**150 Years of South African Rugby** - Wim Van der Berg 2011

The year 2011 marked an important milestone in the life of rugby in South Africa -- the first rugby game was played on South African soil in 1861, making this the 150th year of the sport in South Africa. Wim van der Berg follows the development of the game from its earliest beginnings at Bishops school in Cape Town to its status as a national obsession. Meet the players, the teams and the men in charge throughout the history of South African rugby, and share the highs and lows of the game -- the euphoria of the World Cup win at Ellis Park in 1995, the long days of sporting isolation, the chaos of segregated rugby administration under apartheid, and the dedication of players who travelled five days by mule-wagon and by train from Kimberley to Cape Town to play a match in 1884. The players change over the years, the rules and scoring systems change, but the spirit of the game is enduring -- inspiring generations of players and spectators. Van der Berg follows the changes in provincial rugby, the move from an amateur game to professionalism, the growth of the major competitions that TV viewers follow so passionately, but never loses sight of the people behind the game -- the players, the coaches, the administrators and the fans. Included are detailed statistics on the Currie

Cup and international matches through the 150 years of rugby's history in South Africa -- who played, who scored, final scores and more. *Seeing Sense* - Leon Van Nierop 1998

**The Debut** - Anita Brookner 2018-06-12

An "almost flawless novel" (People) about a quiet scholar who is convinced that her life has been ruined by literature and that she must make a new start in life. Since childhood, Ruth Weiss had been escaping from life into books, and from the attentions of her eccentric parents into the gentler warmth and company of friends and lovers. Now at forty years old, an academic devoted to the study of Balzac, she believes that literature has ruined her life and that she must once again, make a fresh start. "Lively, filled with gentle humor" (Miami Herald) this is an elegant and wry novel that will stay with you

**The Ball is Round** - David Goldblatt 2007-08-30  
THE DEFINITIVE, CRITICALLY ACCLAIMED BOOK ABOUT FOOTBALL 'Football conquered the world with its capacity to astonish, and this is its definitive history' The Independent There may be no cultural practice more global than soccer. Rites of birth and marriage are infinitely diverse, but the rules of soccer are universal. No world religion can match its geographical scope. The single greatest simultaneous human collective experience is the World Cup final. In this extraordinary tour de force, David Goldblatt tells the full story of football's rise from chaotic folk ritual to the world's most popular sport. The Ball Is Round illuminates football's role in the political and social histories of modern societies, but never loses sight of the beauty, joy, and excitement of the game.

Goldblatt writes with authority, humour, and passion, not least in the accounts of famous or significant matches scattered throughout the book' Times Literary Supplement 'Since it became a worldwide phenomenon, nobody has attempted to write an overall history of the game. Now David Goldblatt's stunning book will be the measure against which all other such volumes are judged' The Guardian 'Goldblatt's magnum opus . . . Anyone with a brain and an interest in football will enjoy this book' The Daily Telegraph (London)

**The Madonna of Excelsior** - Zakes Mda 2007-05-15

A new novel by a towering presence in contemporary South African literature In 1971, nineteen citizens of Excelsior in South Africa's white-ruled Free State were charged with breaking apartheid's Immorality Act, which forbade sex between blacks and whites. Taking this case as raw material for his alchemic imagination, Zakes Mda tells the story of a family at the heart of the scandal -and of a country in which apartheid concealed interracial liaisons of every kind. Niki, the fallen madonna, transgresses boundaries for the sake of love; her choices have repercussions in the lives of her black son and mixed-race daughter, who come of age in post-apartheid South Africa, where freedom prompts them to reexamine their country's troubled history at first hand. By turns earthy, witty, and tragic, *The Madonna of Excelsior* is a brilliant depiction of life in South Africa and of the dramatic changes between the 1970s and the present.

The Fall of the University of Cape Town - David Benatar 2021-11-09

Destructive forces have been eroding the University of Cape Town, Africa's leading university. This book tells the sad, true tale of what has been transpiring. It is a saga of lunacy, criminality, pandering, and identity politics. The mad and the bad - the deranged, deluded, the depraved - have been granted endless latitude in bullying and abusing others. The decline began in 2015 with the Rhodes Must Fall protest that resulted in the offending statue's removal within a month, and which spawned similar protests abroad. Emboldened by their local success, the protestors issued new and ever-increasing demands later that year and then again in 2016 and 2017. Their methods also became criminal - including intimidation, assault, and arson. The university leadership capitulated to this behaviour, and this fostered a broader and now pervasive toxic environment within the institution. These developments offer important

lessons for universities around the world that are yielding to the forces of a faux "progressivism".

Winelands, Wealth and Work - Kees Van Der Waal 2014-04-23

Through histories of slavery, colonialism, apartheid, and paternalism, the Dwars River Valley in South Africa's Western Cape province instantiates labor exploitation and concomitant societal ills. Recently, and in line with South Africa's neo-liberal development tack, investment in the valley has generally turned from wine production to property speculation. Hope for development has become pinned on the commodification of landscape as tourist and elite farming destination. The addition of real estate

development to an area of agricultural production around Boschendal provides the backdrop for an investigation of the post-1994 social transformation processes in one of the most sought after landscapes in the Cape. This study asks how the people of the Dwars River Valley respond to changing land use and how that relates to the historical and spatial contexts of the valley. It shows, in a richly textured way, how poor people use creative tactics to survive - whether it's by turning to Pentecostalism, patrolling ordentlikheid (respectability), or negotiating the contradictory gendered norms that frame respectability and entrepreneurship. By exploring the Solms-Delta farm as a case study, the book also looks at how initiatives can open up real possibilities for empowerment. Speaking to the massive Western Cape Farm Strikes of 2012, this book reveals agency in the Dwars River Valley and suggests that marginalized people have not acquiesced.
