The Brain That Changes Itself - Norman Doidge 2007-03-15

“Fascinating. Doidge’s book is a remarkable and hopeful portrait of the endless adaptability of the human brain.”—Oliver Sacks, MD, author of *The Man Who Mistook His Wife for a Hat* What is neuroplasticity? Is it possible to change your brain? Norman Doidge’s inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they’ve transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

The Comedy Bible - Judy Carter 2010-05-04

Judy Carter, guru to aspiring comedy writers and stand-up comics, tells all about the biz of being funny and writing funny in this bright, entertaining, and totally practical guide on how to draw humor from your life and turn it into a career. Do you think you’re funny? Do you want to turn your sense of humor into a career? If the answer is yes, then Judy Carter’s *The Comedy Bible* is for you. The guru to aspiring stand-up comics provides the complete scoop on being—and writing—funny for

money. If you've got a sense of humor, you can learn to make a career out of comedy, says Judy Carter. Whether it's creating a killer stand-up act, writing a spec sitcom, or providing jokes for radio or one-liners for greeting cards, Carter provides step-by-step instructions in *The Comedy Bible*. She helps readers first determine which genre of comedy writing or performing suits them best and then directs them in developing, refining, and selling their work. Using the hands-on workbook format that was so effective in her bestselling first book, *Stand-Up Comedy: The Book*, Carter offers a series of day-by-day exercises that draw on her many years as a successful stand-up comic and the head of a nationally known comedy school. Also included are practical tips and advice from today's top comedy professionals—from Bernie Brillstein to Christopher Titus to Richard Lewis. She presents the pros and cons of the various comedy fields—stand-up, script, speech and joke writing, one-person shows, humor essays—and shows how to tailor your material for each. She teaches how to find your “authentic” voice—the true source of comedy. And, perhaps most important, Carter explains how to take a finished product to the next level—making money—by pitching it to a buyer and negotiating a contract. Written in Carter's unique, take-no-prisoners voice, *The Comedy Bible* is practical, inspirational, and funny.

[The LETSaholic Twist](#) - James Taris 2020-08-19

The LETSaholicMy name is James Taris, and I'm a LETSaholic. That is, I can't get enough of LETS. LETS stands for Local Exchange Trading System. It is a group of people from a small community who all agree to exchange goods and services with each other without the need for cash. Once you have grasped the LETS philosophy, then trading in LETS points becomes an enjoyable and rewarding experience. My LETS philosophy is ...Don't think of LETS points like dollars. Think of them as favours. LETS Favours.I became involved with LETS in 1993, and once I understood and accepted the principle of give-and-take with my fellow LETS members, I quickly noticed a sharp rise in the quality of my lifestyle.Having a limited income meant I could only afford to pay for the essentials in my life: rent, gas, electricity, phone, petrol, food, clothes, and so on. Everything else became a luxury, which I either did without,

or chose to do myself. That all changed with LETS, because I found I could at last enjoy some of the luxuries in life by offering a range of goods and services through my LETS group. Very soon I was mowing lawns, removing rubbish and painting rooms. Later I was also designing business cards, brochures and newsletters; I even traded tiny picture frames, small bookcases and kitchenware. In return I received massages, piano tuition and restaurant meals; computer support, computer software and web design services; greeting cards, teddy bears and bonsai plants. I would have reluctantly bypassed these goods and services if I had to pay cash for them. Thankfully, LETS made them all possible. International LETS Favours Tours In 3 years, from 2002-2004, James Taris (from Melbourne, Australia) travelled to 19 countries on 5 continents learning about LETS systems around the world and sharing his LETS philosophy to every group that hosted him. The LETSaholic Twist, is a complete account of all the information he shared with his audiences. It is a development of over 10-years-experience with LETS and includes many innovative ideas gleaned from other LETS systems he came across on his travels. Apart from using his time to promote his hosting LETS groups through media interviews and provide training services for their members, James also traded a variety of other services on his travels, including: painting, renovating, manual labour, house cleaning and organising, dish washing, shoveling snow, web site design, desktop publishing and even dancing! Founder of LETS-Linkup.com - International LETS Directory In 2001, James Taris founded LETS-Linkup.com (<http://www.LETS-Linkup.com>) which is an International LETS Directory listing over 1500 LETS groups from 39 countries around the world. It is designed to encourage LETS members from everywhere to communicate with, share, and help, each other. It is the only source of contacts used by James to connect with the LETS groups that hosted him on his international travels. Most LETS group entries on LETS-Linkup.com have full contact details including phone, email and even web addresses

Grit - Angela Duckworth 2016-05-03

In this instant New York Times bestseller, Angela Duckworth shows

anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls “grit.” “Inspiration for non-genius everywhere” (People). The daughter of a scientist who frequently noted her lack of “genius,” Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she’s learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. “Duckworth’s ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among Grit’s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is “a fascinating tour of the psychological research on success” (The Wall Street Journal). *The Complete Idiot's Guide to Public Speaking: 2nd Edition* - Laurie Rozakis 1999-06-01

The Martian - Andy Weir 2014-02-11

Nominated as one of America’s best-loved novels by PBS’s The Great American Read Six days ago, astronaut Mark Watney became one of the first people to walk on Mars. Now, he's sure he'll be the first person to die there. After a dust storm nearly kills him and forces his crew to evacuate while thinking him dead, Mark finds himself stranded and completely alone with no way to even signal Earth that he’s alive—and even if he could get word out, his supplies would be gone long before a rescue could arrive. Chances are, though, he won't have time to starve to death. The damaged machinery, unforgiving environment, or plain-old "human error" are much more likely to kill him first. But Mark isn't ready to give up yet. Drawing on his ingenuity, his engineering skills—and a relentless, dogged refusal to quit—he steadfastly confronts one seemingly insurmountable obstacle after the next. Will his resourcefulness be enough to overcome the impossible odds against him?

A Complete Practical Guide to the Art of Dancing - Thomas Hillgrove 1868

New York dancing master Hillgrove acknowledges that he has "availed himself of all the books from which he might elicit any valuable information." Indeed, very little of the manual is original. Divided into six parts, Hillgrove's manual discusses the benefits of dance, dress, deportment and etiquette in the ballroom and the supper room. The second part focuses on positions of the feet and bows and courtesies, and provides exercises for the feet and legs. The third and fourth parts discuss the quadrille and provide many figures; the fifth part is devoted to round dances such as the waltz, polka, schottisch, galop, and polka mazurka. The last section focuses on more quadrille figures and other group dances such as the "Virginia Reel," "Money Musk," and "College Hornpipe."

Do You Talk Funny? - David Nihill 2016-03-08

Public speaking can be terrifying. For David Nihill, the idea of standing in front of an audience was scarier than cliff jumping into a thorny pit of spiders and mothers-in-law. Without a parachute or advanced weaponry. Something had to change. In what doesn't sound like the best plan ever, David decided to overcome his fears by pretending to be an accomplished comedian called "Irish Dave" for one full year, crashing as many comedy clubs, festivals, and shows as possible. One part of the plan was at least logical: he was already Irish and already called Dave. In one year, David went from being deathly afraid of public speaking to hosting a business conference, regularly performing stand-up comedy and winning storytelling competitions in front of packed houses. And he did it by learning from some of the best public speakers in the world: stand-up comedians. *Do You Talk Funny?: 7 Comedy Habits to Become a Better (and Funnier) Public Speaker* shows how the key principles of

stand-up comedy can be applied to your speaking engagements and presentations to make you funnier, more interesting, and better looking. (Or at least two of the three.) Whether you are preparing for a business presentation, giving a wedding toast, defending your thesis, raising money from investors, or simply want to take on something you're afraid of, this book will take you from sweaty to stage-ready. You'll learn how to: - Craft a story and content that your audience will want to listen to - Find the funniest parts of your material and how to get to them faster - Deal with stage fright - Master the two most important parts of your performance: timing and delivery Ten percent of the author's proceeds from this book will go to Arash Bayatmakou via Help Hope Live until he is fully back on his feet and thereafter to one of the many facing the same challenges after suffering a severe spinal cord injury.

Dick's Stump Speeches and Minstrel Jokes - William Brisbane Dick 1889

What's So Funny? - Cherie Kerr 2000-06

Thanks, Obama - David Litt 2017-09-19

A NEW YORK TIMES BESTSELLER An Esquire Best Book of 2017 Remember when presidents spoke in complete sentences instead of in unhinged tweets? Former Obama speechwriter David Litt does. In his comic, coming-of-age memoir, he takes us back to the Obama years - and charts a path forward in the age of Trump. More than any other presidency, Barack Obama's eight years in the White House were defined by young people - twenty-somethings who didn't have much experience in politics (or anything else, for that matter), yet suddenly found themselves in the most high-stakes office building on earth. David Litt was one of those twenty-somethings. After graduating from college in 2008, he went straight to the Obama campaign. In 2011, he became one of the youngest White House speechwriters in history. Until leaving the White House in 2016, he wrote on topics from healthcare to climate change to criminal justice reform. As President Obama's go-to comedy writer, he also took the lead on the White House Correspondents' Dinner, the so-called "State of the Union of jokes." Now, in this refreshingly honest memoir, Litt brings us inside Obamaworld. With a humorists' eye for detail, he describes what it's like to accidentally trigger an international incident or nearly set a president's hair aflame. He answers

questions you never knew you had: Which White House men's room is the classiest? What do you do when the commander in chief gets your name wrong? Where should you never, under any circumstances, change clothes on Air Force One? With nearly a decade of stories to tell, Litt makes clear that politics is completely, hopelessly absurd. But it's also important. For all the moments of chaos, frustration, and yes, disillusionment, Litt remains a believer in the words that first drew him to the Obama campaign: "People who love this country can change it." In telling his own story, Litt sheds fresh light on his former boss's legacy. And he argues that, despite the current political climate, the politics championed by Barack Obama will outlive the presidency of Donald Trump. Full of hilarious stories and told in a truly original voice, Thanks, Obama is an exciting debut about what it means - personally, professionally, and politically - to grow up.

Funny Short Speeches - James Taris 2020-08-29

This book is an hilarious collection of short funny speeches and monologues. They were written as manual speeches for Toastmasters, to advance through my speech manuals. They were written over a 7-year period and during this period, I reached the level of ATM Silver. Toastmasters provided the perfect training course for me and I used my newly acquired skills and confidence to launch into an international career as a public speaker and writer. From 2002 to 2004, I travelled to

19 countries on 5 continents, fulfilling speaking engagements and a desire for world travel that I had dreamt of for decades. I realised very early in my Toastmasters club training that the best way to capture and retain an audience's attention was with the use of comedy. So, making my audience laugh became my main focus. These are my most cherished speeches. Making my audience laugh is still the greatest 'high' that I get from speaking. When you say something funny, and your audience laughs, you know that it's a genuine response and you've got through to them! You will find that I use many of my funny speeches to deliver some very important messages to my audience. It's incredibly hard to get an audience's attention when talking about a serious subject, but by using comedy, you capture their attention and they listen more carefully to make sure they don't miss out on your next joke or funny line. That's the perfect time to hit them with something important, something profound. You can then rest assured that your message has been heard loud and clear. Then it's back to more comedy. You can't afford to let them doze off for a minute! Public speaking is quite an art, and I have Toastmasters to thank for teaching me the skills, but more importantly, giving me the confidence to speak in front of an audience. These speeches and monologues are for your entertainment, and if your goal is to build confidence as a public speaker, they are also a testament to the value of Toastmasters as an excellent way to go. Finally, if you have a speech to give, please feel free to use these speeches as a guide. HISTORY After a successful career as a sales agent and sales manager, I yearned to become a professional public, so I joined Toastmasters. Two weeks later, I gave my first speech. It was okay, but I needed to learn so much more. Joining Toastmasters was everything I hoped it would be, and more. Over the next 7 years I gave 30 manual speeches and developed my speaking skills to the professional level I sought from the very start. That training gave me the confidence to embark on several international speaking tours that took me to 19 countries, on 5 continents. I also turned one of my speeches, Pericles - Athens' Most Glorious Ruler, into a one-man play, The Glory of Athens, which I performed in 10 countries, including theatre performances in Amsterdam, London and Hollywood. These tours took

place from 2002-2004 and I have written about those travel experiences in several books. Most of my enjoyment, however, has come through delivering funny speeches. The spontaneous laughter from the audience is one of the most satisfying experiences I have ever had. Some of these speeches are included in this book, *Funny Short Speeches - Examples of 5-10-minute speeches*. I hope you enjoy my speeches just as much as my audiences from all over the world. **REVIEWS** My! You are a very impressive man with a very impressive vision ... Reading your speeches turned out to be so hilarious I couldn't help myself cracking up every now and then to the surprise (delight or annoyance) of the people around here... I like most of your latest works (speeches), *Pericles*, *The Wandering Knight*, *Why The Boss Gets Paid More*, and the factual, superb and inspirational *LIVE FOR THE JOURNEY, (NOT THE DESTINATION)*... *Dorie (Guam)* You certainly have an interesting twist on the story of the three little pigs. I like it ! There are always two sides to any story. *Scarlet (USA)*

Lend Me Your Ears - Max Atkinson 2005-11-10

The room darkens and grows hushed, all eyes to the front as the screen comes to life. Eagerly the audience starts to thumb the pages of their handouts, following along breathlessly as the slides go by one after the other... We're not sure what the expected outcome was when PowerPoint first emerged as the industry standard model of presentation, but reality has shown few positive results. Research reveals that there is much about this format that audiences positively dislike, and that the old school rules of classical rhetoric are still as effective as they ever were for maximizing impact. Renowned communications researcher, consultant, and speech coach Max Atkinson presents these findings and more in a groundbreaking and refreshing approach that highlights the secrets of successful communication, and shows how anyone can put these into practice and become an effective speaker or presenter. Topics Include: DT How to win and hold the attention of audiences; DT Using

visual aids and PowerPoint more effectively; DT Getting your message across and winning applause; DT Inspiring audiences; DT How to prepare quickly; DT Fact and fiction about body language and non-verbal communication
