A Companion to Spanish American Modernismo - Aníbal González 2007

Modernismo, a literary movement of fundamental importance to Spanish America and Spain, occurred at the turn of the nineteenth century, roughly from the 1880s to the 1920s. It is widely regarded as the first Spanish-language literary movement that originated in the New World and that became influential in the "Mother Country," Spain. Characterized by the appropriation of French Symbolist aesthetics into Spanish-language literature, modernismo's other significant traits were its cultural cosmopolitanism, its philological concern with language, literary history, and literary technique, and its journalistic penchant for novelty and fashion. Despite the splendor of modernista poetry, modernismo is now understood as a broad movement whose impact was felt just as strongly in the prose genres: the short story, the novel, the essay, and the journalistic crónica (chronicle). Conceived as an introduction to modernismo as well as an account of the current state of the art of modernismo studies, this book examines the movement's contribution to the various Spanish American literary genres, its main authors (from Martí and Nájera to Darío and Rodó), its social and historical context, and its continuing relevance to the work of contemporary Spanish American authors such as Gabriel García Márquez, Sergio Ramírez, and Mario Vargas Llosa. ANBAL GONZALEZ-PÉREZ is Professor of Modern Latin American Literature at Yale University.

Contemporary Spanish American Poets - Jacobo Sefamí 1992

This first general bibliography on contemporary Spanish American poets focuses on writers born between 1910 and 1952, including such notable figures of the older generation as Octavio Paz, Jose Lezama Lima, Nicanor Parra, and Gonzalo Rojas and less well known poets active today. Providing both primary and secondary sources, this comprehensive reference work will serve as the point of departure for research on contemporary Spanish American poetry or any of the eighty-six poets included. A bibliography of general works follows and complements the listings for individual poets.

Philosophy and Literature in Latin America - Jorge J. E. Gracia 1989-01-01

Philosophy and Literature in Latin America presents a unique and original view of the current state of development in Latin America of two disciplines that are at the core of the humanities. Divided into two parts, each section explores the contributions of distinguished American and Latin American experts and authors. The section on literature includes the literary activities of Latin Americans working in the United

States, an area in which very little research has been demonstrated and, for that reason, will add an interesting new dimension to the field of Latin American studies.

Revival: A History of Spanish Literature (1930) - Ernest Merimee 2018-05-08

The present English version, authorized by the publishers and heirs of M. Merimee, is based on the third French Edition. New material of two sorts has been added, however. First, the translator has been allowed to utilize an annotated, interleaved copy of the *Precis*, 1922, in which the author, and after his death his son Henri, himself a distinguished Hispanist, had set down material for the next revision. This accounts for many inserted names and phrases, and some paragraphs. Second, the translator has rewritten and added with some freedom.

Reports of Surveys and Studies in the Teaching of Modern Foreign Languages, 1959-1961 - Modern Language Association of America 1961

Foreign Language Teaching and the Environment - Charlotte Ann Melin 2019-10-01

At a time when environmental humanities and sustainability studies are creating new opportunities for curricular innovation, this volume examines factors key to successful implementation of cross-curricular initiatives in language programs. Contributors discuss theoretical issues pertinent to combining sustainability studies with foreign languages, describe curricular models transferable to a range of instructional contexts, and introduce program structures supportive of teaching cultures and languages across the curriculum. Exploring the intersection of ecocritical theory, second language acquisition research, and disciplinary fields, these essays demonstrate ways in which progressive language departments are being reconceived as relevant and viable programs of cross-disciplinary studies. They provide an introduction to teaching sustainability and environmental humanities topics in language, literature, and culture courses as well as a wide range of resources for teachers and diverse stakeholders in areas related to foreign language education.

Latin American Poetry - Gordon Brotherston 1975-11-13

This study considers the ways Spanish American and Brazilian poets differ from their European counterparts by considering 'Latin American' as more than a perfunctory epithet. It sets the orthodox Latin tradition of the subcontinent against others that have survived or grown up after the conquest then pays attention to those poets who, from Independence, have striven to express a specifically American moral and geographical identity. Dr Brotherston focuses on Modernismo, or the 'coming of age' of poetry in Spanish America and Brazil, and the importance of the movements associated with it. He considers César Vallejo and Pablo Neruda, probably the greatest of the selection, Octavio Paz, and modern poets who have reacted differently to the idea that Latin America might now be thought to have not just a geographical but a nascent political identity of its own. Poems are liberally quoted, and treated as entities in their own right.

The Cambridge Companion to Latin American Poetry - Stephen M. Hart 2018-03-15

The Cambridge Companion to Latin American Poetry provides historical context on the evolution of the Latin American poetic tradition from the sixteenth century to the present day. It is organized into three parts. Part I provides a comprehensive, chronological survey of Latin American poetry and includes separate chapters on Colonial poetry, Romanticism/modernism, the avant-garde, conversational poetry, and contemporary poetry. Part II contains six succinct essays on the major figures Sor Juana Inés de la Cruz, Gabriela Mistral, César Vallejo, Pablo Neruda, Carlos Drummond de Andrade, and Octavio Paz. Part III analyses specific and distinctive trends within the poetic canon, including women's, LGBT, Quechua, Afro-Hispanic, Latino/a and New Media poetry. This Companion also contains a guide to further reading as well as an essay on the best English translations of Latin American poetry. It will be a key resource for students and instructors of Latin American literature and poetry.

A Luis Leal Reader - Luis Leal 2007-09-11

Since his first publication in 1942, Luis Leal has likely done more than any other writer or scholar to foster a critical appreciation of Mexican, Chicano, and Latin American literature and culture. This volume, bringing together a representative selection of Leal's writings from the past sixty years, is at once a wide-ranging introduction to the most influential scholar of Latino literature and a critical history of the field as it emerged and developed through the twentieth century. Instrumental in establishing Mexican literary studies in the United States, Leal's writings on the topic are especially instructive, ranging from essays on the significance of symbolism, culture, and history in early Chicano literature to studies of the more recent use of magical realism and of individual New Mexican, Tejano, and Mexican authors such as Juan Rulfo, Carlos Fuentes, José Montoya, and Mariano Azuela. Clearly and cogently written, these writings bring to bear an encyclopedic knowledge, a deep understanding of history and politics, and an unparalleled command of the aesthetics of storytelling, from folklore to theory. This collection affords readers the opportunity to consider—or reconsider—Latino literature under the deft guidance of its greatest reader.

The Cambridge History of Latin American Literature - Roberto Gonzalez Echevarría 1996-09-19
"Primary and vital resource for literary specialists, historians, students of all levels, and general readers

interested in this period. Leading scholars write about diverse genres (narrative, essay, poetry, theater) and cultural interests and ideas (intellectual life, historiography, Viceregal culture, Mesoamerican indigenous peoples and cultures). Literature articles include analysis and discussion of canonic and previously marginalized authors and treat representative works, genres, and literary and philosophical currents. Extremely useful, well written, and interesting"--Handbook of Latin American Studies, v. 58.
