Come meet the dominant, protective Alpha heroes who work for Luna & Associates! THE ALPHA BODYGUARDS BOOKS 7-9 features RELENTLESS, SHAMELESS and HEARTLESS!

RELENTLESS: Resourceful. Resolute.
Bodyguard. A single diagnosis, and I wasn't good enough. Not for college ball, not for my family, and not for the Marines. Medically discharged before I finished basic training, I was determined to prove myself. Landing a job as a bodyguard for the best security firm in the business was a second chance. It should've been my focus, but a sophisticated blonde walked through the lobby and dismissed me with a single glance. Now she was going to find out how relentless a bodyguard could be.

SHAMELESS: Bodyguard. Shadow. Warrior. The Marines trained me to be a weapon, and tactical warfare was in my blood. Then a mission went south and I was medically discharged. Too many years downrange, I didn't fit in the civilian world. Becoming a bodyguard seemed like a solid plan... until I got babysitting duty for a spoiled little rich girl. The only thing worse than the assignment was the client's smart mouth. She thought she could run it--all over me--and not suffer the consequences. Now she was about to find out how shameless a bodyguard could be.

HEARTLESS: Bodyguard. Sentry. Explosives expert. There was a reason I was the only Explosive Ordnance Disposal technician in the Marines who'd never sustained any injuries. I didn't take chances, ever, but serving my country as an EOD apparently had a shelf life. Promoted off the front lines, I was given an assignment behind a desk. Instead, I took a civilian job. The security firm seemed like the better option... until a frightened client with haunted eyes lied to me about everything. Now she was going to find out how heartless a bodyguard could be. The Bodyguards of Lies - Christopher Whelan 2022-10-20

This book uses real-world examples, case studies, and commentary from practitioners to reveal the many and varied strategies American and English lawyers use to protect truth. It shows how they tackle their conflicting duties, and highlights the 'tragic choices' lawyers everywhere routinely make through their 'power of decision'. What emerges are new ways of understanding the critical role lawyers play in society – and their professional responsibilities. 'Truth is so precious it should always be protected by a bodyguard of lies.' Churchill said this about wartime deception plans, but lawyers' clients may think their truth - especially an 'inconvenient truth' - is so precious it too should be protected. Lawyers are 'bodyguards of lies' when they use so-called 'tricks of the trade' not only to keep clients' secrets but to construct a reality that is far from real. But should they? Lawyers have a divided loyalty. The book presents a unique and fascinating account of what happens when lawyers' duties to clients conflict with their duties to the legal system, and looks in detail at the ethical codes and laws that regulate their conduct.
