Probability and Expectation - Zun Shan

2016-07-14

In China, lots of excellent students who are good at maths take an active part in various maths contests and the best six senior high school students will be selected to form the IMO National Team to compete in the International Mathematical Olympiad. In the past ten years China's IMO Team has achieved outstanding results — they have won the first place almost every year. The author is one of the senior coaches of China's IMO National Team, whose students have won many gold medals many times in IMO. This book is part of the Mathematical Olympiad Series which discusses several aspects related to maths contests, such as algebra, number theory, combinatorics, graph theory and geometry. This book will, in an interesting problem-solving way, explain what probability theory is: its concepts, methods and meanings; particularly, two important concepts — probability and mathematical expectation

*The Barrett Rifle* - Chris McNab 2016-03-24  
The Barrett M82A1 and its derivatives are among the most successful sniping rifles ever manufactured. Now entering its fourth decade of service, the short-recoil, semi-automatic system

Downloaded from  
[omahafoodtruckassociation.org](http://omahafoodtruckassociation.org) on by  
guest

is capable of firing a devastating .50-caliber round with lethal accuracy over distances of more than 2km. Unconfirmed reports from Afghanistan in 2012 accredit the Barrett with one of history's longest ever kills at 2,815m. This is the technical history of a rifle initially developed as a sporting firearm, but which evolved into a long-range sniping rifle and a formidable military anti-materiel tool, designed to neutralize everything from enemy vehicles to parked aircraft. Adopted by snipers across the world, the Barrett rifles have seen active service in Operation Desert Storm, Iraq, and Afghanistan and have become an important addition to police, armed services, and Special Forces units alike.
