## **Quilling For Christmas Gifts** - Errica Lyles 2020-11-19

Paper quilling is a favorite crafting pastime but is by no means new. This paper art has existed since the invention of paper. Paper quilling is the art of cutting paper into long thin strips, rolling and pinching the pieces into different shapes, and then gluing the shapes together to form decorative art. Paper quilling projects can be used to decorate cards, boxes, gift bags, picture frames, or even be made into 3D stand-alone art pieces. The Christmas season is here, and along with it comes the yearly rush to send out and give away holiday cards to your friends and family members. When it comes to Christmas cards, some of us like to go with the old stand-by box sets (JAM offers several lovely options) while others like to take the homemade route. If you are more prone to put yourself into the later category, this post is for you. Those who keep up to date with paper crafting trends are probably familiar with quilling. For those who are not, here is a short explanation. Quilling is the practice of curling and shaping strips of paper in order to create larger decorative shapes and designs. Here, I will show you how to use quilling to make your own beautiful and decorative Christmas wreath gifts!
