The Manhattan - 1882

A History of England from the Conclusion of the Great War in 1815 - Sir Spencer Walpole 1912

The Lancet - 1924

Weekly Northwestern Miller - 1899

An American Dictionary of the English Language - Noah Webster 1850

Stations of the Sun - Ronald Hutton 2001-02-15

Comprehensive and engaging, this colourful study covers the whole sweep of ritual history from the earliest written records to the present day. From May Day revels and Midsummer fires, to Harvest Home and Hallowe'en, to the twelve days of Christmas, Ronald Hutton takes us on a fascinating journey through the ritual year in Britain. He challenges many common assumptions about the customs of the past, and debunks many myths surrounding festivals of the present, to illuminate the history of the calendar year we live by today.

Bagaimana memenangi hati kawan & mempengaruhi orang lain - Dale Carnegie 2010

Think You're the Only One? - Seth Brown 2004

Jenner Centenary number - 1896

The Unexpected Joy of the Ordinary - Catherine Gray 2019-12-26

****From the Sunday Times Bestselling Author**** Life-affirming - THE TELEGRAPH Wonderful - INDEPENDENT She made it her mission to learn how to be default happy rather than default disgruntled - RADIO 4 - WOMAN'S HOUR Take a leaf out of Gray's book and be kinder to yourself by appreciating life just as it is - IRISH TIMES This book came to me in an hour of need - during lockdown when I had to focus on the positive, appreciate simple things, not lose my shit, and value each day. It was a pure joy for me and held my hand - SADIE FROST Interesting and joyful. Lights a path that could help us to build resilience against society's urging to compare life milestones with peers - LANCET PSYCHIATRY Underwhelmed by your ordinary existence? Disillusioned with your middlin' wage, average body, 'bijou' living situation and imperfect loved ones? Welcome to the club. There are billions of us. The 'default disenchanting'. But, it's not us being brats. Two deeply inconvenient psychological phenomenons conspire against our satisfaction. We have negatively-biased brains, which zoom like doom-drones in on what's wrong with our day, rather than what's right. (Back in the mists of time, this negative bias saved our skins, but now it just makes us anxious). Also, something called the 'hedonic treadmill' means we eternally quest for better, faster, more, like someone stuck on a dystopian, never-ending treadmill. Thankfully, there are scientifically-proven ways in which we can train our brains to be more positive-seeking. And to take a rest from this tireless pursuit. Whew. Catherine Gray knits together illuminating science and hilarious storytelling, unveiling captivating research showing that big bucks don't mean big happiness, extraordinary experiences have a 'comedown' and budget weddings predict a lower chance of divorce. She reminds us what an average body actually is, reveals that exercising for weight loss means we do less exercise, and explores the modern tendency to not just try to keep up with the Murphys, but keep up with the Mega-Murphies (see: the social media elite). Come on in to this soulful and life-affirming read, to discover why an ordinary life may well be the most satisfying one of all. PRAISE FOR CATHERINE GRAY'S WRITING: "Uplifting and inspiring" - The Evening Standard "Not remotely preachy" - The Times "Jaunty, shrewd and convincing" - The Telegraph "Admirably honest, light, bubbly and remarkably rarely annoying" - The Guardian "An empathetic, warm and hilarious tale from a hugely likeable human" - The Lancet Psychiatry

The Times Register of Events in ... - 1879

Dull Men of Great Britain - Leland Carlson 2015-10-01

Neil collects bricks, Kevin is a roundabout enthusiast, John runs the Apostrophe Protection Society and Keith's actual job is watching paint dry. They are members of the Dull Men's Club and are passionate about the everyday, unglamorous things in life. They are dull and proud and urge the good ordinary men of the nation to join them now. Whether you have a thing for pylons or rhubarb, reclaim and celebrate the ordinary. Includes Free Honorary Membership. Predictable * Reliable * Safe The Spectator - 1914

A weekly review of politics, literature, theology, and art.

The Manhattan - 1883

The Insurance Times - 1887

Pope to Swinburne - Thomas Secombe 1906

Catering Industry Employee - 1919

Bizarre England - David Long 2015-06-04

Bizarre England is an intriguing tour of England's weirdest and most fascinating sights. Places like Devon's Gnome Reserve, Britain's smallest pub, a church for dragon slayers, a subterranean ballroom and much more. From weird buildings to eccentric museums and from mystical superstitions to remnants of magical rites, this is a guide to England like no other.

The Youth's Companion - 1911

Includes songs for solo voice with piano accompaniment.

Visiting the UK? Try Rick Steves Best of England!

Hold On - Peter Toohey 2020-05-12

What do you do when you're not asleep and when you're not eating? You're most likely waiting--to finish work, to get home, or maybe even to be seen by your doctor. Hold On is less about how to manage all that "staying where one is until a particular time or event" (OED) than it is about describing how we experience waiting. Waiting can embrace things like hesitation and curiosity, dithering and procrastination, hunting and being hunted, fearing and being feared, dread and illness, courting and parenting, anticipation and excitement, curiosity, listening to and even performing music, being religious, being happy or unhappy, being bored and being boring. They're all explored here. Waiting is also characterized by brain chemicals such as serotonin and dopamine. They can radically alter the way we register the passing of time. Waiting is also the experience that may characterize most interpersonal relations--mishandle it at your own risk. Hold On contains advice on how to cope with waiting--how to live better--but its main aim is to show how important the experience of waiting is, in popular and highbrow culture, and, sometimes, in history. Detouring into psychology, neurology, ethology, philosophy, film, literature, and especially art, Peter Toohey's illuminates in unexpected ways one of the most common of human experiences. After reading his book, you'll never wait the same way again.

George V - Jane Ridley 2022-01-04

From one of the most beloved and distinguished historians of the British monarchy, here is a lively, intimately detailed biography of a long-overlooked king who reimagined the Crown in the aftermath of World War I and whose marriage to the regal Queen Mary was an epic partnership The grandfather of Queen Elizabeth II, King George V reigned over the British Empire from 1910 to 1936, a period of unprecedented international turbulence. Yet no one could deny that as a young man, George seemed uninspired. As his biographer Harold Nicolson famously put it, "he did nothing at all but kill animals and stick in stamps." The contrast between him and his flamboyant, hedonistic, playboy father Edward VII could hardly have been greater. However, though it lasted only a quarter-century, George's reign was immensely consequential. He faced a constitutional crisis, the First World War, the fall of thirteen European monarchies and the rise of Bolshevism. The suffragette Emily Davison threw herself under his horse at the Derby, he refused asylum to his cousin the Tsar Nicholas II during the Russian Revolution, and he facilitated the first Labour government. And, as Jane Ridley shows, the modern British monarchy would not exist without George; he reinvented the institution, allowing it to survive and thrive when its very existence seemed doomed. The status of the British monarchy today, she argues, is due in large part to him. How this supposedly limited man managed to steer the crown through so many perils and adapt an essentially Victorian institution to the twentieth century is a great story in itself. But this book is also a riveting portrait of a royal marriage and family life. Queen Mary played a pivotal role in the reign as well as being an important figure in her own right. Under the couple's stewardship, the crown emerged stronger than ever. George V founded the modern monarchy, and yet his disastrous quarrel with his eldest son, the Duke of Windsor, culminated in the existential crisis of the Abdication only months after his death. Jane Ridley has had unprecedented access to the archives, and for the first time is able to reassess in full the many myths associated with this crucial and dramatic time. She brings us a royal family and world not long vanished, and not so far from our own.

[The Works of the Poets of Great Britain and Ireland](#) - Samuel Johnson 1797

[The works of the poets of Great Britain and Ireland. With prefaces, biographical and critical, by S. Johnson](#) - Great Britain 1804

Herald and Presbyter - 1909

Feminism and the Periodical Press, 1900-1918 - Lucy Delap 2006

The Edwardian period experienced a particularly vibrant periodical culture, with phenomenal growth in the numbers of titles published that were either aimed specifically at women, or else saw women as a key section of their readership or contributor group. It was an era of political ferment in which a number of 'progressive' traditions were formulated, shaped or abandoned, including socialism, feminism, modernism, empire politics, trade unionism and welfarism. Organized around some of the central themes of political thought and utopian thinking, this impressive collection gathers together classic articles from key periodicals. The set presents a comprehensive sourcebook of readings on Edwardian/Progressive era feminist thought, exploring the intervention of the radical public intellectuals working in these traditions in North America and the UK from 1900-1918.
