Introductory Macroeconomics (2020-21) - TR Jain and VK Ohri 2020-03-09

VK Global Publications Pvt. Ltd. is a household name now. Established in 1979, with more than three decades of leadership in the area of Economics and Commerce, we take pride in claiming that we continue with the unstirred readership in the country. Specialising in the area of Economics and Commerce, we are not averse to the idea of diversification. Keeping this in view, more than a decade ago, a series of 'Xam idea' was launched in all the subjects for classes IX -X However, success of our publication is admittedly due to prudent prolific writers. We have resource-pool of reputed authors, who leave no stone unturned in bringing out the best of study material, which makes our readers versatile in their thought processes and equips them with the exam-oriented acumen. Thousands of acknowledgments and accolades that we receive every year from our readers are a good testimony to the genuine efforts and trustworthy endeavours of our authors.

Perfect Digital Photography - Jay Dickman 2005-11-04

Written by photography experts--including a Pulitzer-Prize winning National Geographic photographer--this full-color book is a must-have for amateur photographers serious about improving both the quality of their photographs and their proficiency in the digital darkroom. The book is the perfect combination of a technical treatise on digital imaging and an artistic exploration of light, composition, and form, allowing you to glean the essential techniques needed for digital photography without losing sight of the artistic and aesthetic aspects of the craft. Using an easy-to-follow approach, the authors explain the image conceptualization process through shooting, editing, and image correction to finished print. In addition, top photographers from a variety of disciplines offer real-world advice on how they use digital photography to create compelling images for high-profile magazine articles, advertising campaigns, and fine art prints.

Analytic Geometry - Riddle 1987-03-01

Have you ever experienced what happens when a porn movie is mistakenly played in front of your grandma and the CD player refuses to stop? Have you ever experienced what happens when mixture of vodka and soft drink is served to hundreds of people gathered for a party? Have you ever experienced what happens when a boy is kicked in the groin by a girl when he attempts to kiss her? Have you ever experienced what happens when a college-going student has an affair with a married woman whose husband carts a gun? Have you ever experienced what happens when you are conspired into a murder that you had merely witnessed? Welcome to hilarious story of five friends named Raj (the flirt chap), Arti (the sweet female lead), Andy (the creepy leader), and Sam (the biggest problem of Raj's messed up life). These people can answer all the above questions in this fun tickling novel. Are you ready to experience the roller coaster ride of events? If yes, then sit back and enjoy!

Esper Files - Egan Brass 2017-01-25

After the events of the first book, Freya has joined the Institute - an organization created to help Espers control their powers, and she thought she'd finally found peace. That is, until Anti-Esper weapons find their way into the hands of The Coalition, a radical group who is determined to kill anyone with powers. At the same time, the Sky Cult has arisen, claiming that Espers have the right to rule over lowly humans. The timing couldn't be worse, as all of this happens three days before Esper Day, the first holiday designed to show that humans and Espers can coexist. Now Nathan, Freya and the team have to fight both organizations in a race against time before one of the radical groups tips the scales, and plunges the entire world into their own version of Armageddon.

The Supreme Identity - Alan Watts 2014-11-21

Modern Civilization, Watts maintains, is in a state of chaos because its spiritual leadership has lost effective knowledge of man's true nature. Neither philosophy nor religion today gives us the consciousness that at the deepest center of our being exists an eternal reality, which in the West is called God. Yet only from this realization come the serenity and spiritual power necessary for a stable and creative society. One of the most influential of Alan

Watts's early works, *The Supreme Identity* examines the reality of civilization's deteriorated spiritual state and offers solutions through a rigorous theological discussion on Eastern metaphysics and the Christian religion. By examining the minute details of theological issues, Watts challenges readers to reassess the essences of religions that before seemed so familiar and to perceive Vedantic "oneness" as a meeting ground of all things - "good" and "evil." In addressing how religious institutions fail to provide the wisdom or power necessary to cope with the modern condition, Watts confidently seeks the truth of the human existence and the divine continuum. In this eye-opening account of "metaphysical blindness" in the West, Watts accents this dense exploration of religious philosophy with wry wit that will engage inquiring minds in search of spiritual power and wisdom.

Marine Engineers' Handbook - Frank Ward Sterling 1920

Macroeconomics - TR Jain, OP Khanna

Music at the Limits - Edward Said 2013-05-09

Music at the Limits brings together three decades of Edward W. Said's essays on music. Addressing the work of a wide variety of composers and performers, Said analyses music's social and political contexts, and provides rich and often surprising assessments. He reflects on the censorship of Wagner in Israel; the relationship between music and feminism; and the works of Beethoven, Bruckner, Rossini, Schumann, Stravinsky and others. Always eloquent and often surprising, *Music at the Limits* reinforces Said's reputation as one of the most influential writers of the twentieth century.
