But when Gabe begins to meddle in Lou's life, the helping hand appears to be a serious mistake. Gabe seems to know more about Lou

But can he help him fix what's broken before it's too late?

The Scarlet Blades - Rob Himmel 2019-10-03

This novel has been awarded the Trofeo Cittadella 2018, the most prestigious Italian award in the field of fantasy literature, during Deepcon19. Follow me on www.robhimmel.com for all details. Stupidity kills more than blades do. The balance is shattered. The pieces are on the board. The game of power has begun and will demand a blood price. When Lynx, Ganderia's most infamous assassin, makes his unexpected return to the capital after ten years, the balance of powers shatters. The eight organizations

managing the city from the shadows awaken from their slumber and resume their plotting and scheming. King Nuldest is prepared to do anything to uncover the reason why, after all this time, the man has come back and doesn't hesitate to put the Order on the task. And Eel won't waste an opportunity to chase and seize her dream: to become the greatest assassin in history, making a name for herself at Lynx's expenses... Even the enigmatic Queen is ready to play her hand. The game of deceit is afoot. Who will triumph? From the blogs: "An unconventional fantasy novel. It would be great if some producer acknowledged this novel and thought of bringing it to the big screen." Universo Fantasy "Mystery takes the stage along with a thick web of intrigue, betrayal, lies and deceit, with a surprise ending that leaves a smile on your lips." La Bottega dei libri incantati "Finally a fantasy novel, or better yet a fantasy thriller, with a spy story capable of transporting me to a

different, upside-down world, shocking and enticing because of it. I can only bow before Rob Himmel and tell him, with deference, that I tip my hat to him." Les Fleurs du Mal "This book's greatest virtue lies in Himmel's ability to never let the true intentions of his creatures shine, leaving the reader actively involved in investigating them, trying to imagine what will be the next upset in the vast web of power games they set up." Infiniti mondi "In The Scarlet Blades we witness a game of power reminiscent of Martin's game of thrones, although unfolding considerably faster. The pacing is quick and relentless, with no pauses, a new development in every page, be it a fight, a murder or a revelation." I Mondì Fantastici "Reading this often makes one hold their breath. It is a story rich in intrigue, subterfuge and 'No, that can't be!' moments. An original and thrilling story." A me piace... leggere! "It's an intriguing novel thanks to its ability to create a suspenseful atmosphere throughout, a story

with relentless pacing in which characters move cautiously and cunningly, calculating every move, skilled players in a chess game against death." Finestra sul Mondo "Intrigue, friendship, betrayal, power struggles, these are the elements that make up the novel. Since the very first lines, suspense is king. A thrilling adventure to be read in one sitting." Mondo fantasy "If you are fond of George R.R. Martin works you can't miss this book. A perfect balance of intriguing plot and smooth writing." Urban, Fantasy & Co. "A book full of intrigues and twists, an ensemble story playing with the feelings and ambitions of its protagonists, building a story in which no one reveals their real intentions and events follow each other with inexorable ferocity. A compelling reading, to be devoured page after page." Il Gufo lettore

Bracken 2017-09-05

Prosper Redding is the only unexceptional member of his very successful family, that is, until he discovers a demon living inside him. According to Barnabas and Nell, they have only days to break the family

curse and find a way to banish Alastor back to the demon realm. Until then, Prosper has to deal with Alastor's vengeful mutterings inside his head (not to mention his nasty habit of snacking on spiders). And, every night, Alastor's control over his body grows stronger. . . As the deadline to the curse draws nearer, Prosper and Nell realize there's more at stake than just the Redding family fortune. . . that there might be something else out there, something worse than Alastor, that could destroy the balance between the human and demon realms and change the world as they know it forever.

The Book of L - G. Rozenberg
2012-12-06

This book is dedicated to Aristid Lindenmayer on the occasion of his 60th birthday on November 17, 1985. Contributions range from mathematics and theoretical computer science to biology. Aristid Lindenmayer introduced language-theoretic models for developmental biology in 1968. Since then the models have been customarily referred to as L systems. Lindenmayer's invention turned out to be one of the most beautiful examples of interdisciplinary science: work in one area (developmental biology) induces most fruitful ideas in other areas (theory of formal languages and automata, and formal power series). As evident from the

articles and references in this book, the interest in L systems is continuously growing. For newcomers the first contact with L systems usually happens via the most basic class of L systems, namely, DOL systems. Here "0" stands for zero context between developing cells. It has been a major typographical problem that printers are unable to distinguish between 0 (zero) and O (oh). Thus, DOL was almost always printed with "oh" rather than "zero", and also pronounced that way. However, this misunderstanding turned out to be very fortunate. The wrong spelling "DOL" of "DOL" could be read in the suggestive way: DO L Indeed, hundreds of researchers have followed this suggestion. Some of them appear as contributors to this book. Of the many who could not contribute, we in particular regret the absence of A. Ehrenfeucht, G. Herman and H.A. Maurer whose influence in the theory of L systems has been most significant.

Wolf Girl - Leia Stone

2020-12-13

When my parents were banished from Wolf City before I was born, I thought there was no way I would ever live in a pack again. Cuffed, with my shifter magic bound, I was

forced to go to school with witches in order to keep my true nature from coming out. Then I met him. Sawyer Hudson. The Alpha's son was visiting Delphi Witches' College and spotted me. He took one look at me, and an hour later, I was being pulled out of school, taken into Wolf City and leaving my parents and everything I knew behind. It's the Alpha's son's selection year, the year he must pick a mate, and every female aged 18-22 must be in attendance. I've landed myself in the middle of Werewolf Bachelor, and just when I think I've got a handle on things, Sawyer releases my cuffs, unbinds my magic, and sees what I really am. The problem is, I don't know what this creature is that I transform into. It's not an ordinary werewolf, that's for damn sure.
