Apostle Paul - Ralph F Wilson 2019-08-05

The Apostle Paul is one of the most important teachers in the New Testament, authoring a large portion of the New Testament. His life and letters have guided, inspired, encouraged, and challenged the church for two millennia. But what makes Paul tick? The author contends that Paul's essential genius lies in his passion to know Jesus deeply and intimately. We can get ahold of this passion by exploring Paul's life and ministry over the course of 11 lessons. The narrative of the Book of Acts forms the basis of a chronological account of his life, with biographical elements included from Paul's letters. In addition, each lesson examines one or more of Paul's passions and key teachings, and how they can impact a believer's life, values, and commitments today. Some of these include: - Salvation by grace through faith, rather than by strict observance of the Law. - The passion to proclaim Jesus despite opposition and persecution. - Being totally surrendered to Christ, in Paul's words, "Crucified with Christ." - Knowing Jesus intimately -- in a way that surpasses everything else. Initially developed as an online study, this book is ideal for personal spiritual development, use by teachers and small group leaders, and for sermon development.

Each craft activity in the book has a list of supplies which should be obtained prior to the session.

The Mythmaker - Hyam Maccoby 1986

The author presents new arguments which support the view that Paul, not Jesus, was the founder of Christianity. He argues that Jesus and also his immediate disciples James and Peter were life-long adherents of Pharisaic Judaism. Paul, however, was not, as he claimed, a native-born Jew of Pharisee upbringing, but came in fact from a Gentile background. He maintains that it was Paul alone who created a new religion by his vision of Jesus as a Divine Saviour who died to save humanity. This concept, which went far beyond the messianic claims of Jesus, was an amalgamation of ideas derived from Hellenistic religion, especially from Gnosticism and the mystery cults. Paul played a devious and adventurous political game with Jesus' followers of the so-called Jerusalem Church, who eventually disowned him. The conclusions of this historical and psychological study will come as a shock to many readers, but it is nevertheless a book which cannot be ignored by anyone concerned with the foundations of our culture and society. -- Book
