Dark Eyes on America - Gavin Cologne-Brookes 2009-08-01

Joyce Carol Oates is America's most extraordinary and prolific woman of letters. In *Dark Eyes on America*, Gavin Cologne-Brookes illuminates the vision of this remarkable master of her craft, finding evidence in her novels of an evolving consciousness that ultimately forgoes abstract introspection in favor of a more practical approach to art as a tool for understanding both personal and social challenges. With her clear-eyed perception of human behavior, Oates has for decades offered unhesitating explorations of genre, topic, and style—making her an inevitable if somewhat elusive subject for critical assessment. Cologne-Brookes's conversations and correspondence with Oates, his close textual study of her novels, and abundant references to her essays, stories, poetry, and plays result in a work that critically synthesizes the layers of her writing. This comprehensive yet accessible study offers an essential analysis of one of the twentieth century's most significant writers.

We Were the Mulvaney - Joyce Carol Oates 1997-09-01

An Oprah Book Club® selection A New York Times Notable Book The Mulvaney are blessed by all that makes life sweet. But something

happens on Valentine's Day, 1976—an incident that is hushed up in the town and never spoken of in the Mulvaney home—that rends the fabric of their family life...with tragic consequences. Years later, the youngest son attempts to piece together the fragments of the Mulvaney's former glory, seeking to uncover and understand the secret violation that brought about the family's tragic downfall. Profoundly cathartic, this extraordinary novel unfolds as if Oates, in plumbing the darkness of the human spirit, has come upon a source of light at its core. Moving away from the dark tone of her more recent masterpieces, Joyce Carol Oates turns the tale of a family struggling to cope with its fall from grace into a deeply moving and unforgettable account of the vigor of hope and the power of love to prevail over suffering. "It's the novel closest to my heart....I'm deeply moved that Oprah Winfrey has selected this novel for Oprah's Book Club, a family novel presented to Oprah's vast American family."—Joyce Carol Oates

Gardening in the Tropics - Olive Senior 2005
Gardening in the Tropics contains a rich Caribbean world in poems offered to readers everywhere. Olive Senior's rich vein of humour can turn wry and then sharp in satire of colour-consciousness, class-consciousness and racism. But her predominant tone is the verbal equivalent of a pair of wide-open arms.

(((Semitism))): Being Jewish in America in the Age of Trump - Jonathan Weisman 2018-03-20
In the wake of Donald Trump's election and the Pittsburgh synagogue massacre, (((Semitism))) is a powerful book that examines how we can fight anti-Semitism in America A San Francisco Chronicle Reader Recommendation The Washington Post: "Timely...[A] passionate call to arms." Jewish Book Council: "Could not be more important or timely." Bernard-Henri Lévy: "It would be wonderful if anti-Semitism was a European specialty and stopped at the border with the United States. Alas, this is not the case. Jonathan Weisman's new book (((Semitism))) shows why..." Michael Eric Dyson: "With eloquence and poignancy Weisman shows how hatred can slowly and quietly chew away at the moral fabric of society. We now live in an age where more than ever bigotry and oppression no longer need to hide in fear of reproach. The floodgates have opened. This is much more than a personal response to the bigotry he

experienced because of his Jewishness; Weisman has written a manifesto that outlines the dangers of marginalizing and demonizing all minority groups. This powerful book is for all of us." Anti-Semitism has always been present in American culture, but with the rise of the Alt Right and an uptick of threats to Jewish communities since Trump took office, including the the Pittsburgh synagogue massacre, New York Times editor Jonathan Weisman has produced a book that could not be more important or timely. When Weisman was attacked on Twitter by a wave of neo-Nazis and anti-Semites, witnessing tropes such as the Jew as a leftist anarchist; as a rapacious, Wall Street profiteer; and as a money-bags financier orchestrating war for Israel, he stopped to wonder: How has the Jewish experience changed, especially under a leader like Donald Trump? In (((Semitism))), Weisman explores the disconnect between his own sense of Jewish identity and the expectations of his detractors and supporters. He delves into the rise of the Alt Right, their roots in older anti-Semitic organizations, the odd ancientness of their grievances—cloaked as they are in contemporary, techy hipsterism—and their aims—to spread hate in a palatable way through a political structure that has so suddenly become tolerant of their views. He concludes with what we should do next, realizing that vicious as it is, anti-Semitism must be seen through the lens of more pressing threats. He proposes a unification of American Judaism around the defense of self and of others even more vulnerable: the undocumented immigrants, refugees, Muslim Americans, and black activists who have been directly targeted, not just by the tolerated Alt Right, but by the Trump White House itself.

Clueless in Academe - Gerald Graff 2008-10-01
Gerald Graff argues that our schools and colleges make the intellectual life seem more opaque, narrowly specialized, and beyond normal learning capacities than it is or needs to be. Left clueless in the academic world, many students view the life of the mind as a secret

society for which only an elite few qualify. In a refreshing departure from standard diatribes against academia, Graff shows how academic unintelligibility is unwittingly reinforced not only by academic jargon and obscure writing, but by the disconnection of the curriculum and the failure to exploit the many connections between academia and popular culture. Finally, Graff offers a wealth of practical suggestions for making the culture of ideas and arguments more accessible to students, showing how students can enter the public debates that permeate their lives.

Quarterly Essay 56 Clivosaurus - Guy Rundle
2014-11-17

Who is Clive Palmer, and what does his ascent say about Australia's creaking political system? In *Clivosaurus*, Guy Rundle observes Palmer close up, examining his rise to prominence, his beliefs, his deals and his politics - not to mention his poetry. Rundle shows that neither the government nor the media have been able to take Palmer's measure. Convinced they face a self-interested clown, they have failed to recognise both his tactical flexibility and the consistency of his centre-right politics. This is a story about the Gold Coast, money in politics, Canberra's detached political caste and the meaning of Palmer's motley crew. Above all, it is a brilliantly entertaining portrait of "the man at the centre of a perfect storm for Australian democracy, a captain steering his vessel artfully in the whirlpool." "In the first half of the year we saw Tony Abbott treated with deference to his values and beliefs, as his chaotic and lying government slid from one side of the ring to the other, while Clive Palmer, ploughing a steady course on a range of key issues, was treated as the inconstant one. No wonder no one could tell what he was going to do next - they weren't even bothering to look at where he had come from." —Guy Rundle, *Clivosaurus*

Argument in Composition - John Ramage 2009
ARGUMENT IN COMPOSITION provides access to a wide range of resources that bear on the teaching of writing and argument. The ideas of

major theorists of classical and contemporary rhetoric and argument—from Aristotle to Burke, Toulmin, and Perelman—are explained and elaborated, especially as they inform pedagogies of argumentation and composition. John Ramage, Micheal Callaway, Jennifer Clary-Lemon, and Zachary Waggoner present methods of teaching informal fallacies and analyzing propaganda, while also providing a rationale for preferring an argument approach over other available approaches to the teaching of writing. The authors also identify the role of argument in pedagogies that are not overtly called argument, including pedagogies that foreground feminism, liberation, critical cultural studies, writing across the curriculum, genre, service learning, technology, and visual rhetoric. The lists of further reading and the annotated bibliography provide opportunities for learning more about the approaches presented in this indispensable guide. JOHN RAMAGE is Emeritus Professor at Arizona State University and the author of numerous books, including *Rhetoric: A User's Guide* (2005) and (with John Bean and June Johnson) *Writing Arguments*. MICHEAL CALLAWAY is Residential Faculty at Mesa Community College in Mesa, Arizona, where he focuses on teaching and developing curriculum for developmental writing courses. ZACHARY WAGGONER teaches courses in rhetoric, composition, videogame theory, and new teaching assistant education at Arizona State University. He is the author of *My Avatar, My Self: Identity in Video Role-Playing Games* (McFarland, 2009). JENNIFER CLARY-LEMON is Assistant Professor of Rhetoric at the University of Winnipeg. She is co-editor, with Peter Vandenberg and Sue Hum, of *Relations, Locations, Positions: Composition Theory for Writing Teachers* (NCTE, 2006) and has published work in *Composition Studies*, *American Review of Canadian Studies*, and (with Maureen Daly Goggin and Duane Roen) the *Handbook of Research on Writing*. The Mourning Hours - Paula Treick DeBoard
2013-07-01

A family's loyalty is put to the ultimate test
Kirsten Hammarstrom hasn't been home to her tiny corner of rural Wisconsin in years—not

since the mysterious disappearance of a local teenage girl rocked the town and shattered her family. Kirsten was just nine years old when Stacy Lemke went missing, and the last person to see her alive was her boyfriend, Johnny—the high school wrestling star and Kirsten's older brother. No one knows what to believe—not even those closest to Johnny—but the event unhinges the quiet farming community and pins Kirsten's family beneath the crushing weight of suspicion. Now, years later, a new tragedy forces Kirsten and her siblings to return home, where they must confront the devastating event that shifted the trajectory of their lives. Tautly written and beautifully evocative, *The Mourning Hours* is a gripping portrayal of a family straining against extraordinary pressure, and a powerful tale of loyalty, betrayal and forgiveness.

Crow Lake - Mary Lawson 2009-06-05

Mary Lawson's debut novel is a shimmering tale of love, death and redemption set in a rural northern community where time has stood still. Tragic, funny and unforgettable, this deceptively simple masterpiece about the perils of hero worship leapt to the top of the bestseller lists only days after being released in Canada and earned glowing reviews in *The New York Times* and *The Globe and Mail*, to name a few. It will be published in more than a dozen countries worldwide, including the U.S., the U.K., Germany, Italy and Bulgaria. Luke, Matt, Kate and Bo Morrison are born in an Ontario farming community of only a few families, so isolated that “the road led only south.” There is little work, marriage choices are few, and the winter cold seeps into the bones of all who dare to live there. In the Morrises’ hard-working, Presbyterian house, the Eleventh Commandment is “Thou Shalt Not Emote.” But as descendants of a great-grandmother who “fixed a book rest to her spinning wheel so that she could read while she was spinning,” the Morrison children have some hope of getting off the land through the blessings of education. Luke, the eldest, is accepted at teachers college – despite having struggle mightily through school – but before he can enroll, the Morrison parents are killed in a collision with a logging truck. He gives up his place to stay home and raise his younger sisters – seven-year-old Kate, and Bo, still a baby. In

this family bound together by loss, the closest relationship is that between Kate and her older brother Matt, who love to wander off to the ponds together and lie on the bank, noses to the water. Matt teaches his little sister to watch “damselflies performing their delicate iridescent dances,” to understand how water beetles “carry down an air bubble with them when they submerge.” The life in the pond is one that seems to go on forever, in contrast to the abbreviated lives of the Morrison parents. Matt becomes Kate’s hero and her guide, as his passionate interest in the natural world sparks an equal passion in Kate. Matt, a true scholar, is expected to fulfill the family dream by becoming the first Morrison to earn a university degree. But a dramatic event changes his course, and he ends up a farmer; so it is Kate who eventually earns the doctorate and university teaching position. She is never able to reconcile her success with what she considers the tragedy of Matt’s failure, and she feels a terrible guilt over the sacrifices made for her. Now a successful biologist in her twenties, she nervously returns home with her partner, a microbiologist from an academic family, to celebrate Matt’s son’s birthday. Amid the clash of cultures, Kate takes us in and out of her troubled childhood memories. Accustomed to dissecting organisms under a microscope, she must now analyze her own emotional life. She is still in turmoil over the events of one fateful year when the tragedy of another local family spilled over into her own. There are things she cannot understand or forgive. In this universal drama of family love and misunderstandings, Lawson ratchets up the tension, her narrative flowing with consummate control in ever-increasing circles, overturning one’s expectations to the end. Compared by Publishers Weekly to Richard Ford for her lyrical, evocative writing, Lawson combines deeply drawn characters, beautiful writing and a powerful description of the land.

The Health of Lesbian, Gay, Bisexual, and Transgender People - Institute of Medicine 2011-06-24

At a time when lesbian, gay, bisexual, and transgender individuals--often referred to under the umbrella acronym LGBT--are becoming more visible in society and more socially acknowledged, clinicians and researchers are faced with incomplete information about their health status. While LGBT populations often are combined as a single entity for research and advocacy purposes, each is a distinct population group with its own specific health needs. Furthermore, the experiences of LGBT individuals are not uniform and are shaped by factors of race, ethnicity, socioeconomic status, geographical location, and age, any of which can have an effect on health-related concerns and needs. *The Health of Lesbian, Gay, Bisexual, and Transgender People* assesses the state of science on the health status of LGBT populations,

identifies research gaps and opportunities, and outlines a research agenda for the National Institute of Health. The report examines the health status of these populations in three life stages: childhood and adolescence, early/middle adulthood, and later adulthood. At each life stage, the committee studied mental health, physical health, risks and protective factors, health services, and contextual influences. To advance understanding of the health needs of all LGBT individuals, the report finds that researchers need more data about the demographics of these populations, improved methods for collecting and analyzing data, and an increased participation of sexual and gender minorities in research. *The Health of Lesbian, Gay, Bisexual, and Transgender People* is a valuable resource for policymakers, federal agencies including the National Institute of Health (NIH), LGBT advocacy groups, clinicians, and service providers.

Eventide - Kent Haruf 2004-05-04

Where Is Here - Joyce Carol Oates 1992-09-21

In dramatic, tightly focused narratives charged with tension, menace, and the shock of the unexpected, *Where Is Here?* examines a world in which ordinary life is electrified by the potential for sudden change. Domestic violence, fear and abandonment and betrayal, and the obsession with loss shadow the characters that inhabit these startling, intriguing stories. With the precision and intensity that are the hallmarks of her remarkable talent, Joyce Carol Oates explores the unexpected turns of events that

leave people vulnerable and struggling to puzzle out the consequences of their abrupt reversals of fortune. As in the title story, in which a married couple find their controlled life irrevocably altered by a stranger's visit, the fiction in this new collection is punctuated again and again by mysterious, perhaps unanswerable, questions: "Out of what does our life arise? Out of what does our consciousness arise? Why are we here? Where is here?" Like the questions they pose, these tales -- at once elusive and direct -- unfold with the enigmatic twists of riddles and, often, the blunt shock of tragedy. Where is Here? is the work of a master practitioner of the short story.

The Peace of Wild Things - Wendell Berry

2018-02-22

If you stop and look around you, you'll start to see. Tall marigolds darkening. A spring wind blowing. The woods awake with sound. On the wooden porch, your love smiling. Dew-wet red berries in a cup. On the hills, the beginnings of green, clover and grass to be pasture. The fowls singing and then settling for the night. Bright, silent, thousands of stars. You come into the peace of simple things. From the author of the 'compelling' and 'luminous' essays of *The World-Ending Fire* comes a slim volume of poems. Tender and intimate, these are consoling songs of hope and of healing; short, simple meditations on love, death, friendship, memory and belonging. They celebrate and elevate what is sensuous about life, and invite us to pause and appreciate what is good in life, to stop and savour our fleeting moments of earthly enjoyment. And, when fear for the future keeps us awake at night, to come into the peace of wild things.

Literary and Social Diasporas - Gaetano

Rando 2007

"This volume seeks to map an understanding of the Italian experience onto the broader picture of diasporic stories, though with an anchor in the Australian-Italian experience. It brings together key essays and testimonials that frame

a picture of Italy's rich legacy at "home", in Europe more widely, and in the (post)colonial sphere, with a particular emphasis on the Australian experience. The essays collected here focus on the way an Italian Australian story has emerged and evolved in its own unique way. In some respects it might be possible to define Australia, through this community, as an Italian space, very much inscribed and described by the many voices that characterise it. What is clear throughout these pages is that past, present and future circulate through and around each other, just as notions of nation - colonial, postcolonial, emigrant and immigrant - jostle for purchase in what is in fact a contested space always under negotiation." --Back cover.

A Widow's Story - Joyce Carol Oates

2011-02-15

Unlike anything Joyce Carol Oates has written before, *A Widow's Story* is the universally acclaimed author's poignant, intimate memoir about the unexpected death of Raymond Smith, her husband of forty-six years, and its wrenching, surprising aftermath. A recent recipient of National Book Critics Circle Ivan Sandrof Lifetime Achievement Award, Oates, whose novels (*Blonde*, *The Gravedigger's Daughter*, *Little Bird of Heaven*, etc.) rank among the very finest in contemporary American fiction, offers an achingly personal story of love and loss. *A Widow's Story* is a literary memoir on a par with *The Year of Magical Thinking* by Joan Didion and Calvin Trillin's *About Alice*.

The Plague Year - Lawrence Wright 2021-06-08

From the Pulitzer Prize-winning author of *The Looming Tower*, and the pandemic novel *The End of October*: an unprecedented, momentous account of Covid-19—its origins, its wide-ranging repercussions, and the ongoing global fight to contain it "A book of panoramic breadth ... managing to surprise us about even those episodes we ... thought we knew well ... [With] lively exchanges about spike proteins and nonpharmaceutical interventions and disease waves, Wright's storytelling dexterity makes all this come alive." —*The New York Times Book Review* From the fateful first moments of the outbreak in China to the storming of the U.S. Capitol to the extraordinary vaccine rollout, Lawrence Wright's *The Plague Year* tells the story of Covid-19 in authoritative, galvanizing

detail and with the full drama of events on both a global and intimate scale, illuminating the medical, economic, political, and social ramifications of the pandemic. Wright takes us inside the CDC, where a first round of faulty test kits lost America precious time . . . inside the halls of the White House, where Deputy National Security Adviser Matthew Pottinger's early alarm about the virus was met with confounding and drastically costly skepticism . . . into a Covid ward in a Charlottesville hospital, with an idealistic young woman doctor from the town of Little Africa, South Carolina . . . into the precincts of prediction specialists at Goldman Sachs . . . into Broadway's darkened theaters and Austin's struggling music venues . . . inside the human body, diving deep into the science of how the virus and vaccines function—with an eye-opening detour into the history of vaccination and of the modern anti-vaccination movement. And in this full accounting, Wright makes clear that the medical professionals around the country who've risked their lives to fight the virus reveal and embody an America in all its vulnerability, courage, and potential. In turns steely-eyed, sympathetic, infuriated, unexpectedly comical, and always precise, Lawrence Wright is a formidable guide, slicing through the dense fog of misinformation to give us a 360-degree portrait of the catastrophe we thought we knew.

In this winner of the Lannan Cultural Freedom Prize for an Especially Notable Book, Keeanga-Yamahtta Taylor "not only exposes the canard of color-blindness but reveals how structural racism and class oppression are joined at the hip" (Robin D. Brown in Ferguson, Missouri, and Eric Garner in New York City have challenged the impunity with which officers of the law carry out violence against black people and punctured the illusion of a post-racial America. The Black Lives Matter movement has awakened a new generation of activists. In this stirring and insightful analysis, activist and scholar Keeanga-Yamahtta Taylor surveys the historical and contemporary ravages of racism and the persistence of structural inequality, such as mass incarceration and black unemployment. In this context, she argues that this new struggle against police violence holds the potential to reignite a broader push for black liberation. Keeanga-Yamahtta Taylor has emerged as the most sophisticated and courageous radical intellectual of her generation." —Dr. Cornel West, author of *Race Matters* "A must read for everyone who is serious about the ongoing praxis of freedom." —Barbara Ransby, author of *Ella Baker and the Black Freedom Movement* "[A] penetrating, vital analysis of race and class at this critical moment in America's racial history." —Gary Younge, author of *The Speech: The Story Behind Dr. Martin Luther King Jr.'s Dream*

Pre-Incident Indicators of Terrorist Incidents - Brent L. Smith 2011-01

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Natural Climate Variability on Decade-to-Century Time Scales - National Research Council 1996-08-30

This volume reflects the current state of scientific knowledge about natural climate variability on decade-to-century time scales. It covers a wide range of relevant subjects, including the characteristics of the atmosphere and ocean environments as well as the methods used to describe and analyze them, such as proxy data and numerical models. They clearly demonstrate the range, persistence, and magnitude of climate variability as represented by many different indicators. Not only do natural climate variations have important socioeconomic effects, but they must be better understood before possible anthropogenic effects (from greenhouse gas emissions, for instance) can be evaluated. A topical essay introduces each of the disciplines represented, providing the nonscientist with a perspective on the field and linking the papers to the larger issues in climate research. In its conclusions section, the book evaluates progress in the different areas and makes recommendations for the direction and conduct of future climate research. This book,

Laura Mulvey 'Visual Pleasure and Narrative Cinema' 1975 - Laura Mulvey 2016

Since it first appeared in *Screen* in 1975, Laura Mulvey's essay "Visual Pleasure and Narrative Cinema" has been an enduring point of reference for artists, filmmakers, writers and theorists. Mulvey's compelling polemical analysis of visual pleasure has provoked and encouraged others to take positions, challenge preconceived ideas and produce new works that owe their possibility to the generative qualities of this key essay. In this book, the celebrated New York-based video artist Rachel Rose (born 1986) has produced an innovative work that extends and adds to the essay's frame of reference. Drawing on 18th- and 19th-century fairy tales, and observing how their flat narratives matched the flatness of their depictions, Rose created collages that connect these pre-cinematic illustrations to what Mulvey describes in her essay--cinema flattening sexuality into visuality.

A NEW YORK TIMES NOTABLE BOOK Once in a great while a writer comes along who can truly capture the drama and passion of the life of a family. David James Duncan, author of the novel *The River Why* and the collection *River Teeth*, is just such a writer. And in *The Brothers K* he tells a story both striking and in its originality and poignant in its universality. This touching, uplifting novel spans decades of loyalty, anger, regret, and love in the lives of the Chance family. A father whose dreams of glory on a baseball field are shattered by a mill accident. A mother who clings obsessively to religion as a ward against the darkest hour of her past. Four brothers who come of age during the seismic upheavals of the sixties and who each choose their own way to deal with what the world has become. By turns uproariously funny and deeply moving, and beautifully written throughout, *The Brothers K* is one of the finest chronicles of our lives in many years. Praise for *The Brothers K* "The pages of *The Brothers K* sparkle."—*The New York Times Book Review* "Duncan is a wonderfully engaging writer."—*Los Angeles Times* "This ambitious book succeeds on almost every level and every page."—*USA Today* "Duncan's prose is a blend of lyrical rhapsody, sassy hyperbole and all-American vernacular."—*San Francisco Chronicle* "The *Brothers K* affords the . . . deep pleasures of novels that exhaustively create, and alter, complex worlds. . . . One always senses an enthusiastic and abundantly talented and versatile writer at work."—*The Washington Post Book World* "Duncan . . . tells the larger story of an entire popular culture struggling to redefine itself—something he does with the comic excitement and depth of feeling one expects from Tom Robbins."—*Chicago Tribune*
