**Top Five Regrets of the Dying** - Bronnie Ware 2019-08-13

Revised edition of the best-selling memoir that has been read by over a million people worldwide with translations in 29 languages. After too many years of unfulfilling work, Bronnie Ware began searching for a job with heart. Despite having no formal qualifications or previous experience in the field, she found herself working in palliative care.

During the time she spent tending to those who were dying, Bronnie's life was transformed. Later, she wrote an Internet blog post, outlining the most common regrets that the people she had cared for had expressed. The post gained so much momentum that it was viewed by more than three million readers worldwide in its first year. At the request of many, Bronnie subsequently wrote a book, *The Top Five Regrets of the Dying*, to share her story. Bronnie has had a colourful and diverse life. By applying the lessons of those nearing their death to her own life, she developed an understanding that it is possible for everyone, if we make the right choices, to die with peace of mind. In this revised edition of the best-selling memoir that has been read by over a million

people worldwide, with translations in 29 languages, Bronnie expresses how significant these regrets are and how we can positively address these issues while we still have the time. The Top Five Regrets of the Dying gives hope for a better world. It is a courageous, life-changing book that will leave you feeling more compassionate and inspired to live the life you are truly here to live.

**Let Us Dream** - Pope Francis 2020-12-01

In this uplifting and practical book, written in collaboration with his biographer, Austen Ivereigh, the preeminent spiritual leader explains why we must—and how we can—make the world safer, fairer, and healthier for all people now. In the COVID crisis, the beloved shepherd of over one billion Catholics saw the cruelty and inequity of our society exposed more vividly than ever before. He also saw, in the resilience, generosity, and creativity of so many people, the means to rescue our society, our economy, and our planet. In direct, powerful prose, Pope Francis urges us not to let the pain be in vain. He begins Let Us Dream by exploring what this crisis can teach us about how to handle upheaval of any kind in our own lives and the world at large. With unprecedented candor, he reveals how three crises in his own life changed him dramatically for the better. By its very nature, he shows, crisis presents us with a choice: we make a grievous error if we try to return to some pre-crisis state. But if we have the courage to change, we can emerge from the crisis better than before. Francis then offers a brilliant, scathing critique of the systems and ideologies that conspired to produce the current crisis, from a global economy obsessed with profit and heedless of the people and environment it harms, to politicians who foment their

people's fear and use it to increase their own power at their people's expense. He reminds us that Christians' first duty is to serve others, especially the poor and the marginalized, just as Jesus did. Finally, the Pope offers an inspiring and actionable blueprint for building a better world for all humanity by putting the poor and the planet at the heart of new thinking. For this plan, he draws not only on sacred sources, but on the latest findings from renowned scientists, economists, activists, and other thinkers. Yet rather than simply offer prescriptions, he shows how ordinary people acting together despite their differences can discover unforeseen possibilities. Along the way, he offers dozens of wise and surprising observations on the value of unconventional thinking, on why we must dramatically increase women's leadership in the Church and throughout society, on what he learned while scouring the streets of Buenos Aires with garbage-pickers, and much more. Let Us Dream is an epiphany, a call to arms, and a pleasure to read. It is Pope Francis at his most personal, profound and passionate. With this book and with open hearts, we can change the world.

### **Let's Play** - SWARN LAMBA 2021-12-17

Kho-Kho, Oonch-Neech, Gulli Danda- names that bring back memories of outdoor games and time spent with friends. Rushing out into the courtyard after finishing schoolwork. Playing until the birds went home to nest and mothers stood in doorways, calling their children to come home. Children pleading for a few more minutes of play. The rules of these games have been passed down by word of mouth from one generation to another. The rules are so flexible that there is no right or wrong way of playing as long as the group agrees to the rules. The names of the games and the rules vary from region to region and neighbourhood to neighbourhood. Playing games outdoors provided an occasion to meet up with other kids and every game created its own momentum and helped develop the child into a better person. This unique and wonderful novella about Indian outdoor games will introduce children to the delightful classic games. Join- - Preeto as she breaks the stereotype by playing Gulli Danda with the boys; - Sri, who encouraged by his parents, plays Kho Kho; - Jai, as he plays with and collects colourful marbles; - Urmi and Abhoy in a competitive game of Pittu. - in the chanting of Poshampa and Oonch Neech as it fills the evening air. - the hop-sotch players as they try for the Dullej - Fajaton as she plays Sagol Kangjei (polo); - Deepu as he flies his own kite for the first time on Uttarayan. This exciting collection will bring back old memories and give you a chance to make some new ones! These games are just as much fun today! Wouldn't it be wonderful to revive them with your children and grandchildren?

*Let's Do It* - Bob Stanley 2022-05-03

The prequel to Bob Stanley's universally acclaimed Yeah Yeah Yeah, Let's Do It is the only book that brings together all genres to tell the definitive story of the birth of Pop, from 1900 to the mid-fifties. 'An absolute landmark/joy/gossip-fest/door to Narnia: the history of pop music before rock'n'roll. Fascinating. I can't recommend it enough.' CAITLIN MORAN 'An encyclopaedic introduction to the fascinating and often forgotten creators of Anglo-American hit music in the first half of the Twentieth Century.' NEIL TENNANT 'A masterful achievement.' LENNY KAYE, author of Lightning Striking Pop music didn't begin with the Beatles in 1963, or with Elvis in 1956, or even with the first seven-inch singles in 1949. There was a pre-history that went back to the first recorded music, right back to the turn of the century . . . Who were the earliest record stars, and were they in any meaningful way 'pop stars'? Who were the likes of George Gershwin writing songs for? Why did swing, the hit sound for a decade or more, become almost invisible after the Second World War? The prequel to Bob Stanley's Yeah Yeah Yeah, Let's Do It is the first book to tell the definitive story of the birth of pop, from the invention of the 78 rpm record at the end of the nineteenth century to the beginnings of rock and the modern pop age. Taking in superstars such as Louis Armstrong, Bessie Smith, Duke Ellington and Frank Sinatra alongside the unheralded songwriters and arrangers behind some of our most enduring songs, Stanley paints an aural portrait of pop music's formative years in stunning clarity, uncovering the silver threads and golden needles that bind the form together. Bringing the eclectic, evolving world of early pop to life - from ragtime, blues and jazz to Broadway, country, crooning and beyond - Let's Do It is essential reading for all music lovers. 'I know a lot about popular music - I didn't know half of this.' DAVID HEPWORTH

**Let the Land Speak** - Jackie French 2013-10-01

From one of our most respected and award-winning authors, Jackie French, comes a fascinating and fresh interpretation of Australian history, focusing on how the land itself, rather than social forces, has shaped the major events that led to modern Australia. To understand the present, you need to understand the past. To understand Australia's history, you need to look at how the land has shaped not just our past, but will continue to shape our future. From highly respected, award-winning author Jackie French comes a new and fascinating interpretation of Australian history, focusing on how the land itself, rather than social forces, shaped the major events that led to modern Australia. Our history is mostly written by those who live, work and research in cities, but it's the land itself which has shaped our history far more powerfully and significantly than we realise. Reinterpreting the history we think we all know - from the indigenous women who shaped the land, from terra Incognita to Eureka, from Federation to Gallipoli and beyond, Jackie French shows us that to understand our history, we need to understand our land. Taking us behind history and the accepted version of events,

she also shows us that there's so much we don't understand about our history because we simply don't understand the way life was lived at the time. Eye-opening, refreshing, completely fascinating and unforgettable, **Let the Land Speak** will transform the way we understand the role and influence of the land and how it has shaped our nation.

**Let Me Be a Refugee** - Rebecca Hamlin 2014-08-19

International law provides states with a common definition of a "refugee" as well as guidelines outlining how asylum claims should be decided. Yet even across nations with many commonalities, the processes of determining refugee status look strikingly different. This book compares the refugee status determination (RSD) regimes of three popular asylum seeker destinations: the United States, Canada, and Australia. Though they exhibit similarly high levels of political resistance to accepting asylum seekers, refugees access three very different systems-none of which are totally restrictive or expansive-once across their borders. These differences are significant both in terms of asylum seekers' experience of the process and in terms of their likelihood of being designated as refugees. Based on a multi-method analysis of all three countries, including a year of fieldwork with in-depth interviews of

policy-makers and asylum-seeker advocates, observations of refugee status determination hearings, and a large-scale case analysis, Rebecca Hamlin finds that cross-national differences have less to do with political debates over admission and border control policy than with how insulated administrative decision-making is from either political interference or judicial review. Administrative justice is conceptualized and organized differently in every state, and so states vary in how they draw the line between refugee and non-refugee.
