My Passion for Design - Barbra Streisand 2010-11-16

For nearly five decades Barbra Streisand has been one of the singular figures in American entertainment. From the cabaret to the Broadway stage, from television and film stardom to her acclaimed work as a director, from the recording studio to the concert hall, she has demonstrated that the extraordinary voice that launched her career was only one of her remarkable gifts. Now, in her first book, Barbra Streisand reveals another aspect of her talent: the taste and style that have inspired her beautiful homes and collections. *My Passion for Design* focuses on the architecture and construction of her newest homes, the dream refuge that she has longed for since the days when she shared a small Brooklyn apartment with her mother, brother, and grandparents. A culmination and reflection of Streisand's love of American architecture and design between the eighteenth and twentieth centuries, the book contains many of her own photographs of the rooms she has decorated, the furniture and art she has collected, and the ravishing gardens she has planted on her land on the California coast. In addition to glimpses of her homes, Barbra shares memories of her childhood, the development of her sense of style, and what collecting has come to mean to her. *My Passion for Design* is a rare and intimate private tour into the world of one of our most beloved stars. It will be welcomed by her many fans and all lovers of the great achievements of American design.

**Decorating a Room of One's Own** - Susan Harlan 2018-10-09

What would Little Women be without the charms of the March family's cozy New England home? Or *Wuthering Heights* without the ghost-infested *Wuthering Heights*? Getting lost in the setting of a good book can be half the pleasure of reading, and *Decorating a Room of One's Own* brings literary backdrops to the foreground in this wryly affectionate satire of interior design reporting. English professor and humorist Susan Harlan spoofs decorating culture by reimagining its subject as famous fictional homes and "interviews" the residents who reveal their true tastes: Lady Macbeth's favorite room in the castle, or the design inspiration behind Jay Gatsby's McMansion of unfulfilled dreams. Featuring 30 entries of notable dwellings, sidebars such as "Setting Up an Ideal Governess's Room," and four-color spot illustrations throughout, *Decorating a Room of One's Own* is the ideal book for readers who appreciate fine literature and a good end table.

**The Bee Cottage Story** - Frances Schultz 2015-07-07

Inspired by Frances Schultz's popular *House Beautiful* magazine series on the makeover of her East Hampton house, *Bee Cottage*, what began as a decorating book evolved into a memoir combining the best elements of both: beautiful photos and a compelling personal story. Schultz taps into what she learned during her renovations of *Bee Cottage*—determining how each area in the house and garden would be used and furnished—to unravel the question of how a mature, intelligent, successful woman could have made such a mess of her personal life. As she figures out each room over a period of years, Frances finds a new path in life, also a continual process. She comes to learn that, like decorating a home, our lives must adapt to who we are and what we need at different points along the way. *The Bee Cottage Story* is part memoir, part home decorating guide. Frances discusses the kinds of useful, commonsense design issues that professionals take for granted and the rest of us just may not think of, prompting the reader to examine and discover her own "truth" in decorating—and in her life.

**A Year at the Chateau** - Dick Strawbridge 2020-10-29

THE ENTERTAINING AND HEARTWARMING SUNDAY TIMES BESTSELLER. Like many couples, Dick and Angel had long dreamed of living in France, but where others might settle for a modest bolthole in the French countryside, the Strawbridges fell in love with a 19th-century fairytale chateau, complete with 45 rooms, seven outbuildings, 12 acres of land and its own moat. Throwing caution to the wind, Dick and Angel swapped their two-bedroom flat in East London for an abandoned and derelict castle in the heart of the Loire valley and embarked on the adventure of a lifetime with their two young children Arthur and Dorothy. Sharing their full journey for the first time, *A Year at the Chateau* follows Dick and Angel from when they first moved to France in the depths of winter and found bedrooms infested with flies, turrets inhabited by bats, the wind rattling through cracked windows, and just one working toilet, which flushed into the moat, through to the monumental efforts that went into readying the chateau for their unforgettable wedding and their incredibly special first Christmas. Along the way we'll read glorious descriptions of rural life in France, with charming characters, delicious food and wonderful seasonal produce, together with the extraordinary list of renovations and restorations Dick and Angel completed, many of which were never shown on TV. As warm and entertaining as their much-loved show, *A Year at the Chateau* is a truly irresistible story of adventure and heart, epic ambitions and a huge amount of hard graft.

The Lantern House - Erin Napier 2022-05-24

From the nationally beloved co-host of the #1 hit show *Home Town* comes the quintessential celebration of home. Imagine a house's early days as a home: A young family builds a picket fence and plants flowers in its yard, children climb the magnolia tree and play the piano in the living room, and there is music inside the house for many happy years. But what will happen when its windows grow dark, its paint starts to crumble, and its boards creak in the winter wind? The house dreams of a

family who will love it again...and one day, a new story will emerge from within its walls. In this modern classic, Erin Napier's lyrical prose and Adam Trest's warm and comforting paintings deeply evoke the soul of a house cherishing the seasons of life and discovering the joy of rebirth.

Like the unabashedly luxurious fashions of Dior's New Look, which debuted in 1947, the interior designs of Victor Grandpierre and Georges Geffroy infused a war-weary world with a sumptuous new aesthetic—a melding of the refined traditions of the past with a wholly modern sense of elegance. Author Maureen Footer recounts the lives and work of this influential trio, illustrated with a trove of evocative vintage photographs. Grandpierre designed Dior's first couture house, creating not only the elegantly restrained look of the salons but also the template for the Dior brand, including typeface, logo, and packaging. Both Grandpierre and Geffroy (who worked independently) designed the interior of Dior's townhouse. After the couturier's untimely death in 1957, Grandpierre and Geffroy went on to design salons for other couturiers, as well as homes for the likes of Yves Saint Laurent, Marcel Rochas, Gloria Guinness, Daisy Fellowes, and Maria Callas.

[American Bungalow Style](#) - Robert Winter 1996-05

America once had a love affair with bungalows -- and it's being rekindled coast to coast. This elegant book showcases exceptional examples and features a catalogue of period furnishings. With a flaming fire in the cozy hearth, a comfortable Morris chair, and soft, natural colors everywhere, bungalows have long embodied the ideal of the American home. At the turn of the century they took the country by storm, providing well-designed and well-priced shelter nationwide. Bungalows revolutionized residential architecture in America and grew into a beloved symbol of domesticity by offering stylish yet affordable housing for the average person. Today whole neighborhoods of bungalows are being saved and restored by people who appreciate the simple and natural lifestyle made possible by these small houses. Beautifully illustrated with more than three hundred color photographs, *American Bungalow Style* presents two dozen American houses that capture the bungalow spirit. Many are Arts and Crafts in style, others show a touch of Spain or colonial America, and all exemplify the charms that enticed thousands of bungalow buyers during the form's heyday from 1880 to 1930. Among the bungalows included are examples by famous architects from Frank Lloyd Wright to Bernard Maybeck, as well as Gustav Stickley's own log cabin retreat. Many are the work of anonymous but skilled builders, and some were ordered by mail. Bungalows may differ widely in style and size, but they have in common a simplified plan that places most of the living spaces on one floor. They are typically one or one and a half stories high, low in

profile, and fitted with lots of built-ins and all the conveniences of their time. On their own piece of land, with a garden in front or back and space to park a car, bungalows provided the privacy and independence that many Americans favor. The idea that simplicity and artistry could harmonize in one affordable house spurred the bungalow's popularity -- a rare movement in which good architecture was found outside the world of the wealthy. Bungalows allowed people of modest means to achieve something they had long sought: respectability. With its special features the bungalow filled more than the need for shelter. It provided fulfillment of the American dream. A fully illustrated appendix features more than one hundred furnishings suitable for bungalows and Arts and Crafts houses. This special catalogue section highlights modern reproductions of tables and chairs, lamps, textiles, wall coverings, tile, and hardware that look right at home in bungalows old and new, commodious and compact.
