The GR5 Trail - Paddy Dillon 2016-01-19

An essential guidebook for walking the GR5, one of the world's most spectacular long-distance trails. The GR5 makes its way through the Alps from the shores of Lac Léman at Geneva to the Mediterranean at Nice. A route of 674km (420 miles), it can be trekked in a month, or split over a series of summer trips. The GR5 is well within the reach of fit and moderately experienced walkers and backpackers. There is good signposting and waymarking, and accommodation, food and drink are all available at regular intervals. The paths and tracks are generally well graded, while steep climbs are tackled on zigzag paths, so the overall gradient is not so severe. Every summer, thousands of walkers embark on this trek. This guidebook also describes some scenic variant routes, including the stunning GR55 through the Vanoise National Park and the delightful GR52 that crosses the Mercantour National Park. Full descriptions and maps are provided for these alternatives. The book includes daily stages, timings, ascents and descents, full-colour mapping and gradient profiles, alongside information about facilities and services along the route. The result is an ideal companion to planning and completing your trek. Two further Cicerone guidebooks cover the remaining sections of the GR5; 'The GR5 Trail - Vosges and Jura', and 'The GR5 Trail

- Benelux and Lorraine' which together cover the route from Lac Léman to the Hoek Van Holland. Island Rivers - John R. Wagner 2018-06-19 Anthropologists have written a great deal about the coastal adaptations and seafaring traditions of Pacific Islanders, but have had much less to say about the significance of rivers for Pacific island culture, livelihood and identity. The authors of this collection seek to fill that gap in the ethnographic record by drawing attention to the deep historical attachments of island communities to rivers, and the ways in which those attachments are changing in response to various forms of economic development and social change. In addition to making a unique contribution to Pacific island ethnography, the authors of this volume speak to a global set of issues of immense importance to a world in which water scarcity, conflict, pollution and the degradation of riparian environments afflict growing numbers of people. Several authors take a political ecology approach to their topic, but the emphasis here is less on hydro-politics than on the cultural meaning of rivers to the communities we describe. How has the cultural significance of rivers shifted as a result of colonisation, development and nation-building? How do people whose identities are fundamentally rooted in their relationship to a particular river renegotiate that relationship

when the river is dammed to generate hydro-power or polluted by mining activities? How do blockages in the flow of rivers and underground springs interrupt the intergenerational transmission of local ecological knowledge and hence the ability of local communities to construct collective identities rooted in a sense of place?

The New Wild: Life in the Abandoned Lands - Christopher Thomson 2018-04-16

"The New Wild: Vita nelle terre abbandonate," un libro-film in tre lingue - Nuovi e sorprendenti paesaggi emergono in tutta Europa mentre le popolazioni rurali invecchiano e scivolano a valle. Dove i terreni agricoli rimangono incolti si reinsedia una natura autodeterminata: crescono alberi dove un tempo c'erano campi, e i selvatici vagano liberi tra i ruderi. Distanti dall'attrazione dei nostri centri economici, le regioni marginalizzate stanno assistendo all'inizio di un crollo demografico e culturale. Interi stili di vita diventano storie, le storie diventano Storia e, a

mano a mano che la città si espande, i ricordi cominciano a svanire. Qualcosa però cresce dalle spaccature della rovina, e tra le fessure di più grandi cambiamenti si incrociano storie minori: da un'abbandonata valle alpina un paese ci offre, nel suo precario tentativo di sopravvivere, una serie di riflessioni sul nostro mutevole rapporto con la campagna e con il mondo naturale tutto.

PolyluxMarx - Valeria Bruschi 2014-03-01
The Great Recession, triggered by the collapse of financial markets in 2008, struck with such ferocity that millions of people began to question the rationality of our capitalist economic system. And as scholars, journalists, and activists tried to comprehend what was happening, they were forced to look deeply into the nature of capitalism—inevitably leading them to the work of Karl Marx. Now, Marx is enjoying a worldwide rediscovery and resurrection, and his masterwork, *Capital*, has found its way back into college classrooms, labor unions, the Occupy movement, study groups, and into the hands of disillusioned young people. Reading *Capital* can be a daunting endeavor and most readers need guidance when tackling this complex work. PolyluxMarx provides such guidance. Developed by scholars and political activists associated with the Rosa Luxemburg Stiftung (Foundation), one of the leading political education institutions in Germany, this book has been field tested with groups studying Marx's masterpiece over several years. It consists of a large set of PowerPoint presentations, combined with detailed annotations and suggestions for ways to discuss the material. Each page illustrates a central argument from *Capital*, provides helpful introductory texts, and supplies notes on methodology and teaching tips. PolyluxMarx is an ingeniously devised illustrated workbook that will help readers grasp the key arguments of *Capital*. It will prove invaluable to the curious reader of all ages, as well as to students, teachers, workers, activists, and study groups. *Rhodes, Karpathos, Kos, Southern Dodecanese* - Dieter Graf 2011

Naxos & Small Cyclades - Dieter Graf 2018-05

Beyond the Blue Border - Dorit Linke 2021-09-07

Hanna and Andreas will do anything to leave

oppressive East Germany behind. There's one escape route open to them, but can they survive it? Hanna and Andreas have always been friends. When they're expelled from school for activism directly challenging the socialist state in East Germany, they end up doing factory work. But what kind of life do they have to look forward to without education or opportunity? Especially when they aren't allowed a voice? The choice to risk imprisonment or death by escaping to the democratic West seems like a risk worth taking. They set out to swim twenty-five hours across the choppy waters of the Baltic Sea. Linke's storytelling achieves a delicate balance between heightened moments of danger--searchlights, jellyfish, a Russian helicopter, a violent summer storm--and the monotony, ineffable fatigue, physical pain, cramping, fear, and hope that fill the rest of the journey. A memorable tale of two people risking all for a chance at freedom.

Identity Process Theory - Rusi Jaspal 2014-04-17

We live in an ever-changing social world, which constantly demands adjustment to our identities and actions. Advances in science, technology and medicine, political upheaval, and economic development are just some examples of social change that can impact upon how we live our lives, how we view ourselves and each other, and how we communicate. Three decades after its first appearance, identity process theory remains a vibrant and useful integrative framework in which identity, social action and social change can be collectively examined. This book presents some of the key developments in this area. In eighteen chapters by world-renowned social psychologists, the reader is introduced to the major social psychological debates about the construction and protection of identity in face of social change. Contributors address a wide range of contemporary topics - national identity, risk, prejudice, intractable conflict and ageing - which are examined from the perspective of identity process theory.

Venturing through Eastern European fields of yellow rapeseed to the intimate hosting culture in Iran, *One Year on a Bike* is a vivid chronicle of what can happen when the norm is pointedly replaced by exceptional self-discoveries and beautiful sceneries. Doolaard shares the gear and knowledge that made his trip possible." -- Provided by publisher.

It also contains far more maps than other guides. Bradt's Ethiopia is also the longest-serving English-language guidebook dedicated to the country, with a history of 25 years of research and expertise. This new edition has been updated by the original author, Philip Briggs, the world's foremost writer of Africa travel guides. Recent years have seen a notable rise in domestic and foreign private investment in the development of new hotels and national parks; this new edition includes all the most up-to-date details reflecting the recent changes, from development of tourist facilities to improved road infrastructure. Bradt's Ethiopia is ideal for visitors of all ages no matter the interest, whether travelling independently or as part of an organised group, from adventurous and active travellers interested in cultural, historical, and wildlife sightseeing to international conference visitors, spa tourists and community-based visitors looking for activities such as trekking and horseriding in the Rift Valley and Simien Mountains. This book also leads you further off the beaten track, so travellers can see more of this expansive and beautiful land, believed to be the cradle of humankind.

Travels with My Donkey - Tim Moore 2014-05-06

"A donkey?" blurted my family as one. For a moment it didn't seem they'd ever be able to list all the reasons that made this so entertainingly ludicrous. . . .Yes, I'd never ridden a donkey on a beach or petted one at a city farm, never even pinned a cardboard tail to one's throat after the cake and ice cream....A donkey would be my hairy-coated hair shirt, making my pilgrimage to Santiago de Compostela a truer test of the will, a trial." With these words, having no knowledge of Spanish and even less about the care and feeding of donkeys, Tim Moore, Britain's indefatigable traveling Everyman, sets out on a pilgrimage to the cathedral at Santiago de Compostela with a donkey named Shinto as his companion. Armed only with the Codex Calixtinus, a twelfth-century handbook to the route, and expert advice on donkey management from Robert Louis Stevenson, Moore and his four-legged companion travel the ancient five-hundred-mile route from St. Jean Pied-de-Port, on the French side of the Pyrenees, to the cathedral at Santiago de Compostela, which houses the remains of Spain's patron saint, St. James. Over sun-scorched highways, precipitous bridges, dirt paths shaded by leafy trees, and vineyards occasionally lashed by downpours, Moore and Shinto pass through some of the oldest towns and cities in northern Spain in colorful company, both past and present.

Pilgrims real and imagined have traveled this route throughout the ages, a diverse cast of wayfarers spanning Charlemagne, St. Francis of Assisi, Chaucer's Wife of Bath, and New Age diva, Shirley MacLaine. Moore's present-day companions are no less florid or poignant. Clearly more interested in Shinto than in Moore, their fellow walkers are an assortment of devout Christian pilgrims, New Age spirituality seekers, travelers grieving over a lost love affair, Baby Boomers contemplating the advent of middle age, and John Q. Public just out for a cheap, boozy sun-drenched outdoor holiday. As Moore pushes, pulls, wheedles, cajoles, and threatens Shinto across Spain toward the crypt of St. James in a quest to find the spiritual pilgrim within, the duo overnights in the bedrooms, dormitories, and--for Shinto--adjacent grassy fields of northern Spain's hostels, inns, convents, seminaries, and farmhouses. Shinto, a donkey with a finely honed talent for relieving himself at the most inopportune moments, has better luck in the search for his next meal than Moore does in finding his inner St. Francis. Undaunted, however, Man and Beast finally arrive at the cathedral and a successful end to their journey. For readers who delighted in his earlier books, *Travels with My Donkey* is the next hilarious chapter in the travels of Tim Moore, a book that keeps the bones of St. James rattling till this day.
