**The British Short Story** - Emma Liggins 2017-09-16

The short story remains a crucial - if neglected - part of British literary heritage. This accessible and up-to-date critical overview maps out the main strands and figures that shaped the British short story and novella from the 1850s to the present. It offers new readings of both classic and forgotten texts in a clear, jargon-free way.

*Teller of Tales* - Daniel Stashower 1999-04-13

A biography of the creator of Sherlock Holmes shows how Sir Arthur Conan Doyle, beginning as a small-town doctor, became a friend to the famous, a celebrated writer, and a psychic investigator.

**Billboard** - 2008-08-23

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

**Christopher Lee and Peter Cushing and Horror Cinema** - Mark A. Miller 2020-02-28

From their first pairing in *Hamlet* (1948) to *House of the Long Shadows* (1983), British film stars Christopher Lee and Peter Cushing forged perhaps the most successful collaboration in horror film history. In its revised and expanded second edition, this volume examines their 22 movie team-ups, with critical commentary, complete cast and credits,

production information, details on cinematography and make-up, exhibition history and box-office figures. A wealth of background about Hammer, Amicus and other production companies is provided, along with more than 100 illustrations. Lee and Cushing describe particulars of their partnership in original interviews. Exclusive interviews with Robert Bloch, Hazel Court and nearly fifty other actors, directors and others who worked on the Lee-Cushing films are included.

*Sherlock Holmes and the Case of the Hound of the Baskervilles* - Arthur Conan Doyle 2005-01-01

Sherlock Holmes and Dr. Watson travel to the bleak wastes of Dartmoor to solve the mystery surrounding the late Sir Charles Baskerville and a ghostly hound.

**7 best short stories - Detective Fiction** - Arthur Conan Doyle 2020-04-23

Welcome to the book series 7 best short stories specials, selection dedicated to a special subject, featuring works by noteworthy authors. The texts were chosen based on their relevance, renown and interest. This edition is dedicated to Detective Fiction. Detective fiction is a subgenre of crime fiction and mystery fiction in which an investigator or a detective—either professional, amateur or retired—investigates a crime, often murder. The detective genre began around the same time as speculative fiction and other genre fiction in the mid-nineteenth century and has remained extremely popular. This book contains - The Red-

Headed League by Sir Arthur Conan Doyle. - The Blue Cross by G. K. Chesterton. - Traces of Crime by Mary Fortune. - The Purloined Letter by Edgar Allan Poe. - The Case of the Dixon Torpedo by Arthur Morrison. - The Coin Of Dionysius by Ernest Bramah. - The Crooked Man by Arthur Conan Doyle. For more books with interesting themes, be sure to check the other books in this collection!

The Doctor and the Detective - Martin Booth 2000-02

A biography of the author of the Sherlock Holmes series reveals a man of Victorian times who was loath to be remembered as the creator of Holmes

The Athenaeum - 1899

**Conan Doyle for the Defense** - Margalit Fox 2019-06-25

"A wonderfully vivid portrait of the man behind Sherlock Holmes . . . Like all the best historical true crime books, it's about so much more than crime."—Tana French, author of *In the Woods* A sensational Edwardian murder. A scandalous wrongful conviction. Sir Arthur Conan Doyle to the rescue—a true story. After a wealthy woman was brutally murdered in her Glasgow home in 1908, the police found a convenient suspect in Oscar Slater, an immigrant Jewish cardsharp. Though he was known to be innocent, Slater was tried, convicted, and consigned to life at hard labor. Outraged by this injustice, Arthur Conan Doyle, already world renowned as the creator of Sherlock Holmes, used the methods of his most famous character to reinvestigate the case, ultimately winning Slater's freedom. With "an eye for the telling detail, a forensic sense of evidence and a relish for research" (*The Wall Street Journal*), Margalit Fox immerses readers in the science of Edwardian crime detection and illuminates a watershed moment in its history, when reflexive prejudice

began to be replaced by reason and the scientific method. Praise for Conan Doyle for the Defense "Artful and compelling . . . [Fox's] narrative momentum never flags. . . . Conan Doyle for the Defense will captivate almost any reader while being pure catnip for the devotee of true-crime writing."—*The Washington Post* "Developed with brio . . . [Fox] is excellent in linking the 19th-century creation of policing and detection with the development of both detective fiction and the science of forensics—ballistics, fingerprints, toxicology and serology—as well as the quasi science of 'criminal anthropology.'"—*The New York Times Book Review* "[Fox] has an eye for the telling detail, a forensic sense of evidence and a relish for research."—*The Wall Street Journal* "Gripping . . . The book works on two levels, much like a good Holmes case. First, it is a fluid story of a crime. . . . Second, and more pertinently, it is a deeper story of how prejudice against a class of people, the covering up of sloppy police work and a poisonous political atmosphere can doom an innocent. We should all heed Holmes's salutary lesson: rationally follow the facts to find the truth."—*Time*

*Early German and Austrian Detective Fiction* - Mary W. Tannert 2007

Includes parts of six translated detective novels and novellas originally published between 1828 and 1909. Each story is preceded by a biographical sketch of the author, and a general introduction which covers the literary development of the genre and examines the critical history and the sociohistorical value of the German-language stories.

**Agatha Christie's The Mysterious Affair at Styles in German and Dutch Translation** - Marjolijn Storm 2016-01-12

Agatha Christie is one of the most popular and most translated authors of all time. Yet there is little academic work on her writing. During this exploration the discovery will be made that, when translated, Christie's detective fiction actually becomes a highly political affair.

Silent Mystery and Detective Movies - Ken Wlaschin 2009-10-21

The silent film era was known in part for its cliffhanger serials and air of suspense that kept audiences returning to theaters week after week. Icons such as Douglas Fairbanks, Laurel and Hardy, Lon Chaney and Harry Houdini were among those who graced the dark and shadowy screen. This reference guide to silent films with mystery and detective content lists more than 1,500 titles in one of entertainment's most popular and enduring genres. While most of the films examined are from North America, mystery films from around the world are included.

**Case Closed** - Gosho Aoyama 2016-01-12

Jimmy Kudo, the son of a world-renowned mystery writer, is a high school detective who has cracked the most baffling of cases. One day while on a date with his childhood friend Rachel Moore, Jimmy observes a pair of men in black involved in some shady business. The men capture Jimmy and give him a poisonous substance to rub out their witness. But instead of killing him, it turns him into a little kid! Jimmy takes on the pseudonym Conan Edogawa and continues to solve all the difficult cases that come his way. All the while, he's looking for the men in black and the mysterious organization they're with in order to find a cure for his miniature malady.

**Case Closed, Vol. 44** - Gosho Aoyama 2013-09-24

Serena's wealthy Uncle Jirokichi unveils his most prized possession: the Blue Wonder, a legendary blue gem said to possess mystical powers. It's a prize no thief can resist—and that's exactly what Jirokichi is hoping! But when he uses the gem as bait to trap the infamous Kaito Kid, he gets far more than he bargained for. Fortunately, Conan has his own grudge against the Kid, and this time he's determined to get his man! -- VIZ

**Detective Fiction in Cuban Society and Culture** - Stephen Wilkinson 2006

This book examines Cuban society through a study of its detective fiction and more particularly contemporary Cuban society through the novels of the author and critic, Leonardo Padura Fuentes. The author traces the development of Cuban detective writing in the light of the work of twentieth century Western European literary critics and philosophers including Raymond Williams, Antonio Gramsci, Terry Eagleton, Roland Barthes, Jean Paul Sartre, Michel Foucault, Jean François Lyotard and Jean Baudrillard in order to gain a better understanding of the social and historical context in which this genre emerged. The analysis includes discussion of the broader philosophical, political and historical issues raised by the Cuban revolution. The book concludes that the study of this popular genre in Cuba is of crucial importance to the scholar who wishes to reach as full an understanding of the social dynamics within that society as possible.

*The Mystery Fancier (Vol. 7 No. 5) September-October 1983* - Guy M. Townsend 2010-09-01

The Mystery Fancier, Volume 7 Number 5, September-October 1983, contains: "Bleeding the Fun Out," by Fred Isaac, "German Secondary Literature," by Greg Goode and "The Crime Story in Sweden," by K. Arne Blom.

From Holmes to Sherlock - Mattias Boström 2017-08-01

"If you love Sherlock Holmes, you'll love this book...the best account of Baker Street mania ever written."—Michael Dirda, *The Washington Post*  
Winner of the Agatha Award for best nonfiction work Edgar Award finalist for best critical/biographical work Anthony Award finalist for best critical/nonfiction work Everyone knows Sherlock Holmes. But what made this fictional character, dreamed up by a small-town English doctor in the 1880s, into such a lasting success, despite the author's own attempt to escape his invention? In *From Holmes to Sherlock*, Swedish author and Baker Street Irregular Mattias Boström recreates the full story behind the legend for the first time. From a young Arthur Conan Doyle sitting in a Scottish lecture hall taking notes on his medical professor's powers of observation to the pair of modern-day fans who brainstormed the idea behind the TV sensation *Sherlock*, from the publishing world's first literary agent to the Georgian princess who showed up at the Conan Doyle estate and altered a legacy, the narrative follows the men and women who have created and perpetuated the myth. It includes tales of unexpected fortune, accidental romance, and inheritances gone awry, and tells of the actors, writers, readers, and other players who have transformed Sherlock Holmes from the gentleman amateur of the Victorian era to the odd genius of today. *From Holmes to Sherlock* is a singular celebration of the most famous detective in the world—a must for newcomers and experts alike.

"Riveting...[A] wonderfully entertaining history."—*The Wall Street Journal*  
"Celebrates the versatility of one of fiction's most beloved characters...terrific."—*The Christian Science Monitor*

Merriam-Webster's Encyclopedia of Literature - Merriam-Webster, Inc 1995

Describes authors, works, and literary terms from all eras and all parts of the world.

Billboard - 2001-02-03

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data

licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

**The German Cinema Book** - Tim Bergfelder 2020-02-20

This comprehensively revised, updated and significantly extended edition introduces German film history from its beginnings to the present day, covering key periods and movements including early and silent cinema, Weimar cinema, Nazi cinema, the New German Cinema, the Berlin School, the cinema of migration, and moving images in the digital era. Contributions by leading international scholars are grouped into sections that focus on genre; stars; authorship; film production, distribution and exhibition; theory and politics, including women's and queer cinema; and transnational connections. Spotlight articles within each section offer key case studies, including of individual films that illuminate larger histories (*Heimat*, *Downfall*, *The Lives of Others*, *The Edge of Heaven* and many more); stars from Ossi Oswalda and Hans Albers, to Hanna Schygulla and Nina Hoss; directors including F.W. Murnau, Walter Ruttmann, Wim Wenders and Helke Sander; and film theorists including Siegfried Kracauer and Béla Balázs. The volume provides a methodological template for the study of a national cinema in a transnational horizon.

Manga - Toni Johnson-Woods 2010-04-15

Once upon a time, one had to read Japanese in order to enjoy manga. Today manga has become a global phenomenon, attracting audiences in North America, Europe, Africa, and Australia. The style has become so popular, in fact, that in the US and UK publishers are appropriating the manga style in a variety of print material, resulting in the birth of harlequin mangas which combine popular romance fiction titles with manga aesthetics. Comic publishers such as Dark Horse and DC Comics are translating Japanese "classics", like *Akira*, into English. And of course it wasn't long before Shakespeare received the manga treatment. So what is manga? Manga roughly translates as "whimsical pictures" and its long history can be traced all the way back to picture books of eighteenth century Japan. Today, it comes in two basic forms: anthology magazines (such as *Shukan Shonen Jampu*) that contain several serials and manga

'books' (tankobon) that collect long-running serials from the anthologies and reprint them in one volume. The anthologies contain several serials, generally appear weekly and are so thick, up to 800 pages, that they are colloquially known as phone books. Sold at newspaper stands and in convenience stores, they often attract crowds of people who gather to read their favorite magazine. Containing sections addressing the manga industry on an international scale, the different genres, formats and artists, as well the fans themselves, *Manga: An Anthology of Global and Cultural Perspectives* is an important collection of essays by an international cast of scholars, experts, and fans, and provides a one-stop resource for all those who want to learn more about manga, as well as for anybody teaching a course on the subject.

**Billboard** - 2003-12-27

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

**The Scientific Sherlock Holmes** - James O'Brien 2013-01-02

One of the most popular and widely known characters in all of fiction, Sherlock Holmes has an enduring appeal based largely on his uncanny ability to make the most remarkable deductions from the most mundane facts. The very first words that Sherlock Holmes ever says to Dr. Watson are, "How are you? You have been in Afghanistan, I perceive." Watson responds, "How on earth did you know that?" And so a crime-solving legend is born. In *The Scientific Sherlock Holmes*, James O'Brien provides an in-depth look at Holmes's use of science in his investigations. Indeed, one reason for Holmes's appeal is his frequent use of the scientific method and the vast scientific knowledge which he drew upon to solve mysteries. For instance, in heart of the book, the author reveals that Holmes was a pioneer of forensic science, making use of fingerprinting well before Scotland Yard itself had adopted the method. One of the more appealing aspects of the book is how the author includes real-world background on topics such as handwriting analysis, describing

how it was used to capture the New York Zodiac killer and to clinch the case against the Lindbergh baby kidnapper. Sherlock Holmes was knowledgeable about several sciences, most notably chemistry. Therefore the book takes a close look at Holmes the chemist and discusses, for example, chemical poisons such as carbon monoxide, chloroform, and Prussic acid (the historical name for hydrogen cyanide). The author also debunks Isaac Asimov's famous assertion that Holmes was a blundering chemist. In addition, the book discusses mathematics, physics, biology, astronomy, meteorology, and geology, always in the context of Holmes's exploits. Sherlock Holmes continues to fascinate millions of readers and movie goers alike. *The Scientific Sherlock Holmes* is a must-read for the legion of fans of this most beloved of all fictional detectives.

Billboard - 2001-01-27

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Mass Media, Culture and Society in Twentieth-Century Germany - K. Führer 2006-09-22

This is the first study of mass media in Germany from a social and

cultural-historical perspective. Beyond the conventional focus on organizational structures or aesthetic content, it investigates the impact the media has on German society under varying political systems, and how the media is shaped by wider social, political and cultural context.

**The Guest Worker Question in Postwar Germany** - Rita Chin  
2007-03-05

This book provides the first English-language history of the postwar labor migration to West Germany. Drawing on government bulletins, statements by political leaders, parliamentary arguments, industry newsletters, social welfare studies, press coverage, and the cultural production of immigrant artists and intellectuals, Rita Chin offers an account of West German public debate about guest workers. She traces the historical and ideological shifts around the meanings of the labor migration, moving from the concept of guest workers as a "temporary labor supplement" in the 1950s and 1960s to early ideas about "multiculturalism" by the end of the 1980s. She argues that the efforts to come to terms with the permanent residence of guest workers, especially Muslim Turks, forced a major rethinking of German identity, culture, and nation. What began as a policy initiative to fuel the economic miracle ultimately became a much broader discussion about the parameters of a specifically German brand of multiculturalism.

Contemporary German Crime Fiction - Thomas W. Kniesche 2019-10-21

A companion to contemporary German crime fiction for English-speaking audiences is overdue. Starting with the earlier Swiss "classics" Glauser and Dürrenmatt and including a number of important Austrian authors, such as Wolf Haas and Heinrich Steinfest, this volume will cover the essential writers, genres, and themes of crime fiction written in German. Where necessary and appropriate, crime fiction in media other than writing (TV-series, movies) will be included. Contemporary social and political developments, such as gender issues, life in a multicultural society, and the afterlife of German fascism today, play a crucial role in much of recent German crime fiction. A number of contributions to this volume will comment on the literary reflection of these issues in the texts. The goal of the volume is to make available to English-speaking

audiences, to students, teachers and to a wider circle of interested readers, a series of articles on genres, topics, authors, and texts that will help them understand the scope and depth of German crime fiction, its ties to international traditions and also the specificity of the German context, its historical development and contemporary situation.

**Adapting Detective Fiction** - Neil McCaw 2011-01-20

>

*Detektiv Conan Weekly Kapitel 1101* - Gosho Aoyama 2022-10-24

**A Historical Study of Early Modern Chinese Fictions (1890–1920)** - Pingyuan Chen 2021-01-28

This book contains a classic guide to historical study of early modern Chinese fiction from the late Qing Dynasty till early republican China. It does not merely study the new fiction writing in China, which was strongly influenced by the western fiction, but also draws a comparison between classical Chinese fiction and the early modern Chinese fiction. This book is an excellent reference in the study of early modern Chinese literature since it conveys a point of view to the readers with abundant and solid historical materials. At the heart of the book, it is the matter of a specific value in trans-cultural studies between the western world and China.

**Nineteenth Century Detective Fiction** - LeRoy Lad Panek 2021-09-08

In English and American cultures, detective fiction has a long and illustrious history. Its origins can be traced back to major developments in Anglo-American law, like the concept of circumstantial evidence and the rise of lawyers as heroic figures. Edgar Allen Poe's writings further

fueled this cultural phenomenon, with the use of enigmas and conundrums in his detective stories, as well as the hunt-and-chase action of early police detective novels. Poe was only one staple of the genre, with detective fiction contributing to a thriving literary market that later influenced Arthur Conan Doyle's work. This text examines the emergence of short detective fiction in the nineteenth century, as well as the appearance of detectives in Victorian novels. It explores how the genre

has captivated readers for centuries, with the chapters providing a framework for a more complete understanding of nineteenth-century detective fiction.

*Dracula* - Bram Stoker 2012-01-01

The classic horror tale of the powerful, centuries-old vampire follows his bloodthirsty trail from the mountains of Central Europe to England, until Dr. Van Helsing comes up with a way to end his reign of terror.
