Fiske Guide to Colleges: SAT/ACT Optional Schools - Edward B Fiske 2013-11-27

Applying for college is a stressful endeavor: choosing the right schools, paying application fees, and writing personal essays. But, before you can even get to those steps you're faced with the prospect of taking the SAT or ACT—two of the most daunting tests of a young person's life. Maybe you're not a good test-taker, or you freeze under pressure, causing your score to plummet—what do you do now? Are your hopes of getting into a good college dashed forever? The answer is unequivocally no—you can attend a great college even if your SAT or ACT scores are lacking. Edward B. Fiske—the author of the most trusted college guide on the market—has compiled a collection of SAT/ACT optional schools. Though these schools may not require test scores, they still deliver a high quality education. Included: -14 high quality SAT/ACT optional schools -Full Fiske write ups and descriptions -Color photographs -Statistics on every school

Students' Guide to Colleges - Jordan Goldman 2005

A guide to one hundred of America's top schools features descriptions written by attending undergrads from various walks of life, along with vital statistics and requirements for each school and information on the student body, academics, social life, and

The K & W Guide to Colleges for Students with Learning Disabilities Or Attention Deficit Hyperactivity Disorder - Marybeth Kravets 2010

Provides information for students with learning disabilities and their families to understand the services they need, identify goals, and select an appropriate college to match individual needs.

Countdown to College - Valerie Pierce 2009

Provides guidelines and advice for high school students and their parents on preparing for college, including standardized tests, extracurricular activities, choice of college, and financial aid assistance.

The Best 387 Colleges, 2022 - The Princeton Review 2021-08-31

Make sure you're preparing with the most up-to-date materials! Look for The Princeton Review's newest edition of this book, *The Best 388 Colleges, 2023 Edition* (ISBN: 9780593450963, on-sale August 2022). Publisher's Note: Products purchased from third-party sellers are not guaranteed by the publisher for quality or authenticity, and may not include access to online tests or materials included with the original product.

The Market Imperative - Robert Zemsky 2017-12-22

Although there is no "one-size-fits-all" approach for reforming higher education, this clearly written book will productively advance understanding of the challenges colleges and universities face by providing a mapping of the configuration of the market for an undergraduate education.

The Alumni Factor - The Alumni Factor 2013-09-10

This book began with a simple premise—that there is a better way to

assess and rank colleges and universities in America than those currently being offered. The primary outcomes of most of today's rankings are: 1. To provide readers a view of what life is like as an undergraduate, and 2. To give insight into who comes into the college. The Alumni Factor, on the other hand, is more interested in who comes out. The aim of this guide is to describe how well a college or university actually develops and shapes its students and what becomes of them after they graduate. The Alumni Factor is interested in the actual outcomes experienced by college graduates and the role their college played in creating those outcomes. The Alumni Factor believes this information regarding graduate outcomes is truly essential to understanding and assessing our colleges and universities today. In line with these goals, The Alumni Factor provides a detailed, in-depth profile of graduates from 225 of our nation's top colleges. The profiles were constructed almost entirely with data and insights from the actual college alumni themselves. Readers will find The Alumni Factor to be a fascinating look at the incredibly diverse academic, social and cultural choices available to capable students today. *The Best 386 Colleges, 2021* - The Princeton Review 2020-12-22

Make sure you're preparing with the most up-to-date materials! Look for The Princeton Review's newest edition of this book, *The Best 387 Colleges, 2022* (ISBN: 9780525570820, on-sale August 2021). Publisher's Note: Products purchased from third-party sellers are not guaranteed by the publisher for quality or authenticity, and may not include access to online tests or materials included with the original product.

Fiske Guide to Colleges 2011 - Edward B. Fiske 2010-07-01

Draws on interviews with administrators and students to furnish data on three hundred of the country's most prominent colleges.

The Insider's Guide to the Colleges, 2015 - Yale Daily News Staff 2014-07-01

With this new edition, *The Insider's Guide to the Colleges* has been, for 41 years, the most relied-upon resource for high school students looking for honest reports on colleges straight from the college students themselves. Having interviewed hundreds of their peers on more than 330 campuses and by getting the inside scoop on everything from the nightlife and professors to the newest dorms and wildest student organizations, the reporters at the Yale Daily News have created the most candid college guide ever. In addition to the in-depth profiles, this edition has been updated to include: * Essential statistics for every school, from acceptance rates to popular majors * A "College Finder" to help students zero in on the perfect school * All-new FYI sections with student opinions and outrageous advice *The Insider's Guide to the Colleges* cuts through the glossy Web sites and brochures to uncover the things that matter most to students, and by staying on top of trends, it gives both students and their parents the straightforward information they need to choose the school that's right for them.

What Degree Do I Need to Pursue a Career in Education? - Joseph Kampf 2014-12-15

Excellent teachers, coaches, and librarians often serve as sources of inspiration for their students, some of whom want to follow in their mentors' footsteps. This authoritative book offers useful information for those students who wish to become leaders in the world of education—be it as grade school music teachers, middle school guidance counselors, high school nurses, college professors, or other rewarding careers in education. This volume is a perfect starting point, both for those readers who know exactly what they want to do, and those students who are just on the cusp of considering their career choices.

Fiske Guide to Colleges 2020 - Edward B. Fiske 2019-06-15

"The best college guide you can buy."--USA Today Every college and university has a story, and no one tells those stories like former New York Times education editor Edward B. Fiske. That's why, for more than 35 years, the Fiske Guide to Colleges has been the leading guide to 320+ four-year schools, including quotes from real students and information you won't find on college websites. Fully updated and expanded every year, Fiske is the most authoritative source of information for college-

bound students and their parents. Helpful, honest, and straightforward, the Fiske Guide to Colleges delivers an insider's look at what it's really like to be a student at the "best and most interesting" schools in the United States, plus Canada, Great Britain, and Ireland--so you can find the best fits for you. In addition to detailed and candid stories on each school, you will find: A self-quiz to help you understand what you are really looking for in a college Lists of strong programs and popular majors at each college "Overlap" listings to help you expand your options Indexes that break down schools by state, price, and average debt Exclusive academic, social, and quality-of-life ratings All the basics, including financial aid stats, SAT/ACT scores, and acceptance rates Plus a special section highlighting the #1 public and private Best Buy schools--colleges that provide the best educational value

A Review of FBI Security Programs - United States. Commission for Review of FBI Security Programs 2002

Teaching, Including, and Supporting College Students with Intellectual Disabilities - Kelly R. Kelley 2019-05-29

Teaching, Including, and Supporting College Students with Intellectual Disabilities provides higher education professionals and proponents of post-secondary education programs for students with intellectual disabilities (ID) with a comprehensive guide to developing new programs and inclusive practices for college students with ID. Drawing on their own extensive experience with inclusive college programs, the authors outline lessons learned and offer helpful advice for developing, organizing, and implementing such programs. Covering topics from operating key program elements - such as career training and preparing for post-program success - to working with families and addressing safety issues, this book is both a practical resource and a springboard for generating innovative ideas to expand inclusive learning and living opportunities for individuals with ID. This valuable resource provides a research-based overview of the key elements that any higher education professional or advocate should know when supporting students with and without disabilities.

Pledged - Alexandra Robbins 2011-05-24

2015 Edition: With a New Preface, Afterword, and Updates. "Alexandra Robbins rips into the secret, sordid underbelly of sororities."--Vanity Fair Updated ten years after its original publication, *Pledged* by Alexandra Robbins is as timely today as it was when first published. With salacious breaking news about fraternities and sororities shocking the general public (and members themselves) *Pledged* exposes what really goes on behind the facades of some of these Greek organizations. Robbins, an investigative journalist, went undercover as a sorority sister; her expose is a breathtaking narrative of tumultuous breakups, fights, drunk driving, stalkers, cover-ups, predation by faculty and staff, theft, rape, and an abundance of drugs and alcohol, and much, much more.

Colleges That Change Lives - Loren Pope 2006-07-25

Prospective college students and their parents have been relying on Loren Pope's expertise since 1995, when he published the first edition of this indispensable guide. This new edition profiles 41 colleges—all of which outdo the Ivies and research universities in producing performers, not only among A students but also among those who get Bs and Cs. Contents include: Evaluations of each school's program and "personality" Candid assessments by students, professors, and deans Information on the progress of graduates This new edition not only revisits schools listed in previous volumes to give readers a comprehensive assessment, it also addresses such issues as homeschooling, learning disabilities, and single-sex education.

Choosing the Right College 2014-15 - John Zmirak 2014-03-11

"By far the best college guide, for both its honesty and its insights." —Thomas Sowell Over the past decade, *Choosing the Right College* has established itself as the indispensable resource for students—and parents—who want the unvarnished truth about America's top colleges and universities. It is the most in-depth, independently researched college guide on the market, using on-campus sources to turn up the best—and worst—aspects of nearly 150 schools. Just as important, *Choosing the Right College* covers the intellectual, political, and social conditions that really matter, including: · The integrity and rigor of the curriculum · Which courses and professors to take—and which to avoid · The prevalence of politics in the classroom and the state of free speech—all highlighted with ISI's unique "traffic light" · Living arrangements, safety, and other keys to student life · How to get a real education at any school Beyond all that, this brand-new edition of *Choosing the Right College* features a host of innovations, including: "So You're Looking For..." top-five lists of colleges for all types of students; a

quick list of each school's strengths and weaknesses; an insider's look at the pros and cons of online education; and more. This new edition of *Choosing the Right College* also provides the financial information families need in this age of soaring tuition. What are the most overpriced colleges—and which are relatively good values? What is the average student-debt load? To cap it all off, *Choosing the Right College* introduces the groundbreaking feature "Blue Collar Ivies"—in-depth reports on the best affordable colleges in all fifty states. *Choosing the Right College 2014-15* will completely change the way young people make a life-altering decision.

College Planning for Gifted Students - Sandra L. Berger 2021-09-03 *College Planning for Gifted Students: Choosing and Getting Into the Right College* is a must-have for any gifted or advanced learner planning to attend college. Sandra Berger, a nationally recognized expert on college and career planning for gifted students, provides a hands-on, practical guide to college planning in this updated edition of the best-selling *College Planning for Gifted Students*. Berger focuses specifically on helping gifted students discover who they are and how that discovery corresponds to the perfect postsecondary endeavor. The author also provides useful, practical advice for writing college application essays, requesting recommendation letters, visiting colleges, and acing the college entrance interview. Throughout the book, helpful timelines and checklists are provided to give students and their parents, teachers, and counselors assistance in planning for and choosing the right college. Grades 9-12

Fiske Guide to Getting Into the Right College - Edward B Fiske 2016-07-01

"A first-rate introduction." —Booklist Get Accepted To The College That's Right For You Everyone has their own idea of the perfect college. The *Fiske Guide to Getting into the Right College* is the only admissions guide that starts with an in-depth assessment of your priorities, then takes you step-by-step through the process of applying to the schools you actually want to get into. New sixth edition is fully updated with information on standardized testing, financial aid, online applications, and more. The #1 expert on America's colleges will show you how to: Choose the right kind of school for you Filter out the hype Earn the test scores colleges want you to see Write authentic essays (even if you're not a great writer) Submit an application that shows off your best features Ask the right questions during campus visits Know how admissions officers rank candidates Get off the waiting list and get accepted Attract and even negotiate the best financial aid package The most trusted resource for helping students get into the schools of their choice.

Powering Up a Career in Robotics - Peter K. Ryan 2015-07-15

This intriguing book will pique the interest of all young people, regardless of whether they are technically inclined. The reason is that robots are all around us and will only gain in popularity. This title educates readers on the various careers in the robotics industry, from building robots to the back end work. There's a place for everyone, from the mathematically inclined to the artistically gifted. With STEM being a major focus of today's educators, this book will surely be a hit with students and librarians alike.

What Degree Do I Need to Pursue a Career in Information

Technology & Information Systems? - David Kassnoff 2014-12-15

In today's technology-dependent world, seeking a career in information technology or information systems is both a pragmatic choice and an exciting, forward-thinking option. The demand for people to fill IT and IS positions is high, and the field is constantly evolving, offering plenty of outlets for creative thinkers. This useful guide walks readers through the educational paths that can prepare them most effectively for a job in information technology or information systems. The author weighs the pros and cons of certificate programs, two- and four-year degree programs, online degrees, and graduate degrees. A helpful, highly informative resource.

Fiske Guide to Colleges 2021 - Edward Fiske 2020-07

"The best college guide you can buy."--USA Today Every college and university has a story, and no one tells those stories like former New York Times education editor Edward B. Fiske. That's why, for more than 35 years, the *Fiske Guide to Colleges* has been the leading guide to 320+ four-year schools, including quotes from real students and information you won't find on college websites. Chinese Education Models in a Global Age - Chung Prudence Chou
2016-04-06

China's rise, an increasing emphasis on international education benchmarking, and a global recognition of East Asian countries' success in this regard have brought the issue of Chinese education to the forefront of public consciousness. In particular, the concept of a "Chinese education model" is one that has sparked debate and quickly become a major focus of education research around the world, especially in light of regional achievements vis-à-vis university rankings, bibliometric indices, the Programme for International Student Assessment (PISA), Trends in International Mathematics and Science Study (TIMSS), and other such benchmarks. *Chinese Education Models in a Global Age* tackles this controversial issue head on by synthesizing a diversity of analyses from a world-class team of twenty-seven authors. It reveals that Chinese education models, which are present in many different geographic and institutional contexts, have an important influence on social and institutional norms as well as individual belief systems and behaviors in China and beyond. The first of its kind, this edited volume establishes a foundation for future research while providing a nuanced and tightly integrated compilation of differing perspectives on the role and impact of Chinese education models worldwide. It is essential reading for all scholars, policymakers, students, parents, and educators interested in the rising demographic and economic influence of people of Chinese descent on education around the world.

The Other College Guide - Paul Glastris 2015-03-10

A college degree has never been more important—or more expensive. If you're not made of money, where can you get an amazing liberal arts education without your parents having to remortgage the house or cash in their retirement fund? Which degrees will allow you to fulfill your dreams and earn a decent paycheck? What do you really need to know if you're the first in your family to go to college? How do you find good schools that offer a well-rounded campus life for black or Latino students? From the staff of *Washington Monthly* comes a new kind of college guide, inspired by and including the magazine's signature alternative college rankings. *The Other College Guide* features smartly designed, engaging chapters on finding the best-fit schools and the real deal about money, loans, and preparing for the world of work. This essential higher ed handbook also highlights information on what to look for (and watch out for) in online programs and for-profit colleges and concludes with fifty profiles of remarkable but frequently overlooked schools. All things being unequal, *The Other College Guide* will provide American students—and their families and school counselors—with the honest and practical information they need to make sense of the college process and carve a path to the future they imagine.

Colleges That Change Lives - Loren Pope 2012-08-28

The groundbreaking guide to the 40 best colleges you've never heard of—colleges that will change your life Choosing the right college has never been more important—or more difficult. For the latest edition of this classic college guide, Hilary Masell Oswald conducted her own tours of top schools and in-depth interviews, building on Loren Pope's original to create a totally updated, more expansive work. Organized by geographic region, every profile includes a wealth of vital information, including admissions standards, distinguishing facts about the curriculum, extracurricular activities, and what faculty say about their jobs. Masell Oswald also offers a new chapter on how students with learning disabilities can find schools that fit their needs. For every prospective college student searching for more than football and frat parties, *Colleges That Change Lives* will prove indispensable. Fully revised and updated by education journalist Hilary Oswald, *Colleges That Change Lives* remains the definite guide for high school students (and their parents) who are looking for more in their college education than football, frat parties, and giant lectures. Building on the foundation of landmark author Loren Pope, Oswald spent more than a year visiting 40 colleges, speaking with students, faculty, and alumni to create these vivid and concise portraits. Featuring a new introduction, a new

Required Reading section, and a new chapter on learning disabilities, the book is organized into five geographic regions (Northeast, South, Midwest, Southwest, Northwest) to make for easy browsing, and urban, suburban, and rural campuses are all featured. There's also an alphabetical index of colleges. Each profile includes admissions standards as well as relevant statistics to make your decision easier, including where the school ranks in post-graduate grants and fellowships, what percentage of students go on to graduate school or further education, distinguishing facts about the curriculum, percentage of professors who have terminal degrees in their field, even what activities are available to students and what they're likely to do on weekends.

Fiske Guide to Colleges 2014, 30E - Edward Fiske 2013-07-02

The best guide to the top colleges in the US, Canada and Great Britain.
[Using Evidence of Student Learning to Improve Higher Education](#) - George D. Kuh 2015-01-20

American higher education needs a major reframing of student learning outcomes assessment Dynamic changes are underway in American higher education. New providers, emerging technologies, cost concerns, student debt, and nagging doubts about quality all call out the need for institutions to show evidence of student learning. From scholars at the National Institute for Learning Outcomes Assessment (NILOA), *Using Evidence of Student Learning to Improve Higher Education* presents a reframed conception and approach to student learning outcomes assessment. The authors explain why it is counterproductive to view collecting and using evidence of student accomplishment as primarily a compliance activity. Today's circumstances demand a fresh and more strategic approach to the processes by which evidence about student learning is obtained and used to inform efforts to improve teaching, learning, and decision-making. Whether you're in the classroom, an administrative office, or on an assessment committee, data about what students know and are able to do are critical for guiding changes that are needed in institutional policies and practices to improve student learning and success. Use this book to: Understand how and why student learning outcomes assessment can enhance student accomplishment and increase institutional effectiveness Shift the view of assessment from being externally driven to internally motivated Learn how assessment results can help inform decision-making Use assessment data to manage change and improve student success Gauging student learning is necessary if institutions are to prepare students to meet the 21st century needs of employers and live an economically independent, civically responsible life. For assessment professionals and educational leaders, *Using Evidence of Student Learning to Improve Higher Education* offers both a compelling rationale and practical advice for making student learning outcomes assessment more effective and efficient.

Becoming a Professor - Marie K. Iding 2015-03-08

The book identifies kinds of higher education institutions, and types of teaching positions along with the nature of each position's responsibilities and advantages and disadvantages. It explains how graduate students can promote their future as faculty members while they are still in graduate school and suggests ways to find suitable faculty positions and succeed at the application and interview process.

Fiske Guide to Colleges 2019 - Edward Fiske 2018-07-03

"The best college guide you can buy."--USA Today Every college and university has a story, and no one tells those stories like former New York Times education editor Edward B. Fiske. That's why, for more than 30 years, the Fiske Guide to Colleges has been the leading guide to 320+ four-year schools, including quotes from real students and information you won't find on college websites. Fully updated and expanded every year, Fiske is the most authoritative source of information for college-bound students and their parents. Helpful, honest, and straightforward, the Fiske Guide to Colleges delivers an insider's look at what it's really like to be a student at the "best and most interesting" schools in the United States, plus Canada, Great Britain, and Ireland--so you can find the best fits for you. In addition to detailed and candid stories on each school, you will find: -A self-quiz to help you understand what you are really looking for in a college -Lists of strong programs and popular majors at each college

[College Admission](#) - Robin Mamlet 2011-08-16

College Admission is the ultimate user's manual and go-to guide for any student or family approaching the college application process. Featuring the wise counsel of more than 50 deans of admission, no other guide has such thorough, expert, compassionate, and professional advice. Let's be honest: applying to college can be stressful for students and parents. But here's the good news: you can get in. Robin Mamlet has been dean of

admission at three of America's most selective colleges, and journalist and parent Christine VanDeVelde has been through the process first hand. With this book, you will feel like you have both a dean of admission and a parent who has been there at your side. Inside this book, you'll find clear, comprehensive, and expert answers to all your questions along the way to an acceptance letter:

- The role of extracurricular activities
- What it means to find a college that's the "right fit"
- What's more important: high grades or tough courses
- What role does testing play
- The best candidates for early admission
- When help from parents is too much help
- Advice for athletes, artists, international students, and those with learning differences
- How wait lists work
- Applying for financial aid

This will be your definitive resource during the sophomore, junior, and senior years of high school.

College Match - Steven R. Antonoff 2006-03

The Ultimate Guide to College Transfer - Lucia D. Tyler 2017-05-19

The Ultimate Guide to College Transfer is a comprehensive guide, designed to make college transfer between four-year schools as successful as possible. Chapters outline the steps to take from the moment a student finds him/herself considering college transfer to the first semester at his/her next college. The book contains vignettes (based on real student stories) and excerpts from interviews with transfer students, parents, and higher education professionals. The information and advice they share will be helpful, informative, and reassuring to families going through a college transfer and enlightening to high school and college personnel. College transfer, when done for the right reasons and in the right way, can be an extremely positive experience for students. This is especially true when the student goes from merely surviving in their old environment to thriving in their new one.

The Gatekeepers - Jacques Steinberg 2003-07-29

In the fall of 1999, New York Times education reporter Jacques Steinberg was given an unprecedented opportunity to observe the admissions process at prestigious Wesleyan University. Over the course of nearly a year, Steinberg accompanied admissions officer Ralph Figueroa on a tour to assess and recruit the most promising students in the country. The Gatekeepers follows a diverse group of prospective students as they compete for places in the nation's most elite colleges. The first book to reveal the college admission process in such behind-the-scenes detail, The Gatekeepers will be required reading for every parent of a high school-age child and for every student facing the arduous and anxious task of applying to college. "[The Gatekeepers] provides the deep insight that is missing from the myriad how-to books on admissions that try to identify the formula for getting into the best colleges...I really didn't want the book to end." —The New York Times

Write Out Loud: Use the Story To College Method, Write Great Application Essays, and Get Into Your Top Choice College - Carol Barash 2013-09-16

"The definitive guide to writing essays for the New Common App"--Cover.

Admission Matters - Sally P. Springer 2017-05-01

In addition, athletes, artists and performers, and homeschoolers will find valuable guidance as they plan for and apply to college. Understand how the admissions process works and what you can and cannot control Learn how to build a strong list of good-fit colleges Craft a strong application package with a compelling personal statement Get expert advice on early admissions, financial aid, standardized testing, and much more Make a final decision that is the right one for you Whether you think you've got applying to college under control or

don't even know where to begin, Admission Matters is your expert guide throughout the college admissions process.

College Match - Steven R. Antonoff 2001-09

Guide to Colleges 2022 - Edward Fiske 2021-05-11

Every college and university has a story, and no one tells those stories like former New York Times education editor Edward B. Fiske. That's why, for more than 35 years, the Fiske Guide to Colleges has been the leading guide to 320+ four-year schools, including quotes from real students and information you won't find on college websites. Fully updated and expanded every year, Fiske is the most authoritative source of information for college-bound students and their parents. Helpful, honest, and straightforward, the Fiske Guide to Colleges delivers an insider's look at what it's really like to be a student at the "best and most interesting" schools in the United States, plus Canada, Great Britain, and Ireland—so you can find the best fits for you. In addition to detailed and candid stories on each school, you will find: A self-quiz to help you understand what you are really looking for in a college Lists of strong programs and popular majors at each college "Overlap" listings to help you expand your options Indexes that break down schools by state, price, and average debt Exclusive academic, social, and quality-of-life ratings All the basics, including financial aid stats, SAT/ACT scores, and acceptance rates Plus a special section highlighting the 20 public and private Best Buy schools—colleges that provide the best educational value

The College Solution - Lynn O'Shaughnessy 2008-06-06

"The College Solution helps readers look beyond over-hyped admission rankings to discover schools that offer a quality education at affordable prices. Taking the guesswork out of saving and finding money for college, this is a practical and insightful must-have guide for every parent!" —Jaye J. Fenderson, Seventeen's College Columnist and Author, Seventeen's Guide to Getting into College "This book is a must read in an era of rising tuition and falling admission rates. O'Shaughnessy offers good advice with blessed clarity and brevity." —Jay Mathews, Washington Post Education Writer and Columnist "I would recommend any parent of a college-bound student read The College Solution." —Kal Chany, Author, The Princeton Review's Paying for College Without Going Broke "The College Solution goes beyond other guidebooks in providing an abundance of information about how to afford college, in addition to how to approach the selection process by putting the student first." —Martha "Marty" O'Connell, Executive Director, Colleges That Change Lives "Lynn O'Shaughnessy always focuses on what's in the consumer's best interest, telling families how to save money and avoid making costly mistakes." —Mark Kantrowitz, Publisher, FinAid.org and Author, FastWeb College Gold "An antidote to the hype and hysteria about getting in and paying for college! O'Shaughnessy has produced an excellent overview that demystifies the college planning process for students and families." —Barmak Nassirian, American Association of Collegiate Registrars and Admissions Officers For millions of families, the college planning experience has become extremely stressful. And, unless your child is an elite student in the academic top 1%, most books on the subject won't help you. Now, however, there's a college guide for everyone. In The College Solution, top personal finance journalist Lynn O'Shaughnessy presents an easy-to-use roadmap to finding the right college program (not just the most hyped) and dramatically reducing the cost of college, too. Forget the rankings! Discover what really matters: the quality and value of the programs your child wants and deserves. O'Shaughnessy uncovers "industry secrets" on how colleges actually parcel out financial aid—and how even "average" students can maximize their share. Learn how to send your kids to expensive private schools for virtually the cost of an in-state public college...and how promising students can pay significantly less than the "sticker price" even at the best state universities. No other book offers this much practical guidance on choosing a college...and no other book will save you as much money! • Secrets your school's guidance counselor doesn't know yet The surprising ways colleges have changed how they do business • Get every dime of financial aid that's out there for you Be a "fly on the wall" inside the college financial aid office • U.S. News & World Report: clueless about your child Beyond one-size-fits-all rankings: finding the right program for your teenager • The best bargains in higher education Overlooked academic choices that just might be perfect for you

Fiske Guide to Colleges with Great Sports Traditions - Edward B Fiske 2014-02-12

Blue and white face paint at Duke; the Big Brown Jug trophy game between Minnesota and Michigan; touchdown Jesus at Notre Dame--

American colleges and universities are packed with sports traditions that date long before the first telecast of ESPN. Now, the preeminent name in college guides, Edward B. Fiske, turns his pen to those schools that bleed their mascot colors. Whether a grand old favorite—Auburn anyone?—or a surprising addition—University of Pennsylvania—you'll be fascinated by the details Fiske brings to these sports infused schools.
