**The Patient's Eyes** - David Pirie 2010-09-30  
While a young medical student at Edinburgh, Arthur Conan Doyle famously studied under the remarkable Dr Joseph Bell. Taking this as a starting point, David Pirie has woven a compelling thriller, which partners Bell and Doyle as pioneers in criminal investigation, exploring the strange underworld of violence and sexual hypocrisy running below the surface of the Victorian era. The Patient's Eyes moves from Edinburgh and the strange circumstances surrounding Doyle's meeting with the remarkable Joseph Bell to Southsea where he begins his first medical practice. There he is puzzled by the symptoms presented by Heather Grace, a sweet young woman whose parents have died tragically several years before. Heather has a strange eye complaint, but is also upset by visions of a phantom cyclist who vanishes as soon as he is followed. This enigma, however, is soon forgotten as Doyle finds himself embroiled in more threatening events - including the murder of a rich Spanish businessman - events that call for the intervention of the eminent Dr Bell. But despite coming to Doyle's aid, perversely Dr Bell considers the murder of Senor Garcia a rather unimportant diversion from the far more sinister matter, which has brought him south: the matter of the patient's eyes and the solitary cyclist...

[Work Like Any Other](#) - Virginia Reeves

2016-03-01  
LONGLISTED FOR THE MAN BOOKER PRIZE In this "inventive, beautiful, and deceptively morally complex novel" (The Miami Herald), a prideful electrician in 1920s rural Alabama struggles to overcome past sins, find peace, and rescue his marriage after being sent to prison for manslaughter. Roscoe T Martin set his sights on a new type of power spreading at the start of the twentieth century: electricity. It became his training, his life's work. But when his wife, Marie, inherits her father's failing farm, Roscoe has to give up his livelihood, with great cost to his sense of self, his marriage, and his family. Realizing he might lose them all if he doesn't do something, he begins to siphon energy from the state, ushering in a period of bounty and happiness. Even the love of Marie and their child seem back within Roscoe's grasp. Then a young man working for the state power company stumbles on Roscoe's illegal lines and is electrocuted, and everything changes: Roscoe is arrested; the farm once more starts to deteriorate; and Marie abandons her husband, leaving him to face his twenty-year sentence alone. As an unmoored Roscoe carves out a place at Kilby Prison, he is forced to ask himself once more if his work is just that, or if the price of his crimes—for him and his family—is greater than he ever let himself believe. Work Like Any Other is "a consummately well-written, deeply

affecting, thought-provoking American historical novel of hard labor, broken dreams, moral dilemmas, violence, racism, and the intricacies of marriage, parenthood, and friendship. Hope is found in reading, compassion, forgiveness, and good, honest work, whatever form it takes. Virginia Reeves's gripping, dynamically plotted, and profound novel will resonate on different frequencies for men and women and spark soul-searching and heated discussion" (Booklist, starred review).

The Conductor - Sarah Quigley 2011-08-26

A best-selling, compelling and evocatively realised novel based on real events and figures. It has now sold into eight different countries around the world. In June 1941, Nazi troops march on Leningrad and surround it. Hitler's plan is to shell, bomb, and starve the city into submission. Most of the cultural elite are evacuated early in the siege, but Dmitri Shostakovich, the most famous composer in Russia, stays on to defend his city, digging ditches and fire-watching. At night he composes a new work. But after Shostakovich and his family are forced to evacuate, only Karl Eliasberg - a shy and difficult man, conductor of the second-rate Radio Orchestra - and an assortment of musicians are left behind in Leningrad to face an unendurable winter and start rehearsing the finished score of Shostakovich's Leningrad Symphony.

*Judicial Tyranny* - Mark Sutherland 2005

We live in the greatest nation on Planet Earth, but it is becoming more and more apparent that in order to keep it great, people must do something to stop the federal courts that are daily setting themselves above the law and dictating how we should live and what we should think. This book is designed to bring you up to speed on the ongoing struggle against an over-reaching judicial branch, without overwhelming you with legal double-speak. It is written in plain American, and presented in bite-sized pieces. After studying the principles in this book, you will better understand the role of government and how to react when the next judge throws out the will of the people in favor of the latest social engineering project. To bring our nation back from the elites in black robes that wish to redefine everything we are as Americans, it is going to take work. Edmund Burke, the famous British politician who supported our War of Independence while serving in the British

Parliament, stated a simple truth that still applies to us today: "The only thing necessary for the triumph of evil is for good men to do nothing." We have done nothing for too long, and we are paying the price today. But it is not too late. The fight has only just begun. But by picking up this book you are taking the first step, and together we can turn our nation around. This book features chapters from some of our nation's most prominent leaders in the battle for continued liberty and freedom in our nation, such as: A CONSTITUTIONAL CRISIS-US Attorney General Ed Meese THOU SHALT HAVE NO GOD BEFORE US-Benjamin D. *The Leading Edge of Now* - Marci Lyn Curtis  
2018-09-04

A sexual assault survivor seeks to find her truth, face her truth and speak her truth. Grace once spent the best summers of her life in New Harbor. Now that she's returned, though, the place just reminds her of all she's lost: her father, her best friend, her boyfriend and any memory of the night that changed her forever. People say the truth will set you free, but Grace isn't sure about that. Once she starts looking for it, the truth about that night is hard to find and what happens when her healing hurts the people she cares about the most? Marci Lyn Curtis, the critically acclaimed author of *The One Thing*, has crafted an honest and emotional story that will resonate with the wide range of readers impacted by sexual assault. Sexual assault does not define this story, however, just as it does not define Grace. Wry humor and true love emerge as Grace, like many in the #MeToo era, seeks to find her truth, face her truth and speak her truth.

**The Marseille Cap** - Peter Mayle 2012-11-06  
Lovable rogue and sleuth extraordinaire Sam

Levitt is back in another beguiling, as-only-Peter-Mayle-can-write-it romp through the South of France. At the end of *The Vintage Cap*, Sam had just carried off a staggering feat of derring-do in the heart of Bordeaux, infiltrating the ranks of the French elite to rescue a stolen, priceless wine collection. With the questionable legality of the adventure—and the threat of some very powerful enemies!—Sam thought it'd be a while before he returned to France, especially with the charms of the beautiful Elena Morales to keep him in Los Angeles. But when the immensely wealthy Francis Reboul—the victim of Sam's last heist but someone who knows talent when he sees it—asks our hero to take a job in Marseille, it's impossible for Sam and Elena to resist the possibility of further excitement . . . to say nothing of the pleasures of the region. Soon the two are enjoying the coastal sunshine and the delectable food and wine for which Marseille is known. Yet as a competition over Marseille's valuable waterfront grows more hotly disputed, Sam, representing Reboul, finds himself in the middle of an increasingly intrigue-ridden and dangerous real-estate grab, with thuggish gangsters on one side and sharklike developers on the other. Will Sam survive this caper unscathed? Will he live to enjoy another bowl of bouillabaisse? All will be revealed—with luck, savvy, and a lot of help from Sam's friends—in the novel's wonderfully satisfying climax.

**Funny, You Don't Look Like a Grandmother** - Lois Wyse 2011-08-03

Smart, warm, telling, and funny, *Funny, You Don't Look Like a Grandmother* is the perfect bouquet for today's grandmother, that active and interesting woman who is old enough to be

somebody's grandmother and young enough to run around the world. Lois Wyse's new book, charmingly illustrated by Lilla Rogers, is a collection of wit and wisdom for today's Nana, Grandma, Goo-Goo, or Gran. How can you recognize today's grandmother? Easy, says Wyse. The grandmother is the one who goes out more and complains less than her daughter. In the spirit of Erma Bombeck and Bill Cosby, Lois Wyse tells loving and amusing stories that illustrate the joys of contemporary grandmothers. According to Lois Wyse, "A mother becomes a true grandmother the day she stops noticing the terrible things her children do because she is so enchanted with the wonderful things her grandchildren do." Contemporary grandmothers and their children and grandchildren will see themselves in these reflections of family life that include everything from how it feels to become a grandmother to gentle advice on parenting and career grandmothers. Funny, You Don't Look Like a Grandmother is the first nontraditional book about grandmothers who may not look like grandmothers -- but who love as deeply as the generations of grannies who preceded them.

Dreadful Young Ladies and Other Stories - Kelly Barnhill 2018-02-20

When Mrs. Sorensen's husband dies, she

rekindles a long-dormant love with an unsuitable mate in "Mrs. Sorensen and the Sasquatch." In "Open the Door and the Light Pours Through," a young man wrestles with grief and his sexuality in an exchange of letters with his faraway beloved. "Dreadful Young Ladies" demonstrates the strength and power—known and unknown—of the imagination. In "Notes on the Untimely Death of Ronia Drake," a witch is haunted by the deadly repercussions of a spell. "The Insect and the Astronomer" upends expectations about good and bad, knowledge and ignorance, love and longing. The World Fantasy Award-winning novella "The Unlicensed Magician" introduces the secret magical life of an invisible girl once left for dead—with thematic echoes of Barnhill's Newbery Medal-winning novel, *The Girl Who Drank the Moon*. With bold, reality-bending invention underscored by richly illuminated universal themes of love, death, jealousy, and hope, the stories in *Dreadful Young Ladies* show why its author has been hailed as "a fantasist on the order of Neil Gaiman" (Minneapolis Star Tribune). This collection cements Barnhill's place as one of the wittiest, most vital and compelling voices in contemporary literature.

[The Woman in the Blue Cloak](#) - Deon Meyer  
2019-05-07

A death in South Africa may be tied to a centuries-old painting: "Is it O.K. to call a murder mystery 'lovely'? That's the word that comes to mind."—Marilyn Stasio, *The New York Times Book Review* Early on a May morning in the depth of South Africa's winter, a woman's naked body, washed in bleach, is discovered on a stone wall beside a highway some thirty-five miles from Cape Town. The local investigation stalls, so the case is referred to Captains Benny Griessel and Vaughn Cupido of the Hawks—the Directorate for Priority Crime Investigations. The woman is an American named Alicia Lewis, an expert in old Dutch Masters paintings specializing in the recovery of valuable lost art. Discovering the two men she had contacted

before coming to South Africa reveals what she was seeking—a rare painting by Carel Fabritius, Rembrandt's finest student, not seen since it disappeared from Delft in 1654. But how Lewis died, why, and at whose hand shocks even the two veteran detectives, in this compact jewel of a thriller from a multiple award-winning author. "Just the thing for a one-sitting read."—Kirkus Reviews "Deon Meyer's Benny Griessel series is one of the high points of contemporary crime fiction."—Guardian "A serious writer who richly deserves the international reputation he has built."—The Washington Post

**Parallel Narratives** - Julia C. Walworth 2007

*Parallel Narratives* examines several richly illustrated manuscripts as reflections of a transitional moment in the history of the book in medieval Germany. In the thirteenth century the nobility and their emulators had aspirations to own and to read books privately as an alternative to the traditional social experience of listening to recitation or to a reading in a group, large or small. But comfortable reading skills were not yet widespread. One solution was to 'read' privately an illustrated book in which the images could carry the storyline without recourse to the written text. The focus of this study is a mid-thirteenth-century illustrated manuscript of Gottfried's *Tristan*. A close analysis of the visual narrative and its relation to the text demonstrates that the pictorial narrative presents a parallel independent telling of the *Tristan* story. A foil to the unusual *Tristan* is provided by a slightly later illuminated manuscript of the *Willehalm von Orlens*/ *Rudolph von Ems*, in which the written text takes communicative precedence over sumptuous illuminations. In the course of developing its argument this book provides an introduction to the whole subject of the early manuscript illumination of vernacular German secular narratives. Julia C. Walworth is Research Fellow and Librarian at Merton College Oxford.

Mathematical Modelling of Haemodialysis - Leszek Pstras 2019-07-03

Beginning with an introduction to kidney

function, renal replacement therapies, and an overview of clinical problems associated with haemodialysis, this book explores the principles of the short-term baroreflex regulation of the cardiovascular system and the mechanisms of water and solute transport across the human body from a mathematical model perspective. It synthesizes theoretical physiological concepts and practical aspects of mathematical modelling needed for simulation and quantitative analysis of the haemodynamic response to dialysis therapy. Including an up-to-date review of the literature concerning the modelled physiological mechanisms and processes, the book serves both as an overview of transport and regulatory mechanisms related to the cardiovascular system and body fluids and as a useful reference for the study and development of mathematical models of dynamic physiological processes.

Mathematical Modelling of Haemodialysis: Cardiovascular Response, Body Fluid Shifts, and Solute Kinetics is intended for researchers and graduate students in biomedical engineering, physiology, or medicine interested in mathematical modelling of cardiovascular dynamics and fluid and solute transport across the human body, both under physiological conditions and during haemodialysis therapy.

Perfect for fans of Tim Federle and Gary Schmidt, this is a hilarious and poignant tale about the trials of middle school when you're coming of age—and coming out. Alan Cole can't stand up to his cruel brother, Nathan. He can't escape the wrath of his demanding father, who thinks he's about as exceptional as a goldfish. And—scariest of all—he can't let the cute boy across the cafeteria know he has a crush on him. But when Nathan discovers Alan's secret, his older brother announces a high-stakes round of Cole vs. Cole. Each brother must complete seven nearly impossible tasks; whoever finishes the most wins the game. If Alan doesn't want to be outed to all of Evergreen Middle School, he's got to become the most well-known kid in school, get his first kiss, and stand up to Dad. Alan's determined to prove—to Nathan, to the world, to himself—that this goldfish can learn to swim. May the best Cole win.
