment technique well suited for children and youth in special education.

Resources in Education - 1998

Counseling Across the Lifespan - Cindy L. Juntunen 2002

Counseling Across the Lifespan expands the perimeters of counseling with its emphasis on preventive techniques for adjustment problems in the lifespan of a normal individual. This cogent work focuses on counseling intervention strategies from the unique perspective of an individual's lifespan, placing techniques in the proper development context. By concentrating on life stages—from childhood through old age—the authors identify the nature and origin of various psychological issues such as self-identity and healthy lifestyle development in adolescents, family violence in young adults, or retirement transitions for older adults. The intervention tools needed to confront these issues are presented through succinct pedagogical features including case examples, checklists for evaluating clients, and exercises.

How the Stars Came to Be - Poonam Mistry
2021-10

New into paperback! HAVE YOU EVER WONDERED HOW THE STARS CAME TO BE? The Fisherman's Daughter loved to dance in the sunlight, and bathe in the glow of the moon, but when the moon disappeared for a few nights each month, she worried about her father and how he would find his way home from the sea in the darkness of the night. One night the sun finds her sobbing and so he takes one of his rays and smashes it onto the ground, creating the stars and gives the girl the task of putting them into the dark night sky. This beautifully illustrated story gives us a new folk tale, and a new way to look up at the night sky.

An A From Miss Keller - Patricia Polacco
2015-09-29

How did Patricia Polacco become a writer? A perfect companion to the classic Thank You, Mr. Falker, The Art of Miss Chew, and Mr. Wayne's Masterpiece, this book celebrates a teacher who inspired a young Patricia Polacco to become the writer and storyteller she is today. Trisha is nervous about being chosen for Miss Keller's writing class. "Killer Keller" demands that her students dazzle her with their writing, and rumor has it that she has never given an A. The rumors turn out to be all too true—there's just no pleasing Miss Keller. Then an unexpected loss leaves Trisha heartbroken. Thoughts of teachers and grades forgotten, she pours out her soul in a personal narrative. And when Miss Keller reads it, she tells Trisha, "You've given your words wings."

Writing for Publication - Mary Renck Jalongo
2016-05-24

This book offers systematic instruction and evidence-based guidance to academic authors. It

demystifies scholarly writing and helps build both confidence and skill in aspiring and experienced authors. The first part of the book focuses on the author's role, writing's risks and rewards, practical strategies for improving writing, and ethical issues. Part Two focuses on the most common writing tasks: conference proposals, practical articles, research articles, and books. Each chapter is replete with specific examples, templates to generate a first draft, and checklists or rubrics for self-evaluation. The final section of the book counsels graduate students and professors on selecting the most promising projects; generating multiple related, yet distinctive, publications from the same body of work; and using writing as a tool for professional development. Written by a team that represents outstanding teaching, award-winning writing, and extensive editorial experience, the book leads teacher/scholar/authors to replace the old "publish or perish" dictum with a different, growth-seeking orientation: publish and flourish. **Small as an Elephant** - Jennifer Jacobson 2011 Abandoned by his mother in an Acadia National Park campground, Jack tries to make his way back to Boston before anyone figures out what is going on, with only a small toy elephant for company.

Personal Narrative, Revised - Bronwyn Clare
LaMay 2016-09-02

In this inspirational book, LaMay shows readers how to transform classrooms and schools into places where youth can explore the intersection between literacy and their lives. This book is the culmination of a literacy curriculum that the author and her high school students wrote dialogically, beginning with their attempts to define love. Through real-life classroom examples, they demonstrate how an innovative curriculum that intertwines personal and academic engagement can create space for students to explore their identities, connect to literary texts, and develop agency as writers and thinkers. In this important contribution to literacy educators, the author shows how personal narratives can help students rebuild their fractured relationships with school and envision writing and academic achievement as playing a role in their futures. Book Features: Evidence of how students' social-emotional and

academic growth may intertwine in the interest of school engagement. A re-conceptualization of the complex layers of the personal narrative genre and its role in the pedagogy of academic writing. A reinterpretation of the transformational role of revision in students' academic and life texts. Examples of writing and interview data that illustrate the diversity of student responses.

Liberating Scholarly Writing - Robert Nash
2019-03-01

This book provides an alternative to the more conventional modes of qualitative and quantitative inquiry currently used in professional training programs, particularly in education. It features a very accessible presentation that combines application, rationale, critique, and inspiration—and is itself an example of this kind of writing. It teaches students how to use personal writing in order to analyze, explicate, and advance their ideas. And it encourages minority students, women, and others to find and express their authentic voices by teaching them to use their own lives as primary resources for their scholarship.

Authors as Mentors - Lucy Calkins 2003

Part of a year-long curriculum of units about primary writing

Haruki Murakami - Matthew C. Strecher
2016-03-22

Japanese writer Haruki Murakami has achieved incredible popularity in his native country and world-wide as well as rising critical acclaim. Murakami, in addition to receiving most of the major literary awards in Japan, has been nominated several times for the Nobel Prize. Yet, his relationship with the Japanese literary community proper (known as the Bundan) has not been a particularly friendly one. One of Murakami's central and enduring themes is a persistent warning not to suppress our fundamental desires in favor of the demands of society at large. Murakami's writing over his career reveals numerous recurring motifs, but his message has also evolved, creating a catalogue of works that reveals Murakami to be a challenging author. Many of those challenges lie in Murakami's blurring of genre as well as his rich blending of Japanese and Western mythologies and styles—all while continuing to offer narratives that attract and captivate a wide

range of readers. Murakami is, as Ōe Kenzaburō once contended, not a "Japanese writer" so much as a global one, and as such, he merits a central place in the classroom in order to confront readers and students, but to be challenged as well. Reading, teaching, and studying Murakami serves well the goal of rethinking this world. It will open new lines of inquiry into what constitutes national literatures, and how some authors, in the era of blurred national and cultural boundaries, seek now to transcend those boundaries and pursue a truly global mode of expression.

Mentor Texts - Lynne R. Dorfman 2017

In their first edition of *Mentor Texts*, authors Lynne Dorfman and Rose Cappelli helped teachers across the country make the most of high-quality children's literature in their writing instruction. In *Mentor Texts: Teaching Writing Through Children's Literature, K-6, 2nd Edition* the authors continue to show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new "Your Turn Lessons," built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Dorfman and Cappelli offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter a "Think About It--Talk About It--Write About It" section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing--focus, content, organization, style, and conventions. The authors write in a friendly and conversational style, employing numerous anecdotes to help teachers visualize the process, and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.

Teaching Powerful Personal Narratives - Mary Jane Reed 2004

The author divides the components of good narrative writing into chapters that teachers can use a la carte to develop the skills their students

need. Though tailored for teachers with students working on college-application essays, this text can bolster any students narrative writing. Includes a CD-ROM of supplemental material.

Dreaming in Cuban - Cristina García
2011-06-08

"Impressive . . . [Cristina García's] story is about three generations of Cuban women and their separate responses to the revolution. Her special feat is to tell it in a style as warm and gentle as the 'sustaining aromas of vanilla and almond,' as rhythmic as the music of Beny Moré."—Time
Cristina García's acclaimed book is the haunting, bittersweet story of a family experiencing a country's revolution and the revelations that follow. The lives of Celia del Pino and her husband, daughters, and grandchildren mirror the magical realism of Cuba itself, a landscape of beauty and poverty, idealism and corruption. *Dreaming in Cuban* is "a work that possesses both the intimacy of a Chekov story and the hallucinatory magic of a novel by Gabriel García Márquez" (The New York Times). In celebration of the twenty-fifth anniversary of the novel's original publication, this edition features a new introduction by the author. Praise for *Dreaming in Cuban* "Remarkable . . . an intricate weaving of dramatic events with the supernatural and the cosmic . . . evocative and lush."—San Francisco Chronicle "Captures the pain, the distance, the frustrations and the dreams of these family dramas with a vivid, poetic prose."—The Washington Post "Brilliant . . . With tremendous skill, passion and humor, García just may have written the definitive story of Cuban exiles and some of those they left behind."—The Denver Post

Technology Integration for Meaningful Classroom Use: A Standards-Based Approach - Katherine Cennamo 2013-01-01

Updated and streamlined for easier use, TECHNOLOGY INTEGRATION FOR MEANINGFUL CLASSROOM USE: A STANDARDS-BASED APPROACH, Second Edition, equips readers with the knowledge, creative and critical thinking skills, and confidence needed to become self-directed learners who can successfully navigate the constantly changing environment of technology integration in the classroom. Using the principles of self-directed learning as its

foundation, the book aims to help readers learn to evaluate and reflect on professional practice to make informed decisions regarding the use of technology in support of student learning. The first educational technology book organized around the 2008 National Educational Technology Standards for Teachers (NETS-T) developed by the International Society for Technology in Education (ISTE), this standards-based approach provides the framework for developing, modeling, and teaching the skills and knowledge necessary for integrating technology in authentic teaching and learning. An end-of-book supplement provides examples of technology integration in practice within specific content areas, guided by the national standards that apply to each content domain. The Life Story, Domains of Identity, and Personality Development in Emerging Adulthood - Michael W. Pratt Ph.D. 2018-05-30
The Life Story, Domains of Identity, and Personality Development in Emerging Adulthood focuses on individuals' formulations of the unique episodes and events of their lives that give one meaning and a sense of personal identity. This book brings the growing research on narrative study and the life story into focus by drawing from the existing research on personality development during emerging adulthood. In this book, authors Michael W.

Pratt and M. Kyle Matsuba present a series of chapters exploring how one's life story manifests across the many components of their developing identity, including their religion, morality, vocation, society, and the relationships they have with their parents, peers, and romantic partners. Taking their cue from Erik Erikson's model of adolescent and adult development, the authors show readers exactly how a life story approach can illuminate the distinctive features of an individual's personality and development during this formative phase of life. Organized around a set of life contexts where personality is manifested (i.e. adjustment, personal ideology, close relationships, occupation, and civic life), this book draws on the authors' own longitudinal research on the development of the life story in emerging adulthood. Throughout the book, they incorporate fascinating case studies and historical examples (e.g., Darwin, Pope Francis, Martin Luther King, Jr., Jane Fonda) of individuals' unique development during this period of life in order to better illustrate the application of this approach to understanding the whole person in context.

To Kill a Mockingbird - Harper Lee 2014-07-08
Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Creating Holistic Technology- Enhanced Learning Experiences - Lee Yong TAY
2013-02-11

Creating Holistic Technology-Enhanced Learning Experiences: Tales of a Future School

in Singapore Editors: Lee Yong TAY & Cher Ping LIM The global level of economic, ecological, social, political and cultural integration across nation states and the rapid advancement of technology have brought about transformations that are part of globalisation. Our students are expected to be agents of change rather than passive observers of world events; and at the same time, to live together in an increasingly diverse and complex society and to reflect on and interpret fast changing information. In such a new world order, the holistic development of our students, namely in the cognitive, aesthetics, physical, social and moral, leadership and global domains, is pivotal. This edited book provides descriptive and interpretive accounts of how an elementary school in the FutureSchools@Singapore programme creates holistic technology-enhanced learning experiences for its students at the classroom and school levels. By documenting these accounts and linking them to student learning outcomes, the school will lead the way in providing possible models for the seamless and pervasive integration of information and communication technologies (ICT) into the curriculum for the holistic development of our students.

Owl Moon - Jane Yolen 1987-10-23

Celebrating 30 years of the beloved classic *Owl Moon* from renowned children's book author Jane Yolen and Caldecott Medal-winning illustrator John Schoenherr! Late one winter night a little girl and her father go owling. The trees stand still as statues and the world is silent as a dream. Whoo-whoo-whoo, the father calls to the mysterious nighttime bird. But there is no answer. Wordlessly the two companions walk along, for when you go owling you don't need words. You don't need anything but hope. Sometimes there isn't an owl, but sometimes there is. Distinguished author Jane Yolen has created a gentle, poetic story that lovingly depicts the special companionship of a young child and her father as well as humankind's close relationship to the natural world. Wonderfully complemented by John Schoenherr's soft, exquisite watercolor illustrations, this is a verbal and visual treasure, perfect for reading aloud and sharing at bedtime.

Handbook of Research on Teaching Literacy

Through the Communicative and Visual Arts, Volume II - James Flood 2015-04-22

The Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts, Volume II brings together state-of-the-art research and practice on the evolving view of literacy as encompassing not only reading, writing, speaking, and listening, but also the multiple ways through which learners gain access to knowledge and skills. It forefronts as central to literacy education the visual, communicative, and performative arts, and the extent to which all of the technologies that have vastly expanded the meanings and uses of literacy originate and evolve through the skills and interests of the young. Invisible Child - Andrea Elliott 2021-10-05

PULITZER PRIZE WINNER • A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has

exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

[Developing Writers in Higher Education](#) - Anne R Gere 2019-01-02

For undergraduates following any course of study, it is essential to develop the ability to write effectively. Yet the processes by which students become more capable and ready to meet the challenges of writing for employers, the wider public, and their own purposes remain largely invisible. *Developing Writers in Higher Education* shows how learning to write for various purposes in multiple disciplines leads college students to new levels of competence. This volume draws on an in-depth study of the writing and experiences of 169 University of Michigan undergraduates, using statistical analysis of 322 surveys, qualitative analysis of 131 interviews, use of corpus linguistics on 94 electronic portfolios and 2,406 pieces of student writing, and case studies of individual students to trace the multiple paths taken by student writers. Topics include student writers’ interaction with feedback; perceptions of genre; the role of disciplinary writing; generality and certainty in student writing; students’ concepts of voice and style; students’ understanding of multimodal and digital writing; high school’s influence on college writers; and writing development after college. The digital edition offers samples of student writing, electronic portfolios produced by student writers, transcripts of interviews with students, and explanations of some of the analysis conducted by the contributors. This is an important book

for researchers and graduate students in multiple fields. Those in writing studies get an overview of other longitudinal studies as well as key questions currently circulating. For linguists, it demonstrates how corpus linguistics can inform writing studies. Scholars in higher education will gain a new perspective on college student development. The book also adds to current understandings of sociocultural theories of literacy and offers prospective teachers insights into how students learn to write. Finally, for high school teachers, this volume will answer questions about college writing.

Teaching Academic ESL Writing - Eli Hinkel 2003-10-17

Teaching Academic ESL Writing: Practical Techniques in Vocabulary and Grammar fills an important gap in teacher professional preparation by focusing on the grammatical and lexical features that are essential for all ESL writing teachers and student-writers to know. The fundamental assumption is that before students of English for academic purposes can begin to successfully produce academic writing, they must have the foundations of language in place--the language tools (grammar and vocabulary) they need to build a text. This text offers a compendium of techniques for teaching writing, grammar, and lexis to second-language learners that will help teachers effectively target specific problem areas of students' writing. Based on the findings of current research, including a large-scale study of close to 1,500 non-native speakers' essays, this book works with several sets of simple rules that collectively can make a noticeable and important difference in the quality of ESL students' writing. The teaching strategies and techniques are based on a highly practical principle for efficiently and successfully maximizing learners' language gains. Part I provides the background for the text and a sample of course curriculum

guidelines to meet the learning needs of second-language teachers of writing and second-language writers. Parts II and III include the key elements of classroom teaching: what to teach and why, possible ways to teach the material in the classroom, common errors found in student prose and ways to teach students to avoid them, teaching activities and suggestions, and questions for discussion in a teacher-training course. Appendices to chapters provide supplementary word and phrase lists, collocations, sentence chunks, and diagrams that teachers can use as needed. The book is designed as a text for courses that prepare teachers to work with post-secondary EAP students and as a professional resource for teachers of students in EAP courses.
