

World War 2 Appeasement Acrostic Poem

Recognizing the quirk ways to get this ebook **World War 2 Appeasement Acrostic Poem** is additionally useful. You have remained in right site to start getting this info. acquire the World War 2 Appeasement Acrostic Poem associate that we present here and check out the link.

You could purchase lead World War 2 Appeasement Acrostic Poem or get it as soon as feasible. You could speedily download this World War 2 Appeasement Acrostic Poem after getting deal. So, once you require the books swiftly, you can straight get it. Its therefore unconditionally easy and in view of that fats, isnt it? You have to favor to in this impression

The Odyssey of Echo Company - Doug Stanton 2017-09-19

A portrait of the American recon platoon of the 101st Airborne Division describes their sixty-day fight for survival during the 1968 Tet Offensive, tracing their postwar difficulties with acclimating into a peacetime America that did not want to hear their story.

The Fuehrer Bunker - William De Witt Snodgrass 1995

Poems, letters, and snippets of folk songs bring to life the last days in Hitler's bunker

My Secret War - Mary Pope Osborne 2003-11-01

Thirteen-year-old Madeline's diaries for 1941 and 1942 reveal her experiences living on Long Island during World War II while her father is away in the Navy.

Baxter's Explore the Book - J. Sidlow Baxter 2010-09-21

Explore the Book is not a commentary with verse-by-verse annotations. Neither is it just a series of analyses and outlines. Rather, it is a complete Bible survey course. No one can finish this series of studies and remain unchanged. The reader will receive lifelong benefit and be enriched by these practical and understandable studies. Exposition, commentary, and practical application of the meaning and message of the Bible will be found throughout this giant volume. Bible students without any background in Bible study will find this book of immense help as will those who have spent much time studying the Scriptures, including

pastors and teachers. Explore the Book is the result and culmination of a lifetime of dedicated Bible study and exposition on the part of Dr. Baxter. It shows throughout a deep awareness and appreciation of the grand themes of the gospel, as found from the opening book of the Bible through Revelation.

A Companion to the Ancient Near East - Daniel C. Snell 2008-04-15

A Companion to the Ancient Near East offers students and general readers a comprehensive overview of Near Eastern civilization from the Bronze Age to the conquests of Alexander the Great. Covers the civilizations of the Sumerians, Hittites, Babylonians, Assyrians, Israelites and Persians Places particular emphasis on social and cultural history Covers the legacy of the Ancient Near East in the medieval and modern worlds Provides a useful bibliographical guide to this field of study

The Last Days of Versailles -

Mandelstam, Blok, and the Boundaries of Mythopoetic Symbolism -

Stuart Goldberg 2020-06-25

"Mandelstam had no teacher," marveled Anna Akhmatova, reflecting on his early maturity and singularity. But Mandelstam himself spoke of the need and even duty to study a poet's literary roots. So how did this consummately complex, compelling, multi-resonant poet navigate and exploit the burden of the Russian Symbolist movement from which he

emerged? How did this process change and augment his poetry? Through a series of illuminating readings, Stuart Goldberg explores the ongoing role that the poetry of Russian Symbolism played in Osip Mandelstam's creative life, laying bare the poet's productive play with distance and immediacy in his assimilation of the Symbolist heritage. At the same time, Mandelstam, Blok, and the Boundaries of Mythopoetic Symbolism presents the first coherent narrative of the poet's fraught relationship with Alexander Blok, the most powerful poetic voice among the Symbolists. This dialogue, which was largely one-sided, extended beyond poetic intertext into the realms of poetics, charisma, and personality. Goldberg's study pushes theoretical boundaries, exploring the juncture between pragmatics and intertext, adapting and challenging Bloom's anxiety of influence theory, and, ultimately, tracing a shift in the nature of sincerity and authenticity that divided poetic generations.

Bring Learning Alive! - Bert Bower 2005

Experiential exercises tap into students' intrapersonal and body-kinesthetic intelligences, allowing students to "experience" key social studies concepts firsthand.

The Environmentalism of the Poor - Joan Martínez-Alier 2003-01-01

This is a wonderful book rich in empirical detail, full of theoretical insights, offering hope in a bleak world, altogether inspiring. . . a tremendous achievement of having helped to create the disciplines of ecological economics and political ecology, bringing them alive in this book, and making their insights available to the developing worldwide movement for environmental justice. Pat Devine, Environmental Values Any book by the ecological economist Joan Martinez-Alier is a Big Publishing Event. . . this is a book by a writer who loves his subject, knows it well, respects its history, and is driven by the desire to do justice. These are qualities enough to send you to the bookshop or the library in search of The Environmentalism of the Poor. Andrew Dobson, Environment Politics The book is a worthy and in-depth contribution to debates about political ecology and ecological economics. It should be read by all environmental and ecological economists who wish to make their analysis more relevant. Tim Forsyth, Progress in Development

Studies A marvellous combination of insight, research and activism. . . A must-read for policymakers, practitioners and academics alike, and for anyone concerned with sustainable development, environmentalism or poverty alleviation. Human Ecology Journal . . . one of the most important environmental books to have been published recently. Martinez-Alier integrates two of the most significant areas of environmental theory political ecology and ecological economics. Eurig Scandrett, Friends of the Earth Scotland The book has three main strengths: its bibliography, which is extensive; the global perspective on the environmental movement and the relationship with poverty; and the general theme of this interdisciplinary work, which is not so much to provide new information, but to consider the existing information in a new light. Martinez-Alier is to be commended for taking such a step in the literature . . . the writing style is extremely approachable . . . Recommended. B.J. Peterson, Choice [Joan] Martinez-Alier combines the honest discipline of a scholar with the passionate energy of an activist. The result, The Environmentalism of the Poor, is highly recommended! Herman E. Daly, University of Maryland, College Park, US The Environmentalism of the Poor has the explicit intention of helping to establish two emerging fields of study political ecology and ecological economics whilst also investigating the relations between them. The book analyses several manifestations of the growing environmental justice movement , and also of popular environmentalism and the environmentalism of the poor , which will be seen in the coming decades as driving forces in the process to achieve an ecologically sustainable society. The author studies, in detail, many ecological distribution conflicts in history and at present, in urban and rural settings, showing how poor people often favour resource conservation. The environment is thus not so much a luxury of the rich as a necessity of the poor. It concludes with the fundamental questions: who has the right to impose a language of valuation and who has the power to simplify complexity? Joan Martinez-Alier combines the study of ecological conflicts and the study of environmental valuation in a totally original approach that will appeal to a wide cross-section of academics, ecologists and

environmentalists.

Roman Drama and its Contexts - Stavros Frangoulidis 2016-03-21

Roman plays have been well studied individually (even including fragmentary or spurious ones more recently). However, they have not always been placed into their 'context', though plays (just like items in other literary genres) benefit from being seen in context. This edited collection aims to address this issue: it includes 33 contributions by an international team of scholars, discussing single plays or Roman dramatic genres (including comedy, tragedy and praetexta, from both the Republican and imperial periods) in contexts such as the literary tradition, the relationship to works in other literary genres, the historical and social situation, the intellectual background or the later reception. Overall, they offer a rich panorama of the role of Roman drama or individual plays in Roman society and literary history. The insights gained thereby will be of relevance to everyone interested in Roman drama or literature more generally, comparative literature or drama and theatre studies. This contextual approach has the potential of changing the way in which Roman drama is viewed.

Illuminatus! - Robert Shea 1977

The Routledge Spanish Bilingual Dictionary of Psychology and Psychiatry - Steven Kaplan 2011-02

The Routledge Spanish Bilingual Dictionary of Psychology and Psychiatry contains over 100,000 entries making this the most comprehensive and up-to-date dictionary of its kind. The Dictionary provides concise, comprehensive and current coverage of every word or phrase used in the study and practice of psychiatry and psychology. This valuable reference tool covers all disciplines and sub-disciplines, both research-based and clinical. This is a vital resource to those in the healthcare professions, to academicians and to those who work in translation and/or interpretation, healthcare and the law who are in contact with the English and Spanish speaking communities.

Old Testament Today - John H. Walton 2014-02-11

The second edition of Old Testament Today---a full-color textbook---shows

college students how the Old Testament uniquely reveals the God of the universe. A wide array of charts, sidebars, illustrations, photos, and supplemental materials complement the body of the text, helping students to easily comprehend the literature, theology, and history of the Old Testament.

Slow Violence and the Environmentalism of the Poor - Rob Nixon 2011-06-01

"Slow violence" from climate change, toxic drift, deforestation, oil spills, and the environmental aftermath of war takes place gradually and often invisibly. Rob Nixon focuses on the inattention we have paid to the lethality of many environmental crises, in contrast with the sensational, spectacle-driven messaging that impels public activism today.

World History, Culture, and Geography - 1995

This resource book is designed to assist teachers in implementing California's history-social science framework at the 10th grade level. The models support implementation at the local level and may be used to plan topics and select resources for professional development and preservice education. This document provides a link between the framework's course descriptions and teachers' lesson plans by suggesting substantive resources and instructional strategies to be used in conjunction with textbooks and supplementary materials. The resource book is divided into eight units: (1) "Unresolved Problems of the Modern World"; (2) "Connecting with Past Learnings: The Rise of Democratic Ideas"; (3) "The Industrial Revolution"; (4) "The Rise of Imperialism and Colonialism: A Case Study of India"; (5) "World War I and Its Consequences"; (6) "Totalitarianism in the Modern World: Nazi Germany and Stalinist Russia"; (7) "World War II: Its Causes and Consequences"; and (8) "Nationalism in the Contemporary World." Each unit contains references. (EH)

Voices of the Turtledoves - Jeff Bach 2005-01-01

Winner, 2004 Dale W. Brown Book Award for Outstanding Scholarship in Anabaptist and Pietist Studies Winner, 2005 Outstanding Publication, Communal Studies Association Co-published with the Pennsylvania German Society/Vandenhoeck & Ruprecht The Ephrata Cloister was a

community of radical Pietists founded by Georg Conrad Beissel (1691&-1768), a charismatic mystic who had been a journeyman baker in Europe. In 1720 he and a few companions sought a new life in William Penn&'s land of religious freedom, eventually settling on the banks of the Cocalico Creek in what is now Lancaster County. They called their community &"Ephrata,&" after the Hebrew name for the area around Bethlehem. *Voices of the Turtledoves* is a fascinating look at the sacred world that flourished at Ephrata. In *Voices of the Turtledoves*, Jeff Bach is the first to draw extensively on Ephrata&'s manuscript resources and on recent archaeological investigations to present an overarching look at the community. He concludes that the key to understanding all the various aspects of life at Ephrata&—its architecture, manuscript art, and social organization&—is the religious thought of Beissel and his co-leaders.

Pro Full-Text Search in SQL Server 2008 - Hilary Cotter 2009-01-29
Businesses today want actionable insights into their data—they want their data to reveal itself to them in a natural and user-friendly form. What could be more natural than human language? Natural-language search is at the center of a storm of ever-increasing web-driven demand for human-computer communication and information access. SQL Server 2008 provides the tools to take advantage of the features of its built-in enterprise-level natural-language search engine in the form of integrated full-text search (iFTS). iFTS uses text-aware relational queries to provide your users with fast access to content. Whether you want to set up an enterprise-wide Internet or intranet search engine or create less ambitious natural-language search applications, this book will teach you how to get the most out of SQL Server 2008 iFTS: Introducing powerful iFTS features in SQL Server, such as the FREETEXT and CONTAINS predicates, custom thesauruses, and stop lists Showing you how to optimize full-text query performance through features like full-text indexes and iFilters Providing examples that help you understand and apply the power of iFTS in your daily projects

How Plays Work - Martin Meisel 2007-06-28

"Meisel begins with a look at matters often taken for granted in coding

and convention, and then - under 'Beginnings' - at what is entailed in establishing and entering the invented world of the play. Each succeeding chapter is a gesture at enlarging the scope. The final chapters explore ways in which both the drive for significant understanding and the appetite for wonder can and do find satisfaction and delight." "Cultivated in tone and jargon-free, *How Plays Work* is illuminated by dozens of judiciously chosen examples from western drama - from classical Greek dramatists to contemporary playwrights, both canonical and relatively obscure. It will appeal as much to the serious student of the theatre as to the playgoer who likes to read a play before seeing it performed."--BOOK JACKET.

Mara, Marietta - Richard Jonathan 2017-04-24

Second World War Poems - Hugh Haughton 2004

Second War World Poems is a powerful anthology of poetry from the 1939-45 conflict. It includes verse written by servicemen who participated in the War - Keith Douglas, Alun Lewis, Randall Jarrell - as well as by survivors of the concentration camps like Primo Levi and Paul Celan. It also includes poetry by civilians in London, Warsaw, Moscow and New York, and by writers dealing with the terrifying legacy of the conflict and its aftermath.

Imperialism and Progressivism - 2007

"Involving students in real historical problems that convey powerful lessons about U.S. history, these thought-provoking activities combine core content with valuable practice in decision making, critical thinking, and understanding multiple perspectives. O'Reilly - an experienced, award winning teacher - has students tackle fascinating historical questions that put students in the shoes of a range of people from the past, from the rich and famous to ordinary citizens. Each lesson can be done either as an in-depth activity or as a "quick motivator." Detailed teacher pages give step-by-step instructions, list key vocabulary terms, offer troubleshooting tips, present ideas for post-activity discussions, and furnish lists of related sources. Reproducible student handouts clearly lay out the decision-making scenarios, provide "outcomes," and present

related primary source readings and/or images with analysis questions"--

A Catalogue of Manuscripts Known to Contain Old English Dry-Point Glosses - Dieter Studer-Joho 2017-11-27

While quill and ink were the writing implements of choice in the Anglo-Saxon scriptorium, other colouring and non-colouring writing implements were in active use, too. The stylus, among them, was used on an everyday basis both for taking notes in wax tablets and for several vital steps in the creation of manuscripts. Occasionally, the stylus or perhaps even small knives were used for writing short notes that were scratched in the parchment surface without ink. One particular type of such notes encountered in manuscripts are dry-point glosses, i.e. short explanatory remarks that provide a translation or a clue for a lexical or syntactic difficulty of the Latin text. The present study provides a comprehensive overview of the known corpus of dry-point glosses in Old English by cataloguing the 34 manuscripts that are currently known to contain such glosses. A first general descriptive analysis of the corpus of Old English dry-point glosses is provided and their difficult visual appearance is discussed with respect to the theoretical and practical implications for their future study.

Nabokov - Leona Toker 2016-11-01

Vladimir Nabokov described the literature course he taught at Cornell as "a kind of detective investigation of the mystery of literary structures." Leona Toker here pursues a similar investigation of the enigmatic structures of Nabokov's own fiction. According to Toker, most previous critics stressed either Nabokov's concern with form or the humanistic side of his works, but rarely if ever the two together. In sensitive and revealing readings of ten novels, Toker demonstrates that the need to reconcile the human element with aesthetic or metaphysical pursuits is a constant theme of Nabokov's and that the tension between technique and content is itself a key to his fiction. Written with verve and precision, Toker's book begins with *Pnin* and follows the circular pattern that is one of her subject's own favored devices.

Israel's Failed Response to the Armenian Genocide - Israel W.

Charny 2021-04-27

When the Turkish government demanded the cancellation of all lectures on the Armenian Genocide at Israel's First International Conference on the Holocaust and Genocide, and that Armenian lecturers not be allowed to participate, the Israeli government followed suit. This book follows the author's gutsy campaign against his government and his quest to successfully hold the conference in the face of censorship. A political whodunit based on previously secret Israel Foreign Ministry cables, this book investigates Israel's overall tragically unjust relationship to genocides of other peoples. The book also closely examines the figures of Elie Wiesel and Shimon Peres in their interference with the recognition of other peoples' genocidal tragedies, particularly the Armenian Genocide. Additional chapters by three prominent leaders—a fearless Turk who has paid a huge price in Turkish jails (Ragip Zarakolu), a renowned Armenian American who was one of the earliest writers on the Armenian Genocide (Richard Hovannisian); and a Jew, who was responsible for the selection of all the materials in the pathbreaking U.S. Holocaust Museum in Washington (Michael Berenbaum)—provide added perspectives.

Hitler's Children - Gerald L. Posner 1992-01

Operation Vengeance - Dan Hampton 2020-08-11

"Operation Vengeance is colorful, intimate, eye-popping history, delivered at a breakneck pace. I loved it." -Lynn Vincent The New York Times bestselling author of *Viper Pilot* delivers an electrifying narrative account of the top-secret U.S. mission to kill Isoroku Yamamoto, the Japanese commander who masterminded Pearl Harbor. In 1943, the United States military began to plan one of the most dramatic secret missions of World War II. Its code name was Operation Vengeance. Naval Intelligence had intercepted the itinerary of Admiral Isoroku Yamamoto, the Commander-in-Chief of the Japanese Combined Fleet, whose stealth attack on Pearl Harbor precipitated America's entry into the war. Harvard-educated, Yamamoto was a close confidant of Emperor Hirohito and a brilliant tactician who epitomized Japanese military might. On April

18th, the U.S. discovered, he would travel to Rabaul in the South Pacific to visit Japanese troops, then fly to the Japanese airfield at Balalale, 400 miles to the southeast. Set into motion, the Americans' plan was one of the most tactically difficult operations of the war. To avoid detection, U.S. pilots had to embark on a circuitous, 1,000-mile odyssey that would test not only their skills but the physical integrity of their planes. The timing was also crucial: the slightest miscalculation, even by a few minutes—or a delay on the famously punctual Yamamoto's end—meant the entire plan would collapse, endangering American lives. But if these remarkable pilots succeeded, they could help turn the tide of the war—and greatly boost Allied morale. Informed by deep archival research and his experience as a decorated combat pilot, Operation Vengeance focuses on the mission's pilots and recreates the moment-by-moment drama they experienced in the air. Hampton recreates this epic event in thrilling detail, and provides groundbreaking evidence about what really happened that day. Operation Vengeance includes 30 black-and-white images.

An Introduction to the Old Testament Prophetic Books - C. Hassell Bullock 2007-05-01

The Old Testament prophets spoke to Israel in times of historical and moral crisis. They saw themselves as being a part of a story that God was weaving throughout history--a story of repentance, encouragement, and a coming Messiah. In this updated introductory book, each major and minor prophet and his writing are clustered with the major historical events of their time. Our generational distance from the age of the prophets might seem to be a measureless chasm. Yet we dare not make the mistake of assuming that passing years have rendered irrelevant not only the Old Testament prophets, but also the God who comprehends, spans, and transcends all time. In these pages, C. Hassell Bullock presents a clear picture of some of history's most profound spokesmen--the Old Testament prophets--and the God who shaped them.

Peterson's AP European History - Nathan Barber 2006-01

Diversions of a Naturalist - Sir Edwin Ray Lankester 1915

Ancient Prophecy - Martti Nissinen 2017

Annotation A study of the phenomenon of prophecy as documented in ancient Near Eastern texts and the Hebrew Bible as well as Greek sources, from the twenty-first century BCE to the second century CE.

Prayer in the Talmud - Joseph Heinemann 1977-01-01

After World War II, Ernst Ludwig Ehrlich (1921–2007) published works in English and German by eminent Israeli scholars, in this way introducing them to a wider audience in Europe and North America. The series he founded for that purpose, Studia Judaica, continues to offer a platform for scholarly studies and editions that cover all eras in the history of the Jewish religion.

The Thirteenth Tribe the Khazar Empire and Its Heritage - Arthur Koestler 2012-04

The Thirteenth Tribe is a ground breaking work of great importance, if only because it has shaped the way that people think about The Jews. It is based on the theory that European Jews, Ashkenazi Jews from Europe, are not descendants of Abraham but rather are the remnants of a tribe, the Khazars, that converted to Judaism in the Eighth Century. We know little about the Khazars, but we do know for certain that they existed and that they were Jewish. The Jews, Russians, Georgians and Armenians all wrote about the Khazars, but the Khazars left no literature, no books. This was perhaps because the Khazars existed during the Dark Ages, a period from which few books survive today. Koestler's thesis is that while the Khazars as a unified tribe may have disappeared, their descendants survived, only that they were no longer known as the Khazars. Instead, these people are now Eastern European Jews and they continue to live in the same places where the Khazars lived such as in Kiev and Odessa. The view of Arthur Koestler who himself was Jewish is that none of the mass movements of the Jewish people happened at all. Rather, the Jews stayed in exactly the same place where they have been all along because the Eastern European Jews are the Khazars. They are the same people. Just their name has been changed. Which is more logical: The Traditional Jewish view or Arthur Koestler's theory?

The Purpose Driven Church - Rick Warren 2007-09-04

Every church is driven by something. Tradition, finances, programs, personalities, events, seekers, and even buildings can each be the controlling force in a church. But Rick Warren believes that in order for a church to be healthy it must become a purpose driven church by Jesus. Now the founding pastor of Saddleback Church shares a proven five-part strategy that will enable your church to grow. . . - Warmer through fellowship - Deeper through discipleship - Stronger through worship - Broader through ministry - Larger through evangelism. Discover the same practical insights and principles for growing a healthy church that Rick has taught in seminars to over 22,000 pastors and church leaders from sixty denominations and forty-two countries. The Purpose Driven Church® shifts the focus away from church building programs to emphasizing a people-building process. Warren says, "If you will concentrate on building people, God will build the church."

Georgia Through Its Legends, Folklore, and People - Michael Berman 2011

Everything shifts in the Caucasus, blown by some of the strongest winds on earth. Even the ground moves, splintered by fault lines. In early Georgian myths, it is said that when the mountains were young, they had legs -- could walk from the edges of the oceans to the deserts, flirting with the low hills, shrouding them with soft clouds of love. But what about those aspects of life which remain relatively constant -- the traditional practices of the people, the practices that are reflected in their legends and their folklore? It is these constants that this book concentrates on accompanied with breathtaking images.

Utmost Art - Mary Ellen Rickey 2014-07-15

George Herbert has always been regarded as a man of singular piety and a poet of uncommon technical ability. Until recent times, however, he was usually thought to have written prosodically ingenious but conceptually thin verse. Mary Ellen Rickey, through a close examination of Herbert's poetry, reveals the high concentration of ideas in his verse and the richness of his imagery.

Mister Pip - Lloyd Jones 2009-02-24

After the trouble starts and the soldiers arrive on Matilda's island, only

one white person stays behind. Mr. Watts, whom the kids call Pop Eye, wears a red nose and pulls his wife around on a trolley, and he steps in to teach the children when there is no one else. His only lessons consist of reading from his battered copy of Great Expectations, a book by his friend Mr. Dickens. For Matilda, Dickens's hero Pip becomes as real to her as her own mother, and the greatest friendship of her life has begun. Soon Mr. Watts's book begins to inflame the children's imaginations with dreams about Dickens's London and the larger world. But how will they answer when the soldiers demand to know: where is this man named Pip? Set against the stunning beauty of Bougainville in the South Pacific during the civil war in the early 1990s, Lloyd Jones's breathtaking novel shows what magic a child's imagination makes possible even in the face of terrible violence and what power stories have to fuel the imagination.

More Than A War Hero - Virginia Hallman 2010-08-18

This is the saga of one of World War II's top heroes. The author, who is also the widow of this hero, attempts to portray the quality of life that leads him to perform the daring feat that merited the Medal of Honor, our nation's highest award for military action above and beyond the call of duty. The act of valor took place on the Brittany peninsula in France. This was the area where the Nazis housed and operated their submarines to terrorize Atlantic shipping.

The Greening of Faith - John E. Carroll 2016-10-04

The recent release of Pope Francis's much-discussed encyclical on the environment, Laudato Si': On Care for Our Common Home, has reinforced environmental issues as also moral and spiritual issues. This anthology, twenty years ahead of the encyclical but very much in line with its agenda, offers essays by fifteen philosophers, theologians, and environmentalists who argue for a response to ecology that recognizes the tools of science but includes a more spiritual approach - one with a more humanistic, holistic view based on inherent reverence toward the natural world. Writers whose orientations range from Buddhism to evangelical Christianity to Catholicism to Native American beliefs explore ways to achieve this paradigm shift and suggest that "the environment is not only a spiritual issue, but the spiritual issue of our

time."

Elements of Tragedy in Flavian Epic - Sophia Papaioannou

2021-01-18

In the light of recent scholarly work on tragic patterns and allusions in Flavian epic, the publication of a volume exclusively dedicated to the relationship between Flavian epic and tragedy is timely. The volume, concentrating on the poetic works of Silius Italicus, Statius and Valerius Flaccus, consists of eight original contributions, two by the editors themselves and a further six by experts on Flavian epic. The volume is preceded by an introduction by the editors and it concludes with an 'Afterword' by Carole E. Newlands. Among key themes analysed are narrative patterns, strategies or type-scenes that appear to derive from tragedy, the Aristotelian notions of hamartia and anagnorisis, human and divine causation, the 'transfer' of individual characters from tragedy to

epic, as well as instances of tragic language and imagery. The volume at hand showcases an array of methodological approaches to the question of the presence of tragic elements in epic. Hence, it will be of interest to scholars and students in the area of Classics or Literary Studies focusing on such intergeneric and intertextual connections; it will be also of interest to scholars working on Flavian epic or on the ancient reception of Greek and Roman tragedy.

Suffering Time: Philosophical, Kabbalistic, and Hasidic Reflections on Temporality - Elliot R. Wolfson 2021-05-25

No one theory of time is pursued in the essays of this volume, but a major theme that threads them together is Wolfson's signature idea of the timeswerve as a linear circularity or a circular linearity, expressions that are meant to avoid the conventional split between the two temporal modalities of the line and the circle.
