One devastating day. Nothing will ever be the same.

## **Be Prepared for Anything** - Dale Goodwin 2014-04-14

Whether you believe an economic collapse is imminent, the power grid is doomed to fail or you preparing because you see how unsustainable this system really is we need to be prepared for anything. We can't afford to get blindsided by something because we were looking in a totally different direction. Preparedness should be a mindset, not a fad. To become a seasoned prepper we need to start from ground zero and work our way up, and we need to do it in a way that doesn't put us in the poor house. Preparing is also very personalized, there is no one way to build your food storage and no one way to build your bug out bag. All of our situations are different and we need to plan accordingly. This is not your typical prepping book; you will not find a list for items you need in the event of a disaster. What you will find is the information you need to build your supplies evenly over time, what to expect from others who are not prepared, form a plan based on our personal situation and do it in a way that helps you become more self-reliant over time. This is more than just another book because we are going to take this a step further and give you full access to the Survivalist Prepper Academy for 60 days. In the academy we have a list of downloadable files, survival courses, prepping courses, spreadsheets and other members only content.

## **Great American Survival Stories** - Lamar Underwood 2017-09-01

Fifteen gripping tales of determination, strength of mind, perseverance, and fortitude. Although survival is often taken for granted - something every human strives to achieve on a daily basis - it is just this everyday imperative that makes for the most exciting stories. When something goes wrong, when survival is threatened, often by something as simple and sudden as a boat overturning or a traveler losing his way, this is when the necessity of survival is no longer just another daily chore. This is when something as intrinsic as breathing or swallowing becomes the most essential need and the most sought-after desire.

## *Surviving Home* - A. American 2016-04-05

Book 2 of The Survivalist Series No electricity. No running water. No food. No end in sight. If life as you knew it changed in an instant, would you be prepared? In A. American's first novel, *Going Home*, readers were introduced to Morgan Carter, the resourceful, tough-as-nails survivalist who embarks on a treacherous 250-mile journey across Florida following the collapse of the nation's power grid. Now reunited with his loving wife and daughters in this follow-up to *Going Home*, Morgan knows that their happiness is fleeting, as the worst is yet to come. Though for years Morgan has been diligently preparing for emergency situations, many of his neighbors are completely unready for life in this strange new world-- and they're starting to get restless. With the help of his closest companions, Morgan fights to keep his home secure--only to discover shocking information about the state of the nation in the process. Fans of James Wesley Rawles, William R. Forstchen's *One Second After*, and *The End* by G. Michael Hopf will revel in A. American's apocalyptic tale.

## *Disaster Survival Guide - Be Prepared for Any Natural Disaster* - Federal Emergency Management Agency 2017-04-21

Preparedness takes action! Learn more about hazards which can affect your community and ways you can take action to prepare and participate: Earthquakes can occur suddenly and be deadly. Most earthquake-related casualties result from collapsing walls, flying glass, and falling objects. Flooding is the most common natural disaster in the United States and can happen anywhere. Hurricanes have the power to cause widespread devastation, and can affect both coastal and inland areas. Tornadoes are one of nature's most violent storms, and can cause death, injury, and destruction within seconds. Wildfires can occur anywhere and can destroy homes, businesses, infrastructure, natural resources, and agriculture. Winter storms can occur anywhere and bring freezing rain, ice, snow, high winds or a combination of all these conditions. They can cause power outages that last for days or weeks; making it hard to keep warm and making travel very dangerous. Recent national tragedies remind us that the risk is real: an active shooter incident can happen in any place at any time. The best way to make sure you and your loved ones stay safe is to prepare ahead of time. ## **All American Boys** - Jason Reynolds 2015-09-29

A 2016 Coretta Scott King Author Honor book, and recipient of the

Walter Dean Myers Award for Outstanding Children's Literature. In this New York Times bestselling novel, two teens—one black, one white—grapple with the repercussions of a single violent act that leaves their school, their community, and, ultimately, the country bitterly divided by racial tension. A bag of chips. That's all sixteen-year-old Rashad is looking for at the corner bodega. What he finds instead is a fist-happy cop, Paul Galluzzo, who mistakes Rashad for a shoplifter, mistakes Rashad's pleadings that he's stolen nothing for belligerence, mistakes Rashad's resistance to leave the bodega as resisting arrest, mistakes Rashad's every flinch at every punch the cop throws as further resistance and refusal to STAY STILL as ordered. But how can you stay still when someone is pounding your face into the concrete pavement? There were witnesses: Quinn Collins—a varsity basketball player and Rashad's classmate who has been raised by Paul since his own father died in Afghanistan—and a video camera. Soon the beating is all over the news and Paul is getting threatened with accusations of prejudice and racial brutality. Quinn refuses to believe that the man who has basically been his savior could possibly be guilty. But then Rashad is absent. And absent again. And again. And the basketball team—half of whom are Rashad's best friends—start to take sides. As does the school. And the town. Simmering tensions threaten to explode as Rashad and Quinn are forced to face decisions and consequences they had never considered before. Written in tandem by two award-winning authors, this four-starred reviewed tour de force shares the alternating perspectives of Rashad and Quinn as the complications from that single violent moment, the type taken directly from today's headlines, unfold and reverberate to highlight an unwelcome truth.

#### **Survivalist Family Prepared Americans for a Strong America - Joseph Fox 2010-04**

Just what IS a "survivalist family"? instead of "survivalist family" we could say "prepared family" or talk about "family preparedness" but that is just so politically correct it makes one sick. Just because the media don't like survivalists and therefore vilify them does not mean we have to change our language. For our purposes, the Survivalist Family is defined as, "A multi-generational group of people living in one house (usually consisting of a father, mother and their offspring) who take positive steps as a cohesive group to prepare for possible future negative situations and circumstances beyond their control." This book will guide you through all that is necessary to be prepared for future uncertainty.

#### **To Paradise - Hanya Yanagihara 2022-01-11**

#1 NEW YORK TIMES BEST SELLER • From the award-winning, best-selling author of the classic *A Little Life*—a bold, brilliant novel spanning three centuries and three different versions of the American experiment, about lovers, family, loss and the elusive promise of utopia. A BEST BOOK OF THE YEAR: VOGUE • ESQUIRE • NPR • GOODREADS *To Paradise* is a fin de siècle novel of marvelous literary effect, but above all it is a work of emotional genius. The great power of this remarkable novel is driven by Yanagihara's understanding of the aching desire to protect those we love—partners, lovers, children, friends, family, and even our fellow citizens—and the pain that ensues when we cannot. In an alternate version of 1893 America, New York is part of the Free States, where people may live and love whomever they please (or so it seems). The fragile young scion of a distinguished family resists betrothal to a worthy suitor, drawn to a charming music teacher of no means. In a 1993 Manhattan besieged by the AIDS epidemic, a young Hawaiian man lives with his much older, wealthier partner, hiding his troubled childhood and the fate of his father. And in 2093, in a world riven by plagues and governed by totalitarian rule, a powerful scientist's damaged granddaughter tries to navigate life without him—and solve the mystery of her husband's disappearances. These three sections comprise an ingenious symphony, as recurring notes and themes deepen and enrich one another: A townhouse in Washington Square Park in Greenwich Village; illness, and treatments that come at a terrible cost; wealth and squalor; the weak and the strong; race; the definition of family, and of nationhood; the dangerous righteousness of the powerful, and of revolutionaries; the longing to find a place in an earthly paradise, and the gradual realization that it can't exist. What unites not just the characters, but these Americas, are their reckonings with the qualities that make us human: Fear. Love. Shame. Need. Loneliness.

#### **Survival Mom - Lisa Bedford 2012-04-24**

learn about, prepare for, and respond to all manner of disasters. . . . From 'Instant Survival Tip' sidebars to a list of 'Lessons from the Great Depression'. . . Bedford's matter-of-fact yet supportive tone will keep the willies at bay."

#### **The Uprooted: The Epic Story of the Great Migrations That Made the American People - Oscar Handlin 2021-12-09**

"The Uprooted: The Epic Story of the Great Migrations That Made the American People, which won the 1952 Pulitzer for history, was aimed at an audience of general readers in making his case that immigration — more than the frontier experience, or any other episode in its past — was the continuing, defining event of American history. Dispensing with footnotes and writing in a lyrical style, Dr. Handlin emphasized the common threads in the experiences of the 30 million immigrants who poured into American cities between 1820 and the turn of the century. Regardless of nationality, religion, race or ethnicity, he wrote, the common experience was wrenching hardship, alienation and a gradual Americanization that changed America as much as it changed the newcomers. The book used a form of historical scholarship considered unorthodox at the time, employing newspaper accounts, personal letters and diaries as well as archives." — Paul Vitello, *The New York Times* "[Oscar Handlin] has charged his pages with poetry and feeling... The Uprooted is history with a difference — the difference being its concern with men's hearts and souls no less than an event." — Milton Rugoff, *The New York Times* "Seldom in our historical literature have we been offered such detailed, realistic pictures of what it meant to come to the New World. The crossing itself, the struggle to make a living in the New World, the problems of housing, social fellowship, religion, adjustment to democracy — a chapter is devoted to each of these. The social and political pressures, the friction and misunderstanding between generations, the awful realization that the adjustment was too great — this reviewer knows of no book that captures these moods and situations with such sympathy and understanding... This is not, in either style or format, conventional or scholarly history... The style is not pedantic or heavy. The author is imaginative, sensitive, understanding. A tremendous amount of research and real depth of understanding lies behind the book." — Ralph Adams Brown, *The Annals of the American Academy of Political and Social Science* "[S]trong stuff, handled in a masterly and quite moving way." — *The New Yorker* "This is a book of fundamental importance. For the first time it attempts to get at the inner meaning of an experience crucial in the development of the United States. It makes the attempt with a back-ground of imaginative research, a perceptiveness, and a literary skill rare in the modern writing of history... no one should attempt serious work in modern American history without fully reckoning with *The Uprooted*." — Eric F. Goldman, *The Journal of Southern History* "Dr. Handlin's *The Uprooted* deserves every bit of the praise and honors that have been heaped upon it. Dealing with an important area of American history without deviating from scholarly standards, the author succeeded in penetrating the façade of historical data to reach the drama of the historical process. The book is not only beautifully written and alive with human interest, but also highly pertinent to current social and political events in the United States... [Dr. Handlin] has handled his material magnificently, and every immigrant and descendant of an immigrant — that is, every American — ought to read this book in order the better to understand himself and his ancestors." — Solomon Grayzel, *Publications of the American Jewish Historical Society* "[T]he best historical interpretation of the inner meaning of migration." — John Higham, *Pacific Historical Review* "Dr. Handlin has discharged his responsibility admirably. An able scholar of immigration history, Dr. Handlin, in the present work... reveals a mastery of historical data and rare insight and understanding of the manifold problems of the immigrant. The book is beautifully written, and many passages are truly moving... Americans would understand their country better if they would read this book and benefit from the humane spirit in which it is written." — Carl Wittke, *The New England Quarterly*

#### **31 Days to Survival - Creekmore 2018-01-13**

People are born with the innate desire to survive, but sadly, many in our increasingly dependent society look to others for relief and assistance following a disaster. The fact is that help from government, family, or neighbors is often unavailable when needed most, and in the end, you may have only yourself to count on. Do you know what to do and how to do it if disaster strikes? If not, *31 Days to Survival* will help you prepare to survive both short and long-term disasters. Each day contains a specific task for you to do. This daily, step-by-step approach is designed not only to teach you practical survival skills but also to ensure that you complete the vital tasks by the end of 31-day period, thus increasing your

survival skills and your readiness to survive a long-term disaster. By the end of the 31 days you will have: Built a rotating canned food shelf and filled your pantry with nutritious, durable food Accumulated the right firearms for foraging and defense Assembled emergency first-aid and dental kits Made a homemade water filter Put together a functional 72-hour kit and an everyday carry kit Constructed and used traps for small game and fish Collected tools and seeds for your survival garden Made like-minded friends And much more . . . Are you willing to invest a month of your time for survival skills and knowledge that will last a lifetime? If the answer is yes, what are you waiting for?

Invisible Child - Andrea Elliott 2021-10-05

PULITZER PRIZE WINNER • A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

Families Caring for an Aging America - National Academies of Sciences, Engineering, and Medicine 2016-11-08

Family caregiving affects millions of Americans every day, in all walks of life. At least 17.7 million individuals in the United States are caregivers of an older adult with a health or functional limitation. The nation’s family caregivers provide the lion’s share of long-term care for our older adult population. They are also central to older adults’ access to and receipt of health care and community-based social services. Yet the need to recognize and support caregivers is among the least appreciated challenges facing the aging U.S. population. *Families Caring for an Aging America* examines the prevalence and nature of family caregiving of older adults and the available evidence on the effectiveness of programs, supports, and other interventions designed to support family caregivers. This report also assesses and recommends policies to address the needs of family caregivers and to minimize the barriers that they encounter in trying to meet the needs of older adults.

Educated - Tara Westover 2018-02-20

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “Extraordinary . . . an act of courage and self-invention.”—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA’S FAVORITE BOOKS OF THE YEAR • BILL GATES’S HOLIDAY READING LIST • FINALIST: National Book Critics Circle’s Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • Book Riot • Pamela Paul, KQED • New York Public Library

*Homestead Survival* - Marty Raney 2022-09-13

A practical guide to self-sufficient and sustainable living from the star of *Homestead Rescue*. Do you wish for a more resilient, sustainable, and empowered way of providing for your family in uncertain times? Are you worried about unreliable power grids, uncertain water supplies, or overly complex food chains? Veteran homesteader and star of *Discovery's Homestead Rescue* Marty Raney shares a big-picture vision of how ordinary families can become radically resilient homesteaders: powering, feeding, and caring for themselves through their own efforts, and on their own land. This book will guide you to:

- buy land with the natural resources to build and feed a homestead
- go off grid with your own power and water systems
- design a greenhouse that will keep growing even when it's snowing
- confidently defend your home against all threats—grizzlies, forest fires, flash floods, and financial challenges

Resources are only going to get more scarce. Raney will teach you to find food where others see dirt, and to build a home where others see empty land. He will inspire you to forge your own homestead dream and strengthen your family for all challenges to come.

*The Negro Motorist Green Book* - Victor H. Green

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

**Marines** - 1986

*Survival of the African American Family* - K. Sue Jewell 2003

Jewell critically examines the social policies that arose from the civil rights movement, and the shifting policies of federal administrations from the 1960s onward. In addition, she proposes new steps to economic independence for African American families. Arguing that social policies and their absence have affected the status of African American family structures, Jewell refutes the myths of significant African American progress that emanated from the civil rights era, including the belief in equity for minorities in societal institutions.

*Survival Training for the Neophyte* - Rudy Radillo 2021-12-03

This book is especially designed for the unprepared, to teach them how to survive any emergency. I refer to these individuals as neophytes. I hope to teach them how to handle a crisis and survive, whether or not they decide to stay at home or take their chances in the wild. It is written for those individuals who do not have the time to really prepare and practice the skills necessary to survive but have a strong desire to stay alive. This type of individuals usually gets their information to solve any problem through the internet. If you are one of this type of individuals, all you need is this book. You will be taught about basic survival skills, how to find or make shelter, how to purify water, how to build a fire, how to prepare your food, and many other things. Along with this book you need to put together a bugout pack (BOP). The BOP will allow you to survive three to five days, and even longer. An inexperienced individual will certainly die without this book and a fully loaded BOP. Your survival chances increase exponentially with these two items. I give you here the tools to make your survival possible and the knowledge to thrive.

*Heavy* - Kiese Laymon 2018-10-16

\*Named a Best Book of 2018 by the New York Times, Publishers Weekly, NPR, Broadly, BuzzFeed (Nonfiction), The Undeclared, Library Journal (Biography/Memoirs), The Washington Post (Nonfiction), Southern Living (Southern), Entertainment Weekly, and The New York Times Critics\* In this powerful, provocative, and universally lauded memoir—winner of the Andrew Carnegie Medal and finalist for the Kirkus Prize—genre-bending essayist and novelist Kiese Laymon “provocatively meditates on his trauma growing up as a black man, and in turn crafts an essential polemic against American moral rot” (Entertainment Weekly). In *Heavy*, Laymon writes eloquently and honestly about growing up a hard-headed black son to a complicated and brilliant black mother in Jackson, Mississippi. From his early experiences of sexual violence, to his suspension from college, to time in New York as a college professor, Laymon charts his complex relationship with his mother, grandmother, anorexia, obesity, sex, writing, and ultimately gambling. *Heavy* is a “gorgeous, gutting...generous” (The New York Times) memoir that combines personal stories with piercing intellect to reflect both on the strife of American society and on Laymon’s experiences with abuse. By attempting to name secrets and lies he and his mother spent a lifetime avoiding, he asks us to confront the terrifying possibility that few in this nation actually know how to responsibly love, and even fewer want to live under the weight of actually becoming free. “A book for people who appreciated Roxane Gay’s memoir *Hunger*” (Milwaukee Journal Sentinel), *Heavy* is defiant yet vulnerable, an insightful, often comical exploration of weight, identity, art, friendship, and family through years of haunting implosions and long reverberations. “You won’t be able to put [this memoir] down...It is packed with reminders of how black dreams get skewed and deferred, yet are also pregnant with the possibility that a kind of redemption may lie in intimate grappling with black realities” (The Atlantic).

**Host Family Survival Kit** - Nancy King 2005-07-07

Each year thousands of families throughout the United States and the world open their homes and hearts to international high school exchange students—sharing their own culture and learning about another. As these families face the challenges and joys of hosting, Nancy King’s and Ken Huff’s *Host Family Survival Kit* will provide them with valuable information and advice to help ensure that their experience will be a success. Authors King and Huff provide an overview of hosting, defining the role that exchange students play in the host family, outlining the skills needed by host parents and discussing the effect of culture on the host family/exchange student relationship. They then divide the hosting experience into nine stages, making recommendations on what to expect and how to handle day-to-day situations. Throughout, they include insightful quotes and pertinent examples from experienced host families. In this second edition, they have made major revisions to all of the original chapters. In addition, they have added two new chapters and three new appendices. The *Host Family Survival Kit* is an indispensable guide to the hosting experience, and will leave readers both excited about and well prepared for their role as host parents.

*Atomic Americans* - Sarah E. Robey 2022-03-15

At the dawn of the Atomic Age, Americans encountered troubling new questions brought about by the nuclear revolution: In a representative democracy, who is responsible for national public safety? How do citizens imagine themselves as members of the national collective when faced with the priority of individual survival? What do nuclear weapons mean for transparency and accountability in government? What role should scientific experts occupy within a democratic government? Nuclear weapons created a new arena for debating individual and collective rights. In turn, they threatened to destabilize the very basis of American citizenship. As Sarah E. Robey shows in *Atomic Americans*, people negotiated the contours of nuclear citizenship through overlapping public discussions about survival. Policymakers and citizens disagreed about the scale of civil defense programs and other public safety measures. As the public learned more about the dangers of nuclear fallout, critics articulated concerns about whether the federal government was operating in its citizens' best interests. By the early 1960s, a significant antinuclear movement had emerged, which ultimately contributed to the 1963 nuclear testing ban. *Atomic Americans* tells the story of a thoughtful body politic engaged in rewriting the rubric of rights and responsibilities that made up American citizenship in the Atomic Age.

*Going Home* - A. American 2013-06-25

Book 1 of The Survivalist Series If society collapsed, could you survive? When Morgan Carter's car breaks down 250 miles from his home, he figures his weekend plans are ruined. But things are about to get much, much worse: the country's power grid has collapsed. There is no electricity, no running water, no Internet, and no way to know when normalcy will be restored—if it ever will be. An avid survivalist, Morgan takes to the road with his prepper pack on his back. During the grueling trek from Tallahassee to his home in Lake County, chaos threatens his every step but Morgan is hell-bent on getting home to his wife and daughters—and he'll do whatever it takes to make that happen. Fans of James Wesley Rawles, William R. Forstchen's *One Second After*, and *The End* by G. Michael Hopf will revel in A. American's apocalyptic tale.

**Economic Restructuring and Family Well-Being in Rural America** - Kristin E. Smith 2011-01-01

Rural areas have been hit hard by economic restructuring. Traditionally male jobs with good pay and benefits (such as in manufacturing) have declined dramatically, only to be replaced with low-paying service-oriented jobs—and jobs that do not offer benefits or wages sufficient to raise a family. Concurrently, rural areas have experienced changes in family life, namely an increase in women's labor force participation, a decline in married-couple families, and a rise in cohabitation and single-parent families. How have rural families coped with these social and economic changes? *Economic Restructuring and Family Well-Being in Rural America* documents the intertwined changes in employment and family and explores the outcomes for family well-being in rural America. Here a multidisciplinary group of scholars examines the impacts of economic restructuring on rural Americans and provides policy recommendations for addressing the challenges they face. In addition to the editors, the contributors are Cynthia D. Anderson, Guangqing Chi,

Alisha Coleman-Jensen, Katherine Jewsbury Conger, Nicole D. Forry, Deborah Roempke Graefe, Steven Michael Grice, Andrew Hahn, Debra Henderson, Eric B. Jensen, Leif Jensen, Marlene Lee, Daniel T. Through journal entries, sixteen-year-old Miranda describes her family's struggle to survive after a meteor hits the moon, causing worldwide tsunamis, earthquakes, and volcanic eruptions.

**Amity and Prosperity** - Eliza Griswold 2018-06-12

Winner of the 2019 Pulitzer Prize for General Nonfiction In *Amity and Prosperity*, the prizewinning poet and journalist Eliza Griswold tells the story of the energy boom's impact on a small town at the edge of Appalachia and one woman's transformation from a struggling single parent to an unlikely activist. Stacey Haney is a local nurse working hard to raise two kids and keep up her small farm when the fracking boom comes to her hometown of Amity, Pennsylvania. Intrigued by reports of lucrative natural gas leases in her neighbors' mailboxes, she strikes a deal with a Texas-based energy company. Soon trucks begin rumbling past her small farm, a fenced-off drill site rises on an adjacent hilltop, and domestic animals and pets start to die. When mysterious sicknesses begin to afflict her children, she appeals to the company for help. Its representatives insist that nothing is wrong. Alarmed by her children's illnesses, Haney joins with neighbors and a committed husband-and-wife legal team to investigate what's really in the water and air. Against local opposition, Haney and her allies doggedly pursue their case in court and begin to expose the damage that's being done to the land her family has lived on for centuries. Soon a community that has long been suspicious of outsiders faces wrenching new questions about who is responsible for their fate, and for redressing it: The faceless corporations that are poisoning the land? The environmentalists who fail to see their economic distress? A federal government that is mandated to protect but fails on the job? Drawing on seven years of immersive reporting, Griswold reveals what happens when an imperiled town faces a crisis of values, and a family wagers everything on an improbable quest for justice.

*All That She Carried* - Tiya Miles 2022-02-01

NATIONAL BOOK AWARD WINNER • NEW YORK TIMES BESTSELLER • A renowned historian traces the life of a single object handed down through three generations of Black women to craft a “deeply layered and insightful” (The Washington Post) testament to people who are left out of the archives. WINNER: Frederick Douglass Book Prize, Harriet Tubman Prize, PEN/John Kenneth Galbraith Award, Anisfield-Wolf Book Award, Ralph Waldo Emerson Prize, Lawrence W. Levine Award, Darlene Clark Hine Award, Cundill History Prize, Joan Kelly Memorial Prize, Massachusetts Book Award ONE OF THE TEN BEST BOOKS OF THE YEAR: The Washington Post, Slate, Vulture, Publishers Weekly “A history told with brilliance and tenderness and fearlessness.”—Jill Lepore, author of *These Truths: A History of the United States* In 1850s South Carolina, an enslaved woman named Rose faced a crisis: the imminent sale of her daughter Ashley. Thinking quickly, she packed a cotton bag for her with a few items, and, soon after, the nine-year-old girl was separated from her mother and sold. Decades later, Ashley's granddaughter Ruth embroidered this family history on the sack in spare, haunting language. Historian Tiya Miles carefully traces these women's faint presence in archival records, and, where archives fall short, she turns to objects, art, and the environment to write a singular history of the experience of slavery, and the uncertain freedom afterward, in the United States. *All That She Carried* is a poignant story of resilience and love passed down against steep odds. It honors the creativity and resourcefulness of people who preserved family ties when official systems refused to do so, and it serves as a visionary illustration of how to reconstruct and recount their stories today FINALIST: MAAH Stone Book Award, Kirkus Prize, Mark Lynton History Prize, Chataqua Prize ONE OF THE BEST BOOKS OF THE YEAR: The New York Times, NPR, Time, The Boston Globe, The Atlantic, The Atlanta Journal-Constitution, Smithsonian Magazine, St. Louis Post-Dispatch, Ms.
