Fun Word Ladders Puzzle Book for Kids - Zoubir King 2021-02-27

A word ladder is a fun puzzle that was apparently invented by Lewis Carroll. In this word puzzle you transform or morph one word into another. The rule is that on each rung of the ladder you can only change one letter at a time. Often there is more than one way to move from the top word to the bottom word; whilst sometimes there is only one path though this is less common due to the number of words in english language the more obscure you get the more likely you are to find a variant route.

Word Ladders - Clarity Media 2012-12-07

Welcome to this fantastic collection of 100 word ladder puzzles. Word ladders are fun and entertaining word puzzles that are a real test of your vocabulary. The rules of word ladders are deceptively simple. All you need to do is move from the word at the top of the ladder to the word at the bottom of the ladder in the stated number of steps, placing a new word on each rung of the ladder. As you move down the ladder, the rule is that you can only change one

letter at a time, and you cannot shuffle the order of any of the letters. For instance, you can move from 'MORE' to 'MOVE', here changing the 'R' for a 'V'. However, 'MORE' to 'LOVE' isn't valid as here you are swapping two letters when you are only allowed to swap one. Of course, each word you make must be in the dictionary, so you couldn't move from 'MORE' to 'MZRE' for instance. That's all there is to it - good luck, and we hope you have lots of fun climbing, or descending, the 100 word ladders in this book!
