**Practical Phonetics and Phonology** - Beverley Collins 2013-02-11  
Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings—all in the same volume. The innovative and flexible 'two-dimensional' structure is built around four sections—introduction, development, exploration and extension—which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. Revised and updated throughout, this third edition of *Practical Phonetics and Phonology*: presents the essentials of the subject and their day-to-day applications in an engaging and accessible manner covers all the core concepts of speech science, such as the phoneme, syllable structure, production of speech, vowel and consonant possibilities, glottal settings, stress, rhythm, intonation and the surprises of connected speech incorporates classic readings from key names in the discipline including David Abercrombie, David Crystal, Dennis Fry, Daniel Jones, Peter Ladefoged, Peter Trudgill and John Wells includes an audio CD containing a collection of samples provided by genuine speakers of 25 accent varieties from Britain, Ireland, the USA, Canada, Australia, New Zealand, South Africa, India, Singapore and West Africa gives outlines of the sound systems of six key languages from around the world contains over a hundred activity exercises, many accompanied by audio material is accompanied by a brand new companion website featuring additional guidance, audio files, keys to activities in the book, further exercises and activities, and extra practice in phonemic transcription New features of this edition include an additional reading on teaching pronunciation, phonetic descriptions of three more languages (Japanese, Polish and Italian), expanded material on spelling/sound relationships, more information on acquiring the pronunciation of a foreign language, additional suggestions for further reading and much new illustrative material. Written by authors who are experienced teachers and researchers, this best-selling textbook will appeal to all students of English language and linguistics and those training for a certificate in TEFL.

*American Accent Training* - Ann Cook 2000

Directed to speakers of English as a second language, a multi-media guide to pronouncing American English uses a "pure-sound" approach to speaking to help imitate the fluid ways of American speech.

[Modern British and American English Pronunciation](#) - Burkhard Dretzke 1998-09-14

Als praktische Einführung für Studenten des Englischen behandelt das vorliegende Lehr- und Lernbuch die Aussprache der beiden nationalen Varietäten British English und General American English. Dabei werden sozioregionale Varianten - wie etwa die Aussprache in London - mit berücksichtigt. Neben artikulatorischer, auditiver und akustischer Phonetik und Phonologie wird die Diskrepanz zwischen Schreibweise und Aussprache thematisiert. Besonderer Wert wurde auf typisch deutsche Falschaussprachen und auf Transkriptions- und

Ausspracheübungen gelegt. Eine selektive Bibliographie bietet weiterführende Informationen.

**Teach Yourself English Pronunciation: An Interactive Course for Spanish Speakers** - Eva Estebas Vilaplana 2009-11

¿Has estado estudiando inglés durante mucho tiempo pero te da la impresión de que todavía no entiendes con claridad a la gente inglesa? O, lo que es peor, ¿no consigues hacer que te entiendan? Se trata de un problema muy común entre los hispanohablantes que han invertido muchos años de su vida en clases de inglés, logrando alcanzar un excelente nivel de vocabulario y gramática, y todavía con grandes dificultades a la hora de comunicarse oralmente. La mayoría de esos problemas podrían resolverse si los hispanohablantes hubiesen prestado más atención al aspecto de la pronunciación, teniendo en cuenta que es el área en la que más difieren el inglés y el español. Este libro está pensado para ayudar a resolver esos problemas de comunicación en inglés, presentando las cuestiones más relevantes de la pronunciación inglesa y comparándolas con aquellas de la pronunciación española. No sólo abarca las vocales y las consonantes, si no también otros aspectos como el ritmo, la entonación, o la colocación del acento. El libro viene acompañado de un CD-ROM con material de audio y ejercicios interactivos.

**The Sound of English Pronunciation** - Joseph Hudson 2018

*Focus on Pronunciation 3 (Student Book and Classroom Audio CDs)* - Linda Lane 2010

Focus on Pronunciation 3 gives high-intermediate to advanced students the tools, tips, and techniques to help them speak English clearly and accurately. The variety of activities and accessible style makes learning fun. A five-part structure allows focused practice in individual sound areas: Vowels; Consonants; Syllables and Stress in Words; Rhythms; and Intonation. Features Clear explanations and diagrams make the text easy to use. Engaging activities, including games and high-interest listening and speaking tasks, guide students from controlled practice to communicative interaction. Self-study material and audio CDs offer students a wealth of practice outside the classroom.

*SIMPLIFIED ENGLISH FOR ARABS Learn English From Home* - M A Al Tamimi 2020-11-09

This valuable book, dear reader, as a student, teacher, intellectual, or learner, offers you modern scientific learning skills of the English language. It explains the principles of phonology, phonetic transcriptions, and stress on vowels and consonants. Learning the rules for English pronouncing sounds, principles of correct pronunciation, and classification of English sounds, showing the locations of the phonemic accent in words to write sound English sentences. It also reviews the difference between the pronunciation of British and American English and common vocabulary that causes students frequent confusion. It is your guide to the art of orthography to express your thoughts and feelings in sound synthesized sentences, elegant style, and meaningful expressions.

**English Pronunciation Instruction** - Anastazija Kirkova-Naskova 2021-10-13

English Pronunciation Instruction: Research-based insights presents recent research on L2 English pronunciation including pedagogical implications and applications, and seeks to bridge the gulf between pronunciation research and teaching practice. The volume's 15 chapters cover a range of aspects that are central to pronunciation teaching, including the teaching of different segmental and suprasegmental features, teachers' and learners' views and practices, types and sources of learners' errors, feedback and assessment, tools and strategies for pronunciation instruction, reactions towards accented speech, as well as the connection between research and teaching. Chapters offer a fully developed section on pedagogical implications with insightful

and the Far East ( volume 3). Each volume can be read independently, and together they form a major scholarly survey, of considerable originality, which not only includes descriptions of hitherto neglected accents, but also examines the implications for phonological theory. Readers will find the answers to many questions: Who makes 'good' rhyme with 'mood'? Which accents have no voiced sibilants? How is a Canadian accent different from an American one, a New Zealand one from an Australian one, a Jamaican one from a Barbadian one? What are the historical reasons for British-American pronunciation differences? What sound changes are currently in progress in New York, in London, in Edinburgh? Dr Wells has written principally for students of linguistics, phonetics and English language, but the motivated general reader will also find the study both fascinating and rewarding.

**Fluent Forever** - Gabriel Wyner 2014-08-05

NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages."—Gary Marcus, cognitive psychologist and author of the New York Times bestseller *Grammar Zero* At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

**English Pronunciation, Intonation and Accent Reduction for**

**RUSSIAN Speakers** - Peggy Tharpe 2019-12-14

Want to annihilate, destroy, crush, even eliminate your Russian accent in English? This amazing guide is for Russians at an advanced level in English, as well as their teachers, tutors and coaches. For the first time, Peggy Tharpe, B.A. Education, M.A.TESOL, shares her teaching secrets and strategies that have helped her Russian speakers greatly improve their sound in English. Her methods are effective, efficient, and one-of-a-kind. If your first language is Russian and you're ready to sound more natural when you speak English, open up this book and get started. Inside, you'll find lots of instruction and strategies, plus online resources, videos and practice exercises. Peggy walks you through it all and will help you conquer those little (and a few big) issues that give you a Russian accent in English.

American English File 3E Level 3 Workbook - Christina Latham-Koenig 2020-12-17

American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

**A Critical Pronouncing Dictionary ... to which are Prefixed, Principles of English Pronunciation ... with Observations Etymological, Critical, and Grammatical** - John Walker 1849

**English Pronunciation in Use Advanced Book with Answers, 5 Audio CDs and CD-ROM** - Martin Hewings 2007-02-26

The best-selling English Pronunciation in Use is a comprehensive reference and practice book suitable for self-study or classroom work. Sixty easy-to-use units cover all aspects of pronunciation, including individual sounds, word stress, connected speech and intonation. Each unit is supported by audio material in range of accents, available on audio CD. An additional reference section offers a glossary of specialized terms, help with the pronunciation of numbers and geographical names and fun exercises on phonemic symbols and minimal pairs. The CD-ROM provides a wide variety of additional interactive activities to reinforce the pronunciation covered in the book, as well as tests, progress checks, games and animated diagrams of the mouth showing learners how to produce individual sounds. Students can also record themselves and compare their pronunciation with one of the many models provided.

Focus on Pronunciation - Linda Lane 2012-08-27

The new edition of Focus on Pronunciation gives beginning to high-beginning students the tools, tips, and techniques they need to speak clearly, accurately, and fluently. All aspects of pronunciation are included - consonants, vowels, stress, rhythm, and intonation. The variety of activities and flexible, accessible style make learning fun. Features: Presentation sections feature clear explanations and diagrams. Focused Practice sections build accuracy with high-interest listening and speaking tasks and engaging games. Communication Practice sections integrate pronunciation and fluency with practice in a communicative thematic context. Natural English boxes illustrate how to speak English more naturally and fluently. Extended Practice sections encourage continued accuracy and fluency practice outside of class. The CD in the back of the book provides MP3 audio for the Extended Practice sections. Classroom Audio CDs provide the complete audio program. Complete online Answer Keys and Audioscripts are available online.

**English Pronunciation in Use. Intermediate- Second Edition. Book with Answers** - Mark Hancock 2012

**Mastering the American Accent with Online Audio** - Lisa Mojsin 2016-09-15

Publisher's Note: Products purchased from Third Party sellers are not guaranteed by the publisher for quality, authenticity, or access to any online entitlements included with the product. Mastering the American Accent is an easy-to-follow approach for reducing the accent of non-native speakers of English. Well-sequenced lessons in the book correspond over eight hours of audio files covering the entire text. The audio program provides clear models (both male and female) to help coach a standard American accent. The program is designed to help users speak Standard American English with clarity, confidence, and accuracy. The many exercises in the book concentrate on topics such as vowel sounds, problematic consonants such as V, W, TH, the American R and T and others. Correct lip and tongue positions for all sounds are discussed in detail. Beyond the production of sounds, the program provides detailed instruction in prosodic elements such as syllable stress, emphasis, intonation, linking words for smoother speech flow, common word contractions, and much more. Additional topics that often confuse ESL students are also discussed and explained. They include distinguishing between casual and formal speech, homophones (e.g., they're and there), recognizing words with silent letters (e.g., comb, receipt), and avoiding embarrassing pronunciation mistakes, such as mixing up "pull" and "pool." Students are familiarized with many irregular English spelling rules and exceptions, and are shown how such irregularities can contribute to pronunciation errors. A native language guide references problematic accent issues for 13 different language backgrounds.

Clear English Pronunciation - Dick Smakman 2019-12-06

Clear English Pronunciation provides students with the tools to effectively communicate in English without centring solely on native-speaker pronunciation models. The focus of the book is on individual pronunciation targets rather than a one-size-fits-all approach. Divided into four sections, each featuring detailed articulatory explanations, sample sentences, and recordings to help learners improve their pronunciation, this book: introduces the phenomenon of pronunciation as part of a broader communicative realm; explains and demonstrates the melody and rhythm of understandable and natural English pronunciation;

supports students in identifying and practicing their own pronunciation issues. Supported by an interactive companion website which features recordings and expanded explanations of key topics, Clear English Pronunciation is an essential textbook for international learners of English who want to improve their pronunciation skills in diverse social settings. <https://www.universiteitleiden.nl/clearenglishpronunciation>

**Shakespeare and Chaucer** - Alexander J. Ellis 2020-06-01

Reprint of the original, first published in 1869.

**English Pronunciations** - 2007

American English Pronunciation - Walter Sauer 2011

'American English Pronunciation: A Drillbook' is designed to accompany lecture courses on American English phonetics and language laboratory classes in American English pronunciation at university level. It is equally suitable as a self-instructional program for anyone wishing to improve their American English pronunciation. Part I (Pronunciation Practice) provides pronunciation exercises to be used in conjunction with additional audio material (available on request) or following the model of a native speaker. Part II (Transcription Practice) presents model texts for phonetic transcription. In both parts, orthographic text and phonetic script appear on facing pages. Several phonetic puzzles are also included.

**English Pronunciation for Speakers of Spanish** - María de los Angeles Gómez González 2016-01-15

English Pronunciation for Speakers of Spanish fills a gaping hole in the market for books on English phonetics and pronunciation because it not only combines theoretical issues and applications to practice, but it also adopts a contrastive English-Spanish approach to better suit the needs of Spanish-speaking learners of English (SSLE), enabling them to build gradually on the knowledge gained in each chapter. The book covers the key concepts of English phonetics and phonology in seven chapters written in an accessible and engaging style: 1. Phonetics and Phonology 2. The Production and Classification of Speech Sounds 3. Vowels and Glides 4. Consonants 5. Segment Dynamics: Aspects of Connected Speech 6. Beyond the Segment: Stress and Intonation 7. Predicting Pronunciation from Spelling (and vice versa) Features: in-text audio illustrations, as well as over a hundred written and audio exercises with corresponding keys and different kinds of artwork (Tables, Figures, illustrations, spectrograms, etc.) classic readings in the discipline in the Further Reading section of each chapter highlights the phonetic contrasts and specific cues that are more important to aid comprehension in English and offers guidelines on "correct" pronunciation habits to help SSLE sound as close as possible to native English The book's companion website, EPSS Multimedia Lab, can be used on computers, smartphones and tablets, and is useful for the self-taught student and the busy lecturer alike. Features of the website: a complete sound bank defining and illustrating the sounds of English RP as compared with those of Peninsular Spanish written definitions and animated diagrams, videos and original recordings (by native speakers of English and Spanish) showing the articulation of each sound, alongside its most common spellings, as well as pronunciation practice for individual words and whole sentences a comprehensive selection of over a hundred written and audio exercises (with their keys) for practice both at home or in the language lab audio files corresponding to the audio illustrations given in the written book a repository of useful resources by topics and a list of online glossaries and pronunciation dictionaries

**English Pronunciation in Use Intermediate with Answers and Audio CDs (4)** - Mark Hancock 2012-03-15

A new edition of our best-selling pronunciation title, now in full colour and with a new section on understanding fast, authentic speech.

**Pronunciation Pairs Student's Book with Audio CD** - Ann Baker 2007-09-24

CD contains: selection of listening tasks from the class audio program.

**English Pronunciation** - Ken Xiao 2018-09-23

You want to learn English pronunciation but there are so many books to choose from. You don't know which book is right for you, and you don't know which book can give you the results you want. Now look at this: My name is Ken Xiao. I didn't speak any English when I moved to the United States at the age of 17, but listen to my English now! The audio of this is my voice! In this book, you'll learn English pronunciation from a successful English teacher, me, who has walked in your shoes before. You'll learn to pronounce it perfectly in four months with 100% accuracy like me! Take a look at the following pairs of words. Do they sound the same or different? Sheep, ship cop, cup food, foot Yes, they sound

different. How about these pairs? cap, cab life, live latter, ladder Yes, they sound different, too. Look at the following sentences. Can you say them right? Walk up a hill in high heels to see how you'll feel. Friend A, "A friend in need is a friend indeed." Friend B, "Agreed! Give me your money." How about these sentences. Can you say them correctly? Wipe a viper with a wiper is wise only if you're truly prepared to die. Wear your best vest facing west then give your kid this kit. Excuse me. what's your excuse to take back your bag? If you think you've got them right, congratulations, you've got them wrong. I have been in your shoes before, and I know you've got them wrong. Many words in English sound so similar, too similar that we think they're the same. Pronouncing the right words wrong can mean something else. Even slightly mispronouncing some words can damage everything. Let's take a look at this sentence: Take the crab to the beach. That's what we intended to say, but you said it wrong. You mispronounced two words, embarrassed yourself, and ruined everything. Do you know what you've pronounced wrong? Let's train our ears to hear the slight differences between similar sounds and train our mouth to pronounce the slight differences between similar sounds. For beginners, let's learn English pronunciation perfectly right away from the beginning. For intermediate learners, let's correct our pronunciation and then perfect it. For advanced learners, let's find out what we've got wrong, and then get them right. For all learners, let's do so even if we have a tight schedule. In this book, you will: 1. Learn English pronunciation. 2. Perfect your English pronunciation. 3. Do so easily. 4. Laugh. Learn English pronunciation from the successful! Follow my steps in this book to learn English pronunciation and pronounce it perfectly with 100% accuracy! Let's achieve that in four months and have fun. Get this book now!

**English Pronunciation in the Eighteenth Century** - Joan C. Beal 2002

Thomas Spence (1750-1814) was a native of Newcastle upon Tyne who is best known for his political writings, and more particularly for his radical 'Plan' for social reform involving common ownership of the land. One hitherto neglected aspect of Spence's Plan was his proposal to extend the benefits of reading and of 'correct' pronunciation to the lower classes by means of a phonetic script of his own devising, first set out and used in Spence's Grand Repository of the English Language (1775). The Grand Repository was one of many English pronouncing dictionaries produced in the late eighteenth-century to satisfy the growing demands for a clear guide to 'correct' pronunciation. It differs from its contemporaries firstly in that it was intended primarily for the lower classes, and secondly in that it is the only eighteenth-century pronouncing dictionary of English to use a truly 'phonetic' script in the sense of one sound being represented by one symbol. In this fascinating and unique account, Beal pays particular attention to the actual pronunciations advocated by Spence and his contemporaries with a view to reconstructing what was felt to be 'correct' pronunciation in eighteenth-century Britain. With broad appeal to linguists and historians alike, this study highlights the importance of pronouncing dictionaries as a resource for the historical phonologist, and provides a valuable addition to the limited body of knowledge on eighteenth-century pronunciation.

**The Handbook of English Pronunciation** - Marnie Reed 2019-02-12

The Handbook of English Pronunciation presents a comprehensive exploration of English pronunciation with essential topics for applied linguistics researchers and teachers, including language acquisition, varieties of English, historical perspectives, accent's changing role, and connections to discourse, technology, and pedagogy. Provides thorough descriptions of all elements of English pronunciation Features contributions from a global list of authors, reflecting the finest scholarship available Explores a careful balance of issues and topics important to both researchers and teachers Provides a historical understanding of the importance of pronunciation and examines some of the major ways English is pronounced today throughout the world Considers practical concerns about how research and practice interact in teaching pronunciation in the classroom

**Pronouncing American English** - Gertrude F. Orion 2011-06-17

Newly updated, this classic text continues to be the most comprehensive overview of the American sound system. With an easy-to-follow format and thorough coverage of vowels, consonants, stress and intonation, Pronouncing American English guides students to develop clear speech. Perfect for the classroom, self-study, or in a language lab!

Teaching English Pronunciation - Holger Schmitt 2016-04-01

Pronunciation teaching has sometimes been referred to as the 'Cinderella of language teaching', implying that, like Cinderella in the folk tale, it has come to be neglected, compared to her 'jealous sisters'

lexis, grammar and culture. One reason for this neglect is that many teachers do not feel adequately equipped to teach pronunciation beyond giving a few simple instructions like 'Put your tongue between your teeth to form the th-sound'. This book is an accessible introduction to many of the aspects that are involved in teaching English pronunciation. It starts out with the question of why pronunciation matters in the first place, looks at the models to be aimed at, reviews the factors that influence pronunciation, introduces methods and tools for pronunciation teaching and discusses the most important specific problems that learners of English with a German-language background (be it L1 or L2) have. It comes with a CD that contains a number of samples of German-influenced English for discussion and research.

**Spanish Pronunciation; Theory and Practice** - John B. Dalbor 1969

**Phonics & Vocabulary: Pre Kindergarten Workbook (Little Genius Series)** - flipClass 2019-02-01

Little Genius by flipClass is a series of high quality, engaging workbooks for Pre-schoolers/ Pre-K students. Little Genius books series for Pre-K

includes all the multiple topics/concepts a child learns at this age. The books are prepared by expert teachers and experienced academicians.
