Dancing on the Edge of the Roof: A Novel (the basis for the film Juanita) - Sheila Williams 2009-02-19

“Dancing on the Edge of the Roof kept my heart and mind dancing through the pages. Sheila Williams, with her talent for detailed storytelling, expertly takes the reader on a poignant and humorous quest for self.”—Lori Bryant-Woolridge, author of *Read Between the Lies* At forty-one, Juanita Lewis is running away from home, courtesy of a one-way ticket to Montana, a place that seems about as far away from the violence and poverty of the Columbus, Ohio, projects as the moon. She wants adventure and excitement—if such things exist for a pre-menopausal African American woman with three grown, deadbeat children. Juanita’s new life in Paper Moon, Montana, begins at a local diner where a culinary face-off with chef and owner Jess Gardiner finds Juanita in front of Jess’s stove serving up home cookin’ that lures the townsfolk like a magic spell. And suddenly Juanita, who was just passin’ through, now has a job by popular demand. Out here in this wide-open space, Juanita’s heart can no longer hide, especially when she sees herself through the eyes of the wonderful and eccentric people of this down-to-earth town. She’s happy in Paper Moon; she’s found a home, but can she stay? And then there’s Jess. She has always dreamed of romance, but she never planned on falling in love.

A Doll's House, Part 2 (TCG Edition) - Lucas Hnath 2019-02-26

“Smart, funny and utterly engrossing...This unexpectedly rich sequel

reminds us that houses tremble and sometimes fall when doors slam, and that there are living people within, who may be wounded or lost...Mr. Hnath has a deft hand for combining incongruous elements to illuminating ends.” —Ben Brantley, *New York Times* It has been fifteen years since Nora Helmer slammed the door on her stifling domestic life, when a knock comes at that same door. It is Nora, and she has returned with an urgent request. What will her sudden return mean to those she left behind? Lucas Hnath’s funny, probing, and bold play is both a continuation of Ibsen’s complex exploration of traditional gender roles, as well as a sharp contemporary take on the struggles inherent in all human relationships across time.

The Souls of Black Folk - W. E. B. Du Bois 2020-01-14

The Souls of Black Folk is a 1903 work of American literature by W. E. B. Du Bois. It is a seminal work in the history of sociology and a cornerstone of African-American literature. The book contains several essays on race, some of which the magazine *Atlantic Monthly* had previously published.

To develop this work, Du Bois drew from his own experiences as an African American in American society. Outside of its notable relevance in African-American history, *The Souls of Black Folk* also holds an important place in social science as one of the early works in the field of sociology. In *The Souls of Black Folk*, Du Bois used the term "double consciousness", perhaps taken from Ralph Waldo Emerson ("The Transcendentalist" and "Fate"), applying it to the idea that black people must have two fields of vision at all times. They must be conscious of how they view themselves, as well as being conscious of how the world views them.

Secret Stairs - Charles Fleming 2010-04-01

Containing walks and detailed maps from throughout the city, *Secret Stairs* highlights the charms and quirks of a unique feature of the Los Angeles landscape, and chronicles the geographical, architectural, and historical aspects of the city's staircases, as well as of the neighborhoods in which the steps are located. From strolling through the classic La Loma neighborhood in Pasadena to walking the Sunset Junction Loop in Silver Lake, to taking the Beachwood Canyon hike through "Hollywoodland" to enjoying the magnificent ocean views from the Castellammare district in Pacific Palisades, *Secret Stairs* takes you on a

tour of the staircases all across the City of Angels. The circular walks, rated for duration and difficulty, deliver tales of historic homes and their fascinating inhabitants, bits of unusual local trivia, and stories of the neighborhoods surrounding the stairs. That's where William Faulkner was living when he wrote the screenplay for *To Have and Have Not*; that house was designed by Neutra; over there is a Schindler; that's where Woody Guthrie lived, where Anais Nin died, and where Thelma Todd was murdered . . . Despite the fact that one of these staircases starred in an Oscar-winning short film—Laurel and Hardy's *The Music Box*, from 1932—these civic treasures have been virtually unknown to most of the city's residents and visitors. Now, *Secret Stairs* puts these hidden stairways back on the map, while introducing urban hikers to exciting new "trails" all around the city of Los Angeles.

Great natural disasters are rare, but their aftermath can change the fortunes of a city or region forever. This book and its companion Policy Focus Report identify lessons from different parts of the world to help communities and government leaders better organize for recovery after future disasters. The authors consider the processes and outcomes of community recovery and reconstruction following major disasters in six countries: China, New Zealand, India, Indonesia, Japan, and the United States. Post-disaster reconstruction offers opportunities to improve construction and design standards, renew infrastructure, create new land use arrangements, reinvent economies, and improve governance. If done well, reconstruction can help break the cycle of disaster-related

impacts and losses, and improve the resilience of a city or region.

Nature's Civil War - Kathryn Shively Meier 2013-11-11

In the Shenandoah Valley and Peninsula Campaigns of 1862, Union and Confederate soldiers faced unfamiliar and harsh environmental conditions--strange terrain, tainted water, swarms of flies and mosquitoes, interminable rain and snow storms, and oppressive heat--which contributed to escalating disease and diminished morale. Using soldiers' letters, diaries, and memoirs, plus a wealth of additional personal accounts, medical sources, newspapers, and government documents, Kathryn Shively Meier reveals how these soldiers strove to maintain their physical and mental health by combating their deadliest enemy--nature. Meier explores how soldiers forged informal networks of health care based on prewar civilian experience and adopted a universal set of self-care habits, including boiling water, altering camp terrain,

eradicating insects, supplementing their diets with fruits and vegetables, constructing protective shelters, and most controversially, straggling. In order to improve their health, soldiers periodically had to adjust their ideas of manliness, class values, and race to the circumstances at hand. While self-care often proved superior to relying upon the inchoate military medical infrastructure, commanders chastised soldiers for testing army discipline, ultimately redrawing the boundaries of informal health care.

The Cambridge History of Medieval Music - Mark Everist 2018-08-09

Spanning a millennium of musical history, this monumental volume brings together nearly forty leading authorities to survey the music of Western Europe in the Middle Ages. All of the major aspects of medieval music are considered, making use of the latest research and thinking to discuss everything from the earliest genres of chant, through the music of the liturgy, to the riches of the vernacular song of the trouvères and troubadours. Alongside this account of the core repertory of monophony, *The Cambridge History of Medieval Music* tells the story of the birth of polyphonic music, and studies the genres of organum, conductus, motet and polyphonic song. Key composers of the period are introduced, such as Leoninus, Perotinus, Adam de la Halle, Philippe de Vitry and Guillaume de Machaut, and other chapters examine topics ranging from musical theory and performance to institutions, culture and collections.

Bless the Birds - Susan J. Tweit 2021-04-27

Writer Susan Tweit and her economist-turned-sculptor husband Richard Cabe had just settled into their version of a "good life" when Richard saw thousands of birds one day—harbingers of the brain cancer that would kill him two years later. This compelling and intimate memoir chronicles their journey into the end of his life, framed by their final trip together, a 4,000-mile-long delayed honeymoon road trip. As Susan and Richard navigate the unfamiliar territory of brain cancer treatment and learn a whole new vocabulary—craniotomies, adjuvant chemotherapy, and brain geography—they also develop new routines for a mindful existence, relying on each other and their connection to nature, including the real birds Richard enjoys watching. Their determination to walk hand in hand, with open hearts, results in profound and difficult adjustments in their roles. *Bless the Birds* is not a sad story. It is both prayer and love song, a guide to how to thrive in a world where all we hold dear seems to

be eroding, whether simple civility and respect, our health and safety, or the Earth itself. It's an exploration of living with love in a time of dying—whether personal or global—with humor, unflinching courage, and grace. And it is an invitation to choose to live in light of what we love, rather than what we fear.

Bitten by the Blues - Bruce Iglauer 2018-10-19

It started with the searing sound of a slide careening up the neck of an electric guitar. In 1970, twenty-three-year-old Bruce Iglauer walked into Florence's Lounge, in the heart of Chicago's South Side, and was overwhelmed by the joyous, raw Chicago blues of Hound Dog Taylor and the HouseRockers. A year later, Iglauer produced Hound Dog's debut album in eight hours and pressed a thousand copies, the most he could afford. From that one album grew Alligator Records, the largest independent blues record label in the world. *Bitten by the Blues* is Iglauer's memoir of a life immersed in the blues—and the business of the blues. No one person was present at the creation of more great contemporary blues music than Iglauer: he produced albums by Koko Taylor, Albert Collins, Professor Longhair, Johnny Winter, Lonnie Mack, Son Seals, Roy Buchanan, Shemekia Copeland, and many other major figures. In this book, Iglauer takes us behind the scenes, offering unforgettable stories of those charismatic musicians and classic sessions, delivering an intimate and unvarnished look at what it's like to work with the greats of the blues. It's a vivid portrait of some of the extraordinary musicians and larger-than-life personalities who brought America's music to life in the clubs of Chicago's South and West Sides. *Bitten by the Blues* is also an expansive history of half a century of blues in Chicago and around the world, tracing the blues recording business through massive transitions, as a genre of music originally created by and for black southerners adapted to an influx of white fans and musicians and found a worldwide audience. Most of the smoky bars and packed clubs that fostered the Chicago blues scene have long since disappeared. But their soul lives on, and so does their sound. As real and audacious as the music that shaped it, *Bitten by the Blues* is a raucous journey through the world of Genuine Houserockin' Music.

The Artist as Culture Producer - Sharon Loudon 2017-03-01

When *Living and Sustaining a Creative Life* was published in 2013, it became an immediate sensation. Edited by Sharon Loudon, the book brought together forty essays by working artists, each sharing their own story of how to sustain a creative practice that contributes to the ongoing dialogue in contemporary art. The book struck a nerve – how do artists

really make it in the world today? Louden took the book on a sixty-two-stop book tour, selling thousands of copies, and building a movement along the way. Now, Louden returns with a sequel: forty more essays from artists who have successfully expanded their practice beyond the studio and become change agents in their communities. There is a misconception that artists are invisible and hidden, but the essays here demonstrate the truth - artists make a measurable and innovative economic impact in the non-profit sector, in education and in corporate environments. *The Artist as Culture Producer* illustrates how today's contemporary artists add to creative economies through out-of-the-box thinking while also generously contributing to the well-being of others. By turns humorous, heartbreaking and instructive, the testimonies of these forty diverse working artists will inspire and encourage every reader - from the art student to the established artist. With a foreword by Hyperallergic co-founder and editor-in-chief Hrag Vartanian, *The Artist as Culture Producer* is set to make an indelible mark on the art world - redefining how we see and support contemporary artists. Louden's worldwide book tour begins in March 2017. More information and tour dates can be found online at www.livesustain.org.

The Medieval Latin Hymn - Ruth Ellis Messenger 2020-09-28

The first mention of Christian Latin hymns by a known author occurs in the writings of St. Jerome who states that Hilary, Bishop of Poitiers (c. 310-366), a noted author of commentaries and theological works, wrote a *Liber Hymnorum*. This collection has never been recovered in its entirety. Hilary's priority as a hymn writer is attested by Isidore of Seville (d. 636) who says: Hilary, however, Bishop of Poitiers in Gaul, a man of unusual eloquence, was the first prominent hymn writer. More important than his prior claim is the motive which actuated him, the defense of the Trinitarian doctrine, to which he was aroused by his controversy with the Arians. A period of four years as an exile in Phrygia for which his theological opponents were responsible, made him familiar with the use of hymns in the oriental church to promote the Arian heresy. Hilary wrested a sword, so to speak, from his adversaries and carried to the west the hymn, now a weapon of the orthodox. His authentic extant hymns, three in number, must have been a part of the *Liber Hymnorum*. *Ante saecula qui manens*, "O Thou who dost exist before time," is a hymn of seventy verses in honor of the Trinity; *Fefellit saevam verbum factum te, caro*, "The Incarnate Word hath deceived thee (Death)" is an Easter hymn; and *Adae carnis gloriosae*, "In the person of the Heavenly Adam" is a hymn on the theme of the temptation of Jesus. They are ponderous in style and expression and perhaps too lengthy for congregational use since they were destined to be superseded. In addition to these the hymn *Hymnum dicat turba fratrum*, "Let your hymn be sung, ye faithful," has

been most persistently associated with Hilary's name. The earliest text occurs in a seventh century manuscript. It is a metrical version of the life of Jesus in seventy-four lines, written in the same meter as that of *Adae carnis gloriosae*.
