

# Greek English Lexicon With A Revised Supplement

Getting the books **Greek English Lexicon With A Revised Supplement** now is not type of inspiring means. You could not unaided going following ebook accrual or library or borrowing from your links to admittance them. This is an enormously easy means to specifically get lead by on-line. This online declaration Greek English Lexicon With A Revised Supplement can be one of the options to accompany you afterward having additional time.

It will not waste your time. resign yourself to me, the e-book will definitely space you additional business to read. Just invest little mature to open this on-line statement **Greek English Lexicon With A Revised Supplement** as without difficulty as review them wherever you are now.

## **Ephesians (Baker Exegetical Commentary on the New Testament)**

- Frank Thielman 2010-11-01

Noted New Testament scholar Frank Thielman offers pastors, students, and teachers a substantive yet accessible commentary on Ephesians in this addition to the award-winning BECNT series. With extensive research and thoughtful chapter-by-chapter exegesis, Thielman leads readers through all aspects of the book of Ephesians--sociological, historical, and theological--to help them better understand its meaning and relevance. As with all BECNT volumes, this commentary features the author's detailed interaction with the Greek text and an acclaimed, user-friendly design. It admirably achieves the dual aims of the series--academic sophistication with pastoral sensitivity and accessibility.

## **2 Corinthians, a Letter about Reconciliation** - Ivar Vegge 2008

"Ivar Vegge argues that Paul, in line with ancient moral philosophers, letter-writers, and rhetoricians, used idealized praise in 2 Cor 1-9, and particularly in 2 Cor 7:5-16, and blame or threats, especially in 2 Cor 10-13, to promote reconciliation between the Corinthians and Paul as apostle."--BOOK JACKET.

*Hosea* - W. Edward Glenny 2013-04-15

In this commentary Glenny examines the Greek text of Hosea found in Vaticanus as an artifact in its own right to determine how it would have been understood by early Greek readers who were unfamiliar with the

Hebrew.

*Studies in Greek Lexicography* - Georgios K. Giannakis 2018-11-19

This volume presents nineteen studies by specialists in the field of Greek lexicography. A number of papers deal with historical aspects of Greek lexicography covering all phases of the language, i.e. ancient, medieval and modern, as well as the interrelations of Greek to neighboring languages. In addition, other papers address more formal issues, such as morphological, semantic and syntactic problems that are relevant to the study of Greek lexicography, as well as the study of individual words. Finally, in one study the problem of technical linguistic terminology is addressed along with the methodological, epistemological and other issues relating to the particular problem. The work is of special interest to scholars on the long standing problems of diachronic semantics, historical morphology and word formation, and to all those interested in etymology and the study of words of the Greek language.

## **The Concise New International Dictionary of New Testament**

**Theology and Exegesis** - Zondervan, 2021-12-14

The Exegesis Quick-Reference Tool Every Pastor, Teacher, Student, and Scholar Needs The Concise New International Dictionary of New Testament Theology and Exegesis (CNIDNTE) by Christopher A. Beetham is a significant resource for those looking for a quick-reference guide to aid in exegesis and interpretation. It retains all the essentials of

the monumental and magisterial New International Dictionary of New Testament Theology and Exegesis edited by Moises Silva, bringing together its most important elements into one accessible volume. This reference includes the most vital, relevant information needed to delve deep into the study of the Greek words used in Scripture for study of the New Testament--its texts and theology. This volume offers a wealth of background and information on the meaning of Greek words in the New Testament, as well as related usage in classical Greek sources, the Greek Old Testament (Septuagint), and extrabiblical Second Temple Jewish literature. This significant tool offers the following features: All the nearly 800 entries covering over 3,000 Greek words found in the full edition are included and presented in the same order and arrangement. Retains approximately 60 percent of the original edition, with the emphasis now on synchronic word study and usage in the Greek Old Testament, extrabiblical Second Temple literature, and especially the New Testament. The unique arrangement according to Greek words and use of English concepts is retained from the full edition and allows all users to access Greek terms regardless of their level of competence in Greek. This edition retains the significant semantic-domain tool that directs the reader to all the Greek words that have something to do with a particular English word or concept. For example, under the English words "Resurrection," there is a list of four Greek words that are related to that topic. Discussions reflect the latest in modern scholarship. Bibliographies retain essential references to other standard lexicons and theological dictionaries. The Concise New International Dictionary of New Testament Theology and Exegesis is the ideal tool for pastors, Bible teachers, students, and scholars engaging in exegesis. It is packed with the essential information needed to study the New Testament.

**The Brill Dictionary of Ancient Greek** - Franco Montanari 2015-05  
"The Brill Dictionary of Ancient Greek" is also available online and as a two-volume boxed set. "The Brill Dictionary of Ancient Greek" is the English translation of Franco Montanari's "Vocabolario della Lingua Greca." With an established reputation as the most important modern dictionary for Ancient Greek, it brings together 140,000 headwords

taken from the literature, papyri, inscriptions and other sources of the archaic period up to the 6th Century CE, and occasionally beyond. "The Brill Dictionary of Ancient Greek" is an invaluable companion for the study of Classics and Ancient Greek, for beginning students and advanced scholars alike. Translated and edited under the auspices of The Center for Hellenic Studies in Washington, DC, "The Brill Dictionary of Ancient Greek" is based on the completely revised 3rd Italian edition published in 2013 by Loescher Editore, Torino. Features The principal parts of some 15,000 verbs are listed directly following the entry and its etymology. For each of these forms, the occurrence in the ancient texts has been certified. When found only once, the location is cited. Nearly all entries include citations from the texts with careful mention of the source. The dictionary is especially rich in personal names re-checked against the sources for the 3rd Italian edition, and in scientific terms, which have been categorized according to discipline. Each entry has a clear structure and typography making it easy to navigate. "For a number of years now, scholars at ease in Italian have benefitted enormously from the riches, layout, concision, and accuracy of Professor Montanari's "Vocabolario della Lingua Greca," with its added advantage of the inclusion of names. Hence classicists in general will welcome the English version of this very valuable resource." Professor Richard Janko, "University of Michigan" Franco Montanari is a giant in our field, and his Dictionary is a major leap forward for us. Professor Gregory Nagy, "Harvard University"

**Studies in New Testament Lexicography** - David S. Hasselbrook 2011  
A revision of the author's thesis (Ph.D.)--Concordia Seminary, St. Louis, 2010.

*The Letters to Timothy and Titus* - Robert W. Yarbrough 2018-09-25  
The Pastoral Letters—1 Timothy, 2 Timothy, and Titus—have made an enduring contribution to understanding the role of pastors in the church. With a spirited devotion to the text, Robert Yarbrough helps unlock the meaning of these short but rich letters in this commentary. In keeping with the character of Pillar New Testament Commentary volumes, *The Letters to Timothy and Titus* offers a straightforward reading of these

texts. Their primary concerns—God, salvation, and the pastoral task—remain central to Yarbrough’s thorough and comprehensive exegesis. Engaging with the best scholarship and resources, Yarbrough shows how these letters are as relevant today as they were to the early Christians.

**A History of Rome** - Henry George Liddell 1899

Biblical Greek Language and Lexicography - Frederick W. Danker 2004  
As the basis of modern translations of the Scriptures, biblical Greek and lexicography are disciplines vital to our understanding of the original Christian message. This volume, which celebrates the career of Frederick W. Danker, presents the state of the art in Greek and biblical language studies. Amid the important topics of discussion are how one discovers the meaning of words, current tools available to students of language, and the approach being used in the latest New Testament and Septuagint Greek dictionaries. Added features of this book include appendices listing current Greek-English dictionaries and grammars and current Greek dictionary and language projects as well as indexes of biblical references, Greek and Hebrew words, and grammatical terms.

A Greek-English Lexicon of the Septuagint - G. Chamberlain 1992  
Volume I (A-I) J. Lust, E. Eynikel, and K. Hauspie, editors. Providing a thorough research tool for your study of the Septuagint, this lexicon includes a helpful introduction, list of abbreviations, bibliography, and entries for A through I. Paperbound,

Homer's Winged Words - Steve Reece 2009-05-20

This book is an attempt to shed new light, via the tenets of oral-formulaic theory, on the evolution and meaning of several dozen words and phrases found in early Greek epic whose etymologies have puzzled philologists for over 2500 years.

Understanding Mark’s Gospel - Mark J. Keown 2021-12-17

Building on Keown's earlier two-volume work, *Jesus in a World of Colliding Empires*, *Understanding Mark's Gospel* gives an easily readable introduction to Mark's Gospel. Designed as a textbook, it includes eleven lessons on Mark's Gospel. The first lesson covers background issues

important for understanding Mark. The Gospel is then divided into ten sections, each forming a lesson. After reading the biblical passages, students can read each lesson and get a succinct commentary with exegetical insights on the Markan passages. Each lesson ends with questions that can be discussed by readers. All Greek is transliterated, and the book is an excellent and simple introduction to Mark's Gospel.  
Lexical Dependence and Intertextual Allusion in the Septuagint of the Twelve Prophets - Myrto Theocharous 2012-10-04

This book explores various aspects of intertextuality in the LXX Twelve Prophets, with a special emphasis on Hosea, Amos and Micah. The first chapter introduces the topic of intertextuality, discusses issues relating to the Twelve Prophets and their translator and concludes with various methodological considerations. Chapter two deals with the lexical sourcing of the prophets in their Hellenistic milieu and tests proposed theories of influence from the Pentateuch. The third chapter deals with standard expressions used by the translator, even in places where the Hebrew does not correspond. The fourth chapter investigates the use of catchwords that the Greek translator identified in his Hebrew Vorlage and that function for him as links between two or more texts. Finally, the fifth chapter examines cases where the translator understands the text to be alluding to specific biblical stories and events.

The Cambridge Grammar of Classical Greek - Evert van Emde Boas 2019-03-21

This is the first full-scale reference grammar of Classical Greek in English in a century. The first work of its kind to reflect significant advances in linguistics made in recent decades, it provides students, teachers and academics with a comprehensive yet user-friendly treatment. The chapters on phonology and morphology make full use of insights from comparative and historical linguistics to elucidate complex systems of roots, stems and endings. The syntax offers linguistically up-to-date descriptions of such topics as case usage, tense and aspect, voice, subordinate clauses, infinitives and participles. An innovative section on textual coherence treats particles and word order and discusses several sample passages in detail, demonstrating new ways of

approaching Greek texts. Throughout the book numerous original examples are provided, all with translations and often with clarifying notes. Clearly laid-out tables, helpful cross-references and full indexes make this essential resource accessible to users of all levels.

Acts, Part One - Youngmo Cho 2019-10-23

This book is one of the many commentaries on the book of Acts. In other words, it does not deal with a unique topic but one that borders on banality, yet of utmost importance. Without doubt, it will suffice its role of moving one step closer to a complete understanding of the complex picture that Luke drew. This commentary has been written by two Asian scholars with different theological backgrounds and thus will provide an unprecedented perspective. This commentary pays attention to the historical background and to the narrative, theological, and rhetorical texture of the text in Acts. In particular, the periodical essays at the end of sections or chapters--"Fusing the Horizons"--reflect on what the text means for the new covenant community in terms of its theological message, application, and community and spiritual formation. This is one of the many notable characteristics of this commentary. Moreover, this is an approachable and readable commentary by anyone who is interested in Acts.

**Introduction to Attic Greek** - Donald J. Mastronarde 2013-02-01  
Thoroughly revised and expanded, Introduction to Attic Greek, 2nd Edition gives student and instructors the most comprehensive and accessible presentation of ancient Greek available. The text features: • Full exposure to the grammar and morphology that students will encounter in actual texts • Self-contained instructional chapters, with challenging, carefully tailored exercises • Progressively more complex chapters to build the student's knowledge of declensions, tenses, and constructions by alternating emphasis on morphology and syntax • Readings based on actual texts and include unadapted passages from Xenophon, Lysias, Plato, Aristophanes, and Thucydides. • Concise introduction to the history of the Greek language • Composite list of verbs with principal parts, and an appendix of all paradigms • Greek-English and English-Greek glossaries  
Additional Resources: • Robust

online supplements for teaching and learning available at [atticgreek.org](http://atticgreek.org)  
• Answer Key to exercises also available from UC Press (978-0-520-27574-4)

**The Trial and Crucifixion of Jesus** - David Wallace Chapman 2015  
"The authors of this volume set themselves one task, to trace the extra-biblical primary texts that are relevant for understanding Jesus' trial and crucifixion. With that goal in mind, the book is built on three major themes: (1) Jesus' trial / interrogation before the Sanhedrin, (2) Jesus' trial before Pontius Pilatus, and (3) crucifixion as a method of execution in antiquity. In chronologically sequential order (where possible), the authors select and arrange an overwhelming amount of extra-biblical primary texts -- 462 to be exact -- underneath these three categories (75, 46, and 341 texts respectively)."--Brian J. Wright in Religious Studies Review.

**Greek-English Lexicon** - Henry George Liddell 1996

This is the world's most established dictionary of ancient Greek, and now covers a date range from 1200 BC to 600 AD. The supplement takes into account the latest discoveries from papyri and inscriptions.

Greek Lexicography: Oxford Bibliographies Online Research Guide - Oxford University Press 2010-05-01

This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In classics, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you

need. This ebook is just one of many articles from Oxford Bibliographies Online: Classics, a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of classics. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit [www.aboutobo.com](http://www.aboutobo.com).

[A Greek-English Lexicon](#) - Henry George Liddell 1996

The world's most authoritative dictionary of ancient Greek. The world's most comprehensive and authoritative dictionary of ancient Greek is now revised and available with a new Supplement. This major event in classical scholarship, edited by Peter Glare, is the culmination of 13 years' painstaking work overseen by a committee appointed by the British Academy, and involving the cooperation of many experts from around the world. The Main Dictionary; Liddell and Scott's Greek-English Lexicon, is the central reference work for all scholars of ancient Greek, author and text discovered up to 1940, from the 11th century BC to the Byzantine Period. The early Greek of authors such as Homer and Hesiod, Classical Greek, and the Greek Old and New Testaments are included. Each entry lists not only the definition of a word, but also its irregular inflections, and quotations from a full range of authors and sources to demonstrate usage.

**Liddell and Scott** - Christopher Stray 2019-10-17

The Greek-English Lexicon of Liddell and Scott is one of the most famous dictionaries in the world, and for the past century-and-a-half has been a constant and indispensable presence in teaching, learning, and research on ancient Greek throughout the English-speaking world and beyond. Despite continuous modification and updating, it is still recognizably a Victorian creation; at the same time, however, it carries undiminished authority both for its account of the Greek language and for its system of organizing and presenting linguistic data. The present volume brings together essays by twenty-two scholars on all aspects of the history, constitution, and problematics of this extraordinary work, enabling the reader both to understand its complex history and to appreciate it as a monument to the challenges and pitfalls of classical scholarship. The

contributors have combined a variety of approaches and methodologies - historical, philological, theoretical - in order to situate the book within the various disciplines to which it is relevant, from semantics, lexicography, and historical linguistics, to literary theory, Victorian studies, and the history of the book. Paying tribute to the Lexicon's enormous effect on the evolving theory and practice of lexicography, it also includes a section looking forward to new developments in dictionary-making in the digital age, bringing comprehensively up to date the question of what the future holds for this fascinating and perplexing monument to the challenges of understanding an ancient language.

**Early Christianity and Classical Culture** - John Fitzgerald 2003-12-01

This volume contains 28 essays in honor of Abraham J. Malherbe, whose work has been especially influential in exploring modes of cultural interaction between early Jews and Christians and their Graeco-Roman neighbors.

**Analytical Lexicon to the Septuagint** - Bernard Alwyn Taylor 2009

The Septuagint was the most influential Bible translation for Greek-speaking Christians of the first century and was the basis for many of the OT citations found in the NT. Taylor's lexicon includes every Greek word found in the Rahlfs LXX text in fully parsed form.

[The Oxford Grammar of Classical Greek](#) - James Morwood 2002

This text gives clear, concise and easily understood explanations of all the key points of Ancient Greek grammar. Features such as study tips and a glossary ensure students have all the support they need to help their language learning.

**A Concise Greek-English Dictionary of the New Testament** -

Barclay M. Newman 1993

**Responding to a Puzzled Scribe** - Joshua L. Harper 2015-02-26

In part one of this book Joshua L. Harper is able to demonstrate the following aspects of the Barberini version: when compared with the other Greek versions, it appears that the Barberini version was originally independent of the Septuagint but has been influenced by it in transmission. The Barberini version was probably translated no earlier

than the later books of the Septuagint (that is, around the first century BC), and no later than the mid-third century AD. The style, methods of translation, and exegetical affinities suggest that the translator was primarily concerned with producing stylistic, understandable Greek rather than with conforming closely to the Hebrew source text. The translator was probably Jewish, particularly since some readings resonate with Jewish exegetical traditions. The relatively polished Greek suggests that the translator had received some formal Greek education, perhaps in a Hellenistic Jewish community. In the second part of this work Harper provides text, translation, and notes for the major Greek versions. The Barberini version has been analysed in particular detail, with regard to lexical and syntactical translation technique, as well as matters of style.

**Acts, Part Two** - Youngmo Cho 2019-10-23

This book is one of the many commentaries on the book of Acts. In other words, it does not deal with a unique topic but one that borders on banality, yet of utmost importance. Without doubt, it will suffice its role of moving one step closer to a complete understanding of the complex picture that Luke drew. This commentary has been written by two Asian scholars with different theological backgrounds and thus will provide an unprecedented perspective. This commentary pays attention to the historical background and to the narrative, theological, and rhetorical texture of the text in Acts. In particular, the periodical essays at the end of sections or chapters--"Fusing the Horizons"--reflect on what the text means for the new covenant community in terms of its theological message, application, and community and spiritual formation. This is one of the many notable characteristics of this commentary. Moreover, this is an approachable and readable commentary by anyone who is interested in Acts.

Liddell and Scott - Christopher Stray 2019-09-19

The Greek-English Lexicon of Liddell and Scott is one of the most famous dictionaries in the world, and for the past century-and-a-half has been a constant and indispensable presence in teaching, learning, and research on ancient Greek throughout the English-speaking world and beyond.

Despite continuous modification and updating, it is still recognizably a Victorian creation; at the same time, however, it carries undiminished authority both for its account of the Greek language and for its system of organizing and presenting linguistic data. The present volume brings together essays by twenty-two scholars on all aspects of the history, constitution, and problematics of this extraordinary work, enabling the reader both to understand its complex history and to appreciate it as a monument to the challenges and pitfalls of classical scholarship. The contributors have combined a variety of approaches and methodologies - historical, philological, theoretical - in order to situate the book within the various disciplines to which it is relevant, from semantics, lexicography, and historical linguistics, to literary theory, Victorian studies, and the history of the book. Paying tribute to the Lexicon's enormous effect on the evolving theory and practice of lexicography, it also includes a section looking forward to new developments in dictionary-making in the digital age, bringing comprehensively up to date the question of what the future holds for this fascinating and perplexing monument to the challenges of understanding an ancient language.

English-Greek Dictionary; - Sidney Chawner Woodhouse 1910

**James of Jerusalem** - Patrick J. Hartin 2004

By paying attention to passages in the New Testament where "James, the brother of the Lord" or "James, the Righteous One", or simple "James the Just" appears (directly or indirectly), this study illustrates James' role within the early Christian movement. It shows the richness and diversity of early Christianity and how it defined itself in relationship to its roots in Judaism and ever-increasing number of believers who joined the movement from the wider Greek and Roman worlds.

*New Testament Lexicography* - Jesús Peláez 2018-08-21

This text brings together in one volume two previous books that laid the groundwork for the construction of the entries in *Diccionario Griego-Español del Nuevo Testamento* (Greek-Spanish Dictionary of the New Testament), namely *Método de Análisis semántico aplicado al griego del Nuevo Testamento* (Method of Semantic Analysis applied to the Greek of

the New Testament) and Metodología del Diccionario Griego Español del Nuevo Testamento (Methodology of the Greek Spanish Dictionary of the New Testament), by Juan Mateos and Jesús Peláez. In the introduction and first part of the text, the concepts of dictionary and meaning are defined and a critical analysis of the dictionaries of F. Zorell, W. Bauer (Bauer-Aland) and Louw-Nida is conducted. Their methodologies are examined with the purpose of then presenting a method of semantic analysis and the steps for establishing the semantic formula of the various classes of lexemes, which functions as the basis for determining lexical and contextual meaning. In the second part the necessary steps for composing the dictionary's entries are proposed. The text concludes with an analysis of related lexemes in order to demonstrate the accuracy of the suggested method. For the first time, a carefully developed method of semantic analysis and the corresponding methodology are presented before the construction of the dictionary's entries.

**Hellenistic and Biblical Greek** - B. H. McLean 2014-07-14

This Hellenistic Greek reader is designed for students who have completed one or more years of Greek and wish to improve their reading ability and gain a better appreciation for the diversity of the language. The seventy passages in this reader reflect different styles, genres, provenances and purposes, and are arranged into eight parts according to their level of difficulty. Grammatical support and vocabulary lists accompany each passage, and a cumulative glossary offers further assistance with translation. Students are led to a deeper understanding of Hellenistic Greek, and a greater facility with the language. • Includes canonical and non-canonical Christian texts, Septuagint (prose and poetry), Jewish Pseudepigrapha, inscriptions, and Jewish and Hellenistic literary Greek • Includes a web component with more than thirty additional readings for classroom and independent use • Passages offer a glimpse into the everyday life of Hellenistic Greeks, with themes such as sexuality, slavery, magic, apocalypticism, and Hellenistic philosophy.

[A Greek-English Lexicon of the New Testament, Being Grimm's Wilke's Clavis Novi Testamenti](#) - Carl Ludwig Wilibald Grimm 1890

**The New Analytical Greek Lexicon** - Wesley J. Perschbacher 1990

In this new edition, every entry has been rechecked and revised: misspellings have been corrected; unnecessary duplicate entries have been removed; textual variants and alternative readings have been noted and identified; New Testament references have been added for similar and identical forms having two or more parsings; references to the numbering used in Strong's have been added to facilitate study and cross-referencing for the less technical user; and the introductory grammar section has been updated.

**The Promises of God** - Kevin P. Conway 2014-10-29

This study is the first to investigate why Paul makes exclusive use of 'epangelia' for the divine pledge when referring to the Abrahamic covenant, a usage of the term never found in the OT-LXX. After examining Jewish writings and Greek literature of the classical and Hellenistic periods, this study demonstrates that Paul is rather unique in his exclusive use of the 'epangelia' word group for the divine pledge and for using the term predominantly in reference to the Abrahamic promises. This exclusive usage is further deemed unexpected in that the 'horkos' and 'omnymi' lexemes are by far the terms most commonly associated with God's promises to Abraham in the OT, the literature with which Paul was most familiar. The study then moves to explain why Paul has chosen this path of discontinuity, where it is argued that Paul's exclusive choice of 'epangelia' for the divine promise is driven by its conceptual and linguistic correspondence with the 'euangelion', one of the terms Paul adopted from the early church that forms the core of his ministry. This conceptual word study of the divine promise will benefit Pauline scholars interested in Paul's use of the OT as well as his association of the 'euangelion' and 'epangelia' word groups.

**A Testimony of Jesus Christ - Volume 1** - Anthony Charles Garland 2007

A Commentary on the Book of Revelation - Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation. To understand this controversial book, the author explores the many

connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel, Ezekiel, and others. It is the author's conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible. The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1,000 slides.

*A Lexicon Abridged from Liddell and Scott's Greek-English Lexicon* - Henry George Liddell 1884

[The Cambridge Greek Lexicon](#) - James Diggle 2021-05

**The Face of Water** - Sarah Ruden 2018-12-04

In this dazzling reconsideration of the language of the Old and New Testaments, acclaimed scholar and translator of classical literature Sarah Ruden argues that the Bible's modern translations often lack the clarity and vitality of the originals. Singling out the most famous passages, such as the Genesis creation story, the Ten Commandments, the Lord's Prayer, and the Beatitudes, Ruden reexamines and retranslates from the Hebrew and Greek, illuminating what has been misunderstood and obscured in standard English translations. By showing how the original texts more clearly reveal our cherished values, Ruden gives us an unprecedented understanding of what this extraordinary document was for its earliest readers and what it can still be for us today.
