watercolor wash, and several humorous short essays, every knitter is sure to find elements of themselves in this collection.

The Defining Decade - Meg Jay 2012-04-17
New York Times bestselling psychologist Dr. Meg Jay uses real stories from real lives to provide smart, compassionate, and constructive advice about the crucial (and difficult) years we cannot afford to miss. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are a second adolescence. Others call them an emerging adulthood. Dr. Meg Jay, a clinical psychologist, argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized what is actually the most defining decade of adulthood. Drawing from almost two decades of work with hundreds of clients and students, The Defining Decade weaves the latest science of the twentysomething years with the behind-closed-doors stories from twentysomethings,

themselves. The result is a provocative read that provides the tools necessary to make the most of your twenties, and shows us how work, relationships, personality, social networks, identity, and even the brain can change more during this decade than at any other time in adulthood—if we use the time wisely. The Defining Decade is a smart, compassionate and constructive book about the years we cannot afford to miss.

Mary Thomas's Knitting Book - Mary Thomas
2013-07-24

Classic "how-to" book covers everything from winding yarn and fundamental stitches to making patterns and garments, blocking, and more with over 250 technique diagrams illustrating every basic step and pattern.

The Spoonflower Handbook - Stephen Fraser
2015-09-01

An accessible guide to understanding and using Spoonflower to design your own fabric, wallpaper, and gift wrap. Designing fabric,

wallpaper, and gift wrap used to be the stuff of dreams. Only a few select creatives got to do it, and it required formal training and significant financial investment. But times have changed, and today anyone with a computer, Internet connection, and idea can upload a file and order their own fabric or paper, printed affordably one yard or more at a time. At the forefront of this revolutionary DIY movement is Spoonflower, a North Carolina startup that produces designs for hundreds of thousands of users worldwide—twenty-four hours a day/seven days a week to keep up with demand. With step-by-step tutorials and projects that span a wide spectrum of skills, The Spoonflower Handbook is written for both new and experienced users of this print-on-demand technology. Covering everything from equipment to software to working with photos, scans, repeats, vector files, and more, it is an essential guide to a booming new creative outlet.

city, exploring shopping, dining, living, and culture and giving readers a ringside seat on the issues shaping the region.

Beautiful Sheep - Kathryn Dun 2008-11-11

Showcases the world's most visually aesthetic sheep breeds, from heavy-fleeced wool producers to varieties that were bred for their meat and tolerance for harsh climates, in a photographic tribute that shares accompanying historical and geographical information.

Billboard - 2010-04-03

In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

The Road - Cormac McCarthy 2007-03-20

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive,

this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity,

Downloaded from
omahafoodtruckassociation.org on by
guest

and the tenderness that keeps two people alive in the face of total devastation. Look for Cormac McCarthy's new novel, *The Passenger*.

Arc of Justice - Kevin Boyle 2007-04-01

An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle. In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow,

into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. *Arc of Justice* is the winner of the 2004 National Book Award for Nonfiction.

Methland - Nick Reding 2010-06-03

Traces the efforts of a small Iowa community to counter the pervasiveness of crystal methamphetamine, in an account that offers insight into the drug's appeal while chronicling the author's numerous visits with the town's doctor, the local prosecutor and a long-time addict. Reprint. A best-selling book.

Wrapped in Gems - Mai Sato-Flores 2008

Downloaded from
omahafoodtruckassociation.org on by

Daughter is the shop's owner, Georgia, who is overwhelmed with juggling the store and single-handedly raising her teenage daughter. Happy to escape the demands of her life, she looks forward to her Friday Night Knitting Club, where she and her friends—Anita, Peri, Darwin, Lucie, and KC—exchange knitting tips, jokes, and their deepest secrets. But when the man who once broke Georgia's heart suddenly shows up, demanding a role in their daughter's life, her world is shattered. Luckily, Georgia's friends are there for encouragement, sharing their own tales of intimacy, heartbreak, and miracle-making. And when the unthinkable happens, these women will discover that what they've created isn't just a knitting club: it's a sisterhood.

The Ultimate Harry Potter and Philosophy -

William Irwin 2010-09-14

A philosophical exploration of the entire seven-

book Harry Potter series Harry Potter has been heralded as one of the most popular book series of all time and the philosophical nature of Harry, Hermione, and Ron's quest to rid the world of its ultimate evil is one of the many things that make this series special. The Ultimate Harry Potter and Philosophy covers all seven titles in J.K. Rowling's groundbreaking series and takes fans back to Godric's Hollow to discuss life after death, to consider what moral reasoning drove Harry to choose death, and to debate whether Sirius Black is a man or a dog. With publication timed to coincide with the release of the movie Harry Potter and the Deathly Hallows (Part 1), this book will be the definitive guide for all fans looking to appreciate the series on a deeper level. Covers a range of intriguing topics such as the redemption of Severus Snape, the power of love, and destiny in the wizarding world Gives you a new perspective on Harry Potter characters, plot lines, and themes Makes a perfect companion to the Harry Potter books and

movies Packed with interesting ideas and insights, *The Ultimate Harry Potter and Philosophy* is an ideal companion for anyone interested in unraveling the subtext and exploring the greater issues at work in the story.

Survival Mom - Lisa Bedford 2012-04-24

From the creator of TheSurvivalMom.com comes this first-of-its-kind guidebook for all the “prepper” moms keen to increase their family's level of preparedness for emergencies and crises of all shapes and sizes. Publisher's Weekly calls Lisa Bedford's *Survival Mom* an “impressively comprehensive manual,” saying, “suburban mom Bedford helps readers learn about, prepare for, and respond to all manner of disasters. . . . From 'Instant Survival Tip' sidebars to a list of 'Lessons from the Great Depression'. . . Bedford's matter-of-fact yet supportive tone will keep the willies at bay.”

It's Decorative Gourd Season, Motherfuckers - Colin Nissan 2021-09-28

A passionate and profane love letter to fall, the

best fucking season of the year. Do you get excited at the first brisk breeze of the year? Are you overcome with delight when you see piles of red leaves? Do you lose your fucking mind at a pumpkin patch? At last, the epically funny internet sensation *It's Decorative Gourd Season, Motherfuckers* is now a visual tour-de-force, teeming with a cornucopia of perfectly paired photos and seasonal enchantments to make it really fucking sing. Whiffy candles, wicker baskets, motherfucking gourd after gourd, and people going insane they love fall so much? Check! Also included: the equally lifechanging meditation *It's Rotting Decorative Gourd Season, Motherfuckers*, because all good things must end. Give it to everyone you love, or put it on your fucking coffee table next to a pile of shellacked vegetables to really tie the room together. Perfect for: For anyone who fucking loves fall, and fans of McSweeney's, *Go the Fuck to Sleep*, *Deep Thoughts*, *the Onion*, and *the New Yorker*.

The Water Footprint Assessment Manual -

Maite M. Aldaya 2012-08-21

People use lots of water for drinking, cooking and washing, but significantly more for producing things such as food, paper and cotton clothes. The water footprint is an indicator of water use that looks at both direct and indirect water use of a consumer or producer. Indirect use refers to the 'virtual water' embedded in tradable goods and commodities, such as cereals, sugar or cotton. The water footprint of an individual, community or business is defined as the total volume of freshwater that is used to produce the goods and services consumed by the individual or community or produced by the business. This book offers a complete and up-to-date overview of the global standard on water footprint assessment as developed by the Water Footprint Network. More specifically it:

- o Provides a comprehensive set of methods for water footprint assessment
- o Shows how water footprints can be calculated for individual

processes and products, as well as for consumers, nations and businesses

- o Contains detailed worked examples of how to calculate green, blue and grey water footprints
- o Describes how to assess the sustainability of the aggregated water footprint within a river basin or the water footprint of a specific product
- o Includes an extensive library of possible measures that can contribute to water footprint reduction

Recalled to Life - Reginald Hill 2019-04-30

The Yorkshire detectives reopen an old murder case and stir a royal scandal in this “dynamic, surprising mystery” (Publishers Weekly). Reginald Hill “raised the classical British mystery to new heights” when he introduced pugnacious Yorkshire Det. Inspector Andrew Dalziel and his partner, the callow Sgt. Peter Pascoe (The New York Times Book Review). Their chafing differences in education, manners, technique, and temperament made them “the most remarkable duo in the annals of crime

*Downloaded from
omahafoodtruckassociation.org on by
guest*

fiction” (Toronto Star). Adapted into a long-running hit show for the BBC, the Gold Dagger Award-winning series is now available as ebooks. It was a cold-blooded murder committed in one of Yorkshire’s country estates. The conspirators: Sir Ralph Mickledore and his lover, American nanny Cissy Kohler. The victim: Mickledore’s hapless wife. Mickledore’s execution for the open-and-shut case made headlines. Thirty years later, so has Cissy’s parole in light of new testimony suggesting her innocence. But when the witness whose long-suppressed evidence is murdered, Dalziel and Pascoe realize the damage done by the fatal affair isn’t over. But whose secrets will prove more revealing? Those buried with Mickledore and his wife a generation ago? Or those Cissy is holding on to for dear life? Recalled to Life is the 14th book in the Dalziel and Pascoe Mysteries, but you may enjoy reading the series in any order.

365 Knitting Stitches a Year - Ed Martingale

2002

Fill your year with an incredible variety of knitting stitches, including basic knit-and-purl stitches plus ribs, cables and other textures.

The God of Small Things - Arundhati Roy

2011-07-27

The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* **NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER** Compared favorably to the works of Faulkner and Dickens, Arundhati Roy’s modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing “big things [that] lurk unsaid” in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of*

Small Things is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

The Spoonflower Quick-sew Project Book - Anda Corrie 2018-10-09

Stitch up a storm with these new, stash-friendly projects from every fabric lovers' favorite creative force: Spoonflower. Designing fabric, wallpaper, and gift wrap used to be the stuff of dreams. Today, Spoonflower's

technology allows anyone to affordably create, print, and purchase one-of-a-kind fabric or paper.

No Idle Hands - Anne L. MacDonald 2010-11-17
"Fascinating . . . What is remarkable about this book is that a history of knitting can function so well as a survey of the changes in women's role over time."—The New York Times Book Review
An historian and lifelong knitter, Anne Macdonald expertly guides readers on a revealing tour of the history of knitting in America. In *No Idle Hands*, Macdonald considers how the necessity—and the pleasure—of knitting has shaped women's lives. Here is the Colonial woman for whom idleness was a sin, and her Victorian counterpart, who enjoyed the pleasure of knitting while visiting with friends; the war wife eager to provide her man with warmth and comfort, and the modern woman busy creating fashionable handknits for herself and her family. Macdonald examines each phase of American history and gives us a clear and compelling look

Downloaded from
omahafoodtruckassociation.org on by
guest

at life, then and now. And through it all, we see how knitting has played an important part in the way society has viewed women—and how women have viewed themselves. Assembled from articles in magazines, knitting brochures, newspaper clippings and other primary sources, and featuring reproductions of advertisements, illustrations, and photographs from each period, No Idle Hands capture the texture of women's domestic lives throughout history with great wit and insight. "Colorful and revealing . . . vivid . . . This book will intrigue needlewomen and students of domestic history alike."—The Washington Post Book World

Head First Java - Kathy Sierra 2005-02-09
Learning a complex new language is no easy task especially when it's an object-oriented computer programming language like Java. You might think the problem is your brain. It seems to have a mind of its own, a mind that doesn't always want to take in the dry, technical stuff you're forced to study. The fact is your brain

craves novelty. It's constantly searching, scanning, waiting for something unusual to happen. After all, that's the way it was built to help you stay alive. It takes all the routine, ordinary, dull stuff and filters it to the background so it won't interfere with your brain's real work—recording things that matter. How does your brain know what matters? It's like the creators of the Head First approach say, suppose you're out for a hike and a tiger jumps in front of you, what happens in your brain? Neurons fire. Emotions crank up. Chemicals surge. That's how your brain knows. And that's how your brain will learn Java. Head First Java combines puzzles, strong visuals, mysteries, and soul-searching interviews with famous Java objects to engage you in many different ways. It's fast, it's fun, and it's effective. And, despite its playful appearance, Head First Java is serious stuff: a complete introduction to object-oriented programming and Java. You'll learn everything from the fundamentals to advanced topics,

Downloaded from
omahafoodtruckassociation.org on by
guest

including threads, network sockets, and distributed programming with RMI. And the new, second edition focuses on Java 5.0, the latest version of the Java language and development platform. Because Java 5.0 is a major update to the platform, with deep, code-level changes, even more careful study and implementation is required. So learning the Head First way is more important than ever. If you've read a Head First book, you know what to expect--a visually rich format designed for the way your brain works. If you haven't, you're in for a treat. You'll see why people say it's unlike any other Java book you've ever read. By exploiting how your brain works, Head First Java compresses the time it takes to learn and retain--complex information. Its unique approach not only shows you what you need to know about Java syntax, it teaches you to think like a Java programmer. If you want to be bored, buy some other book. But if you want to understand Java, this book's for you.

The Commercial and Financial Chronicle - 1923

Prototype Nation - Silvia M. Lindtner 2020-09-15

A vivid look at China's shifting place in the global political economy of technology production How did China's mass manufacturing and "copycat" production become transformed, in the global tech imagination, from something holding the nation back to one of its key assets? Prototype Nation offers a rich transnational analysis of how the promise of democratized innovation and entrepreneurial life has shaped China's governance and global image. With historical precision and ethnographic detail, Silvia Lindtner reveals how a growing distrust in Western models of progress and development, including Silicon Valley and the tech industry after the financial crisis of 2007-8, shaped the rise of the global maker movement and the vision of China as a "new frontier" of innovation. Lindtner's investigations draw on more than a

decade of research in experimental work spaces—makerspaces, coworking spaces, innovation hubs, hackathons, and startup weekends—in China, the United States, Africa, Europe, Taiwan, and Singapore, as well as in key sites of technology investment and industrial production—tech incubators, corporate offices, and factories. She examines how the ideals of the maker movement, to intervene in social and economic structures, served the technopolitical project of prototyping a “new” optimistic, assertive, and global China. In doing so, Lindtner demonstrates that entrepreneurial living influences governance, education, policy, investment, and urban redesign in ways that normalize the persistence of sexism, racism, colonialism, and labor exploitation. Prototype

Nation shows that by attending to the bodies and sites that nurture entrepreneurial life, technology can be extricated from the seemingly endless cycle of promise and violence. Cover image: Courtesy of Cao Fei, Vitamin Creative Space and Sprüth Magers
