The American Dream and the Public Schools -

Jennifer L. Hochschild 2004-10-21
The American Dream and the Public Schools examines issues that have excited and divided Americans for years, including

desegregation, school funding, testing, vouchers, bilingual education, and ability grouping. While these are all separate problems, much of the contention over them comes down to the same thing--an apparent conflict between policies designed to promote each student's ability to succeed and those designed to insure the good of all students

or the nation as a whole. The authors show how policies to promote individual success too often benefit only those already privileged by race or class, and often conflict with policies that are intended to benefit everyone. They propose a framework that builds on our nation's rapidly changing population in order to help Americans get past acrimonious debates about schooling. Their goal is to make public education work better so that all children can succeed.

My Expectations Nearly Killed My Dream - Andries J. Jacobs Operating in a start-up and entrepreneurial environment that is innovative, fast-paced, and requires multitasking brings about the realization that a demonstrable gap exists between what leadership expects of consultants and how they, in reality, work, referred to as the expectation-reality gap (ERG). Whether you have an idea, are ready to initiate, or are building your consulting organization, you will benefit from the content of this book.

Once your leadership and consultants grasp the themes, writes Jacobs, they will respond with urgency to become key players and gain significant momentum for your start-up, and consulting business. Jacobs masterfully applied the input-process-output (IPO) model and descriptive attributes to demonstrate and analyze the ERG, and guide readers to gain insight into why the expectation-reality gap occurs, and what inadequacies might exist in terms of culture, capability, and leadership. Jacobs provides for each theme, a checklist of questions to ascertain whether your organization employs practices to avoid or narrow the ERG. Realizing the ERG themes exist and understanding the context is a powerful instrument. For hiring teams during the recruitment process; client-engagement leaders when engaging consultants in business development activities; project leaders in assigning and mentoring team members; executive

management in starting, leading, and managing consulting organizations; and for individual consultants understanding what leaders expect. My Expectations Nearly Killed My Dream is the checklist methodology every entrepreneur needs to build a non-conventional business, an influential culture, and talent that can sustain an environment characterized by client value, speed, and adaptability.

Soccer and the American

Dream - Ian Lawrence

2018-11-12

The American Dream is founded upon the ideological belief that 'you can be anything you want to be', regardless of your current class position, and is one of the most emotive, pervasive and ideologically embedded concepts championed by American citizens. Providing contemporary insight into the American Dream via the critical lens of soccer - the world's pre-eminent sport but still a minority interest in the US - this book challenges the

notion that America is different, exceptional or unique in the global order, either in real socio-economic-political terms or in perceived cultural terms. Soccer and the American Dream offers an overview of soccer in the US and uses case studies to explore the motives of American university students in undertaking a soccer scholarship, considering the impact of family, social class and career development upon social mobility and upon the game itself. Providing a fascinating new insight into the nexus of sport, education, culture and society, this is a topical resource for students, scholars and practitioners across the fields of soccer, higher education, youth sport, sports development, sports coaching and sport management.

Conceptual Structures:

Fulfilling Peirce's Dream -

Wash International Conference on Conceptual Structures 1997 Seattle 1997-07-16

This book constitutes the refereed proceedings of the

Fifth International Conference on Conceptual Structures, ICCS '97, held in Seattle, Washington, USA, in August 1997. The 39 full papers presented were carefully selected and revised for inclusion in the volume. Also included are 9 abstracts of conceptual graphs tools. The papers are organized in sections on knowledge representation, knowledge modeling, formal concept analysis, formal reasoning, applications of conceptual graphs, and conceptual graphs tools. This book competently documents the progress achieved in the area since the predecessor conference ICCS '96, the proceedings of which have been published as LNAI 1115.

Behold, America - Sarah Churchwell 2018-10-09
A Smithsonian Magazine Best History Book of 2018 The unknown history of two ideas crucial to the struggle over what America stands for In Behold, America, Sarah Churchwell offers a surprising account of twentieth-century

Americans' fierce battle for the nation's soul. It follows the stories of two phrases--the "American dream" and "America First"--that once embodied opposing visions for America. Starting as a Republican motto before becoming a hugely influential isolationist slogan during World War I, America First was always closely linked with authoritarianism and white supremacy. The American dream, meanwhile, initially represented a broad vision of democratic and economic equality. Churchwell traces these notions through the 1920s boom, the Depression, and the rise of fascism at home and abroad, laying bare the persistent appeal of demagoguery in America and showing us how it was resisted. At a time when many ask what America's future holds, Behold, America is a revelatory, unvarnished portrait of where we have been.

THE GREAT GATSBY - F. SCOTT FITZGERALD 2022
THE GREAT GATSBY BY F. SCOTT FITZGERALD Key

features of this book: *
Unabridged with 100% of it's original content * Available in multiple formats: eBook, original paperback, large print paperback and hardcover * Easy-to-read 12 pt. font size * Proper paragraph formatting with Indented first lines, 1.25 Line Spacing and Justified Paragraphs * Properly formatted for aesthetics and ease of reading. * Custom Table of Contents and Design elements for each chapter * The Copyright page has been placed at the end of the book, as to not impede the content and flow of the book. Original publication: 1925 The Great Gatsby - The story of the mysteriously wealthy Jay Gatsby and his love for the beautiful Daisy Buchanan, This book is F. Scott Fitzgerald's third book and stands as the supreme achievement of his career. Issues in Neuropsychology, Neuropsychiatry, and Psychophysiology: 2011 Edition
- 2012-01-09

Issues in Neuropsychology, Neuropsychiatry, and Psychophysiology: 2011 Edition is a ScholarlyEditions™ eBook that delivers timely, authoritative, and comprehensive information about Neuropsychology, Neuropsychiatry, and Psychophysiology. The editors have built Issues in Neuropsychology, Neuropsychiatry, and Psychophysiology: 2011 Edition on the vast information

databases of ScholarlyNews.™ You can expect the information about Neuropsychology, Neuropsychiatry, and Psychophysiology in this eBook to be deeper than what you can access anywhere else, as well as consistently reliable, authoritative, informed, and relevant. The content of Issues in Neuropsychology, Neuropsychiatry, and Psychophysiology: 2011 Edition has been produced by the world's leading scientists, engineers, analysts, research institutions, and companies. All of the content is from peer-reviewed sources, and all of it is written, assembled, and edited by the editors at ScholarlyEditions™ and available exclusively from us. You now have a source you can cite with authority, confidence, and credibility. More information is available at <http://www.ScholarlyEditions.com/>.

The Epic of America - James Truslow Adams 1956

"The Epic of America is not a tangled chronicle of dates, campaigns, and battles. Instead

it portrays the spirit of the American people through the more momentous episodes in their country's history and through brief but brilliant biographical snapshots of their leaders. In this outstanding one-volume history the author consistently shows what life held for the typical American of city, town and frontier. In short, this book presents a true panorama of American life from Columbus to Franklin D. Roosevelt."--Page 4 of cover.

[A History of Modern Psychology in Context](#) - Wade Pickren 2010-02-22

A fresh look at the history of psychology placed in its social, political, and cultural contexts A History of Modern Psychology in Context presents the history of modern psychology in the richness of its many contexts. The authors resist the traditional storylines of great achievements by eminent people, or schools of thought that rise and fall in the wake of scientific progress. Instead, psychology is portrayed as a network of scientific and professional

practices embedded in specific temporal, social, political, and cultural contexts. The narrative is informed by three key concepts—indigenization, reflexivity, and social constructionism—and by the fascinating interplay between disciplinary Psychology and everyday psychology. The authors complicate the notion of who is at the center and who is at the periphery of the history of psychology by bringing in actors and events that are often overlooked in traditional accounts. They also highlight how the reflexive nature of Psychology—a science produced both by and about humans—accords history a prominent place in understanding the discipline and the theories it generates. Throughout the text, the authors show how Psychology and psychologists are embedded in cultures that indelibly shape how the discipline is defined and practiced, the kind of knowledge it creates, and how this knowledge is received. The text also moves beyond an

exclusive focus on the development of North American and European psychologies to explore the development of psychologies in other indigenous contexts, especially from the mid-20th-century onward.

The Fire Is Upon Us - Nicholas Buccola 2020-09
Paperback reprint. Originally published: 2019.

The Humanities and the Dream of America - Geoffrey Galt Harpham 2011-02-15

In this bracing and original book, Geoffrey Galt Harpham argues that today's humanities are an invention of the American academy in the years following World War II, when they were first conceived as an expression of American culture and an instrument of American national interests. The humanities portray a "dream of America" in two senses: they represent an aspiration of Americans since the first days of the Republic for a state so secure and prosperous that people could enjoy and appreciate culture for its own sake; and they embody in

academic terms an idealized conception of the American national character. Although they are struggling to retain their status in America, the concept of the humanities has spread to other parts of the world and remains one of America's most distinctive and valuable contributions to higher education. The Humanities and the Dream of America explores a number of linked problems that have emerged in recent years: the role, at once inspiring and disturbing, played by philology in the formation of the humanities; the reasons for the humanities' perpetual state of "crisis"; the shaping role of philanthropy in the humanities; and the new possibilities for literary study offered by the subject of pleasure. Framed by essays that draw on Harpham's pedagogical experiences abroad and as a lecturer at the U.S. Air Force Academy, as well as his vantage as director of the National Humanities Center, this book provides an essential perspective on the history, ideology, and future of

this important topic.

Peace Issues in the 21st Century Global Context -

John Duncan 2017-08-21

Since the two Hague (Netherlands) multilateral peace conferences of 1899 and 1907, the fundamental issue of world peace and its long-term realization has engaged scholars, diplomats, statesmen, and students of international relations. This book presents a new endeavor in this direction through a collection of papers selected from the recent conferences of the Canadian Peace Research Association and independent scholars. Descriptive, analytical, constructive and balanced ideas and solutions in this text represent alternatives for the global community to be collectively secure and peaceful. This volume examines world peace in its foundational, descriptive, conceptual, and prescriptive aspects, and as a social and human concept in positive and negative contexts, including: the nonviolent perspective of peace; women theorists on peace and war;

empowerment of women as peacemakers; and, peace research and education under siege. On violence and war, the topics included are the theory of violence, the new faces of war, including military robots, electromagnetic and information weapons, the cyber warfare and the militarization of neuroscience. In the area of case studies, Iran and nuclear deterrence, the Baha'i faith and Iran; the Western Sahara, Sudan and South Sudan, and the challenges of a Palestinian Nation are analysed. In addition, there is focus on the need to establish a Department of Peace in Canada and an attempt to seek establishment of world peace through direct democracy. This book will advance an understanding of the historic struggle and failures, as well as the accomplishments and shortcomings for peaceful change and a just world order. It will be of direct interest to students of political science, diplomacy, history, social science, international law, human rights, and other

cognate disciplines.

The Significance of the Idea of the American Dream linked with Issues of Poverty and Inequality - Svenja Stoll
2016-11-28

Essay from the year 2016 in the subject American Studies - Culture and Applied Geography, grade: 1,1, University of Frankfurt (Main) (England- und Amerikastudien), course: Cultural Studies, language: English, abstract: When I think of the term American Dream it is directly connected with associations as freedom, chances and success. Hollywood productions like "The Great Gatsby" or "The Pursuit of Happiness", in which people have made it from rags to riches, come into my mind. But by taking a deeper look into that topic it becomes clear that the American Dream is much more like just that. I also think of very egocentric concepts of life which are depicted in these stories and which have nothing to do with a respectful, empathetic and tolerant community. The

questions rise what it actually is, what we are 'dreaming' of - is it just about prosperity or do we really pursue happiness regardless to money? And: Am I interested in the development of the community? What has it to do with my personal (American) Dream? When it comes to the American Dream concepts of gender, class, race and ethnicity can and have to be taken into consideration especially when we link the photograph "Bread Line during the Louisville Flood, Kentucky" from 1937 by Margaret Bourke-White with that topic what will be done in this essay. Before the critical executions in this essay relate to this photograph it displays the meaning of the term American Dream and its connection to inequality and poverty in general.

Between the World and Me - Ta-Nehisi Coates 2015-07-14
#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER

PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as "required reading," a bold and personal literary exploration of America's racial history by "the most important essayist in a generation and a writer who changed the national political conversation about race" (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American

history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South

Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

DVD Counseling and Psychotherapy Theories in Context and Practice - John Sommers-Flanagan 2011-01-20
Learn the various counseling theories through authentic examples led by actual practitioners working with real clients This comprehensive two-DVD set promotes student learning by illustrating each of the counseling theories covered in the textbook *Counseling and Psychotherapy Theories in Context and Practice, Second Edition* by John and Rita Sommers-Flanagan. However, the DVDs can be used in conjunction with this text or as a stand-alone

teaching tool in any course covering psychotherapy theories and techniques. Unique in its presentation of real clinicians from a variety of work settings—including school and college counselors—working with actual clients, the DVDs: Feature practitioners and clients who represent ethnic, gender, age, and religious diversity Model how to develop a positive therapeutic relationship from any theoretical perspective Help students not only understand the differences between theories, but also the difference between theory and technique Offer commentary by the authors on how the counselor in the session made decisions from a theoretical perspective as well as why a particular counseling theory was appropriate for the client's situation Exploring Psychoanalytic, Adlerian, Existential, Person-Centered, Gestalt, Behavioral, Cognitive-Behavioral, Reality, Feminist, Solution-Focused, and Family Systems theories, these two

DVDs shed light on these theories in real practice with clients.

Context 21 - Topics in Context. The Media. Schülerheft - Geoff Sammon 2011

Understanding A Midsummer Night's Dream - Faith Nostbakken 2003

Going beyond a dramatic analysis, this casebook examines fascinating topics in the play-- such as love, marriage, holidays, and dreams-- and their relation to contemporary trends and topics.

Of Mice and Men - John Steinbeck 1937

Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.

People of the Dream - Michael O. Emerson 2010-12-16

It is sometimes said that the most segregated time of the week in the United States is

Sunday morning. Even as workplaces and public institutions such as the military have become racially integrated, racial separation in Christian religious congregations is the norm. And yet some congregations remain stubbornly, racially mixed. *People of the Dream* is the most complete study of this phenomenon ever undertaken. Author Michael Emerson explores such questions as: how do racially mixed congregations come together? How are they sustained? Who attends them, how did they get there, and what are their experiences? Engagingly written, the book enters the worlds of these congregations through national surveys and in-depth studies of those attending racially mixed churches. Data for the book was collected over seven years by the author and his research team. It includes more than 2,500 telephone interviews, hundreds of written surveys, and extensive visits to mixed-race congregations throughout the United States. People of

the Dream argues that multiracial congregations are bridge organizations that gather and facilitate cross-racial friendships, disproportionately housing people who have substantially more racially diverse social networks than do other Americans. The book concludes that multiracial congregations and the people in them may be harbingers of racial change to come in the United States. *Death of a Salesman* - Arthur Miller 1998-05-01 The Pulitzer Prize-winning tragedy of a salesman's deferred American dream A Penguin Classic Since it was first performed in 1949, Arthur Miller's Pulitzer Prize-winning drama about the tragic shortcomings of an American dreamer has been recognized as a milestone of the theater. Willy Loman, the protagonist of *Death of a Salesman*, has spent his life following the American way, living out his belief in salesmanship as a way to reinvent himself. But somehow the riches and respect he covets have eluded him. At age

63, he searches for the moment his life took a wrong turn, the moment of betrayal that undermined his relationship with his wife and destroyed his relationship with Biff, the son in whom he invested his faith. Willy lives in a fragile world of elaborate excuses and daydreams, conflating past and present in a desperate attempt to make sense of himself and of a world that once promised so much. This Penguin Classics edition features an introduction by Christopher W. E. Bigsby. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Race, Sport and the American Dream - Earl Smith

2009

Race, Sport and the American Dream reports the main findings of a long term research project investigating the scope and consequences of the deepening relationship between African American males and the institution of sport. While there is some scholarly literature on the topic, author Earl Smith tries to understand through this project how sport has changed the nature of African American Civil Society and has come to be a major influence on economic opportunities, schooling and the shaping of African American family life. In this 2nd edition of the book, Smith continues several of the core arguments introduced in the first edition but each is developed with the most up to date and cutting edge research. The reader will note particular changes to the analysis of the increasing expansion of the Athletic Industrial Complex and the decline in the number of African American's in key leadership positions. Pursuing

this line of inquiry was important in 2007 and it is even more important now, in 2009, as the United States grapples with race—the election and inauguration of the first African American president—and faces the worst economic crisis most living Americans have ever experienced. Lastly, Smith compiled a unique dataset that captures data on African American college and professional athletes who are arrested for and often charged with acts of violence against women. The analysis of this data allows for Smith to offer a significantly more sophisticated discussion of this pressing social issue. This book is intended to provide social scientists and others interested in sports with an understanding of carefully selected issues related to the African American athlete. Smith examines the world of amateur sports (Olympic and intercollegiate sport) using Immanuel Wallerstein's “World-Systems Paradigm” which provides a lens with

which to examine the colonizing and exploitative nature of intercollegiate sports and the special arrangements that universities have with SportsWorld. All of the topics in this book are addressed within the context of the history of racial oppression that has dominated race relations in the United States since its inception as a nation-state in the 1620s. Across a variety of topics including sport as big business—which Smith terms the Athletic Industrial Complex—to criminal behavior by athletes, to the lack of leadership opportunities for African American athletes, to the question of the biological superiority of African American athletes, Smith argues that any discussion of race and sport must be understood within this context of power and domination. Otherwise the importance of the question itself will always be (a) misunderstood or (b) underestimated.

The Dream of a Democratic Culture - T. Lacy 2013-11-26
This book presents a

moderately revisionist history of the great books idea anchored in the following movements and struggles: fighting anti-intellectualism, advocating for the liberal arts, distributing cultural capital, and promoting a public philosophy, anchored in mid-century liberalism, that fostered a shared civic culture.

Chasing the American

Dream - Mark R. Rank

2014-05

In this book the authors show that the risk of economic vulnerability has been increasing substantially over the past four decades, and argue that while not unattainable, the American Dream - as we currently define it - is becoming harder to reach and harder still to keep.

The American Dream - Jim

Cullen 2004

The first "narrative history" traces the thread that binds the dreams and aspirations of most Americans together, exploring shared history and sacred texts--the Constitution and the Declaration of Independence--in search of the origins of these

ideas.

God Bless America: The Discourse Between the American Dream &

Christianity - Adrian Mack

2013-10-29

If you are a Christian, the support beam of your life is the Cross. Christians must weigh life and devote themselves to whatever it is that carries the most weight.

Overview of Immigration Issues in the 112th Congress -

I Was Their American Dream -

Malaka Gharib 2019-04-30

"A portrait of growing up in America, and a portrait of family, that pulls off the feat of being both intimately specific and deeply universal at the same time. I adored this book."—Jonny Sun "[A] high-

spirited graphical memoir . . . Gharib's wisdom about the power and limits of racial identity is evident in the way she draws."—NPR WINNER OF THE ARAB AMERICAN BOOK AWARD • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The New York Public Library • Kirkus

Reviews I Was Their American Dream is at once a coming-of-age story and a reminder of the thousands of immigrants who come to America in search for a better life for themselves and their children. The daughter of parents with unfulfilled dreams themselves, Malaka navigated her childhood chasing her parents' ideals, learning to code-switch between her family's Filipino and Egyptian customs, adapting to white culture to fit in, crushing on skater boys, and trying to understand the tension between holding onto cultural values and trying to be an all-American kid. Malaka Gharib's triumphant graphic memoir brings to life her teenage antics and illuminates earnest questions about identity and culture, while providing thoughtful insight into the lives of modern immigrants and the generation of millennial children they raised. Malaka's story is a heartfelt tribute to the American immigrants who have invested their future in the promise of the American dream. Praise for I Was Their

American Dream “In this time when immigration is such a hot topic, Malaka Gharib puts an engaging human face on the issue. . . . The push and pull first-generation kids feel is portrayed with humor and love, especially humor. . . . Gharib pokes fun at all of the cultures she lives in, able to see each of them with an outsider’s wry eye, while appreciating them with an insider’s close experience. . . . The question of ‘What are you?’ has never been answered with so much charm.”—Marissa Moss, New York Journal of Books
“Forthright and funny, Gharib fiercely claims her own American dream.”—Booklist
“Thoughtful and relatable, this touching account should be shared across generations.”—Library Journal
“This charming graphic memoir riffs on the joys and challenges of developing a unique ethnic identity.”— Publishers Weekly
Gender and Language Learning - Daniela Elsner
2016-06-13
Although Gender Studies have found their way into most

domains of academic research and teaching, they are not directly in the spotlight of foreign language teaching pedagogy and research. However, teachers are confronted with gender issues in the language classroom everyday. By the use of language alone, they construct or deconstruct gender roles; with the choice of topics they shape gender identities in the classroom; and their ways of approaching pupils clearly mirrors their gender sensitivity. The book "Gender and Language Learning" aims at raising awareness towards gender issues in different areas of foreign language teaching and learning. The primary objective of the book is to spark university students', trainee teachers' and in-service teachers' analysis and reflection of gender relations in the foreign language learning and teaching section.

[The Alchemy of Dreams I](#) -

Wesley Wyatt 2014-03-05

What if the stories are true?

What if dreams represent a

largely untapped resource that

could transform your life and relationships? After all - everyone dreams, every night. In this, the first of three books in The Alchemy of Dreams Series, author Wesley Wyatt provides a rich and nuanced discourse on the potential of dreams, the language of symbolism and dream interpretation. Utilizing the psychic readings of the Edgar Cayce readings, the author provides practical tools for accessing the inspiration and counsel offered in dreams. -

Increase your recall of dreams.

- Discover the causes and

meaning of repetitive and

disturbing dreams. - Learn how

dreams can assist you in

expressing your true nature

and aptitudes. - Deepen your

understanding of the language

of the soul - symbolism. - Learn

specific techniques for

translating the personalized

symbolism in your dreams. -

Learn to 'incubate' a dream on

a specific concern.

Dreams and Professional

Personhood - Mary-T. B.

Dombeck

Two community mental health

centers in the Northeastern United States form the setting for this ethnographic study of dreams, dream telling, and dream interpretation. To gather information about American attitudes toward dreams and dream telling, the author observed and interviewed employees of these centers: social workers, psychologists, nurses, psychiatrists, secretaries, and medical technicians. The issues that emerge from the interviews are analyzed and clarified by exploring Western understandings of the concepts of person and self, and of professional personhood—the capacities and responsibilities ascribed to you by yourself and others in your milieu as professionals. The book also contains a comprehensive literature review of the research on dreams and an appendix of narrative statements made by informants on their dreams, their work, and their relationships.

The Book of Unknown Americans - Cristina Henríquez 2014-06-03

"Illuminate[s] the lives behind the current debates about Latino immigration." —The New York Times Book Review
When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henríquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America. *The Book of Unknown Americans* is a stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what

it means to be American. Named a New York Times and Washington Post Notable Book, an NPR Great Read, The Daily Beast's Novel of the Year, and a Mother Jones, Oprah.com, School Library Journal, and BookPage Best Book of the Year

Dreams and Nightmares of a White Australia - Catriona Elder 2009

Analysis of the assimilation issues and race relations in five novels from the 1950s and 1960s and three non-fiction and texts that were produced in academic and government circles regarding the 'half caste problem' in the 1930s and 1940s; includes overview of assimilation in Australia and definitions of assimilation; management of race relations in Australia; eugenic politics; Aboriginality; 1937 Aboriginal welfare conference; Citizenship for the Aborigines (1944); Australia's Colours Minority: Its place in the community (1947).

[That Noble Dream](#) - Peter Novick 1988-09-30

The aspiration to relate the

past 'as it really happened' has been the central goal of American professional historians since the late nineteenth century. In this remarkable history of the profession, Peter Novick shows how the idea and ideal of objectivity were elaborated, challenged, modified, and defended over the last century. Drawing on the unpublished correspondence as well as the published writings of hundreds of American historians from J. Franklin Jameson and Charles Beard to Arthur Schlesinger, Jr., and Eugene Genovese, *That Noble Dream* is a richly textured account of what American historians have thought they were doing, or ought to be doing, when they wrote history - how their principles influenced their practice and practical exigencies influenced their principles.

PTSDreams - Linda Yael Schiller 2022-09-08

Nightmares, especially those caused by trauma, not only disrupt your sleep but can leave you exhausted and on

edge, haunting your daylight hours. With in-depth information on the nature of nightmares, international speaker, author, and psychotherapist Linda Yael Schiller shows you how to turn anxiety-filled or heart-pounding dreams into resources for spiritual growth. Her four decades of experience in both dreamwork and trauma treatment provide the reader with guidelines for turning PTSDreams into PTSD: Post Trauma Spiritual Growth. Armed with effective techniques and Linda's warm compassionate voice, you can learn to safely heal post-traumatic nightmares and their root causes. She teaches the Guided Active Imagination Approach (GAIA), a method she developed based on best-practice trauma treatment and Jungian active imagination principles. Through compelling case descriptions and thoughtful exercises, you will learn how to apply a multiplicity of integrated and embodied dreamwork techniques as well as somatic,

narrative, and psycho-spiritual approaches. Combining neuroscience, healing, mysticism, and creativity, PTSDreams helps you transform nightmares into a new story: one of hope, healing, and life-affirming images.

People of Color in the United States: Contemporary Issues in Education, Work, Communities, Health, and Immigration [4 volumes] -

Kofi Lomotey 2016-10-17
This expansive, four-volume ready-reference work offers critical coverage of contemporary issues that impact people of color in the United States, ranging from education and employment to health and wellness and immigration. • Offers comprehensive coverage of contemporary issues for people of color in the United States that meets the needs of secondary librarians, teachers, and students for a variety of classes and standards • Presents A-Z entries within four broad themes that explore

the social and economic issues that will support readers' understanding of the experiences of people of color in the United States • Includes debate essays highlighting a variety of viewpoints on key issues from scholars that provide readers with models of critical thinking • Contains up-to-date information appropriate for classes on history, sociology, psychology, geography, economics, urbanization, immigration and industrialization, and contemporary American society

The Variety of Dream Experience - Montague Ullman
1999-08-12

Explores the contributions dreams can make to our private and public lives, and outlines methods for safe and effective dream work.

The American Dream and the Public Schools - Jennifer

L. Hochschild 2004-10-21
Examines desegregation, school funding, testing, vouchers, bilingual education, multicultural education, and ability grouping. These seem to be separate problems, but much of the contention over them comes down to the same thing: an apparent conflict between policies designed to promote each student's ability to pursue success and those designed to insure the good of all students or the nation as a whole. The authors show how policies to promote individual success too often benefit only those already privileged by race or class. The book also examines issues such as creationism and afrocentrism.

The USA - Dreams and Struggles - Hellmut Schwarz
2012

A Raisin in the Sun - Lorraine Hansberry 2012
