The Power of Character in Leadership -

Myles Munroe 2014-01-01

How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same—only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral

force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders*, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring.

Reclaiming Christianity - A.W. Tozer 2009-05-01

Does the church use words that have lost their meaning? Are there Christian words and phrases that have lost their power to convict the human spirit and bring transformation to the world?

One of the twentieth century's most renowned prophetic thinkers, A.W. Tozer, saw a dangerous trend gaining momentum even before his death-- a trend that has become commonplace now in the twenty-first century. In this never-before-published book, Tozer sounds his alarm for the

modern church: We must stop parroting words carelessly and instead allow the meaning that these words convey to empower, shape, and direct the work of the church. Yet Reclaiming Christianity is not just a warning; it is a spiritual guidebook for reconnecting to the deepest meaning of Christianity's sacred messages.

Competent to Counsel - Jay E. Adams 2009-07-13
A classic in the field of Christian counseling, Competent to Counsel is one of the first works to fully articulate a vision of "nouthetic" counseling—a strictly biblical approach to behavioral counseling and therapy. Dr. Jay

Adams defends the idea that the Bible itself, as God's Word, provides all the principles needed for understanding and engaging in holistic counseling. Using biblically directed discussion, nouthetic counseling works by means of the Holy Spirit to bring about change—both immediate and long-term—in the personality and behavior of the counselee. As he points out in his introduction, "I have been engrossed in the project of developing biblical counseling and have uncovered what I consider to be a number of important scriptural principles. . . There have been dramatic results. . . Not only have people's immediate problems been resolved, but there have also been solutions to all sorts of long-term problems as well." Competent to Counsel has helped thousands of pastors, students, laypersons, and Christian counselors develop: A general approach to (and theology of) Christian counseling. Specific, practical responses to particular problems useful for teaching, study, and personal application. Since its first

Explosión de Liderazgo - Joel Comiskey 2023-01-02

Esta es la versión actualizada 2023 de Explosión de Liderazgo ¿Hay Crisis De Liderazgo En La Iglesia? Muchos piensan que los grupos celulares son una cantera de líderes para la Iglesia del futuro. La realidad, sin embargo, está demostrando que aun en las mejores estructuras celulares subsiste una carencia de líderes; y esta carencia limita el crecimiento, lo que hace que, con frecuencia, la cosecha quede sin recoger. Joel Comiskey ha descubierto que algunas iglesias tienen mucho más éxito que otras a la hora de desarrollar un liderazgo sólido para sus grupos celulares. Y en este libro analiza la razón. A saber, hacen algo más que limitarse a orar y

esperar de brazos cruzados que surjan nuevos líderes. Establecen una estrategia adecuada y planifican acciones concretas para que se produzca una explosión de liderazgo. En las páginas de este libro el autor estudia los modelos utilizados por estas iglesias y analiza paso a paso cuáles son sus planes y estrategias para conseguir que los líderes se multipliquen. Extrae también los principios fundamentales de cada uno de estos modelos particulares y describe la manera de extrapolarlos y aplicarlos a su propia iglesia.

Cultural Anthropology - Stephen A. Grunlan 2016-11-22

The hope is that a sympathetic approach to the problems of cultural diversity throughout the world will help young people overcome typical North American cultural biases and bring understanding and appreciation for the

diversities of behavior and thought that exist in a culturally heterogeneous world. Grunlan and Mayers take the position of "functional creationism"; and though they discuss some of the problems implied in traditional interpretations of the age of the world and especially of the creation of the human race, they do not attempt to deal with either physical anthropology or the origins of man. They do, however, attempt to deal meaningfully with the problems posed by biblical absolutism and cultural relativism, and their practice.

Concluding chapters with a series of thought-provoking questions should prove to be of real help to both the professional and nonprofessional teacher of anthropology.

They take pains, by His power, to look more and more like Jesus. This book will help you to be such a disciple. It examines Jesus' teaching on what it means to follow Him, helping you become the kind of Christian Jesus wants you to be—not one devised by man or even other Christians. Take Your Church's Pulse - Tim Koster
2014-10-07

Take Your Church's Pulse presents ten vital signs of a healthy church--five key commitments and five key functions. It then introduce you to a church-health diagnostic tool you can apply to your setting. Thousands of pastors and leaders around the world have found this paradigm helpful in organizing the ministry and mission of the local church. This book and the free diagnostic tool it presents are most useful if accompanied by a healthy process of conversations. With such a process, led by the Spirit, this book can help you discern a preferred future for your community of faith. Koster and Wagenveld write: "A healthy community of faith is rooted first of all in the character and nature of God. It understands its mission and purpose in

the world and organizes its life and work to be faithful and effective in its context. None of these vital signs stands alone. It is a combination of factors that together make up a faithful and fruitful organism, the living Church of our Lord Jesus Christ. There is no magic in the number ten, but for the teaching purposes it has worked quite well in different cultural contexts in providing ideas and a language for discussing important issues in congregational life and mission." The intended audience for this book is any pastor, leader, or church member who is interested in having healthy conversations with others to strengthen the local church.

Servants for His Glory - Miguel Núñez

2021-06-15

Being is greater than doing. We all come into the world with a certain emptiness in our lives—an emptiness that leads to a search for meaning. And the world tells us that search for meaning can be solved by doing. Unfortunately, an overemphasis on doing has led many people

away from cultivating an interior life that allows them to sustain their exterior life. This explains the many failures we continuously see in day-to-day life. When a person's inner life—who he or she is—is not prepared, that person's character does not have the maturity or the strength to sustain them in the long run. In this book, Miguel Núñez points us to Scripture and experience to show us how being is more important than doing. He teaches us how to cultivate the foundations of our lives, so that we can be what we need to be, in order to do what we need to do.
