park ranger and daughter of a Mexican immigrant, raised him in the scrublands of the Southwest. Haunted by the landscape of his youth, Cantú joins the Border Patrol. [The Border](#) - Don Winslow 2019-02-26

ONE OF THE MOST ACCLAIMED BOOKS OF THE YEAR Contains an excerpt from Don Winslow's explosive new novel, *City on Fire!* NAMED A BEST BOOK OF THE YEAR BY Washington Post • NPR • Financial Times • The Guardian • Booklist • New Statesman • Daily Telegraph • Irish Times • Dallas Morning News • Sunday Times • New York Post "A big, sprawling, ultimately stunning crime tableau." - Janet Maslin, New York Times "You can't ask for more emotionally moving entertainment." - Stephen King "One of the best thriller writers on the planet." - Esquire The explosive, highly anticipated conclusion to the epic Cartel trilogy from the New York Times bestselling author of *The Force* What do you do when there are no

borders? When the lines you thought existed simply vanish? How do you plant your feet to make a stand when you no longer know what side you're on? The war has come home. For over forty years, Art Keller has been on the front lines of America's longest conflict: The War on Drugs. His obsession to defeat the world's most powerful, wealthy, and lethal kingpin?the godfather of the Sinaloa Cartel, Adán Barrera?has left him bloody and scarred, cost him the people he loves, even taken a piece of his soul. Now Keller is elevated to the highest ranks of the DEA, only to find that in destroying one monster he has created thirty more that are wreaking even more chaos and suffering in his beloved Mexico. But not just there. Barrera's final legacy is the heroin epidemic scourging America. Throwing himself into the gap to stem the deadly flow, Keller finds himself surrounded by enemies?men who want to kill him, politicians who want to destroy him, and worse, the unimaginable?an incoming administration that's

in bed with the very drug traffickers that Keller is trying to bring down. Art Keller is at war with not only the cartels, but with his own government. And the long fight has taught him more than he ever imagined. Now, he learns the final lesson?there are no borders. In a story that moves from deserts of Mexico to Wall Street, from the slums of Guatemala to the marbled corridors of Washington, D.C., Winslow follows a new generation of narcos, the cops who fight them, street traffickers, addicts, politicians, money-launderers, real-estate moguls, and mere children fleeing the violence for the chance of a life in a new country. A shattering tale of vengeance, violence, corruption and justice, this last novel in Don Winslow's magnificent, award-winning, internationally bestselling trilogy is packed with unforgettable, drawn-from-the-headlines scenes. Shocking in its brutality, raw in its humanity, *The Border* is an unflinching portrait of modern America, a story of—and for—our time.

Go, Went, Gone - Jenny Erpenbeck 2017-09-15
An unforgettable German bestseller about the European refugee crisis: "Erpenbeck will get under your skin" (Washington Post Book World)
Go, Went, Gone is the masterful new novel by the acclaimed German writer Jenny Erpenbeck, "one of the most significant German-language novelists of her generation" (The Millions). The novel tells the tale of Richard, a retired classics professor who lives in Berlin. His wife has died, and he lives a routine existence until one day he spies some African refugees staging a hunger strike in Alexanderplatz. Curiosity turns to compassion and an inner transformation, as he visits their shelter, interviews them, and becomes embroiled in their harrowing fates. *Go, Went, Gone* is a scathing indictment of Western policy toward the European refugee crisis, but also a touching portrait of a man who finds he has more in common with the Africans than he realizes. Exquisitely translated by Susan Bernofsky, *Go, Went, Gone* addresses one of the

most pivotal issues of our time, facing it head-on in a voice that is both nostalgic and frightening.

Of Morsels and Marvels - Maryse Condé

For many, cooking is simply the mechanical act of reproducing standard recipes. To Maryse Condé, however, cooking implies creativity and personal invention, on par with the complexity of writing a story. A cook, she explains, uses spices and flavors the same way an author chooses the music and meaning of words. In *Of Morsels and Marvels*, Condé takes us on a literary journey around places she has travelled to in India, Indonesia, and South Africa. She highlights the tastes and culinary traditions that are fascinating examples of a living museum. Such places, Condé explains, provide important insights into lesser-known aspects of contemporary life. One anecdote illustrates what becomes of the standard Antillean dishes of fish stew and goat curry by two Antilleans who own a restaurant in Sydney, Australia. Cuisine changes not only according to the individual cook but also adapts to foreign skies under which it is created. The author also recounts personal memories of her lifelong relationship with

cooking, such as when Adélia, her family's servant, wrongly blames little Maryse for mixing raisins with fish and using her imagination in the kitchen. Blending travel with gastronomy, this enchanting volume from the winner of the 2018 Alternative Nobel Prize will delight all who marvel at the wonders of the kitchen or seek to taste the world.

Northland: A 4,000-Mile Journey Along

America's Forgotten Border - Porter Fox
2018-07-03

Recommended by the New York Times Holiday Books Guide A quest to rediscover America's other border—the fascinating but little-known northern one. America's northern border is the world's longest international boundary, yet it remains obscure even to Americans. The northern border was America's primary border for centuries—much of the early history of the United States took place there—and to the tens of millions who live and work near the line, the region even has its own name: the northland. Travel writer Porter Fox spent three years exploring 4,000 miles of the border between Maine and Washington, traveling by canoe, freighter, car, and foot. In Northland, he blends a deeply reported and beautifully written story of the region's history with a riveting account of his travels. Setting out from the easternmost point in the mainland United States, Fox follows explorer Samuel de Champlain's adventures

across the Northeast; recounts the rise and fall of the timber, iron, and rail industries; crosses the Great Lakes on a freighter; tracks America's fur traders through the Boundary Waters; and traces the forty-ninth parallel from Minnesota to the Pacific Ocean. Fox, who grew up the son of a boat-builder in Maine's northland, packs his narrative with colorful characters (Captain Meriwether Lewis, railroad tycoon James J. Hill, Chief Red Cloud of the Lakota Sioux) and extraordinary landscapes (Glacier National Park, the Northwest Angle, Washington's North Cascades). He weaves in his encounters with residents, border guards, Indian activists, and militia leaders to give a dynamic portrait of the northland today, wracked by climate change, water wars, oil booms, and border security.

Thank You, Sarah - Laurie Halse Anderson
2011-09-20

From the author of *Speak and Fever*, 1793, comes the never-before-told tale of Sarah Josepha Hale, the extraordinary "lady editor"

who made Thanksgiving a national holiday! Thanksgiving might have started with a jubilant feast on Plymouth's shore. But by the 1800s America's observance was waning. None of the presidents nor Congress sought to revive the holiday. And so one invincible "lady editor" name Sarah Hale took it upon herself to rewrite the recipe for Thanksgiving as we know it today. This is an inspirational, historical, all-out boisterous tale about perseverance and belief: In 1863 Hale's thirty-five years of petitioning and orations got Abraham Lincoln thinking. He signed the Thanksgiving Proclamation that very year, declaring it a national holiday. This story is a tribute to Hale, her fellow campaigners, and to the amendable government that affords citizens the power to make the world a better place! Included in this e-book edition is a read-along option.
