Integration of the Armed Forces, 1940-1965 - Morris J. MacGregor 2020-06-18

"In the quarter century that followed American entry into World War II, the nation's armed forces moved from the reluctant inclusion of a few segregated Negroes to their routine acceptance in a racially integrated military establishment. Nor was this change confined to military

installations. By the time it was over, the armed forces had redefined their traditional obligation for the welfare of their members to include a promise of equal treatment for black servicemen wherever they might be. In the name of equality of treatment and opportunity, the Department of Defense began to challenge racial injustices deeply rooted in American society. For all its sweeping implications, equality in the armed forces obviously had its pragmatic aspects. In one sense it was a practical answer to pressing political problems that had plagued several national administrations. In another, it was the services' expression of those liberalizing tendencies that were permeating American society during the era of civil rights activism. But to a considerable extent the policy of racial equality that evolved in this quarter century was also a response to the need for military efficiency. So easy did it become to demonstrate the connection between inefficiency and discrimination

that, even when other reasons existed, military efficiency was the one most often evoked by defense officials to justify a change in racial policy."_x000D_ Morris J. MacGregor, Jr., received the A.B. and M.A. degrees in history from the Catholic University of America. He continued his graduate studies at the Johns Hopkins University and the University of Paris on a Fulbright grant. Before joining the staff of the U.S. Army Center of Military History in 1968 he served for ten years in the Historical Division of the Joint Chiefs of Staff.

British Campaign Medals of the First World War - Peter

Duckers 2011-10-20

Britain has issued medals rewarding war service since at least the early nineteenth century, and increasingly through the period of its imperial expansion prior to 1914, but examples of many of the early types are now scarce. However, few families escaped some involvement with "the Great War" of 1914 18, and many still treasure the medals awarded to their ancestors for

wartime service. Today, with a growing interest in British military history and particularly in family history and genealogy, more and more people want to trace their ancestors' past. This book looks in detail at the origin, types and varieties of the British medals awarded for general war service between 1914 and '18, and gives advice on researching the awards and their recipients.

Medals and Ribbons of the U. S. Navy - Col Frank C Foster
2021-06-22

Medals and Ribbons of U.S. Navy is the first complete illustrated history of the medals and ribbons of the Navy from the Revolution up to today. Every type and variation of Navy military medals and ribbons along with their appropriate devices is shown and described in color. The photography and illustrations are exceptional. There are also chapters on how to determine a veteran's military medals and ribbons. Perhaps most unique is a series of U.S. Navy veterans' military awards displays covering World War II, Korea, Vietnam, the Liberation of Kuwait, Afghanistan, Iraq, and the Global War on Terror.

The detail sections show how veterans, retirees and families can claim their medals. A comprehensive guide lays out how to wear medals and insignia for active duty, National Guard and reserve service members as well as the correct protocol for the wear of medals and insignias on the uniform by veterans and retirees. The correct order of wear for all U.S. Navy medals and ribbons is laid out in precise and beautiful detail to include additional information on how multiservice ribbons are worn by veterans. Perhaps one of the nicest additions to this book is coverage of foreign decorations, foreign campaign medals, United Nations and NATO medals authorized Naval personnel. It is a single source full-color illustrated guide for all U.S. Navy medals and ribbons over the past almost 200 years. The United States Armed Forces have produced over 100 new military awards in 70 plus years since the unification of the Armed Forces in 1947, or an average of over one new award per year. While

the establishment of so many awards is a clear indication of the many missions and roles thrust upon the Armed Forces since the United States assumed its mantle of world leadership it also reflects the importance of medals and ribbons to an all volunteer Naval force. Medals and Ribbons of U.S. Navy is designed to be a definitive illustrated reference and guide covering United States Navy decorations, medals and ribbons for veterans, their families, active duty and reserve personnel. It is also meant as a single source for the military decorations and medals of every Navy veteran. [Air Force Military Ribbon & Medal Wear Guide](#) - Col Frank C Foster 2020-01-19
