Ancient Comedy and Reception
- S. Douglas Olson 2013-12-12
This wide-ranging collection, consisting of 50 essays by leading international scholars in a variety of fields, provides an overview of the reception history of a major literary genre from Greco-Roman

antiquity to the present day. Section I considers how the 5th- and 4th-century Athenian comic poets defined themselves and their plays, especially in relation to other major literary forms. It then moves on to the Roman world and to the reception of Greek comedy there in art and literature. Section II deals with the European reception of Greek and Roman comedy in the Medieval, Renaissance, and Early Modern periods, and with the European stage tradition of comic theater more generally.

Section III treats the handling of Greco-Roman comedy in the modern world, with attention not just to literary translations and stage-productions, but to more modern media such as radio and film. The collection will be of interest to students of ancient comedy as well as to all those concerned with how literary and theatrical traditions are passed on from one time and place to another, and adapted to meet local conditions and concerns.

Culturas de España - Carmen Pereira-Muro 2014-01-01
Taking a student-centered approach to learning, CULTURAS DE ESPAÑA, 2nd Edition truly engages students with its wealth of authentic texts and visual materials while encouraging them to think critically about the cultures of Spain. Developed for Spanish students at the fifth-semester level or higher, this insightful reader makes an excellent main text in a civilization, culture, or reading course. A departure from traditional texts, which present Spanish civilization as a neutral recounting of historical facts, events, and data, CULTURAS DE ESPAÑA, 2nd Edition emphasizes that history, culture, and civilization are concepts under constant

Figures of Transcontinental Multilingualism - K. Alfons Knauth 2018-02-22

This volume investigates outstanding figures and configurations of literary and cultural multilingualism on a transcontinental and on a global scale. Its first focus is on the both subcontinental and transcontinental Indies, on the oxymoronic figure of East West India and on the stirring 'relations through words' in Luso-Afro-Indian, Anglo-Indian, and Indo-European areas. The second focus is on the cross-cultural configuration of East and West shaped by some striking Sino-European and Sino-American events in early

modern and modern times. A third issue concerns the glocal and globoglot 'people of paper' in a contemporary Californian town, and, lastly, the all-embracing, all-devouring ouroboros and other multilingual ophidians. El doble / The Double - Fiodor Mijaïlovich Dostoevskii 2011-11-01

Publicada en 1846, "El doble" constituye un caso sumamente representativo de esa clase de creaciones que, adelantadas a su tiempo, acaban siendo consagradas por la posteridad.

Partiendo de un tema literario tradicional el de la persona que trata de salvaguardar su dignidad ante una burocracia avasalladora y despreciativa , y combinándolo, a través del patético personaje de Yakov Petrovich Goliadkin, con el tema del desdoblamiento de la personalidad, en esta novela el genio literario de Fiódor Dostoyevski (1821-1881) no sólo supera la mera tragedia grotesca, sino que extrae de ella posibilidades tan insospechadas como espeluznantes. Traducción de Juan López-Morillas

Gramática española - Kim Potowski 2018-12-15
Gramática española: Variación social introduces intermediate to advanced students of Spanish to the main grammatical features of the language in a way that emphasizes the social underpinnings of language. Written entirely in Spanish, this unique approach to the study of grammar guides students in an examination of how Spanish grammar varies depending on place, social group, and situation. Students examine why some varieties of Spanish are considered prestigious while others are not, drawing on current and historical sociopolitical contexts, all while learning grammatical terminology and how to identify categories and constructions in Spanish. This is an excellent resource for students at level B1 or higher

on the Common European Framework for Languages, and Intermediate High to Advanced High on the ACTFL proficiency scale.
