He both offers a new appraisal of Paul's theology of the Christ-event as gift as it comes to expression in Galatians and Romans and presents a nuanced and detailed consideration of the history of reception of Paul, including Augustine, Luther, Calvin, and Barth.

## **Romans Bible Commentary - Living By Faith** - Brad Price, [www.abiblecommentary.com](http://www.abiblecommentary.com)

Romans Bible Commentary: This Bible commentary on the book of Romans offers a verse-by-verse study on the entire book. Since this commentary material was assembled by classes taught on the book of Romans, it is easy to use and understand. This Romans commentary has been widely received by many, including schools which help train preachers. Here is a small sample of the text. 5:9: Much more than, being now

justified by his blood, shall we be saved from the wrath (of God) through him. This verse takes us back to what Paul said at the beginning of this chapter: God's people can be "justified" (dikaio), the same word used in Rom. 3:20! It is possible to completely remove sin. This can be done even though we still sin after becoming a Christian. Also, we can have justification at the present time ("now"). In this verse, Paul affirmed that our source for justification is Christ's "blood." Without the blood of Jesus, justification would be impossible (Heb. 10:4). Christ's blood is the basis for our justification, but the benefits of it must be accessed. This access comes by faith that is obedient (5:1). If Christ had not shed his blood, the only thing that we could and would experience is "wrath" (verse 9b). However, since the precious blood of the Lord was shed, Christians can be and will be saved from punishment. Christians are people who are at peace with God (verse 1) and have no fear of condemnation (8:1).

The New Testament - William Barclay 1999

William Barclay's rendering of the New Testament, first published in 1969, continues to be one of the freshest and most readable translations available. It is here in the words of Holy Scripture, the inspiration behind Barclay's widely read Daily Study Bible series, that his brilliant skills as a scholar and communicator reach their zenith. Barclay's aim in this translation is twofold: to make the New Testament intelligible for those who are not scholars, and to make a translation that does not need a commentary to explain it. The enduring success of Barclay's translation suggests that both aims have been fully realized.
