Wild Gratitude - Edward Hirsch 2013-12-11

An excerpt from the poem, Wild Gratitude: "Tonight when I knelt down next to our cat, Zooney, And put my fingers into her clean cat's mouth, And rubbed her swollen belly that will never know kittens, And watched her wriggle onto her side, pawing the air, And listened to her solemn little squeals of delight, I was thinking about the poet, Christopher Smart, Who

wanted to kneel down and pray without ceasing In everyone of the splintered London streets, And was locked away in the madhouse at St. Luke's With his sad religious mania, and his wild gratitude, And his grave prayers for the other lunatics, And his great love for his speckled cat, Jeoffry. All day today—August 13, 1983—I remembered how Christopher Smart blessed this same day in August, 1759, For its calm bravery and ordinary good

conscience."

Greek Literature in the Roman Empire - Jason König
2013-10-10

In this book Jason König offers for the first time an accessible yet comprehensive account of the multi-faceted Greek literature of the Roman Empire, focusing especially on the first three centuries AD. He covers in turn the Greek novels of this period, the satirical writing of Lucian, rhetoric, philosophy, scientific and miscellanistic writing, geography and history, biography and poetry, providing a vivid introduction to key texts, with extensive quotation in translation. The challenges and pleasures these texts offer to their readers have come to be newly appreciated in the classical scholarship of the last two or three decades. In addition there has been renewed interest in the role played by novelistic and rhetorical

writing in the Greek culture of the Roman Empire more broadly, and in the many different ways in which these texts respond to the world around them. This volume offers a broad introduction to those exciting developments.

365 Thank You's - John Kralik 2010-12-28

One recent December, at age 53, John Kralik found his life at a terrible, frightening low: his small law firm was failing; he was struggling through a painful second divorce; he had grown distant from his two older children and was afraid he might lose contact with his young daughter; he was living in a tiny apartment where he froze in the winter and baked in the summer; he was 40 pounds overweight; his girlfriend had just broken up with him; and overall, his dearest life dreams--including hopes of upholding idealistic legal principles and of becoming a judge--seemed to have slipped beyond his reach. Then, during a desperate walk in the hills on New Year's Day, John was struck by the belief that his life might become at

least tolerable if, instead of focusing on what he didn't have, he could find some way to be grateful for what he had. Inspired by a beautiful, simple note his ex-girlfriend had sent to thank him for his Christmas gift, John imagined that he might find a way to feel grateful by writing thank-you notes. To keep himself going, he set himself a goal--come what may--of writing 365 thank-you notes in the coming year. One by one, day after day, he began to handwrite thank you--for gifts or kindnesses he'd received from loved ones and coworkers, from past business associates and current foes, from college friends and doctors and store clerks and handymen and neighbors, and anyone, really, absolutely anyone, who'd done him a good turn, however large or small. Immediately after he'd sent his very first notes, significant and surprising benefits began to come John's way--from financial gain to true friendship, from weight loss to inner peace. While John wrote his notes, the economy

collapsed, the bank across the street from his office failed, but thank-you note by thank-you note, John's whole life turned around. 365 Thank Yous is a rare memoir: its touching, immediately accessible message--and benefits--come to readers from the plainspoken storytelling of an ordinary man. Kralik sets a believable, doable example of how to live a miraculously good life. To read 365 Thank Yous is to be changed.

You Are Not Special - David McCullough, Jr. 2014-04-22

A profound expansion of David McCullough, Jr.'s popular commencement speech—a call to arms against a prevailing, narrow, conception of success viewed by millions on YouTube—*You Are (Not) Special* is a love letter to students and parents as well as a guide to a truly fulfilling, happy life “Every once in a long while, a voice seems to come out of nowhere, and you wonder how you ever managed without [it]. David McCullough, Jr. has that startling, insightful, wry, reassuring, helpful voice

and You Are Not Special may be the wisest ?‘parenting’ book I’ve read in decades.”—Madeline Levine, author of author of The Price of Privilege and Teach Your Children Well Children today, says David McCullough—high school English teacher, father of four, and son and namesake of the famous historian—are being encouraged to sacrifice passionate engagement with life for specious notions of success. The intense pressure to excel discourages kids from taking chances, failing, and learning empathy and self-confidence from those failures. In You Are (Not) Special, McCullough elaborates on his now-famous speech exploring how, for what purpose, and for whose sake, we’re raising our kids. With wry, affectionate humor, McCullough takes on hovering parents, ineffectual schools, professional college prep, electronic distractions, club sports, and generally the manifestations, and the applications and consequences of privilege. By acknowledging that the world is indifferent to

them, McCullough takes pressure off of students to be extraordinary achievers and instead exhorts them to roll up their sleeves and do something useful with their advantages.

The Dash - Linda Ellis
2012-04-16

When your life is over, everything you did will be represented by a single dash between two dates—what will that dash mean for the people you have known and loved? As Joseph Epstein once said, “We do not choose to be born. We do not choose our parents, or the country of our birth. We do not, most of us, choose to die. .

. . But within this realm of choicelessness, we do choose how we live.” And that is what The Dash is all about.

Beginning with an inspiring poem by Linda Ellis titled “The Dash,” renowned author Mac Anderson then applies his own signature commentary on how the poem motivates us to make certain choices in our lives—choices to ignore the calls of selfishness and instead reach out to others, using our God-given abilities to brighten their days and lighten their loads. After all, at the end of

life, how we will be remembered—whether our dash represents a full, joyous life of seeking God’s glory, or merely the space between birth and death—will be entirely up to the people we’ve left behind, the lives we’ve changed.

GOP collaborated with Donald Trump to transform

Washington's "swamp" into a gold-plated hot tub—and a

onetime party of rugged individualists into a

sycophantic personality cult. In

the early months of Trump's candidacy, the Republican

Party's most important figures, people such as Marco Rubio,

their scorn and contempt. Even more, in their outrage: Trump

chief enablers, and the swamp's lesser lights into frantic chasers of the grift. What would these politicians do to preserve their place in the sun, or at least the orbit of the spray tan? What would they do to preserve their "relevance"? Almost anything, it turns out. Trump's savage bullying of everyone in his circle, along with his singular command of his political base, created a dangerous culture of submission in the Republican Party. Meanwhile, many of the most alpha of the lapdogs happily conceded to Mark Leibovich that they were "in on the joke." As Lindsey Graham told the author, his supporters in South Carolina generally don't read The New York Times, and they won't read this book, either. All that cynicism, shading into nihilism, led to a country truly unhinged from reality, and to the events of January 6, 2021. It's a vista that makes the Washington of This Town seem like a comedy of manners in comparison. Thank You for Your Servitude isn't another view from the

Oval Office: it's the view from the Trump Hotel. We can check out any time we want, but only time will tell if we can ever leave.

Trump's popularity with the public proved to be an asset for him in the swamp, as it gave him credibility as an irritant. He was happy to play the turd in the Republican punch bowl. Trump was irredeemable with women voters, according to Barbara Bush. #3 In 2016, the gap between Twitter and real life was much greater than it was in 2012. This was evident at Trump's first rally, when I tried to interview a Trump supporter but was unable to because of the crowd's intense dislike of political correctness. #4 Trump was always going to win, and he did. The Republicans who kept voting for him by large margins were not who we are, as Rubio declared.

The Overstory: A Novel -

Richard Powers 2018-04-03
Winner of the Pulitzer Prize in Fiction Shortlisted for the Man Booker Prize New York Times Bestseller A New York Times Notable Book and a Washington Post, Time, Oprah Magazine, Newsweek, Chicago Tribune, and Kirkus Reviews Best Book of 2018 "The best

novel ever written about trees, and really just one of the best novels, period." —Ann Patchett
The Overstory, winner of the 2019 Pulitzer Prize in Fiction, is a sweeping, impassioned work of activism and resistance that is also a stunning evocation of—and paean to—the natural world. From the roots to the crown and back to the seeds, Richard Powers's twelfth novel unfolds in concentric rings of interlocking fables that range from antebellum New York to the late twentieth-century Timber Wars of the Pacific Northwest and beyond. There is a world alongside ours—vast, slow, interconnected, resourceful, magnificently inventive, and almost invisible to us. This is the story of a handful of people who learn how to see that world and who are drawn up into its unfolding catastrophe.
Funeral Homilies - William J. Bausch 2009
Father Bill Bausch's homilies are always outstanding. He brings a deep pastoral presence and much thought and preparation to each of

them. This has never been more evident than here in this book of funeral homilies. Each is crafted to reflect the person remembered as well as the message of Scripture. Each reflects the communal nature of a Catholic funeral and is sensitive to the status of the mourners: non-Catholics, lapsed Catholics, faithful parishioners, relatives, and friends. Father Bill's words are faith-filled and compassionate, comforting and challenging, communal and personal. He regards the funeral liturgy as one of the greatest teachable moments the Church offers and here this is very evident.

Highly recommended for all priests, deacons, and preachers. Book jacket.

Postcolonial Politics, The Internet and Everyday Life - M.I. Franklin 2006-05-02

In this ground-breaking study M.I. Franklin explores the form and substance of everyday life online from a critical postcolonial perspective. With Internet access and social media uses accelerating in the Global South, in-depth studies of just how non-western communities, at home and living abroad, actually use the Internet and web-based media are still relatively few. This book's pioneering use of virtual ethnography and mixed method research in this study of a longstanding 'media diaspora' incorporates online participant-observation with offline fieldwork to explore how postcolonial diasporas from the south Pacific have been using the Internet since the early ways of the web. Through a critical reconsideration of the work of Michel de Certeau in light of postcolonial and feminist theories, the book

provides insights into the practice of everyday life in a global and digital age by non-western participants online and offline. Critical of techno- and media-centric analyses of cyberspatial practices and power hierarchies, Franklin argues that a closer look at the content and communicative styles of these contemporary Pacific traversals suggest other Internet futures. These are visions of social media that can be more hospitable, culturally inclusive and economically equitable than those promulgated by both powerful commercial interests and state actors looking to take charge of the Internet 'after Web 2.0'. The book will be of interest to students of international politics, media and communications, cultural studies, science and technology studies, anthropology and sociology interested in how successive waves of new media interact with shifting power relations at the intersection of politics, culture, and society.

Confessions of a Funeral Director - Caleb Wilde
2017-09-26

The blogger behind *Confessions of a Funeral Director*—what Time magazine called a "must read"—reflects on mortality and the powerful lessons death holds for every one of us in this compassionate and thoughtful spiritual memoir that combines the humor and insight of *Smoke Gets in Your Eyes* with the poignancy and brevity of *When Breath Becomes Air*. We are a people who deeply fear death. While humans are biologically wired to evade death for as long as possible, we have become too adept at hiding from it, vilifying it, and—when it can be avoided no longer—letting the professionals take over. Sixth-generation funeral director Caleb Wilde understands this reticence and fear. He had planned to get as far away from the family business as possible. He wanted to make a difference in the world, and how could he do that if all the people he worked with were . .
