Fortunately, the Milk . . . - Neil Gaiman
2013-09-17

From multi-award-winning Neil Gaiman comes a spectacularly silly, mind-bendingly clever, brilliantly bonkers adventure - with lip-smackingly gorgeous illustrations by Chris Riddell. 'A self-referential gem ... Both author and illustrator are craftsmen at the top of their game, making it look easy' Sunday Times, Children's Book of the Year Mum's away. Dad's in charge. There's no milk. So Dad saves the day by going to buy some. Really, that's all that happens. Very boring. YAAAAAANNNNN. There are absolutely none of the following inside: GLOBBY GREEN ALIENS! INTERGALACTIC POLICE! PIRATES! And most definitely NOT a time-travelling hot-air balloon piloted by the brilliant dinosaur scientist Professor Steg...

Altered Perceptions - Kenn Gordon 2020-12-22

I grew up in the Highlands of Scotland. I became a musician whilst still at school. Then I made my first musical instrument, at the age of 13. At the age of 18, I joined the Royal Air Force. I served for 9 years and worked at numerous secret establishments. During my military career, I

continued to play in bands and to write music. When I left the RAF, I still played music, forming my own bands and recording over 32 Albums, under various names. I also created Gordon Guitars, making high end and bespoke guitars. As I grew older, I looked for a new avenue for my creative juices. It is because of this, that I have decided to become a writer. The first novel entitled 'Altered Perceptions' is the first part of a Trilogy featuring. Andy McPhee and Team Seven, of the SIS Black Door Operations. SIS (Secret Intelligence Service) do exist, as do Black Door Ops. What goes on at CDE (Chemical Defence Establishment) Porton Down, is part factual and part fiction. Although this story is fiction, or you could say factional. The Enriched Uranium and Plutonium did go missing from FBR (Fast Breeder Reactor) Dounreay. The Secret Royal Navy program, the Vulcan Project, did take place between the RN (Royal Navy) and Rolls Royce. There were two major accidents at FBR Dounreay, and they were covered up. There still, to this day, remains two miles of off-limit shoreline. Where pieces of Plutonium are being found, on the beach near Dounreay. Much of what happened in this first book, did happen in real life. Some is of course pure fiction. Real names have been changed. Many of the places exist. Gruinard Island was used by the British Government, to test out bacteriological and viral spores of anthrax. The island remained uninhabitable for almost 50 years. The UK has signed up to the Geneva Convention, that bans

the use of chemical and biological warfare. Yet it continues to make these banned items. The UK is not alone in this. The USA, France, Belgium, Germany along with many countries in the west. Yet we first world countries, condemn the third world countries, who try to make them. Worse still, in some cases, we even supply these countries, with the parts required to make these weapons of mass destruction. That is a fact.

Under a Desert Sky - Lynne Hartke 2017-05-02

There comes a time in life when we find ourselves in the desert place of burning questions. Why? Why me? But even as we shake our fist heavenward, the heart whispers another question. Who? Who are you, God? It is a question of relationship, a question we all murmur in the hardest places. Against the backdrop of the Sonoran Desert, Lynne Hartke asks her own hard questions as cancer arrives like a thief with one goal: to take it all. Hair. The contents of a stomach. A marriage. A life. As her days become a blur of doctors' appointments, treatments, and surgeries, she wrestles with a tumble of tangled emotions, a shaken faith, and self-doubt. Cancer is now not only threatening her own life, but, in a surprising twist, the lives of both her parents as well. Through her raw, lyrical words, Hartke invites fellow sojourners to discover that in life's hardest places, they are not alone in their fear, they are not foolish to hope, and they are never forgotten by a loving, pursuing God. Never.

The Oldest Living Graduate - LTG William J. Ely 2015-09-24

The Oldest Living Graduate is the autobiographical account of LTG William J. Ely, who began his life's journey in 1911 when he was born on a small Pennsylvania farm. He graduated from the United States Military Academy at West Point in 1933 and went on to serve for thirty-three years, rising to the rank of lieutenant general before his retirement from the service in 1966. The Oldest Living Graduate reaches its end with a brief personal status report of the author's daily life. He chose as the final chapter's last word a portion of the lyrics from West Point's "Alma Mater": "And when our work is done, / Our course on earth is run, / May it be said, 'Well done. / Be thou at peace.'" Whether you are one who relishes reading personal histories or one who admires

individuals who live with tenacity and good humor, The Oldest Living Graduate will satisfy you with its personal look at more than a century of living. The General is still very active in Delray Beach, Florida at 103 years of age.

Liverpool's Children in the 1950s - Pamela Russell 2012-01-31

Full of the warmth and excitement of growing up in the 1950s, awakening nostalgia for times that seemed cosy and carefree with families at last enjoying peacetime, this book is packed with the experience of school days, playtime, holidays, toys, games, clubs and hobbies conjuring up the genuine atmosphere of a bygone era. As the decade progressed, rationing ended and children's pocket money was spent on goodies like Chocstix, Spangles, Wagon Wheels and Fry's Five Boys. Television brought Bill and Ben, The Adventures of Robin Hood and, for teenagers, The Six-Five Special, along with coffee bars and rock 'n' roll. This book opens a window on an exciting period of optimism, when anything seemed possible, described by the children and teenagers who experienced it. Liverpool's traditional sense of community, strengthened by the war years, provided a secure background from which children and teenagers could welcome a second Elizabethan era.

Dads and Daughters - Joe Kelly 2003-05-13

Every father can make a huge difference in his daughter's life. As the primary male role model in a girl's life, fathers influence their daughters in profound ways, from how they see themselves to what they come to expect from men and the world at large. But men often don't realize the importance of their interactions or may shy away from too close involvement because of their inexperience, or conditioning. Especially as girls move into adolescence, fathers may find themselves feeling distant from their daughters or awkward with the changing dynamic. Communication becomes difficult and parenting issues more complicated. But this is also the time when daughters most need their fathers to be an even greater presence in their lives. *Dads and Daughters* is a tool to bridge that gap and build a rewarding and joyful father-daughter relationship. From father to father and with insights from many other dads, Joe Kelly shows men how they can strengthen their relationships with their daughters and explores the tremendous rewards this relationship can bring. Starting with a self-assessment quiz titled "How Am I Doing as My Daughter's Father?" dads can immediately see what kind of role they play in their daughter's life. To educate fathers and offer solutions when problems arise, *Dads and Daughters* then offers thoughtful coverage of the

most pivotal issues today's girls face, such as sex and dating, body image, alcohol and drugs, media culture and violence, money and responsibility, and the future. In doing so he both illuminates the culture our daughters live in and shows fathers how to guide their daughters toward rewarding, healthy lives.

But this can't happen because Marie's my daughter's best friend ... and what we're doing is utterly taboo. Hey Readers - Pop open the bubbly and get ready for some fun because this book is going to leave you gasping for more (in a good way). As always, our feisty heroine gets her HEA, with a pregnancy and a secret baby too. You'll love it, I promise! Xoxo, Cassie

Organized by topic, it encourages readers to reflect upon the region as a whole. Telling It the Way It Was - David Jussero
2012-01-16

Sometimes witty and sometimes serious, *Telling It the Way It Was* provides a narrative of what life was like for the hardy and pragmatic immigrant settlers of the US breadbasket. In this memoir, author David Jussero presents a nostalgic tour of life in a predominately Finnish farm community in North Dakota from the turn of the century through the 1940s and 50s. *Telling It the Way It Was* relays stories about the hardships and successes of Jussero's Finnish and French ancestors who faced the demands of settling a new country by living in sod houses and braving bitter winters on the North American prairies. He tells about the mixed marriage of his French mother who immigrated to the United States to marry his dad, her Finnish sweetheart. Jussero also describes his own experiences growing up on a small wheat farm in North Dakota, attending school at one-room schoolhouses, dropping out of school at

age sixteen, and doing dead-end farm jobs, which spurred him into trading the life of a hired farmhand for city life. When he was still in his teens, he made his way to the West Coast to seek his fortune. Through photographs and stories from the past, Jussero passes along his heritage and paints a vivid picture of the sturdy and rugged people who preceded him.

Fathers and Sons (eBook) - Angus Buchan
2015-03-02

Next to God, a family is the most important relationship a person can possibly have in this life. The Lord never designed us to be on our own. We need each other, just like iron sharpens iron, just like coal needs fire in order to burn brightly. *FATHERS AND SONS* is a call to fathers to guard their relationship with their sons, and for sons to treasure their relationship with their father - with passion and purpose. Some of the themes Angus Buchan discusses in *FATHERS AND SONS* includes: Dad's affirmation, role models, grace and respect, humility versus pride, sacrifice, what constitutes a father and tough love. *FATHERS AND SONS* will encourage every father to be the father that God wants him to be and reveals the incredible impact it will have on his children.

Harvesting Hope - Mary Jo Brown 2017-04-06

However, a new disruption in the form of a mail-order stepmother adds even more turmoil and emotional harm to their lives several years later. She poignantly describes the fortitude and courage it took to escape her difficult childhood, which eventually led her to becoming a mother herself, while maintaining a sense of strength and enduring hope.

Milked - Ruth Conniff 2022-07-12

A compelling portrayal by the veteran journalist of the lives of farming communities on either side of the U.S.-Mexico border and the surprising connections between them "Conniff brings her skills and insights to a particularly

urgent project: moving beyond the polarizing politics of our current era, and taking a deeper look at how people who have been pitted against each other can forge bonds of understanding.” —E.J. Dionne Jr., co-author of 100% Democracy

In the Midwest, Mexican workers have become critically important to the survival of rural areas and small towns—and to the individual farmers who rely on their work—with undocumented immigrants, mostly from Mexico, accounting for an estimated 80 percent of employees on the dairy farms of western Wisconsin. In *Milked*, former editor-in-chief of *The Progressive* Ruth Conniff introduces us to the migrants who worked on these dairy farms, their employers, among them white voters who helped elect Donald Trump to office in 2016, and the surprising friendships that have formed between these two groups of people. These stories offer a rich and fascinating account of how two crises—the record-breaking rate of farm bankruptcies in the Upper Midwest, and the contentious politics around immigration—are changing the landscape of rural America. A unique and fascinating exploration of rural farming communities, *Milked* sheds light on seismic shifts in policy on both sides of the border over recent decades, connecting issues of labor, immigration, race, food, economics, and U.S.-Mexico relations and revealing how two seemingly disparate groups of people have come to rely on each other, how they are subject to the same global economic forces, and how, ultimately, the bridges of understanding that they have built can lead us toward a more constructive politics and a better world.

My Mediterranean Village Lifestyle - Rena Ayyelina 2017-02-03

The search for optimal health and longevity

remains confusing for many individuals and can result in individuals chasing nutrient pills, medications, or new diets. *My Mediterranean Village Lifestyle* connects the dots between old-world simplicity and newly understood knowledge about nutrition and lifestyle in a simple, common-sense narrative inspired by the tiny village of Lafka, Korinthias, in the Greek mountains. Nutrition remains the key focus of the book; however, lifestyle choices, stress, relationships with others, physical activity, and relationship with the Creator are also topics of discussion. The author demonstrates, through examining life in the village, how all of these factors can work together in synergy to boost your immune system, promote overall well-being, and provide the health/wealth needed for a fulfilling life.

[Sons and Dads](#) - Humphrey W. Muciiri Ph.D. 2016-08-22

Dad's behavior communicates a lot to his son. In traditional families, a son looks up to his dad as a model for his behavior. When a dad creates opportunities for free discussions with his son, the son grows up respecting and trusting him as his model. On the other hand, when a dad becomes authoritarian, lays down rules and regulations for his son without adequate and reasonable explanations or discussions, the son may resent it, feel alienated, and seek other avenues, albeit honorable or dishonorable ones, for answers to his problems. "Sons and Dads: Who will reconcile them," is a fiction-Christian narrative that talks about two sons, their dads, the trials and tribulations they encountered, and finally how they got reconciled. The episodes contained in the book are relevant, if not similar, to what is happening in current times.

[The Rise and Fall \(and Rise?\) of a Man](#) - Brian Sanborn 2021-02-15

This book is the story of a boy growing up to be a man and the events that led him to make the career choice he did. It is an account of the challenges he faced, his successes, and some of the devastating losses he suffered along the way. The book contains a description of how after a

memorable thirty-two-year career, the man threw away his legacy, his reputation, and his community by making a series of bad choices. These pages contain an account of the ramifications of these choices—ramifications that still exist years later. Finally, this script describes this man's struggle against these ramifications and his attempts to rebuild a devastated life. Some major life topics within the context of this story that are discussed give food for thought. Why some relationships, even those that occur at a young age, can lead to life-altering decisions. How the growth that comes through experience and a consistent positive work ethic can convert a subpar worker into a master craftsman. How personal loss not resolved can result in devastating consequences years later. How our world's reliance on credit scores and background checks make it nearly impossible for a person to rise up again after a transgression. The fairness of the tendency of today's world to completely judge a person based on the single worst event in their life. The Rise and Fall (and Rise?) of a Man is a worthy read for those who want to be entertained, for those who wish to examine some major topics inherent in each person's life, and for those who wish to examine the direction in which society is currently headed. Is there room in our society for the idea of a second chance?

CAN LITTLE CHUCKIE COME OUT AND PLAY NOW? - Chuck Brummel 2014-03

"My storey is about my life. I was born in 1939, and my family literally broke apart when I was "little". I do not recall ever living in a home with my mother and father together. There were several years I spent in foster care; and then living with Mom and then Dad, bouncing back and forth a couple of times, until I was a junior in high school. My father moved, but I didn't. I spent my final year in high school living with a local family, thanks to a basketball coach who

took special interest in me. I spent some of my time growing up being a juvenile delinquent; petty theft, shop-lifting, drinking, smoking and other such irresponsible activities. I made a decision to change my life after my freshman year in high school, and went to live with my father, whom I already knew was a strict disciplinarian and a very controlling individual. But, I got the chance to start my life over again at age 15. I made the most of my new start, and I want to tell my story!"

From The Outhouse To The Moon - Cliff LeCleur 2010-11-03

It was July 20, 1969, I was mesmerized by what I was seeing on TV. The space module Eagle had just landed on the moon and Neil Armstrong, one of America's astronauts was about to be the first man to walk on the moon. My mind was whirling back twenty years to my childhood. It was a time when we lived without electricity or running water. A much simpler time, but one filled with the excitement of experiencing life in "The Olden Days," yet caught up in the explosive change of the future. Did you ever wonder what was it like in "The Good Ole Days?" Before electricity, shopping malls, computers, and i-pods? You will find out how simple things like bath night, a bag of pretzels, searching the swamp for a Christmas tree, and driving over a wood plank bridge can be an exciting adventure. Each story will draw you in and bring you in touch with a bygone era. Journey with me back to 1945, which, at the age of three, is my earliest memory, and we will go - - - - "From The Outhouse To The Moon."

My Father's Island - Adam Dudding 2017-10-01
After the death of his brilliant, eccentric father, Adam Dudding went in search of the stories and secrets of a man who had been a loving parent and husband, but was also a tormented, controlling and at times cruel man. Robin Dudding was the greatest New Zealand literary editor of his generation - friend and mentor of many of our best-known writers. At his peak he published the country's finest literary journal on the smell of an oily rag from a falling-down house overflowing with books, long-haired children and chickens - an island of nonconformity in the heart of 1970s Auckland suburbia. Yet when Robin's uncompromising integrity tipped into something much more self-destructive, a dark shadow fell over his career and personal life. In *My Father's Island*, Adam Dudding writes frankly about the rise and fall of an unconventional cultural figure. But this is also a moving, funny and deeply personal story of a family, of a marriage, of feuds and secret loves - and of a son's dawning understanding of his father.

Growing up Third World - Cindy Moldovan 2013-01-22

Belize is a little paradise in the Caribbean's. Growing up in the mid sixties and seventies it was underdeveloped and not well know. It is remembered with fond memories of my life and times spent with my family, extended family, friends and acquaints. My heritage is mixed with white, black and Mayan Indian which is not

uncommon for Belize as it is a melting pot for diverse ethnicity and mixed culture. People from many different parts of the world call Belize home. Go back in time with me as I share a much different way of living life, from the way we prepared and cook our food, getting immunized, transportation, attending school, to growing up in the country in a large family with no running water, electricity nor plumbing, farming, religion, celebrating holidays and many more fascinating facts. Growing up third world nothing was done the short or easy way. Most of our foods was served from farm to table and although I did not know it then, our food was also grown organically. For the first seventeen years of my life I lived in Belize (formally know as British Honduras) A peaceful and democratic country, Belize is a jewel with lush rainforest, Mayan monuments, mountains, pristine beaches and among many other attractions Belize boasts the second largest unbroken barrier reef in the world, the magnificent Blue Hole that attracts scuba divers from around the globe and the only designated Jaguar preserve in the world. I am honored to share these experiences with you.

We Survived and Thrived - Ken Tate 2003

When things go wrong as they sometimes will,
When the road you're trudging seems all uphill,
When the funds are low and the debts are

highAnd you want to smile, but you have to sigh,
When care is pressing you down a bit, Rest, if
you must, but don't you quit. Times were tough,
but we made it through. These were times when
people depended on one another, when they
learned to take nothing for granted, and to
recognize those things that were more important
than the luxuries money could buy.
