Telekinetic Golf and the President's Demise - R. J. Fischer 2021-10-15

Stuart Bryson is a good but not great golfer who suddenly gets telekinesis and uses it to win professional golf tournaments, eventually making a lot of money. He loves to dance and meets a beautiful girl who also loves to dance. They fall in love. He likes to hike for exercise, and one time, he has to use his telekinetic power to defend himself, injuring his attackers. He eventually reports the incident to the police, but they have reported it before he has and accuse him of attacking them. Since he is unharmed and they are, the sheriff tries to put him in jail. He refuses and runs away. He is now a wanted man. During the story, it is found that the president of the United States is a fool and does many stupid things. People hope he will lose in the upcoming election. The president eventually loses the election but refuses to admit defeat. He has a large following of White supremacists who try to take over the government, making it into a dictatorship. Stuart and his friends, who have also acquired telekinesis in strange ways, fight them off. The book is action-packed with incidents causing him to use his telekinetic powers to defend himself and attack the supremacists.

Difficult Lies - Christopher T. Werkman 2015-08-31

"A life-changing story that digs deep into the psychological, and tells us that through all trials and tribulations, there's a chance for a positive outlook." -Maxy Awards Is Allan Vickery alive, or is he dead? After a blow to the head from a golf ball, Vic isn't certain himself. As it turns out, he's comatose and the things he learns while unconscious are life-changing when he reawakens. But for a man in mid-life crisis—struggling to keep his marriage alive while attempting to become a recognized painter and still succeed at teaching high school art—his new understanding becomes a volatile accelerant for issues that merely smoldered in the past. In the resulting inferno, Vic finds passion in the arms of a lover and riches in the world of high-stakes golf matches. Whether or not you play golf, you cannot avoid difficult lies in your quest to find the fairway to happiness.

The Many Faces of Alcohol - Ted Jackson 2004-09

A retired software engineer looks back at his life and realizes how much he has lost due to his alcoholism and his refusal to deal with it. Hopefully entertaining, perhaps funny at times, but with a serious motif.

Humor for Mature Minds - William (Bill) Daugherty 2013-04-12

Bill Daugherty has been collecting and telling jokes and humorous stories for many years. He does this, not for profit, but for the sheer enjoyment he receives from making people laugh. With stories such as these, he has entertained his Rotary Club, local and National Audubon Societies, literary group meetings, humorous roast, and members of his weekly bridge games. Bill's occupation has not been entertainment. Rather, he has post graduate degrees in Physics and Education, and before retiring, was an Aerospace Engineering Manager at Hughes Aircraft Company, Space Technology Laboratories, and TRW Systems. He has written two WWII novels about the air war in the South Pacific, *Black Cats*, and *Nightmares*. He published a monolog on education, *Public School Education Destroyed by Educators*, and an engineering text he co authored, *Mechanical Engineering for Electrical Engineers*. His OP-ED pieces have appeared in major newspapers. Bill firmly believes that laughter is sorely missing in our world, and jokes about mature subjects are especially entertaining. To find out of this "Not our typical joke book" you'll have to read it.

Second Chance, Again - Norman O'Banyon 2017-11-22

Second Chance, Again introduces the third sibling in the Winter trilogy. Christina has every right to be overwhelmed by the negative nature of her world, yet time and time again, she prevails with a second chance. She finds her unquenchable self-worth by committing to a worthwhile goal: the care of an infant who is pure innocence. In every situation, regardless of the emergency, there are choices she can make and fulfillment she can find. Other trilogy titles: Honor Roll is the story of Ward, the youngest. Then There Were Five is the story of Michael, the Marine. Thanks for your interest. I hope you find entertainment and inspiration in these novels. Norman O'Banyon

Your Money and Your Life - Mike LeGassick 2021-04-13

'Your Money and Your Life' teaches you the important life skills, and money management know-how, they don't teach in school. It contains all the things I wish I'd known when I left my secondary education, together with highly effective money-saving tips and ideas. I've written this book to get you thinking about the life you have and how to get the life you want. It will challenge your thinking and — if you are brave enough — help you get out of your comfort zone! Reading is one thing but doing is quite another. If you don't push yourself, nobody else is going to do it for you. Psychology plays a big part in how you manage your life and finances. Unfortunately, irrationality often trumps logic. In this book, I'll help you to identify your financial 'blind spots'. Whether you are completing your education, in the middle of your working life or looking forward to your retirement, this book will show you how to break through your 'glass ceiling', maximise your opportunities and make better decisions around your money and your life. In clear, unvarnished terms, I'll show you how to get ahead in life, be much savvier with your money and become a successful investor. "If you always do what you've always done, you'll always get what you've always got." — Henry Ford 'The diminutive chains of habit are seldom heavy enough to be felt, till they are too strong to be broken.' — Dr. Samuel Johnson

Styling Masculinity - Kristen Barber 2016-08-24

The twenty-first century has seen the emergence of a new style of man: the metrosexual. Overwhelmingly straight, white, and wealthy, these impeccably coiffed urban professionals spend big money on everything from facials to pedicures, all part of a multi-billion-dollar male grooming industry. Yet as this innovative study reveals, even as the industry encourages men to invest more in their appearance, it still relies on women to do much of the work. Styling Masculinity investigates how men's beauty salons have persuaded their clientele to regard them as masculine spaces. To answer this question, sociologist Kristen Barber goes inside Adonis and The Executive, two upscale men's salons in Southern California. Conducting detailed observations and extensive interviews with both customers and employees, she shows how female salon workers not only perform the physical labor of snipping, tweezing, waxing, and exfoliating, but also perform the emotional labor of pampering their clients and pumping up their masculine egos. Letting salon employees tell their own stories, Barber not only documents occasions when these workers are objectified and demeaned, but also explores how their jobs allow for creativity and confer a degree of professional dignity. In the process, she traces the vast network of economic and social relations that undergird the burgeoning male beauty industry.

Brewed in Michigan - William Rapai 2017-10-16

Brewed in Michigan: The New Golden Age of Brewing in the Great Beer State is William Rapai's "Ode on a Grecian Urn"—a discussion of art and art's audience. The art in this case is beer. Craft beer. Michigan craft beer, to be exact. Like the Great Lakes and the automobile, beer has become a part of Michigan's identity. In 2016, Michigan ranked fifth in the number of craft breweries in the nation and tenth in the nation in craft beer production. Craft brewing now contributes more than \$1.8 billion annually to the state's economy and is proving to be an economic catalyst, helping to revive declining cities and invigorate neighborhoods. This book is not a beer-tasting guide. Instead, Rapai aims to highlight the unique forces behind and exceptional attributes of the leading craft breweries in Michigan. Through a series of interviews with brewmasters over an eighteenth-month sojourn to microbreweries around the state, the author argues that Michigan craft beer is brewed by individuals with a passion for excellence who refuse to be process drones. It is brewed by people who have created a culture that values quality over quantity and measures tradition and innovation in equal parts. Similarly, the taprooms associated with these craft breweries have become a conduit for conversation—places for people to gather and discuss current events, raise money for charities, and search for ways to improve their communities. They're places where strangers become friends, friends fall in love, and lovers get married. These brewpubs and taprooms are an example in resourcefulness—renovating old churches and abandoned auto dealerships in Michigan's biggest cities, tiny suburbs, working-class neighborhoods, and farm towns. Beer, as it turns out, can be the lifeblood of a community. Brewed in Michigan is a book for beer enthusiasts and for people who want a better understanding of what makes Michigan beer special. Cheers!

The Tragedy of Darkness - Ted Bagley 2011-02

A magnificent Novel of love and tragedy The Tragedy of Darkness is Ted's first Novel. This book was set in Chicago and is a strong depiction of how human values, decisions and relationships help to mold the final outcome of AJ's life. A strong message rendered here by the author showing how impulsive decisions can lead to tragic outcomes.

Changing Course - Neil Francis 2013-09-02

For more than a decade, Neil Francis was a successful CEO. He grew his internet company from scratch, worked with some of the world's top businesses to deliver fantastic results and led the way in his industry. Then, at the age of 41, Neil's world collapsed. Out of the blue, a stroke brought his business career to a sudden halt. But Neil wasn't beaten. To aid his recovery, he took a job as a caddie at one of Scotland's top golf courses. And from this most unlikely of scenarios, he found remarkable insights and wisdom that, coupled with his vast business experience, will provide a sure foundation and rich support for anyone who is looking – or is forced – to change course in their life. In this intriguing book, Neil masterfully weaves together his insights on taking a new direction in life, distilled from conversations with some of the highly successful individuals for whom he caddied. To anyone changing course, or starting again, with the ambition of truly enjoying what they do in every area of their life going forward, Neil delivers a gem of a routemap – perceptive, enjoyable, challenging, readable and, above all, inspiring.

Celebrate Retirement - Wicke Chambers 2005

18: A novel of Golf and Life - John Barnes 2020-04-14

" Golf. It's what lights us up. It's our passion. That light you have that is yours and yours alone. It means more than you know to others, without even trying to impress them. It inspires, enables others to rise. It makes people happy." Craig Cantwell is well known as a journeyman millionaire and 'the best professional golfer who has not won a major.' His successful life as a tour pro is shattered when he is suspended from the PGA Tour. Without a place to compete and with a personal life tangled with drama, Craig has to find his way back to a life he knows. His fight is not with the scions of the tour, the public, or the scores of great golfers who would be his opponents. He has to prevail over the toughest of adversaries - himself. 18: A Novel of Golf and Life beautifully tells the story of Cantwell and those in his life: Rachele Keys, the mother of Craig's daughter and a heroic FBI Agent; Kelly Keys, the new 'IT' girl of golf; Thomas Kincaid, agent and lawyer to the rich and scandalous; And Seth Reede, the personal development guru with a past more shocking than any fallen hero. Far more involved than just a tale of athletic triumph, 18: A Novel of Golf and Life is a story of forgiveness, truth, courage, and redemption. Fans of Micheal J. Murphy's Golf in the Kingdom, James Patterson's Miracle at St. Andrews, and J. Michael Veron's The Greatest Player Who Never Lived will love this book for its equal parts of life, love, philosophy and golf.

Cable Ties - Bill Conrad 2022-08-23

In a post 9/11 world, knowledge is power and secretly leveraged knowledge is the most powerful of all. When two hunters in the woods of Clearwater, Georgia, stumble onto an underground bunker filled with sophisticated information-gathering equipment, the FBI sets up surveillance to discover who has been stealing sensitive national secrets. As clues point to double-crossing operatives in cahoots with French and Russian agencies, FBI director Russell Norton has no choice but to assign disgraced agent, Jeff Kelley, and a team of green academy trainees to unravel the most destructive foreign intelligence operation in United States history. Before long, the CIA, NSA and MI6 are involved, and Kelley and his team, along with officials at the highest levels, must scramble to disable foreign data centers and bring to justice an intricate web of conspirators at home and abroad.—Without sparking World War three and setting intelligence back fifty years. For readers of Tom Clancy, Alex Bernstein and John le Carré, Cable Ties is a slow-burn political thriller that reflects the realities of modern intelligence, law enforcement, department cooperation, and international politics. The sequel, Cable Pairs, followed by Cable Ways will be available soon.

G.O.L.F. - Lane H. Luoma 2011-10-28

"You don't have to be a bad golfer to be a frustrated golfer you simply have to be a golfer. The only people that are not frustrated golfers are those that don't play. Anybody and everybody who plays the game will indeed be humbled and frustrated by it, even the best players on the planet." "When it comes to golf, frustration is not just possible or probable, it is, in fact, unavoidable and inevitable. Being classified as a frustrated golfer, however, is in no way a dubious distinction. It is not an admission of inferiority but only an admission of being human." "The GREAT GOLF PARADOX: There's probably no game more difficult to master and yet no game more enjoyable when you do, even if only for a fleeting moment. It can, at times,

embarrass, humiliate, humble, infuriate, and frustrate us without mercy but in spite of that, most who play love the game and many are downright fanatical about it." "Golf may best be described as a game of opposites. You hit down to make the ball go up. You swing left and the ball goes right. You swing right and the ball goes left. When your body is limber you use stiff shafts. When your body is stiff you use limber shafts. The lowest score wins and the winner buys the drinks. It is also the only game I know of that can be so FRUSTRATING one moment and yet so FUN the next." "Golf is indeed a game but not only a game. To its dedicated and devoted followers it is much more than that. It is in part a religion, a vice, an obsession, a passion, an affliction, a mystery, and an enigma. It can at times frustrate one beyond belief but in the blink of an eye it can also offer up unbridled joy like nothing else." "G.O.L.F. can often seem like the GREATEST OF LIFE'S FRUSTRATIONS but it can also be a GAME OF LIMITLESS FUN. It is, in my humble opinion, still THE greatest game the good Lord ever created." Read about yourself or someone you know. If you're a golfer you are most likely mentioned, described, or pictured many times in this book. If you are a non-golfer but know a golfer(s), you will enjoy reading about them and laughing at them over and over within these pages. www.golfrustrations.com

Living with the Force - Shinji Yoshitake 2016-05-11

The movie Star Wars has a lot to say about how to live life one filled with more joy, abundance, and awesomeness. What child born in the past four decades doesn't have childhood memories of pretending to have the force in them? In Living with the Force, author Shinji Yoshitake offers a guide for using that force, that power within us, to create our own reality of happiness and abundance. He explains the force as an all-flowing energy field that is present everywhere and anywhere. Some call it qi, prana, fate, destiny, or coincidence, and gut feeling, but these ideas have one thing in common: there is an undeniable force that you can feel and experience, and it resides within you. Yoshitake underscores that it all revolves around the choices you make that allow you to be in control and to create a happier, more prosperous, and more abundant life. Through a series of reflections and exercises, Living with the Force shows you how to harness that power inside of you to attain your dreams and goals. It's the power of choice and the power of thought and emotion. It's the power that destroys and creates.

The Life Story of a Sculptor - Mafalda Vinciguerra 2015-09-21

My book is not an ordinary story. It is the life story of an exceptional young artist that was born in the same area of Tuscany, Italy that gave birth to Leonardo da Vinci of Mona Lisa fame, Michelangelo of the David and the Sistine Chapel ceiling and Giacomo Puccini of La Boheme and Tosca. The young Artist Sculptor, full of art, music, love and great expectations, goes to give his love and skill in a different land with different culture and different people - the British. The young artist is a genius, but he is not understood by the people he meets. He sees things, he experiences things and he tells them. The reader should suffer what he has suffered. And only because he was not living in the land of his birth he was treated as a foreigner even after fifty years.

Four Wives - Wendy Walker 2008-02-19

In Wendy Walker's brilliant debut, the lives of four wives and mothers intertwine and collide in a tale of suburban angst among outrageous wealth. On the outside, it appears as though Love Welsh, Marie Passetti, Gayle Beck and Janie Kirk lead enviable lives, with marriages to handsome, successful men; bright, happy children; and homes right out of Architectural Digest. But in the wealthy suburb of Hunting Ridge, appearances mask a deeper truth: These four wives are anything but perfect. As they try to maintain a façade of bliss, behind closed doors they each face their own crises—infidelity, dissatisfaction, self-doubt. As springtime draws to an end, doors are both opened and closed and the women come face to face with the most difficult and heartbreaking challenge of their lives—to reconcile their innermost desires with the lives that each of them has chosen. Four Wives shares a peek beyond the perfectly manicured lawns of Hunting Ridge—exposing a world as troubled as it is blessed.

Back to Beer...and Hockey - Helen Antoniou 2018-04-09

To most Canadians, the Molson name is part of the very fabric of Canada. Since 1786, when John Molson founded his first brewery in Montreal, it has become synonymous with beer, hockey, and philanthropy. Few realize, however, how close the family came in recent years to losing control of the enterprise. Back to Beer...and Hockey offers intimate details of the life and work of Eric Molson, who not only saved the

company, but positioned it to thrive as a global brewery into the twenty-first century. With unprecedented access to the Molson family, Helen Antoniou traces Eric Molson's evolution from a young brewmaster captivated by the chemistry of beer-making to chairman of Molson. Quiet by nature, he had to confront big egos, navigate complex boardroom politics, and even battle a disruptive cousin who tried to push him out of the way. Antoniou's carefully researched account details how the introverted Eric overcame his aversion to conflict to take the company from a failing conglomerate back to its core business of beer, eventually turning it into one of the world's leading brewers. Today, he has passed the torch to his sons, the seventh generation, but his steadfast vision prevails. An absorbing account of one man's struggle at the helm of an international brewing giant, *Back to Beer...and Hockey* shows how Eric Molson's guiding principles influenced the future of Molson - both the enterprise and the family.

High - Jodie Gould 2015-04-28

There may be fewer options than usual for feeling good and finding a healthy high while we're both in recovery and in the pandemic, but they're available - even indoors and at home. Explore our universal human need to feel good, to escape, or to feel high, and examine what these altered states look like in the brain. Plus discover the six pleasure principles that can provide you the most natural and long-lasting highs. All creatures naturally seek pleasure and avoid pain. And when just feeling okay isn't enough, people (and many animals as well) often seek or even crave something more—to feel high. For millions of years, humans have used alcohol, marijuana, and other drugs to help them feel better, elephants have sought out fermented fruit, and cats have rolled ecstatically in catnip. At the same time, people have found alternative highs without mood-altering substances, through the joy of natural activities such as play, creative expression, and bonding with others. Drawing on current research and interviews with experts and everyday people, award-winning journalist Jodie Gould explores the universal need to feel good in *High: The Guilt-Free Guide to Healthy Pleasure and Escape*. Through this engaging read, we explore the history of how and why people have continued to find ways to expand their consciousness and the biology of getting high, including what these altered states look like in the brain. From there we learn why some people can use mood-altering chemicals with few consequences while others struggle with addiction. At the heart of Gould's provocative findings, she identifies six pleasure principles that show how anyone can experience the best and most lasting natural highs through the joy of: • moving and playing • connecting with other people • finding purpose and meaning • creative self-expression • celebrating milestones • and giving to others High is your guide to experiencing the greatest high of all: Life itself!

Cut and Run - Jeff Abbott 2014-04-29

She's a liar. She's a thief. She's a killer. She's his mother. And he'll take on the world to save her. With his father near death, Judge Whit Mosley launches a search for his mother, who abandoned the family thirty years ago and vanished into the criminal underworld. Hoping to heal the wounds of the past, Whit finds Eve--framed for murder and for stealing five million dollars from a Houston crime cartel desperate to regain their lost power. He has one impossible chance to save his mother: take her on the run, outsmart a gang of sophisticated killers, and find the missing millions. Caught in a nightmare of double crosses and vicious schemers, Whit turns his back on law and order for the one person he most wants to trust but knows the least--a dangerous woman who may be plotting the cruelest deception of all.
