Women Political Leaders - J. Jensen 2008-11-24
This book examines the many routes forty or so women have taken to become president or prime minister of their countries and the problems they have encountered once in office. Their ability to deal with the difficulties of governmental and party leadership in a male-dominated culture are

discussed along with an evaluation of their performance in managing domestic problems and handling the issues of war and peace. The essential question asked throughout is what difference being female made in their governing style.

The Bhutto Dynasty - Owen Bennett-Jones
2020-09-04

A major new investigation into the Bhutto family, examining their influence in Pakistan from the colonial era to the present day "Fluently written, impeccably researched and never short of extraordinary insights, this is a landmark publication."--Farzana Shaikh, *Literary Review*
The Bhutto family has long been one of the most ambitious and powerful in Pakistan. But politics has cost the Bhuttos dear. Zulfikar Ali Bhutto, widely regarded as the most talented politician in the country's history, was removed from power in 1977 and executed two years later, at the age of 51. Of his four children, three met unnatural deaths: Shahnawaz was poisoned in 1985 at the age of 27; Murtaza was shot by the police outside his home in 1996, aged 42; and Benazir Bhutto, who led the Pakistan Peoples

Party and became Prime Minister twice, was killed by a suicide bomber in Rawalpindi in 2007, aged 54. Drawing on original research and unpublished documents gathered over twenty years, Owen Bennett-Jones explores the turbulent existence of this extraordinary family, including their volatile relationship with British colonialists, the Pakistani armed forces, and the United States.

[The History of British Diplomacy in Pakistan](#) -

Ian Talbot 2020-12-28

This book is the first account of the British diplomatic mission in Pakistan from its foundation at the end of the Raj in 1947 to the 'War on Terror'. Drawing on original documents and interviews with participants, this book highlights key events and personalities as well as the influence and perspectives of individual diplomats previously not explored. The book demonstrates that the period witnessed immense changes in Britain's standing in the world and in the international history of South Asia to show that Britain maintained a

diplomatic influence out of proportion to its economic and military strength. The author suggests that Britain's impact stemmed from colonial-era ties of influence with bureaucrats, politicians and army heads which were sustained by the growth of a Pakistani Diaspora in Britain. Additionally, the book illustrates that America's relationship with Pakistan was transactional as opposed to Britain's, which was based on ties of sentiment as, from the mid-1950s, the United States was more able than Britain to give Pakistan the financial, military and diplomatic support it desired. A unique and timely analysis of the British diplomatic mission in Pakistan in the decades after independence, this book will be of interest to academics working in the fields of South Asian History and Politics, International Relations, British and American Diplomacy and Security Studies, Cold War Politics and History and Area Studies.

as they were taking place, the events that shook Pakistan in 1968–69 were underplayed in the Western media. Following a long period of tumult, a radical coalition—led by Zulfikar Ali Bhutto—brought down the military regime of Field Marshal Ayub Khan, just as it was celebrating its tenth “glorious” anniversary. Students, soon joined by workers and later by virtually every subaltern social stratum (including sex workers), took on the state apparatus of a corrupt and decaying military dictatorship created and backed by the United States. They were joined by workers, lawyers, white-collar employees, and, despite severe repression, they won. The fundamentalist party Jamaat-i-Islami opposed the movement and faced complete isolation. The most popular chants were “Socialism is on the way” and “Food, clothes, shelter.” Ayub was forced to resign. His weak-kneed successor had to permit the country’s first general election, probably the freest in its tormented history. In his riveting

account, written in 1970 in the white heat of events, Tariq Ali offers an eyewitness perspective, showing that this powerful popular movement was the sole real victory of the 1960s revolutionary wave. The election cracked open all the contradictions of the old state, as Ali had predicted. The military and the West Pakistani ruling elite refused to accept the results and embarked on a civil war. The result was the birth of a new state, as East Pakistan broke away to become Bangladesh.

The Fragrance of Tears - Victoria Schofield 2020-10-15

A memoir of Victoria Schofield's thirty-year friendship with her Oxford contemporary, Benazir Bhutto. Born to a wealthy and influential

Pakistani family that has dominated the centre-left Pakistan Peoples Party since its founding in 1967, Benazir Bhutto twice served as prime minister of her country (thereby becoming the first woman to head a democratic government in a predominantly Muslim nation); she was assassinated in December 2007 while attempting a political comeback. Schofield's memoir provides first-hand insights into Bhutto's transformation from Oxford undergraduate to political activist, prisoner and politician against the backdrop of an increasingly turbulent region. Drawing on diaries and letters, Schofield narrates with affection and emotional honesty the trajectory of her close and enduring bond with one of the most charismatic and controversial figures in South Asian politics – and a woman whose life and career were defined by tragedy.

What does it mean to be American? In this starkly illuminating and impassioned book, Pulitzer Prize-finalist Laila Lalami recounts her unlikely journey from Moroccan immigrant to U.S. citizen, using it as a starting point for her exploration of American rights, liberties, and protections. "Sharp, bracingly clear essays."—Entertainment Weekly Tapping into history, politics, and literature, she elucidates how accidents of birth—such as national origin, race, and gender—that once determined the boundaries of Americanness still cast their shadows today. Lalami poignantly illustrates how white supremacy survives through adaptation and legislation, with the result that a caste system is maintained that keeps the modern equivalent of white male landowners at the top of the social hierarchy. Conditional citizens, she argues, are all the people with whom America embraces with one arm and pushes away with the other. Brilliantly argued and deeply personal, *Conditional Citizens*

The Unquiet Ones - Osman Samiuddin

2014-12-01

The definitive history of a cricket team the world loves to watch, but is at a loss to explain The story of Pakistan cricket is dramatic, tortured, heroic and tumultuous. Beginning with nothing after the Partition of 1947 to the jubilation of its victory against England at the Oval in 1954; from earning its Test status and competing with the best to sealing a golden age by winning the World Cup in 1992; from their magic in Sharjah to an era-defining low in the new millennium, Pakistan's cricketing fortunes have never ceased to thrill. This book is the story of those fortunes and how, in the process, the game transformed from an urban, exclusive sport into a glue uniting millions in a vast, disparate country. In its narration, Osman Samiuddin captures the jazba of the men who played for Pakistan,

celebrates their headiest moments and many upheavals, and brings to life some of their most famous - and infamous - contests, tours and moments. Ambitious, spirited and often heart breaking, *The Unquiet Ones* is a comprehensive portrait of not just a Pakistani sport, but a national majboori, a compulsion whose outcome can often surprise and shock, and become the barometer of everyday life in Pakistan, tailing its ups and downs, its moods and character.

Zulfi Bhutto of Pakistan - Stanley A. Wolpert
1993

Bhutto, Wolpert writes, was a charismatic and contradictory man, a microcosmic reflection of Pakistan itself - a nation bond out of division with India which later fell victim to its own internal split with the creation of Bangladesh. Wolpert follows him from his privileged youth in British-ruled India, to his years as a student at the University of Southern California and University of California, Berkeley (where he sported a thin moustache, shiny two-tone shoes,

and proved a keen, if rakish, fraternity brother), to Oxford and back to Pakistan. Bhutto climbed to the heights of power with amazing swiftness, winning a seat in the central Cabinet of Pakistan at the unprecedented age of thirty. Wolpert weaves Pakistan's turbulent politics and repeated wars with India together with Bhutto's ambitious maneuvering, tracing his rise to Foreign Minister, the founding of his own political movement, and finally leadership of the nation.

The Shias of Pakistan - Andreas Rieck
2016-01-15

The Shias of Pakistan are the world's second largest Shia community after that of Iran, but comprise only 10-15 per cent of Pakistan's population. In recent decades Sunni extremists

have increasingly targeted them with hate propaganda and terrorism, yet paradoxically Shias have always been fully integrated into all sections of political, professional and social life without suffering any discrimination. In mainstream politics, the Shia- Sunni divide has never been an issue in Pakistan. Shia politicians in Pakistan have usually downplayed their religious beliefs, but there have always been individuals and groups who emphasised their Shia identity, and who zealously campaigned for equal rights for the Shias wherever and whenever they perceived these to be threatened. Shia 'ulama' have been at the forefront of communal activism in Pakistan since 1949, but Shia laymen also participated in such organisations, as they had in pre-partition India. Based mainly on Urdu sources, Rieck's book examines, first, the history of Pakistan's Shias, including their communal organisations, the growth of the Shia 'ulama' class, of religious schools and rivalry between "orthodox" "ulama"

and popular preachers; second, the outcome of lobbying of successive Pakistan governments by Shia organisations; and third, the Shia-Sunni conflict, which is increasingly virulent due to the state's failure to combat Sunni extremism.

The Duel - Tariq Ali 2012-12-11

Pakistan stands on the front line of the war against terror. Yet this long-time ally of the West, whose links with the US have caused enormous friction within the country, is in deepening crisis. As President Pervez Musharraf struggles to cling to power through states of emergency, press curbs and imprisonment of his opponents, a range of forces threaten to destroy him and tip the country into a full-blown civil war. Drawing on extensive first-hand research and personal knowledge, Tariq Ali investigates both the causes and the consequences of Pakistan's rapid spiral into political chaos. Shedding new light on controversial questions (did the US greenlight the execution of President Zulfikar Ali Bhutto in 1979? Is NATO negotiating

to grant the Taliban a role in Afghanistan? Are those now jockeying for power any less corrupt than Musharraf's current cronies?) he examines the various disparate elements and each of the key individuals whose conflicts are tearing Pakistan apart

The Rage and the Pride - Oriana Fallaci 2002
With The Rage and the Pride Oriana Fallaci breaks a ten year silence. The silence she kept until September 11's apocalypse in her Manhattan house. She breaks it with a deafening noise. In Europe this book has caused and causes a turmoil never registered in decades. Polemics, discussion, debates, hearty consents and praises, wild attacks. And a million copies sold in Italy where it still is at the bestsellers'

top. Hundreds of thousands in France, in Germany, in Spain: the other countries where it has become the Number one Bestseller. Around a dozen translations will soon appear. With her well-known courage Oriana Fallaci faces the themes unchained by the Islamic terrorism: the contrast and, in her opinion, incompatibility between the Islamic world and the Western world; the global reality of the Jihad and the lack of response, the lenience of the West. With her brutal sincerity she hurls pitiless accusations, vehement invectives, and denounces the uncomfortable truths that all of us know but never dare to express. With her rigorous logic, lucidity of mind, she defends our culture and blames what she calls our blindness, our deafness, our masochism, the conformism and the arrogance of the Politically Correct. With the poetry of a prophet like a modern Cassandra she says it in the form of a letter addressed to all of us. The text is enriched by a dramatic preface in which Oriana Fallaci reveals how *The Rage* and

the *Pride* was born, grew up, and detachedly calls it "my small book." In addition, a preface in which she tells significant episodes of her extraordinary life and explains her unreachable isolation, her demanding and inflexible choices. Because of this too, what she calls "my small book" is in reality a great book. A precious book, a book that shakes our conscience. It is also the portrait of a soul. Her soul. No doubt it will remain as a thorn pierced inside our brains and our hearts.

Reconciliation - Benazir Bhutto 2009-10-13
"It is impossible to understand today's world without knowing Pakistan; and impossible to understand Pakistan without reading this book. A courageous woman—tragically killed—speaks to us of reconciliation. We owe it to her—and to ourselves—to listen, comprehend, and act." — Madeleine Albright "One of the most gripping and important books of our era." — Walter Isaacson Benazir Bhutto returned to Pakistan in October 2007, after eight years of exile, hopeful

that she could be a catalyst for change. Upon a tumultuous reception, she survived a suicide-bomb attack that killed nearly two hundred of her compatriots. But she continued to forge ahead, with more courage and conviction than ever, since she knew that time was running out—for the future of her nation and for her life. In *Reconciliation*, Bhutto recounts in gripping detail her final months in Pakistan and offers a bold new agenda for how to stem the tide of Islamic radicalism and to rediscover the values of tolerance and justice that lie at the heart of her religion. She speaks out not just to the West but also to the Muslims across the globe. Bhutto presents an image of modern Islam that defies the negative caricatures often seen in the West. After reading this book, it will become even clearer what the world has lost by her assassination

The relationship between America and Pakistan

interview-with-history-bhutto

is based on mutual incomprehension and always has been. Pakistan—to American eyes—has gone from being a quirky irrelevance, to a stabilizing friend, to an essential military ally, to a seedbed of terror. America—to Pakistani eyes—has been a guarantee of security, a coldly distant scold, an enthusiastic military enabler, and is now a threat to national security and a source of humiliation. The countries are not merely at odds. Each believes it can play the other—with sometimes absurd, sometimes tragic, results. The conventional narrative about the war in Afghanistan, for instance, has revolved around the Soviet invasion in 1979. But President Jimmy Carter signed the first authorization to help the Pakistani-backed mujahedeen covertly on July 3—almost six months before the Soviets invaded. Americans were told, and like to believe, that what followed was Charlie Wilson's war of Afghani liberation, with which they remain embroiled to this day. It was not. It was General Zia-ul-Haq's vicious regional power play. Husain

Pakistan in Crisis - Ashok Kapur 2006-04-14

With these questions in mind Professor Kapur charts the continuous power struggles of Pakistan's ruling elites. Using a historical and comparative approach he shows how the search for democracy and national identity has been hindered by army intervention, political intrigue and the failure of Islam to unite the various ethnic factions. While pessimistic about the chances for democracy in Pakistan, he hopes that the democratic pluralism and broad-based political activity emerging in much of Eastern Europe and the Third World will inspire ordinary

Pakistanis to transform their country into a nation, in spirit as well as in name.

[Making Sense of Pakistan](#) - Farzana Shaikh
2018-11-08

Pakistan's transformation from supposed model of Muslim enlightenment to a state now threatened by an Islamist takeover has been remarkable. Many account for the change by

pointing to Pakistan's controversial partnership with the United States since 9/11; others see it as a consequence of Pakistan's long history of authoritarian rule, which has marginalized liberal opinion and allowed the rise of a religious right. Farzana Shaikh argues the country's decline is rooted primarily in uncertainty about the meaning of Pakistan and the significance of 'being Pakistani'. This has pre-empted a consensus on the role of Islam in the public sphere and encouraged the spread of political Islam. It has also widened the gap between personal piety and public morality, corrupting the country's economic foundations and tearing apart its social fabric. More ominously still, it has given rise to a new and dangerous symbiosis between the country's powerful armed forces and Muslim extremists. Shaikh demonstrates how the ideology that constrained Indo-Muslim politics in the years leading to Partition in 1947 has left its mark, skillfully deploying insights from history to better understand Pakistan's

Karachi—Bhutto’s birthplace and Pakistan’s other great metropolis—Rafia Zakaria’s family was suffering through a crisis of its own: her Uncle Sohail, the man who had brought shame upon the family, was near death. In that moment these twin catastrophes—one political and public, the other secret and intensely personal—briefly converged. Zakaria uses that moment to begin her intimate exploration of the country of her birth. Her Muslim-Indian family immigrated to Pakistan from Bombay in 1962, escaping the precarious state in which the Muslim population in India found itself following the Partition. For them, Pakistan represented enormous promise. And for some time, Zakaria’s family prospered and the city prospered. But in the 1980s, Pakistan’s military dictators began an Islamization campaign designed to legitimate their rule—a campaign that particularly affected women’s freedom and safety. The political became personal when her aunt Amina’s husband, Sohail, did the unthinkable and took a

second wife, a humiliating and painful betrayal of kin and custom that shook the foundation of Zakaria’s family but was permitted under the country’s new laws. The young Rafia grows up in the shadow of Amina’s shame and fury, while the world outside her home turns ever more chaotic and violent as the opportunities available to post-Partition immigrants are dramatically curtailed and terrorism sows its seeds in Karachi. Telling the parallel stories of Amina’s polygamous marriage and Pakistan’s hopes and betrayals, *The Upstairs Wife* is an intimate exploration of the disjunction between exalted dreams and complicated realities.

his associates. In December 2007 Benazir Bhutto, Fatima's aunt, and the woman she had publicly accused of ordering her father's murder, was assassinated in Rawalpindi. It was the latest in a long line of tragedies for one of the world's best known political dynasties. *Songs of Blood and Sword* tells the story of the Bhuttos, a family of rich feudal landlords who became powerbrokers in the newly created state of Pakistan; the epic tale of four generations of a family and the political violence that would destroy them. It is the history of a family and nation riven by murder, corruption, conspiracy and division, written by one who has lived it, in the heart of the storm. The history of this extraordinary family mirrors the tumultuous events of Pakistan itself, and the quest to find the truth behind her father's murder has led Fatima to the heart of her country's volatile political establishment. Finally *Songs of Blood and Sword* is about a daughter's love for her father and her search to uncover, and to

understand, the truth of his life and death. About the Author : - Fatima Bhutto was born in Afghanistan in 1982. She studied at Columbia University and the School of Oriental and African Studies at the University of London. Pakistan's former Prime Minister Zulfikar Ali Bhutto held the reins of the country from 1971 to 1977. He was overthrown in 1977 by his Chief of Army Staff, General Zia-ul-Haq, and executed in 1979. Zia-ul-Haq ruled over Pakistan for eleven years with an iron fist, curbing all dissent until he got blown up in an air crash in 1988. In almost three decades since, Pakistan's leadership has changed hands fifteen times. An extremely controversial and confrontational politics is associated with the era of Zulfikar Ali Bhutto. It is therefore not surprising that, considering his towering stature, not enough has been researched and written about the tumultuous years of his accession to power culminating in what today is best described as regicide. Syeda Hameed delves deep into the politics of Pakistan, meeting Bhutto's

contemporaries, mining information from archives and letters to bring to the fore a rich yet disturbing life and times of Zulfikar Ali Bhutto.

Long-listed for the Baileys Women's Prize for Fiction, a lyrical novel set over the course of one morning in a small town in Pakistan Fatima Bhutto's stunning debut novel chronicles the lives of five young people trying to live and love in a world on fire. Set during the American invasion of Afghanistan, *The Shadow of the Crescent Moon* begins and ends one rain-swept Friday morning in Mir Ali, a small town in Pakistan's Tribal Areas close to the Afghan border. Three brothers meet for breakfast. Soon after, the eldest, Aman Erum, recently returned from America, hails a taxi to the local mosque. morning. No one knows where Mina goes these days. Sikandar is exhausted by Mina's instability and by the pall of grief that has enveloped his family. But when, later in the morning, the two are taken hostage by members of the Taliban, Mina will prove to be stronger than anyone could have imagined. The youngest of the three leaves for town on a motorbike. An idealist, Hayat holds strong to his deathbed promise to their father—to free Mir Ali from oppressors. Seated behind him is a beautiful, fragile girl whose life and thoughts are overwhelmed by the war that has enveloped the place of her birth. Three hours later their day will end in devastating circumstances. In this beautifully observed novel, individuals are pushed to make terrible choices. And as the events of this single morning unfold, one woman is at the center of it all. "A fascinating portrait. . . . Benazir Bhutto is endowed with courage. . . . She deserves praise

for steering her unstable nation back on a democratic path.” — New York Times Book Review Daughter of Destiny, the autobiography of Benazir Bhutto, is a historical document of uncommon passion and courage, the dramatic story of a brilliant, beautiful woman whose life was, up to her tragic assassination in 2007, inexorably tied to her nation's tumultuous history. Bhutto writes of growing up in a family of legendary wealth and near-mythic status, a family whose rich heritage survives in tales still passed from generation to generation. She describes her journey from this protected world onto the volatile stage of international politics through her education at Radcliffe and Oxford, the sudden coup that plunged her family into a prolonged nightmare of threats and torture, her father's assassination by General Zia ul-Haq in 1979, and her grueling experience as a political prisoner in solitary confinement. With candor and courage, Benazir Bhutto recounts her triumphant political rise from her return to

Pakistan from exile in 1986 through the extraordinary events of 1988: the mysterious death of Zia; her party's long struggle to ensure free elections; and finally, the stunning mandate that propelled her overnight into the ranks of the world's most powerful, influential leaders. [The Making of Martyrs in India, Pakistan & Bangladesh](#) - Faisal Khosa 2021-05-18 Making of Martyrs unravels an epic saga of populist politics in the postcolonial Indian subcontinent. Indira Gandhi, Zulfikar Ali Bhutto and Sheikh Mujibur Rahman were towering figures and have been simultaneously loved and hated in equal measure. During their heyday, each of these leaders garnered extraordinary power and charisma. Their followers, admirers and loyal supporters continue to idolise and romanticise them, yet in the eyes of their critics they were ruthless, power-hungry tyrants and partisan villains. These dichotomies remain irreconcilable since their followers venerate them as a model for the future and their critics

relegate them to a haunted past. Drawing on years of research, Faisal Khosa explores the turbulent lives and times of these three leaders and gives us a vivid account of their politics and personalities.

The Vortex - Scott Carney 2022-03-29

"[A] tremendous new book." —The Boston Globe
"Carney and Miklian write vividly in the fashion of a cinematic disaster flick." —The Washington Post
The deadliest storm in modern history ripped Pakistan in two and led the world to the brink of nuclear war when American and Soviet forces converged in the Bay of Bengal. In November 1970, a storm set a collision course with the most densely populated coastline on Earth. Over the course of just a few hours, the Great Bhola Cyclone would kill 500,000 people and begin a chain reaction of turmoil, genocide, and war. The Vortex is the dramatic story of how that storm sparked a country to revolution.

Bhola made landfall during a fragile time, when Pakistan was on the brink of a historic election. The fallout ignited a conflagration of political intrigue, corruption, violence, idealism, and bravery that played out in the lives of tens of millions of Bangladeshis. Authors Scott Carney and Jason Miklian take us deep into the story of the cyclone and its aftermath, told through the eyes of the men and women who lived through it, including the infamous president of Pakistan, General Yahya Khan, and his close friend Richard Nixon; American expats Jon and Candy Rhode; soccer star-turned-soldier Hafiz Uddin Ahmad; and a young Bengali revolutionary, Mohammed Hai. Thrillingly paced and written with incredible detail, The Vortex is not just a story about the painful birth of a new nation but also a universal tale of resilience and liberation in the face of climate emergency that affects every single person on the planet.
